

Name:	Spoon of SHUTIT	
Rare (one of a kind)	Worth: 1000 GP	
	<p>This spoon was forged by master craftsmen who specialized in enchanted spoons. This spoon is one of a kind in a set that has been scattered across the lands by treasure hunters and collectors.</p> <p>This spoon is depicted a wooden spoon with an crudely drawn X on the inside of the scoop. It was designed to silence anyone who was hit on the head with it. (Improvised Weapon) Some people have doubted the ability of this spoon. Simply saying that the pain that it causes doesn't magically silence the victim, but makes it impossible to say anything other than pained groans from the hit. (No verbal components for rounds equal to damage)</p>
