

My mom used to tell me

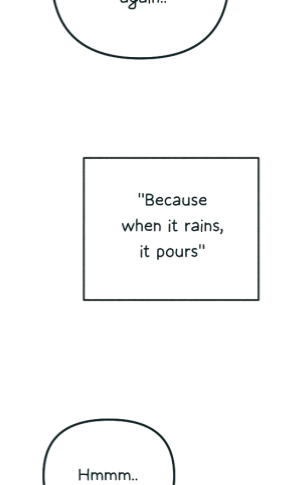

"At some point, your life will go so well that you'll worry about something going horribly wrong"

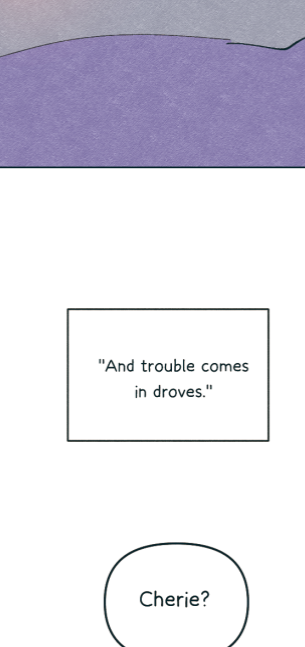

"But that's a foolish thought to have"

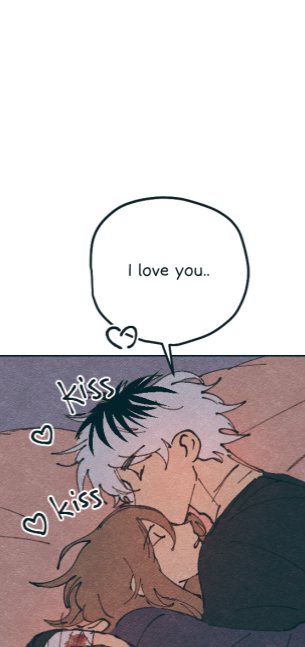

"Because what you should worry about

Is EVERYTHING going horribly wrong."

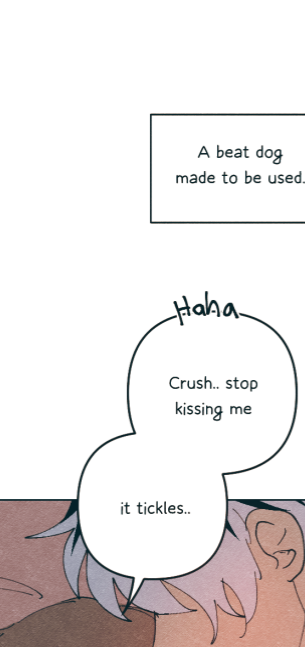

That explains why I'm feeling a little chilly..

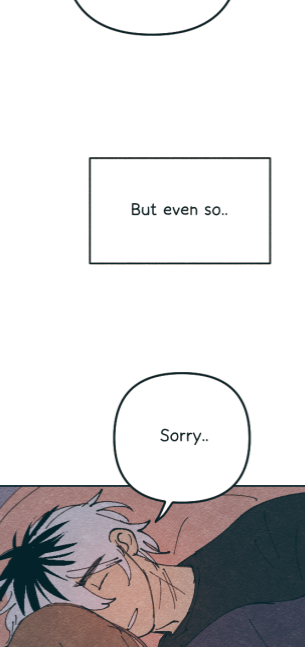

Yup, that's what boyfriends are for.

"Because when it rains, it pours"

"And trouble comes in droves."

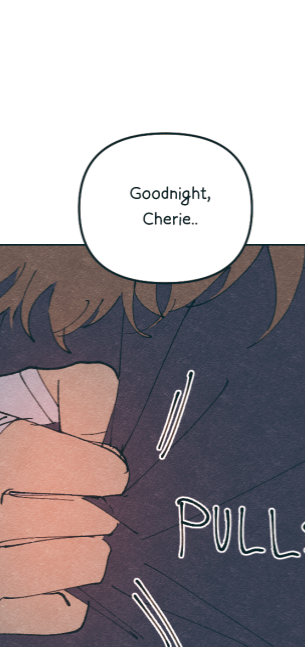

I love you..

Mmmhuvutoo..

I know I don't deserve this tenderness

This softness was not meant for someone like me

A beat dog made to be used.

I have an early meeting..

But even so..

How can I not get greedy?

'Mkay..

Goodnight, Cherie..

I guess even if we can't have a happy ending..

I'm glad I still get to enjoy our happy-for-now.

Sorry, sorry..
