# DREAMBAND

## CHARACTER CREATION

A Robin Harper Patreon Bonus Comic

Hey  
Rick.

Yeah, it  
just arrived  
a minute  
ago.

Do you  
want me to  
wait until you're  
finished work  
for the day?

Are  
you sure?

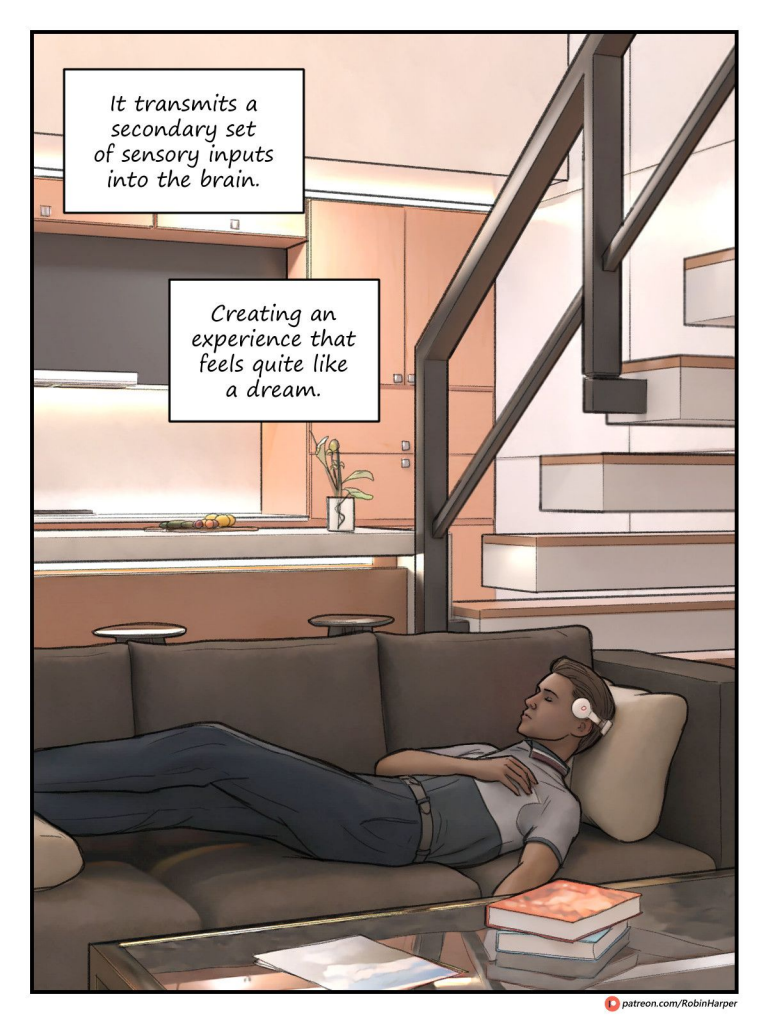

Well okay,  
then just give  
me a shout when  
you're online.

The  
Dreamband...

A virtual  
reality device  
that interfaces  
directly with  
the brain.

*It transmits a secondary set of sensory inputs into the brain.*

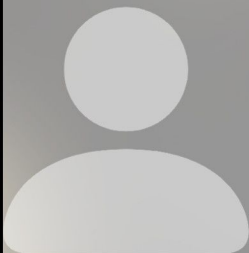

*Creating an experience that feels quite like a dream.*

If you open your  
eyes you can see  
the virtual dream  
world overlaid  
over the real world.

