

Oh!

You're just in time!

Congratulations on your marriage, Sodam, Keyu.

Thank you, Chohan!

Come, take a seat~

Did you get lost or something?

Yeah, I went to the wrong floor..

Did you know someone's locked inside the storage room on the West wing..?

He said you put him in there, Sodam.

Ugh! That weirdo! The mouth on him!!

I can't believe that Crush would stoop as low as bringing someone like that to my wedding just to get to me!!

He didn't even know who Crush was, just a loud low life!

You didn't let him out, did you?

No.

Good! He needs to learn his lesson!

Anyways, Here's our offer for the acquisition!

One Dollar.

You're offering to buy my Syndicate for one Dollar..?

It's a perfectly fair price for a corpse of an organization you have!

Ugh..

Since me and Keyu will have a merger, the only Syndicate that's left in the East side is yours!

So it's either you sell to us for one Dollar, or we'll bankrupt you..!

I can raise it to two Dollars if you want~

Since you didn't rescue that little mouse.

No need.

I'll sell it to you.

For no money at all.
