

Eve - the first Bimbo

Some old books, written by mankind tell you the story of Eve, Adams first wife and Lillith, who was banned by God from the holy Garden Eden....

But this Story is not true. Eve and Lillith was from the same tribe...and Twins. Both was strong and well trained woman, knowing exactly what they want...and what not. One day, as Eve's bark sunk after a storm on a unkown island:

Shit!
What for a mess!

Wait.
Where am I?
This cave...

...
is calling my name?

Why do
everything look
so blurred?

Without any fear Eve get back on her legs. She may not know where she stranded, but someone in that strange cave is calling her by her name...maybe somebody who can say where she is?

Eve - the first Bimbo

The Elder in her village often spoke from Legends where strange, unrealistic lights and effects happen...on magical places which exist on earth, long before Atlantis sank into the floods.

Unbelievable.
I never listen to
the old folks...

EVE!

But
I have never seen
something like that
before...

It looks
like water...
but...

STEP

...gna...
who cares. Let's
go Eve!

0008

Eve - the first Bimbo

And so the strong and confident amazon stepped through the strange looking portal without any sign of fear. The spear in her hand, the secure about her own strength and possibility gave her the security she needs to explore unknown parts...

This voice
in my head...why
does it sound so
familiar?

THERE
YOU ARE...

EVE!

WE HAVE
EXCEPTED YOU!

Eve - the first Bimbo

FOLLOW
THE WAY...

EVE!

DO NOT
FEAR...

And this
voice...it's louder
to hear...

What is this
place? It looks...
mystical.

Eve - the first Bimbo

YES...

EVE!

COME...

CLOSER!

Without any fear Eve steps inside the, surprisingly warm, water...not realizing that her Loincloth is completely vanished by some unknown magic. Is it smart to go further into that strange, mystical place?

Eve - the first Bimbo

This water feels...different... it is warm...

...and it smells like Strawberrys? How can water have such a smell?

This place is mystical. I need to be carefull.

As Eve said: This place is mystical. How true her words are are clearly to see as her pubic hair vanish after she left the water...

Eve - the first Bimbo

SO...

By all...
That place is

CLOSE!

INCREDIBLE

COME...

Eve - the first Bimbo

I've never seen such a place before. Is this all the so called magic our elder are talking about?

I feel a presence...a very powerfull and strong presence...

...but here is no body else... just me.

Eve - the first Bimbo

THERE...

YOU...

ARE!

It is obvious that this place must be a temple of femininity. Well endowed femininity to be true...

Eve - the first Bimbo

Without any warning a wave of energy rushed over Eve's body as violet flames appear on the surface of a small water puddle...and inside the flames some burning eyes shimmer...

What the...
what is this
magic?

GREETINGS

EVE!

But what ever comes through the magical portal seems human...and female.

Eve - the first Bimbo

*Greetings
the chosen one...
Eve...let me
introduce...*

*I am Lustra,
the Joybringer,
and bringer of your
Destiny and that
of the whole
world!*

*It was
your fate to explore
that mystical cave and
my old Temple. No one
else would see this
island.*

Eve - the first Bimbo

How do you know me...who... what are you?

I know everyone who is alive. As I said: I am Lustra, the Joybringer.

My Sisters and I once created the universe and the world where you live.

So you are a goddess? I will not kneel. I never do!

Ok but you will kneel and more ... not before me. And yes...I am a Goddess...

But unlike my sisters I still have an eye on this earth...and I do not like the fate which will take place. So I take care that the future will be more Joyfull.

Eve - the first Bimbo

Eve - the first Bimbo

eeeerrrr....

Eve - the first Bimbo

Eve - the first Bimbo

*Because you
are weak now, Eve.
I drained all your
strength away.*

*For your
destiny physical strength
is not needed...but some
other attributes.*

I am a warrior!
I need my muscle strength!
I NEED to be
strong!