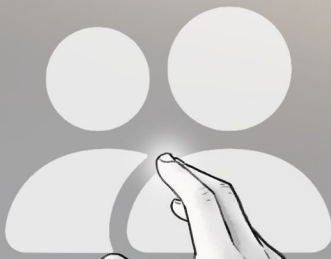

*Close your eyes  
and the dream  
world is all that  
you will see.*

**SINGLE PLAYER**

**MULTIPLAYER**

*So ignore the pressure of the couch cushion on your back,*

**E CAR 3000**

*find a quiet spot in your apartment,*

**DEATHMATCH**

**FANTASY-LAND**

**BATTLE RO**

**STARFIGHTER**

**COZY ISLA**

*and the real world will soon fade into the background.*

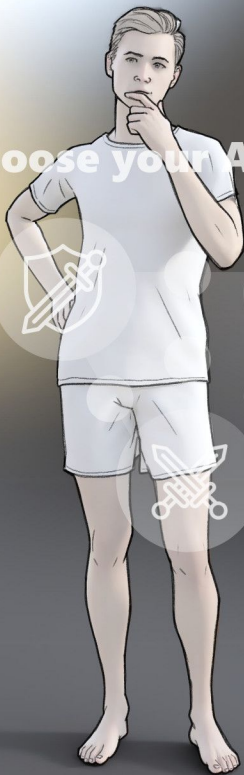

Then with only  
one stream of  
interesting sensory  
data to occupy  
your brain...

LOADING CHARACTER  
CREATION

...the dream  
world will be all  
that you will  
perceive.

Oh come on!

Seriously?

This is the default outfit for a female magician?

It looks like it's better suited for a night of clubbing...

..than for a week out in the wilderness hunting bandits and monsters!

There's got to be something I can wear that's more reasonable than this!

Uh... that was a weird reflex...

That reaction felt like it came more from this body than it did from me!

Actually,  
on reflection,  
everything  
about this girl  
in front of  
me...

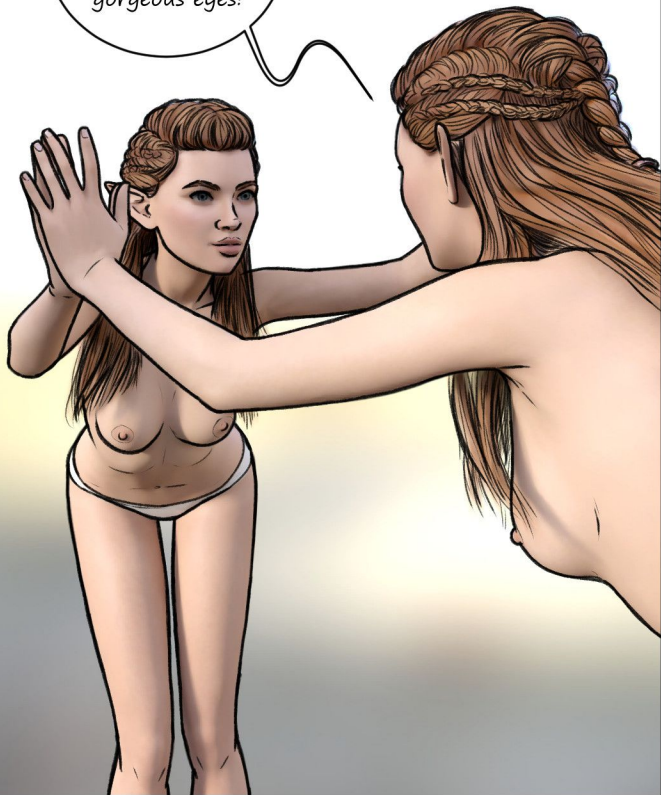

...her  
stance...

...her  
looks...

...her  
motion...

...looks quite  
feminine...

