

Since that day,

We never talked again

It's like she has lost interest in using me as a source of amusement

I'm uncertain whether Aerin's action is out of anger or consideration for my feelings

At least, she allows me the space I need with my friend, unlike the unexpected visit before

If this were to go on,

It's a blessing in disguise

All of our problems would be over

Aerin, is something bothering you?

You seem distant lately, especially with Jisoo.

Ugh, Jisoo was just getting too clingy....

You know how I am. I just told her I needed some space

I thought you two were getting along really well. What changed?

Unnie.. It's complicated

You wanna talk?

...I don't know what to do... I always saw Jisoo as just a friend...

Put she wants something serious...

So you created a barrier between the two of you?

Oh...

Aerin, you're just scared of getting hurt or opening yourself up to someone.

I understand that you're protecting yourself

Just try to put yourself in Jisoo's shoes for a moment.

You have a habit of pushing people away when they get too close.

She genuinely cared about you and to abruptly cut her off like that might hurt her deeply

Jihyun unnie is always a considerate person

Witnessing her and teacher being so close, it just left me feeling awful. There's no deeper meaning behind it.

But whenever I see them together...

STUPID

Wait... Did you find yourself falling for Jisoo?

**RIDICULOUS!!!**

What's so good about her?!

Girls like her are on every street corner!

Vice President!

Oh? Jisoo? What did you come here for?

Is Eunpa here sunbae? She called me earlier

Yeah, she's here! I'll call her for you!

Thanks, Jihyun sunbae!

W..W...WHAT WAS THAT MARK?!!!

DON'T TELL SHE AND THAT GIRL-