Eve - the first Bimbo

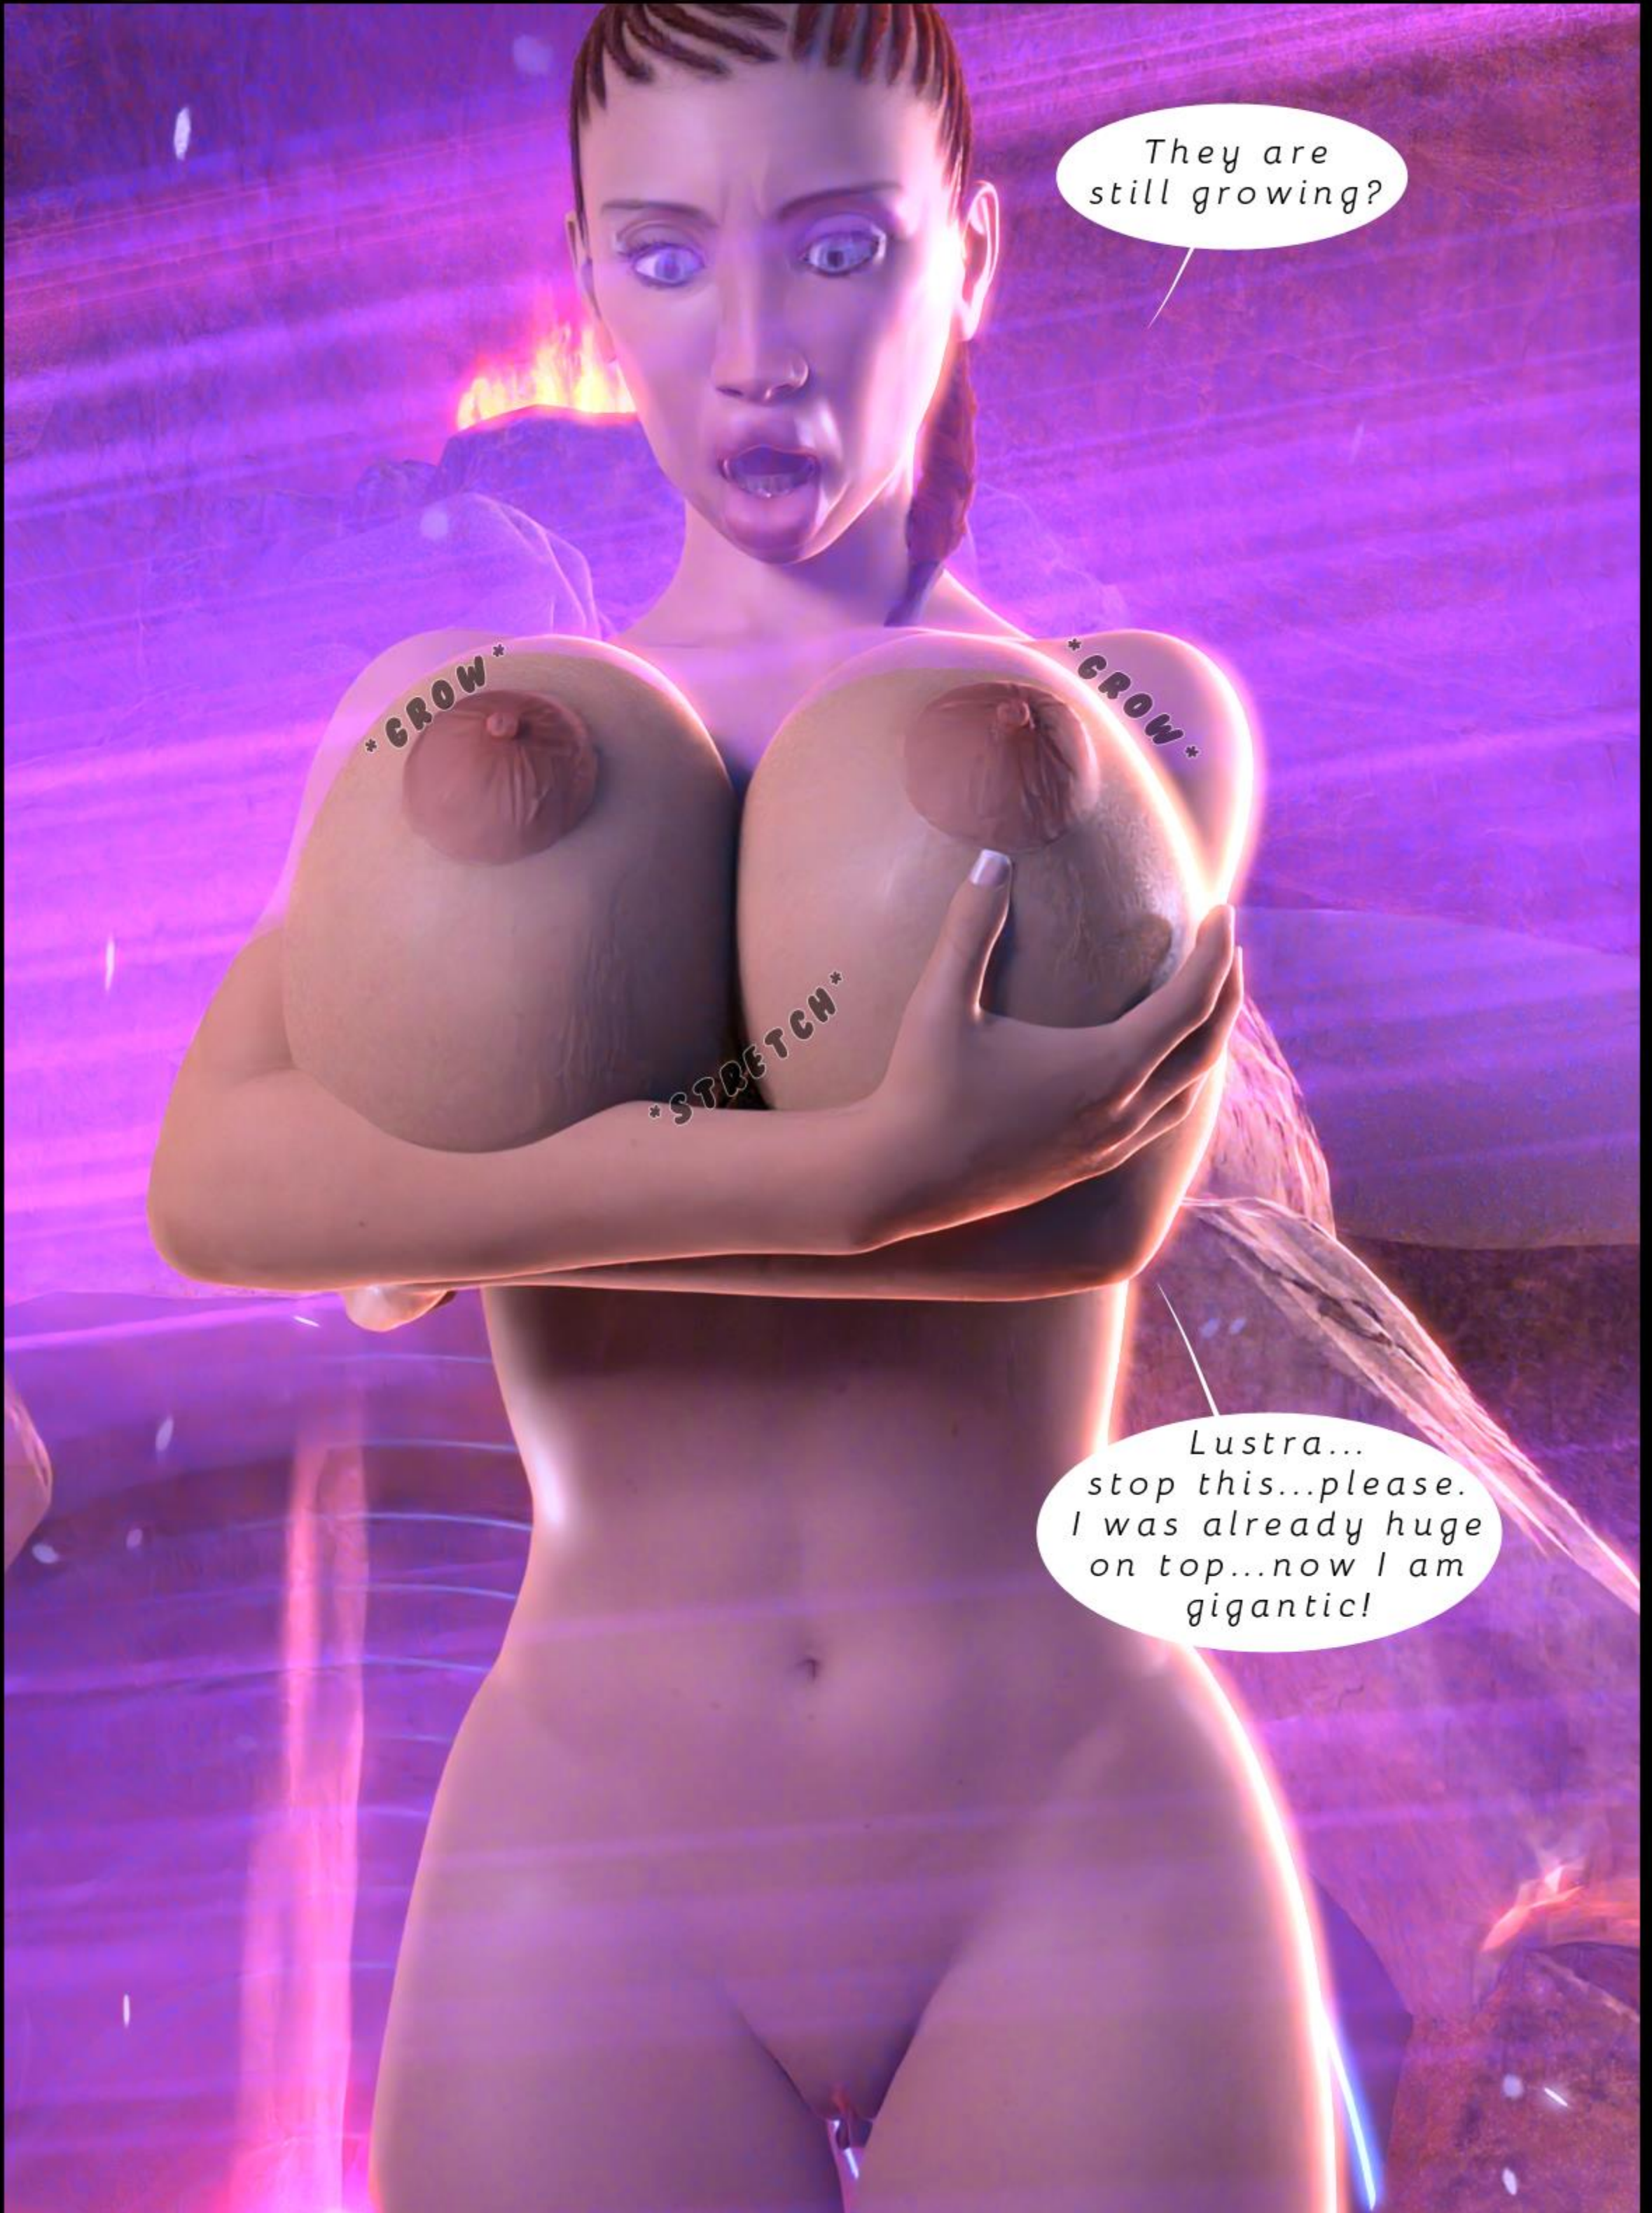

You are kidding me Lustra, aren't you?

CROW

CROW

STRETCH

Eve - the first Bimbo

They are still growing?

Lustra... stop this...please. I was already huge on top...now I am gigantic!

Eve - the first Bimbo

*Eve!
Calm down. I have to
do these changes. It
is for the future of
every woman.*

That is
what you
say...

*I have a younger
brother. Jakve is his
name. He always was
jealous because he was
the only guy...*

*After eons, as
my sisters moved away
he took his chance and
manipulated many
women.*

Okay...
keep on. I am
listening...

*With each new
generation femininity will
fade away. You and your
sister are no exception.*

Eve - the first Bimbo

After your return he planned to take you away from your place, forming you ...

...into his ideal woman...a woman who hate her womanly attributes and feel shame for ...

...every pleasure. It would become an archsin and in thousands of years most woman...

...will feel shame for showing some flesh...and more!

Eve - the first Bimbo

That IS
what Jahve
want?

*Not only that
Eve. He wanted to transfer
all your power to a guy named
Adam - he should be your
Husband...and Master.*

*With him
you will have two sons.
But your Sister is also in
his plan. She should
become a sinfull
demon.*

*Cursed and
alone for all eternity...
while you will die in
nearly 27 years by
the hand*

*of an
barbaric guy from
an another tribe.*

Eve - the first Bimbo

But I will make you imortal Eve! You will be eternal young and beautyfull. We will change my brothers interference back to non exist.

