CHAPTER 02

It was breakfast time.
Ryder was still wearing
the same blue nightgown
and Preston had his pyjama.
They were eating.

"So, how was your night, Preston?"

"Well, I think I had a weird dream after you handed me that sleeping pill."

"Oh, really? What kind of dream, Preston?"

"I'm not sure. I don't remember everything," he lied. He actually remembered everything.

"Try remembering."

"I think I remember some stuff, but I'd rather not talk about it."

"Oh, yeah, why not?"

"It's personal. And strange. And weird."

"I totally respect your privacy, but you don't have to be worried about me, Preston. I'm your aunt. And a nurse as well. It's fine, you know? But it's up to you to tell me about it or not at the end of the day."

"Are you sure you don't mind it too much if it's weird?"

"Not at all."

"Um, okay."

"You can trust me."

"When I woke up, I felt weird. It feels strange to tell you this, but my penis was hurting me."

"Your ... p-penis was ... hurting you?"

"I believe it's because I had an erection."

"Is that normal in the morning?"

"Yes. But not hard like this. It hurts."

"Well, if I can tell you, the pill I gave you to help you sleep can give you an erection."

"What?"

"It's part of the side effects."

"Really?"

"But the fact that you are still hard doesn't make any sense to me."

"I see."

"I am so sorry. Can I do anything to help you with this problem?"

"What do you mean? You don't mean?"

"Oh, no, no. nothing sexual. I'm a nurse. Remember? I could give you a quick and safe check-up."

"Oh, that's right! You are a nurse!"

"Yes."

"You really don't mind helping me?"

"No problem at all."

"Alright, then," he said as he lowered his pants and revealed the big, one-eyed monster to her. He was still fully erect. Completely hard. She felt shocked and deeply aroused as soon as she saw it.

"Thank you. Wow!- I mean ... Alright. Let's see if I can do something about this."

"This is getting good. I'm starting to like taking care of him in that matter. He is so cute, but boy, oh, boy, how did he get something this big? It's absolutely giant."

'I never thought my young nephew would ever get this ... laaarge ...'

"Thanks for being willing to do this, auntie, uh, I mean, Ryder."

"Um, looks completely HU-... normal to me.... The only issue I see is that you have a strong erection. It's not a real issue, it's just that you probably need some time to lose it. Or go to the bathroom could help as well."

"Um... Do you think you could help me lose my erection somehow?" he asked her.

"Well, I can guide you or stay with you while you satisfy yourself if you really want to lose your erect now. Especially if it hurts you. Come on. Rub yourself if you feel like it. You can do it safely."

"Are you certain?"

"Yes. I'm fine with it if you are."

"I am fine with it as well," he replied to her as he finally began rubbing his cock. Masturbating himself.

"Please tell me..." She sat down on her knees. Watched it. Guided him without touching him or anything like that.

"Tell you what?"

"What kind of things excite you the most?" she asked him.

"What do you mean?"

"Any fantasies?"

