

My little girls aren't big enough to cum yet, they're not mature enough to appreciate the immense orgasmic pleasure that full blown adult sex can release. But that doesn't mean that daddy can't have his fun when he wants it!

They have to wear pull-ups all the time for all the constant dribbling they do but I can just pull those to one side until I can play with the tight glistening wet pussy underneath.

They giggle and moan! When daddy is finished all he has to do is put the pull-up back in place to catch all "daddy's special milk" that leaks out!