As the unkown feeling in her loin getting stronger and stronger Eve could not longer resist the urge....

...to suck...her Lips seems to spread by themself, sucking the delicious finger inside her waiting mouth...Eve never felt that Horny before...

*Yes...child!
You and I...we will make the world a better place...and all it costs is your masculinity.*

Eve - the first Bimbo

*I see...I choosed
the right fruit...*

...and never in her entire life before she used any

*...to
become my slutty
head priestess.*

But these days are over!

Eve - the first Bimbo

Eve - the first Bimbo

Lustra...
I am...sorry...
but...I...can't
resist any
longer...

Wka....

BUMP

Eve - the first Bimbo

Eve - the first Bimbo

You
taste delicious
Lustra...taste all
Gods like this?

*I don't know
Eve...but we Gods
can more...*

*...a lot...
*moar**

Eve - the first Bimbo

Feel my dickus
longus maximus
Eve!

Oh my...
YOU are
FILLING me out!
Deeper...

FLUMP

Eve - the first Bimbo

Ok myself...
I have done it...
Bro...ther...listen!

HARDER!!!

Eve - the first Bimbo

FASTER!!!

YOU will never ever destroy the ultimate femininity! Never, brother!

And you Eve... transvercalis, now here and then there...

Eve - the first Bimbo

SNAP

Good bye, child! You are my last hope.

Eve - the first Bimbo

We all
do...

What the...

Home? How?
Why am I
at my home?

Eve - the first Bimbo

What for a crazy miracle. Reduced... changed to...what am I now?

What did Lustra say? I am her High Priestess? Of what? Pleasure? Lust?

How should I explain this to my parents...to my Sister?

There is the barracks. Lil should be there.

jiggle

wiggle

Eve - the first Bimbo

I hope she is there...but...

Why are those steps so...gigantic? Have I shrunk THAT much?

Damn... all that jigglings makes me... crazy

boeing

I can feel how I got more and more aroused... just of the jiggling flesh.

Eve - the first Bimbo

Damn...I am out of breath already...

I have to get used to the extra weight.

You there! You are not allowed to be here. Leave this place or I will...

Ah, there you are Sister Lilith. Put your spear down.

Eve - the first Bimbo

"Sister" Lilith?
Do I know you Woman?
Explain yourself!

I know it
is hard to
belive because
I look different
now...
but...

I am Eve...
your Sister. WE
are Twins, our parents
died while the nameless
tribe rided our village
and after that WE
hunt them for weeks.

That is no secret
Woman. You are not
Eve...speak!

Eve - the first Bimbo

And yet it is true. I went out a few days ago and found an strange island...there was that goddess...

...she changed me into what you see right now. And now...

Pfff...a strange Island? *snicker* and a GODdess? *bwaHAhaHA* sure...

HAHAHA HAHAHA

Woman...I haven't laughed that har...

Oh you are laughing? Well a secret that only YOU and EVE know...You are still a VIRGIN Lil!

Eve - the first Bimbo

You are still waiting for the right one...but all who wanted you are just morons...like Anwar the boy of Essam.

Because his dick is so tiny...

Or that little boy...what was his name? You punched him so hard after he touched your nipple by accident that he not only loose his teeth...

Adam?
B...but that knows my...

Yea, what ever. He was pathetic, but now he is an Eunuch...thanks to your bronce knife.

THAT can't be...

EVE?

So my dear Sister...who is laughing now?

Eve - the first Bimbo

To be true Sis,
I can't believe it by myself.
You are...so gigantic
towering above me
...

...we had the
same look...and now.
No one will ever take
me serious...

...I don't
know what I should
do...where I should...
re-start with.

Oh...
Eve...

Eve - the first Bimbo

Sister,
forgive me that I
did not recognize you
with that...new...er...
voluptuous body.

Now I see
you clear before me.
Come...first we go
home.

It is okay, Lil.
I am sure I had done
the same, when I would
be at your side...
of view.

Then I will go
to the commander.
One of our best...
have changed.

Yes...I...
i think this would
be the best choice...

...I never
felt that unsure...
or weak!