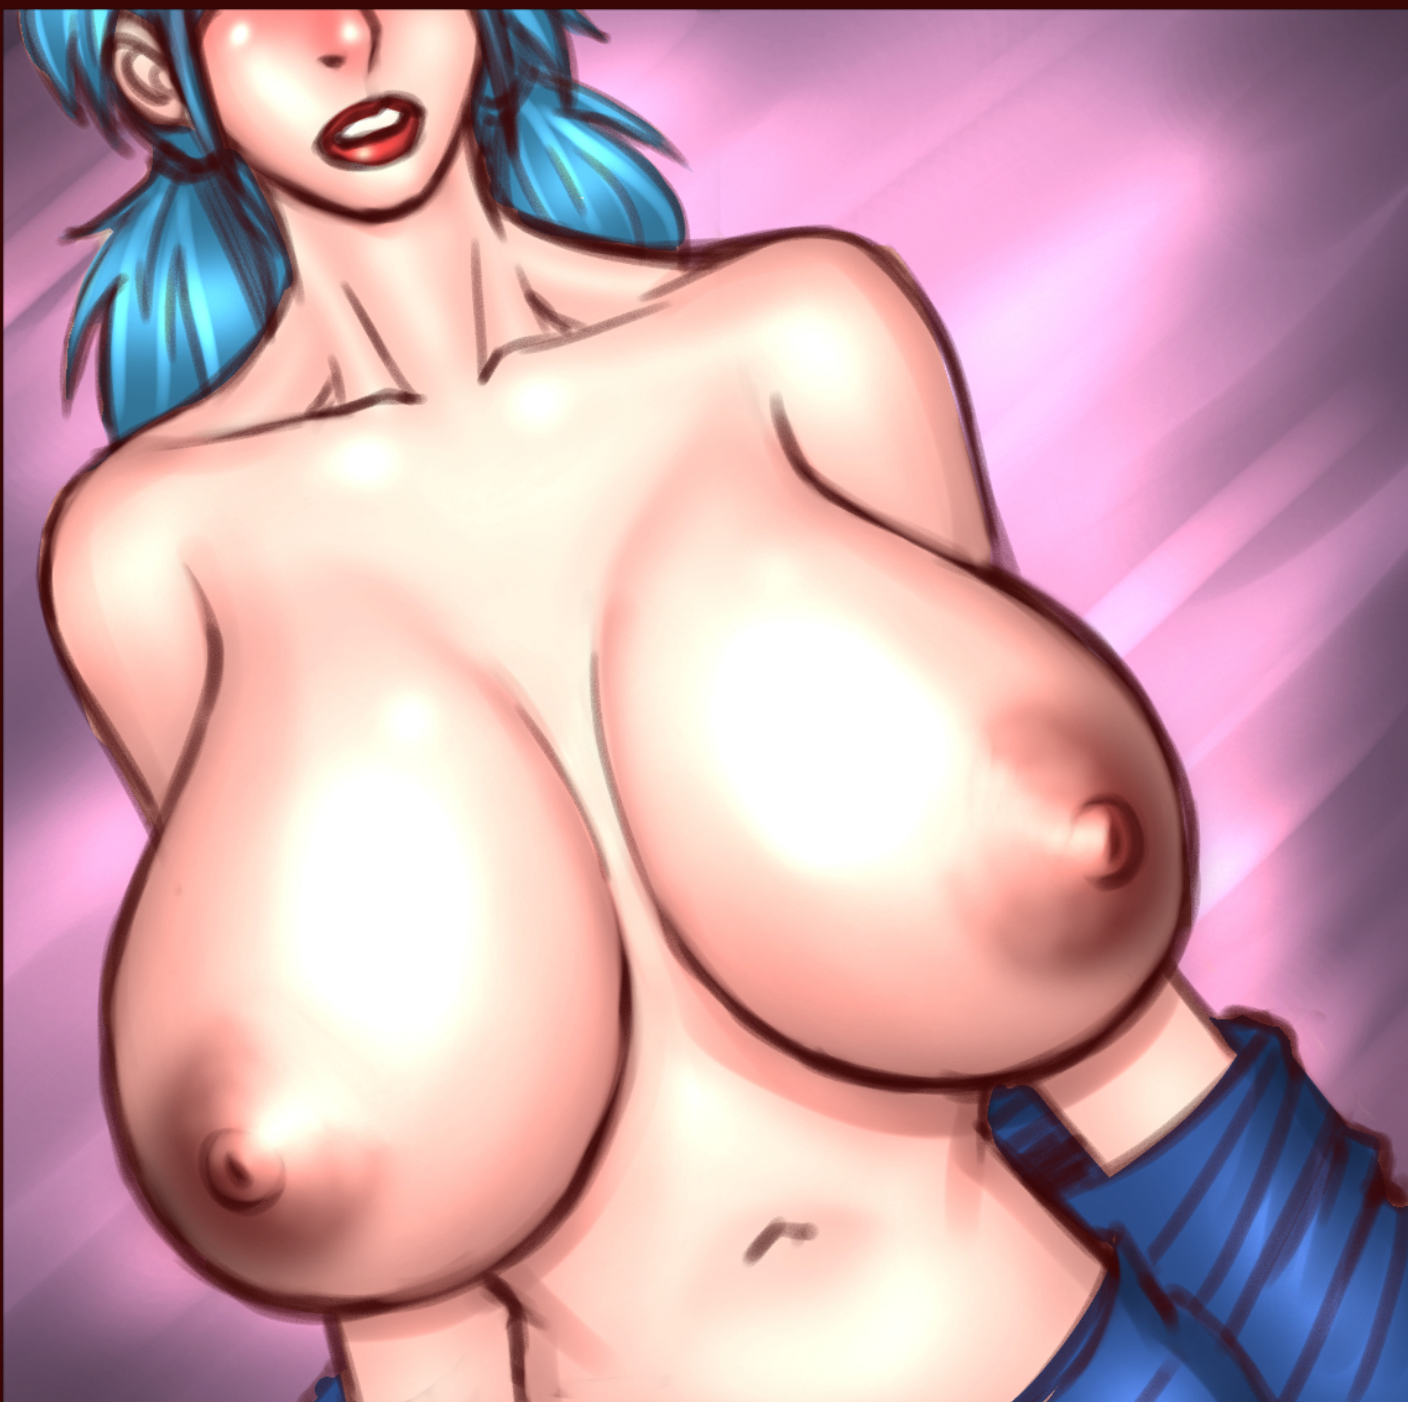

"Um..."

"What kind of girls do you like?"