*...you'd never  
guess that there  
was a guy's mind  
behind these  
gorgeous eyes!*

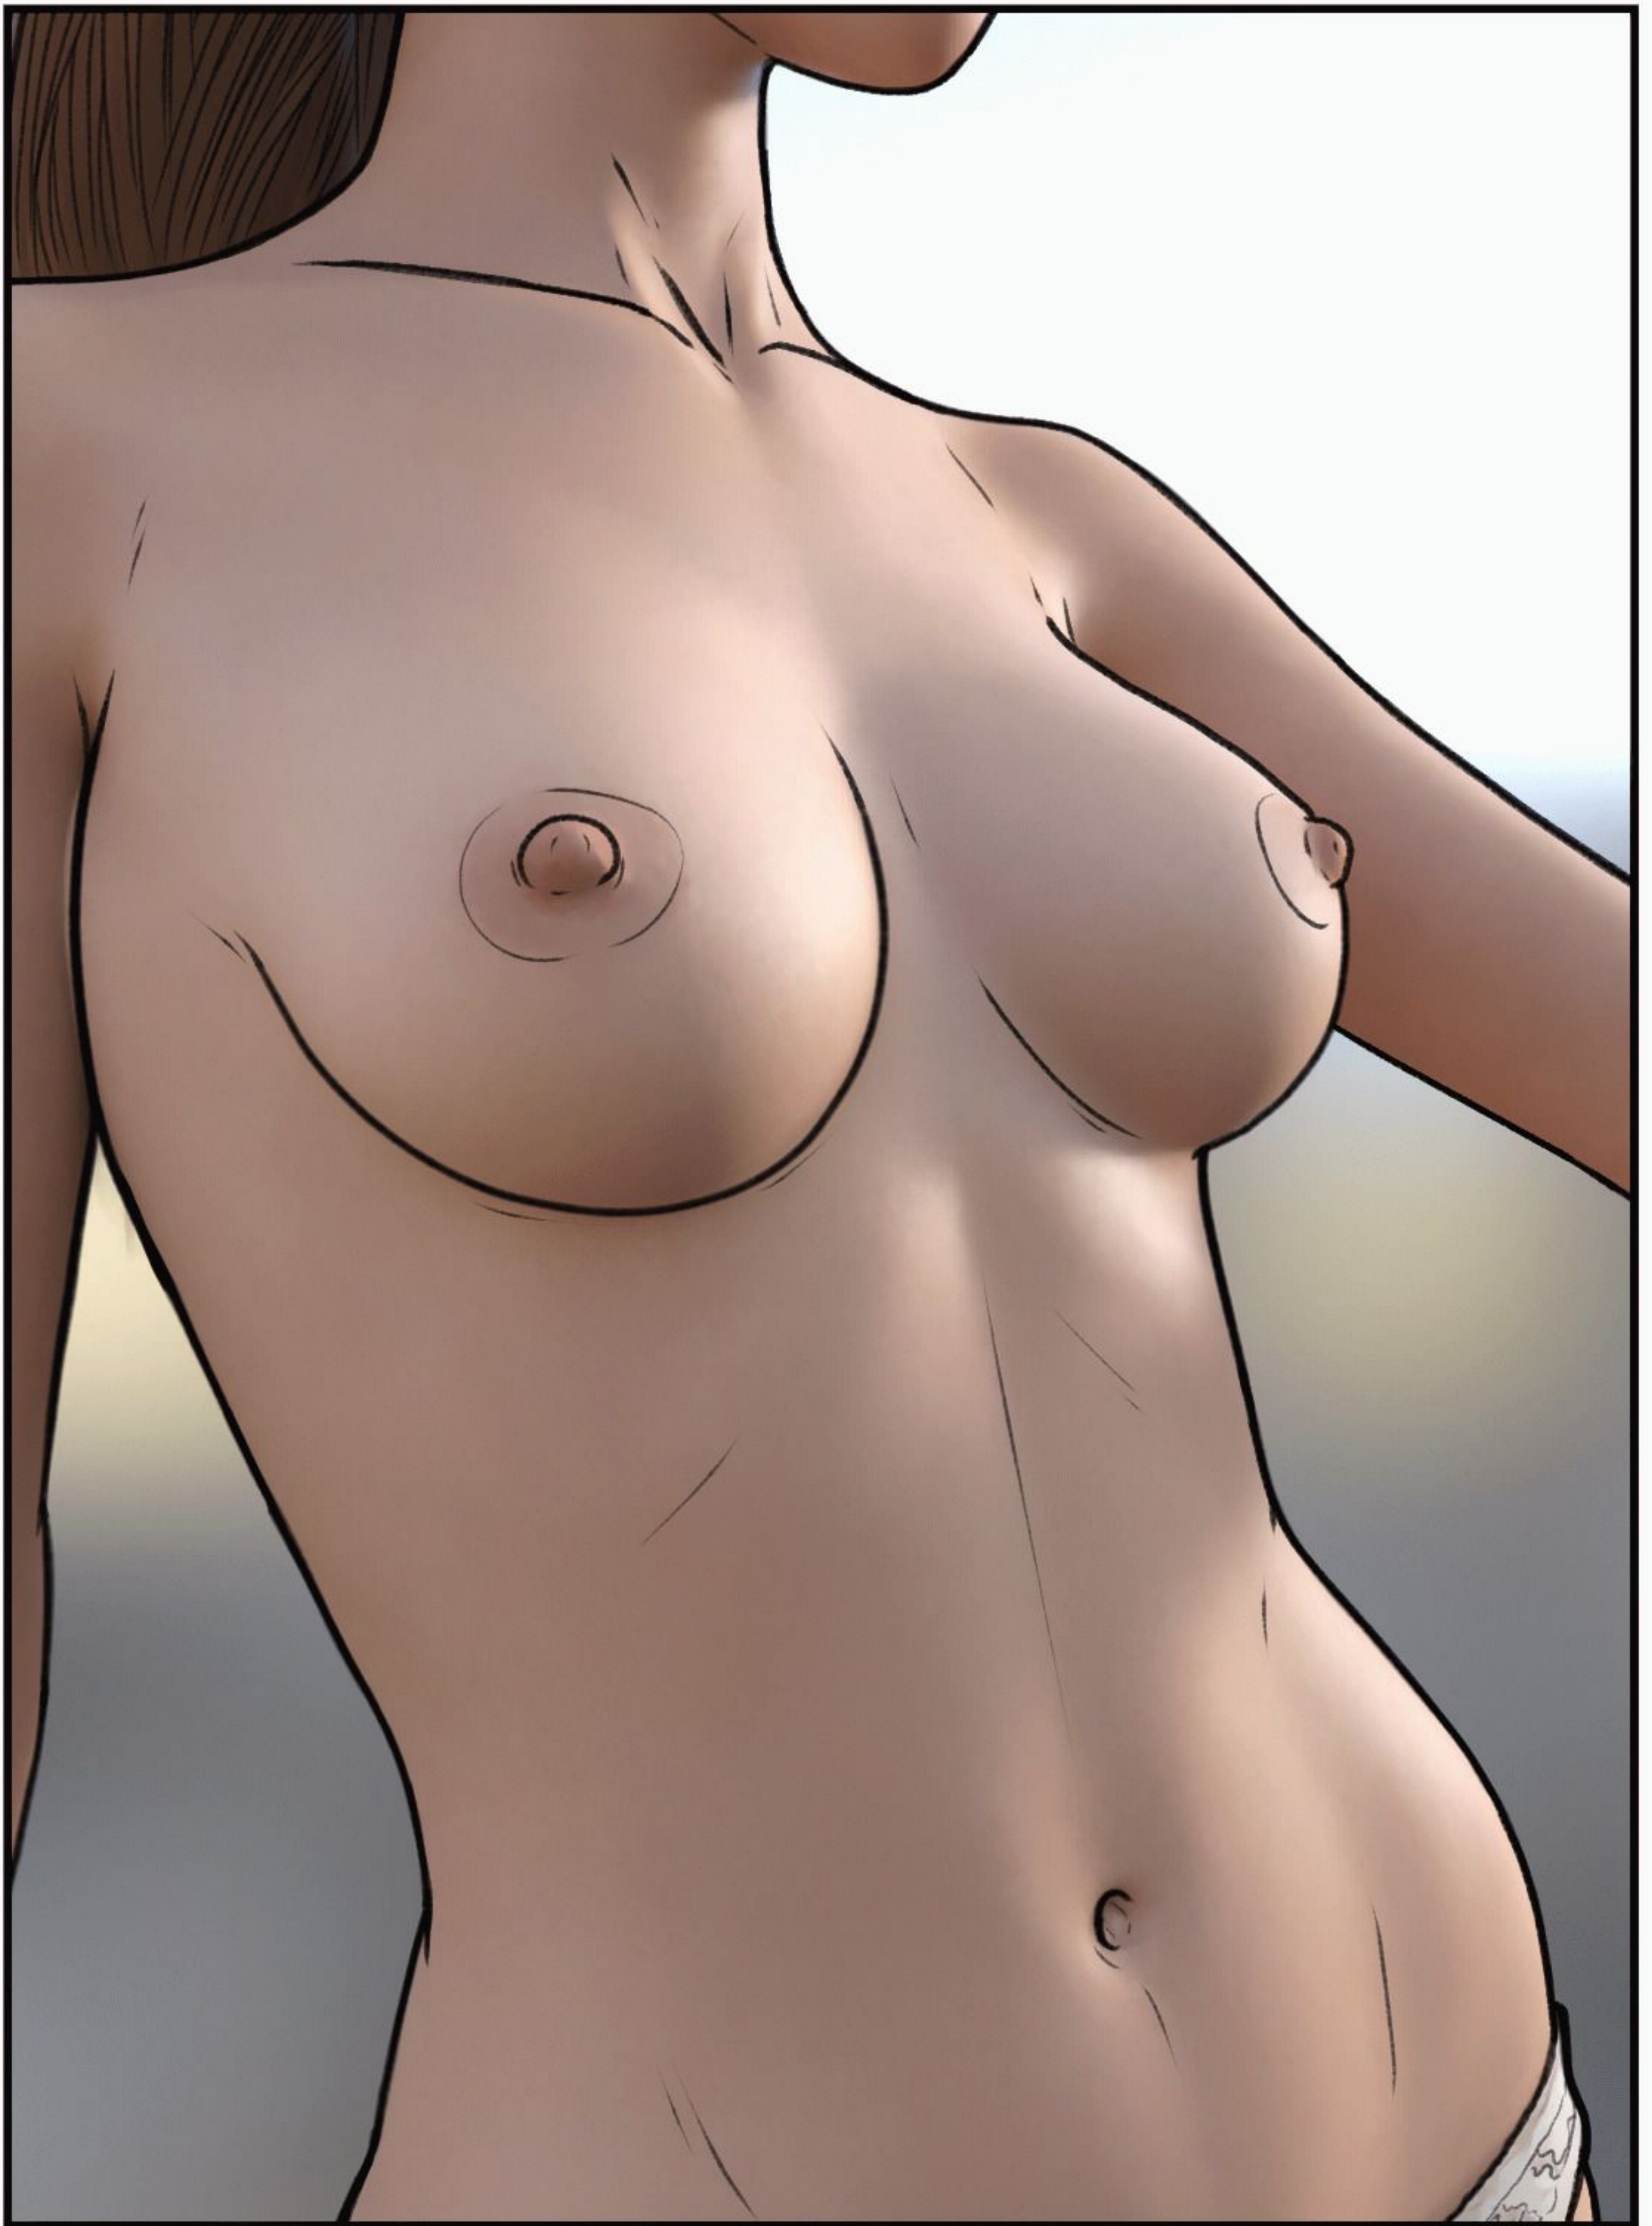

And they say  
that guys are  
obsessed with one  
thing above all  
else, don't  
they?