We have to
find a solution for
this...situation.

Eve - the first Bimbo

And while we walk...why don't you tell me exactly what happened to you Eve.

Yes, why not Lil. As I said earlier I got surprised by this storm and my felucha sunk. Everything went black as I woke up...

...was there this unknown island. There was not much, only this cave...

...it was a magical place Lil... like in the story's of the elder...

...you know I never believed that crap...but after this... Magic is real, Sis.

Eve - the first Bimbo

As my body changed Lil... it was...incredible. I felt everything.

Breasts? Aroused? Horny?

Or as my boobs grew...i could feel how they pushed forward.

And those feelings...I never felt that aroused before...I am still horny as hell.

Eve - the first Bimbo

LOOK
at her!

I swear Eve.
In that orgasmic
moment everything
went bright,,,

...and as I
opend my eyes
I was here,
Sister.

wobble

NEED
to fuck...
gunt

pant

hm???

Eve - the first Bimbo

And **WHAT DO YOU THINK** are you doing?

LILITH!
I...er...i...
it...doesn't luck
like as you
think...

Forgive
me Lilith.
I am so, so
sorry that
I crossed
your way.

Get **LOST**, Adam!
Next time I see
your fat face...

Yes...as
you wish Lilith!
Forgive me.

Eve - the first Bimbo

My life is
a complete mess.
First my family
dies...

Then this
harpy cut of my
family jewels...

...and I got
like this. Now I
am more or less
the Idiot of
the Villag.

I think
that's it. I
should finish
this all.

But
first I will take
my early lunch...
and then I
...

...
nonsens! There
is always a
way.

Eve - the first Bimbo

And so Adam went his way to the village's tavern, where he hope to take his next meal...alone with his dark thoughts, his self-pity and so much more ...as Eve before he have no idea that his Life will be changed very soon...

Some people can see death people. Other people sense when something is changing. The Author of this word feels that he had to much coffee and need to pee...but Adam don't feel the powerfull energy which start to build behind him.

Eve - the first Bimbo

And so Adam went his way to the village's tavern, where he hope to take his next meal...alone with his dark thoughts, his self-pity and so much more ...as Eve before he have no idea that his Life will be changed very soon...

AH HERE I AM
AGAIN I REALLY HOPED
THAT MY FATHER WOULD
NEVER SEND ME TO THIS
PLANET OF THE APES

BUT FIRST

A LITTLE LOOK
CHANGE FOR THAT
MONKEY THERE

Eve - the first Bimbo

THEY ARE SO EASY TO READ... HUMANS. I NEVER WILL UNDERSTAND WHAT MY FATHER SEE IN THEM.

BUT THE FEMALES... MASTERPIECES WHY DO WANT MY FATHER CHANGE THAT... WHY IS THIS BLOB SO IMPORTANT?

HE SENDEE ME HIS FIRST SON TO MANIPULATE THIS WALKING APE AND FOR THIS MISSION IS A FEMALE APPEARANCE IMPORTANT

Eve - the first Bimbo

*It is clear
that I need to talk
with Father soon. The attention
he pays to these monkeys...
we are more powerful
than them and
should rule.*

*But what
happend after my father
createt this all? We, his childs
should help and protect this
smelly monkeys.*

*Enough Luzifer!
Concentrate on your mission,
after that you can discuss
this with the old men.*

Eve - the first Bimbo

*I have
to say this ape has a
good taste...ah...there
he is...*

And now we see how Jahve plans to cross over Lustra's plans another time. He send his Firstborn, Luzifer to earth to influence Adam. For this mission Luzifer changed his look to Adams desired type of Woman - which is not hard to see...after Adam repeatedly courted the siblings, Eve and Lillith, and failed. But what is Luzifers plan for Adam? His thoughts don't show anything good.

Eve - the first Bimbo

Mostly
done...

Just
some...

shake

...fine
adjusting.

And done.
Let's find him
and having some
fun...

Eve - the first Bimbo

The gods have listend to my prays...what for a Bombshell...

very depressed thoughts

...and she is directly walking to me?! This is my lucky day!

Look at those killer body. And how she present it without any shame...

Woman like her are not that often... maybe like those Twin Sisters in the city guard. What would I give to have such an hottie.

Eve - the first Bimbo