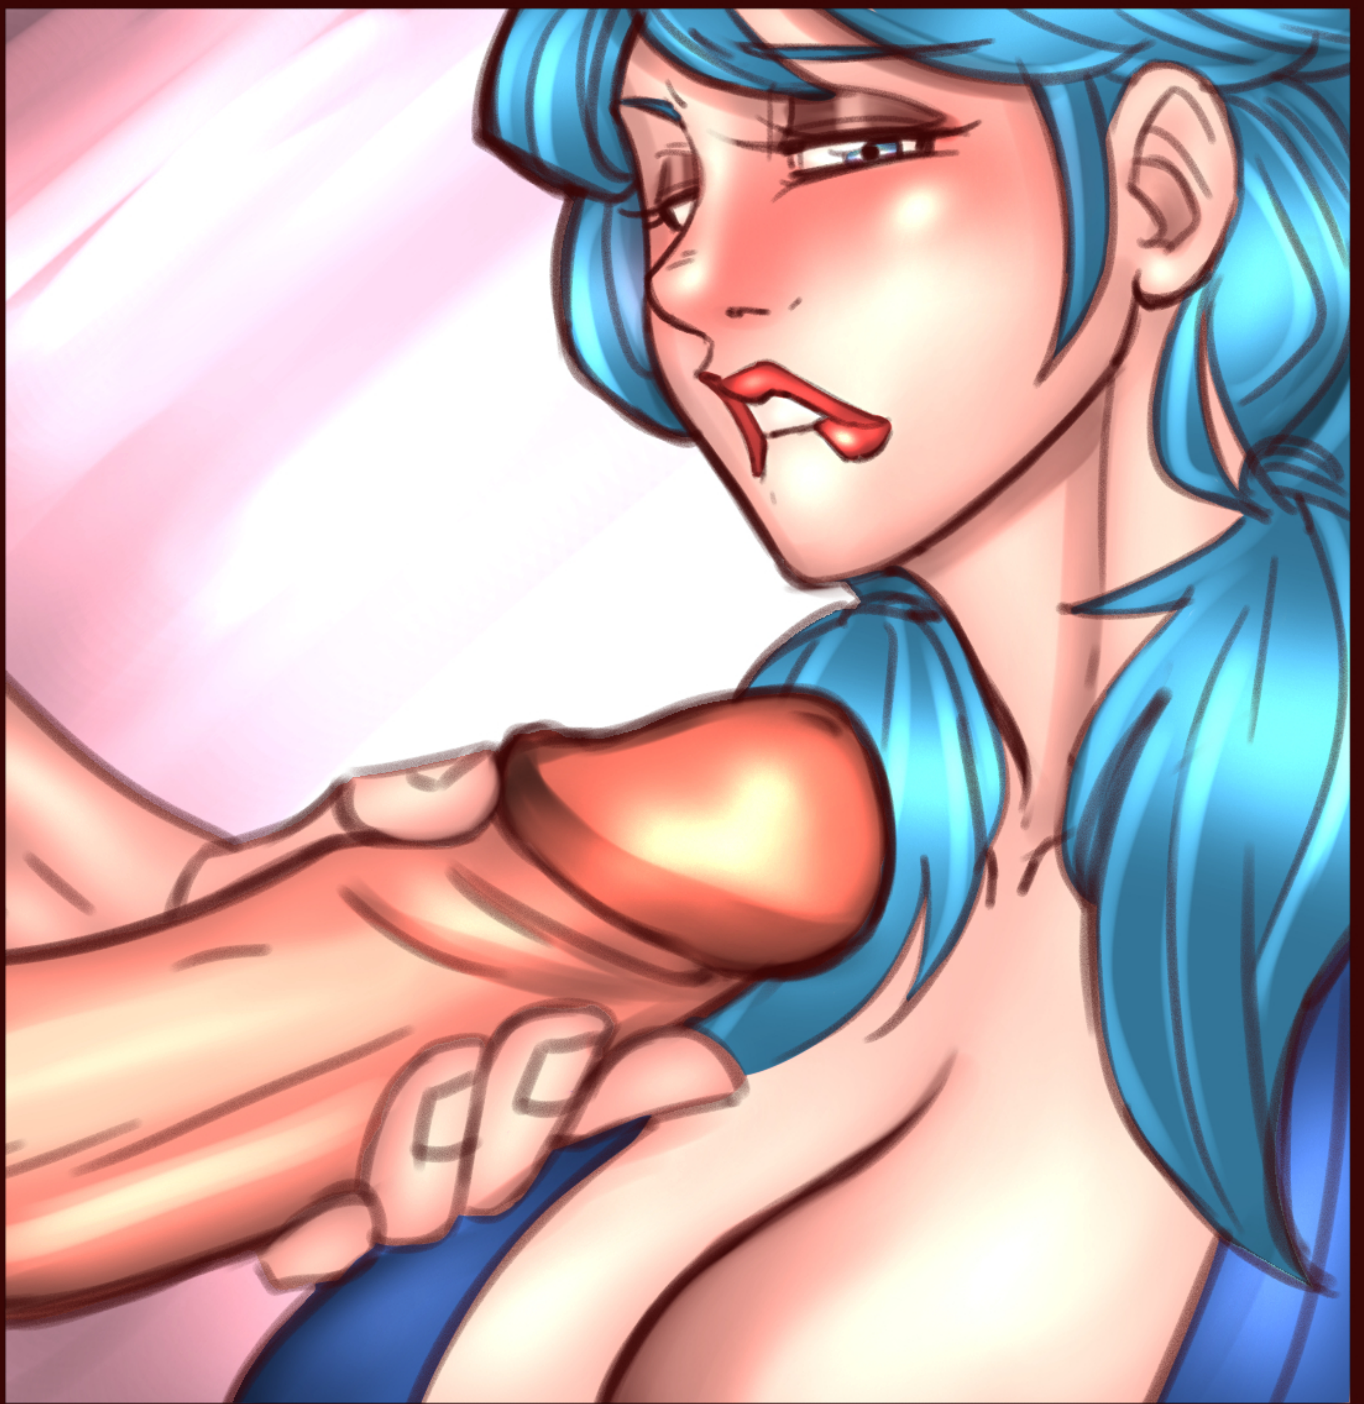

"I don't know."

"Think about your deep, deep fantasies as we do this. Okay?" she kindly asked him.

"I'll try. I guess..."

Even though she was a nurse, a real professional, her natural and sexual instincts still kicked in. Pink hearts suddenly appeared in her eyes.

"You are doing good."

"Thank you. It's not easy doing it alone, though."

"Really? You don't jerk off often?"

"No, yes, no, it's not what I mean. It's just that it's totally different this morning. This erection is bigger and harder than usual."

"I see."

"Yeah."

"I could help you."

'Is she for real? This is like my biggest fantasy right there,' he thought, fantasizing about what could possibly happen next.

"Remember. This is just medical help."

"..."

"It feels to me like you need some additional help."

"What do you mean?"

"Perhaps I could help you ... more ..."
