A 3D rendered woman with large, prominent breasts is shown from the chest up. She has a surprised or slightly pained expression, looking upwards and to the side. Her skin is a light brown color. The background is a simple, slightly blurred indoor setting with a circular light fixture on the wall. There are four speech bubbles overlaid on the image, containing text in a stylized, comic-book font. The first bubble is yellow, and the others are white with black outlines.

A close-up photograph of a person's bare torso. The skin is covered in a glowing, ethereal orange and yellow light that appears to be emanating from within or reflecting off a surface. A thick, white, viscous substance is smeared across the midsection, partially obscuring the glowing area. The person's right hand is visible near the waist, and a tattoo is visible on the upper arm. The background shows a grey fabric surface and a portion of a white and brown zigzag patterned pillow.

OH NO! NO!
PLEASE, NO!

JESS...!
YOU HAVE TO DO
SOMETHING!

IT HURT SO MUCH..?

I'M SO SORRY!

NO! YOUR BOOBIES ARE DEFLATING!
