The Modern Witch

A cottage isn't truly a home without the modern trappings we've all become accustomed to. As you first move into a new home, there is a high chance that you'll notice the previous owner had absolutely no taste whatsoever.

We here at The Modern Witch have therefore put together this catalogue full of beautiful furnishings, appliances, clothing, and curiosities that are sure to turn your cottage into the home of your dreams.

Inside this catalogue you will find advice on all the best shops, stalls, and travelling merchants that the Rannoc Ranges has to offer.

Do note however that while our catalogue is extensive, the actual week to week selection of your local Merchants may be... lacking.

To determine what a Merchant has available each week simply follow our Browsing Tips:

Step One

Choose which Merchant you want to visit and mark off a Downtime Segment.

Step Two

Draw 5 Cards and see what Product each Card refers to. Each Merchant has a different number of products available. If their wares have a suit next to them, it requires that specific card. If there is no suit, then just use the card's value.

Step Three

Purchase whatever catches your eye or go to another Merchant and repeat Step One and Two.

OR

You can ask a Merchant to hold a Product for you till the end of the Season. While a Merchant is holding a Product, you draw one less Card for their stock. And that's it, as easy to use as a catalogue should be.

Happy Shopping!

Shops

This catalogue contains a list of all the items sold by a variety of shops that can be found around High Rannoc and its surrounding Locales. However, this catalogue is by no means definitive and new shops may be added in future editions!

The current list of shops contains:

Do you recognise any of them?

Glimmerwood Garden Centre pages 24 to 25

A witch's garden should be more than just a place to grow reagents, it should be an extension of themselves.

Express yourself in style with these unique garden decorations!

Antique Armaments pages 26 to 27

Most popular dungeons have one of these weapon merchants parked out front ready to buy and sell weapons of all kinds.