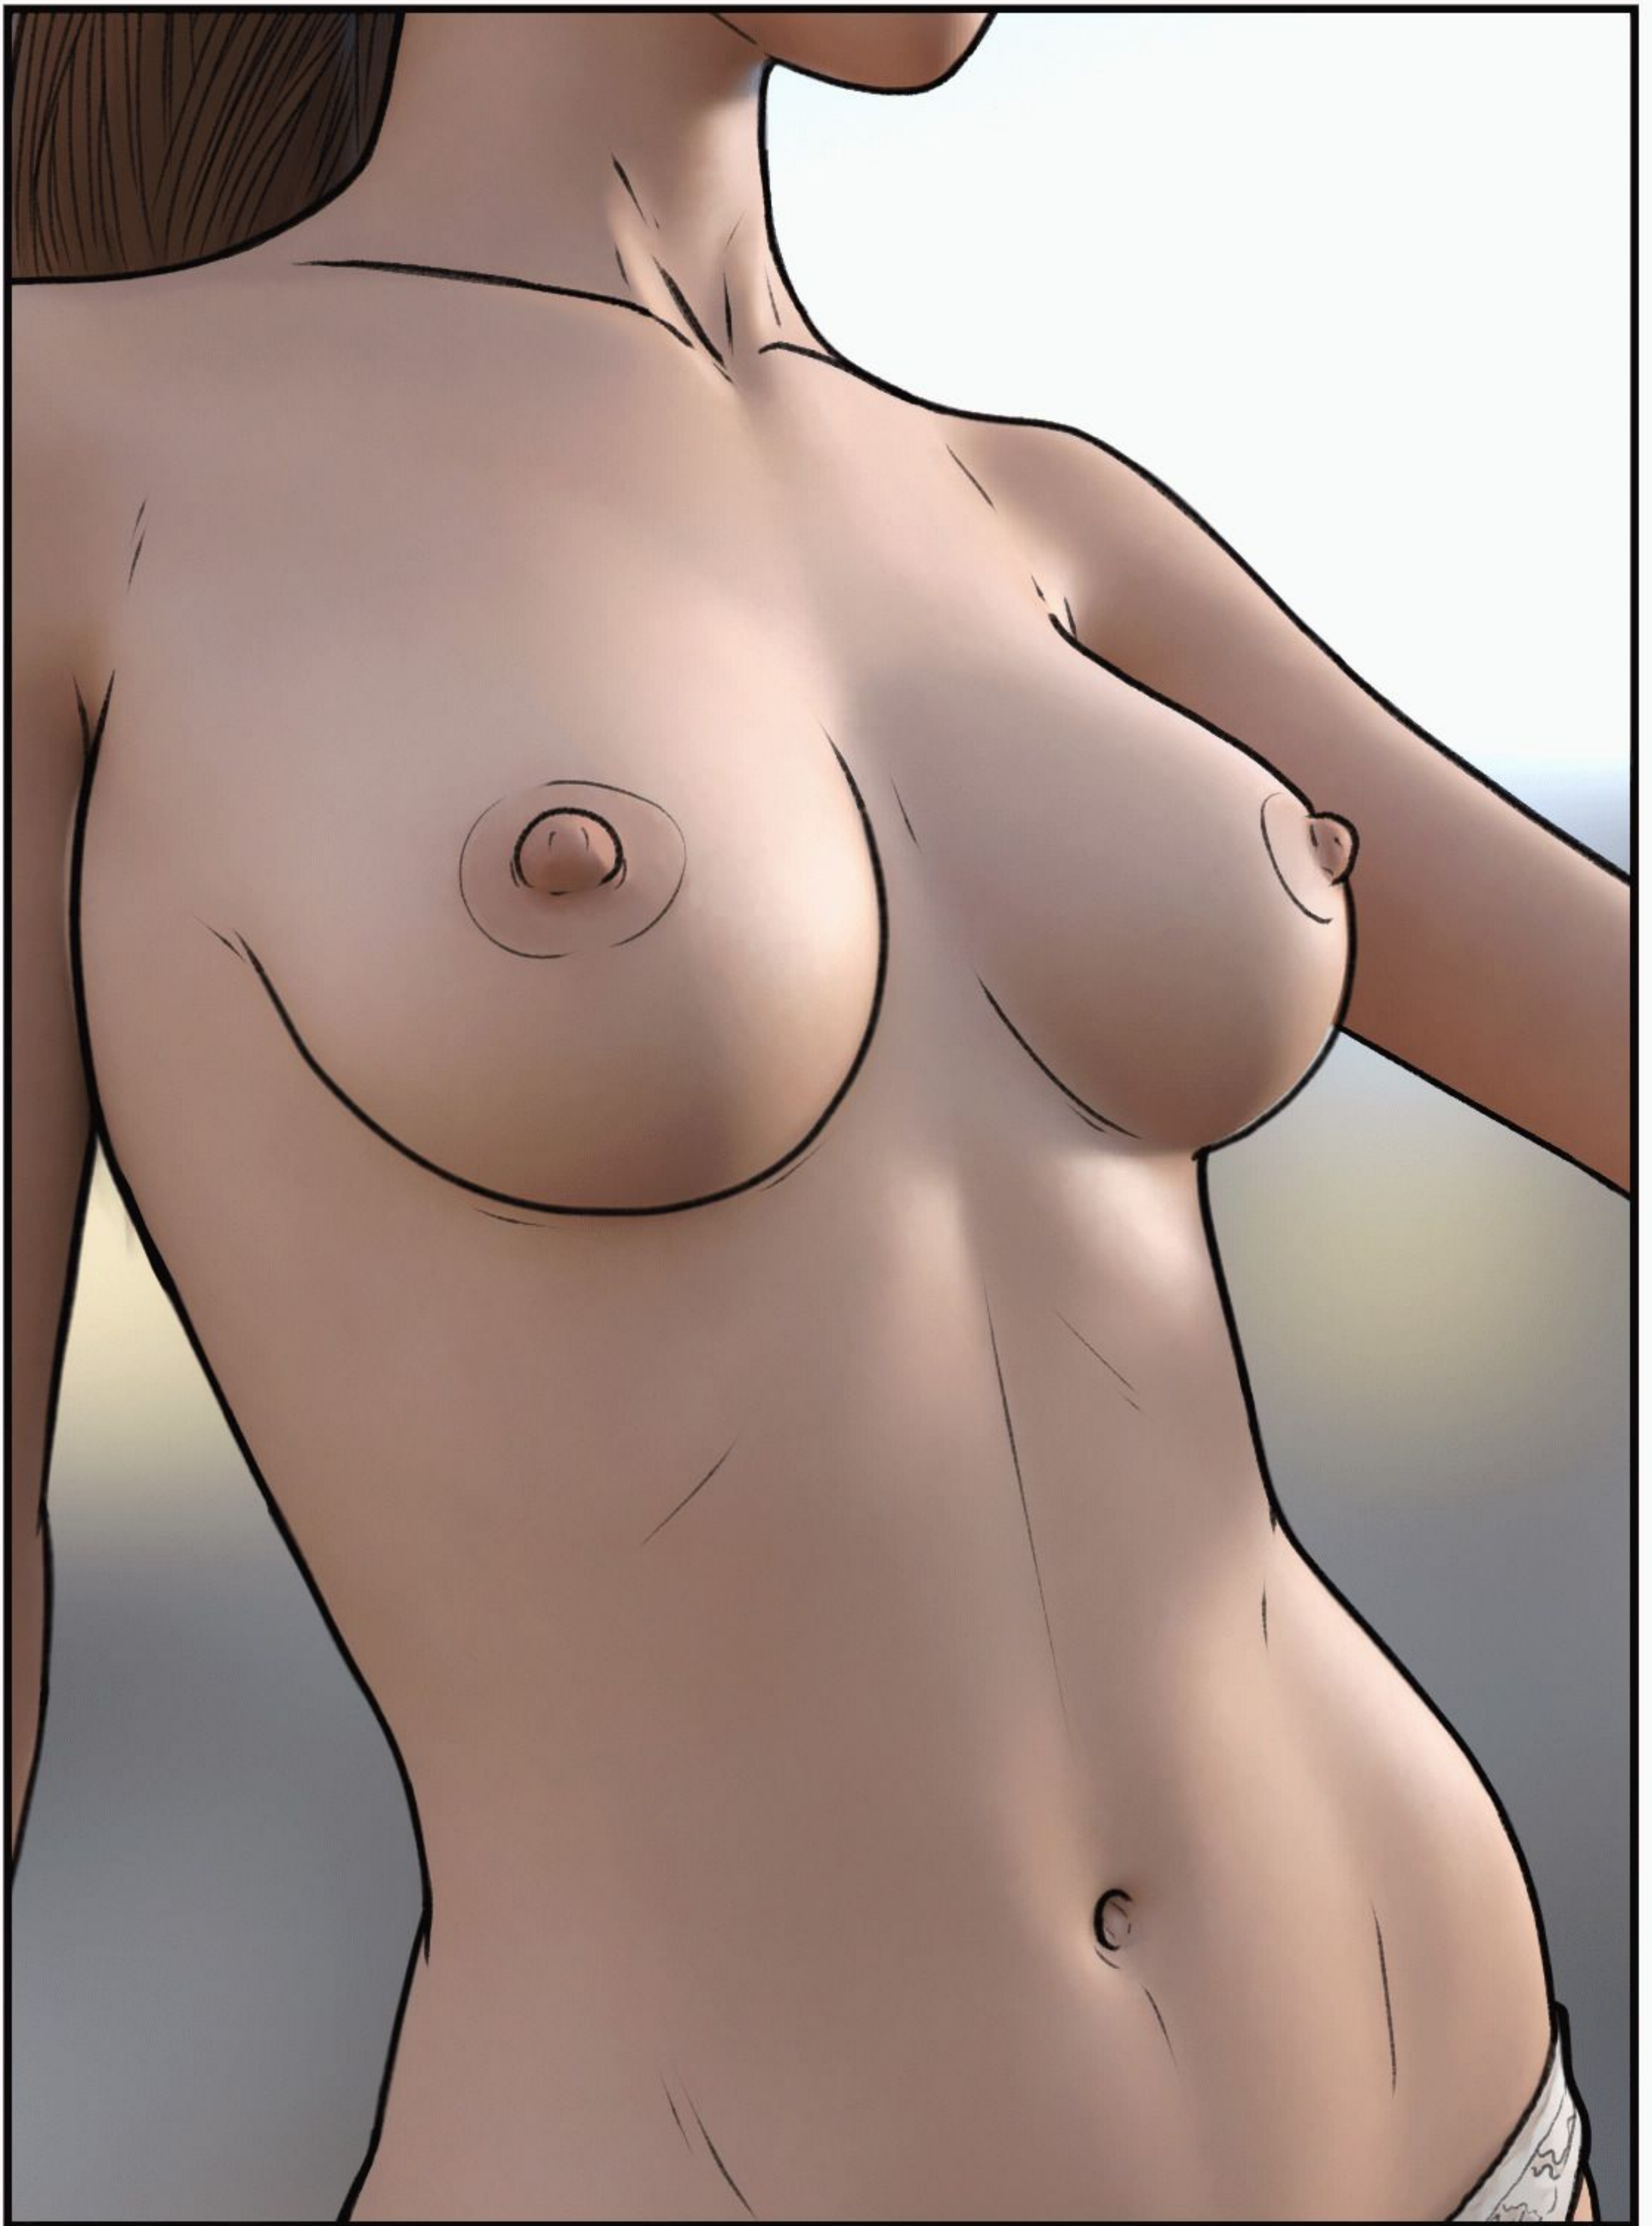

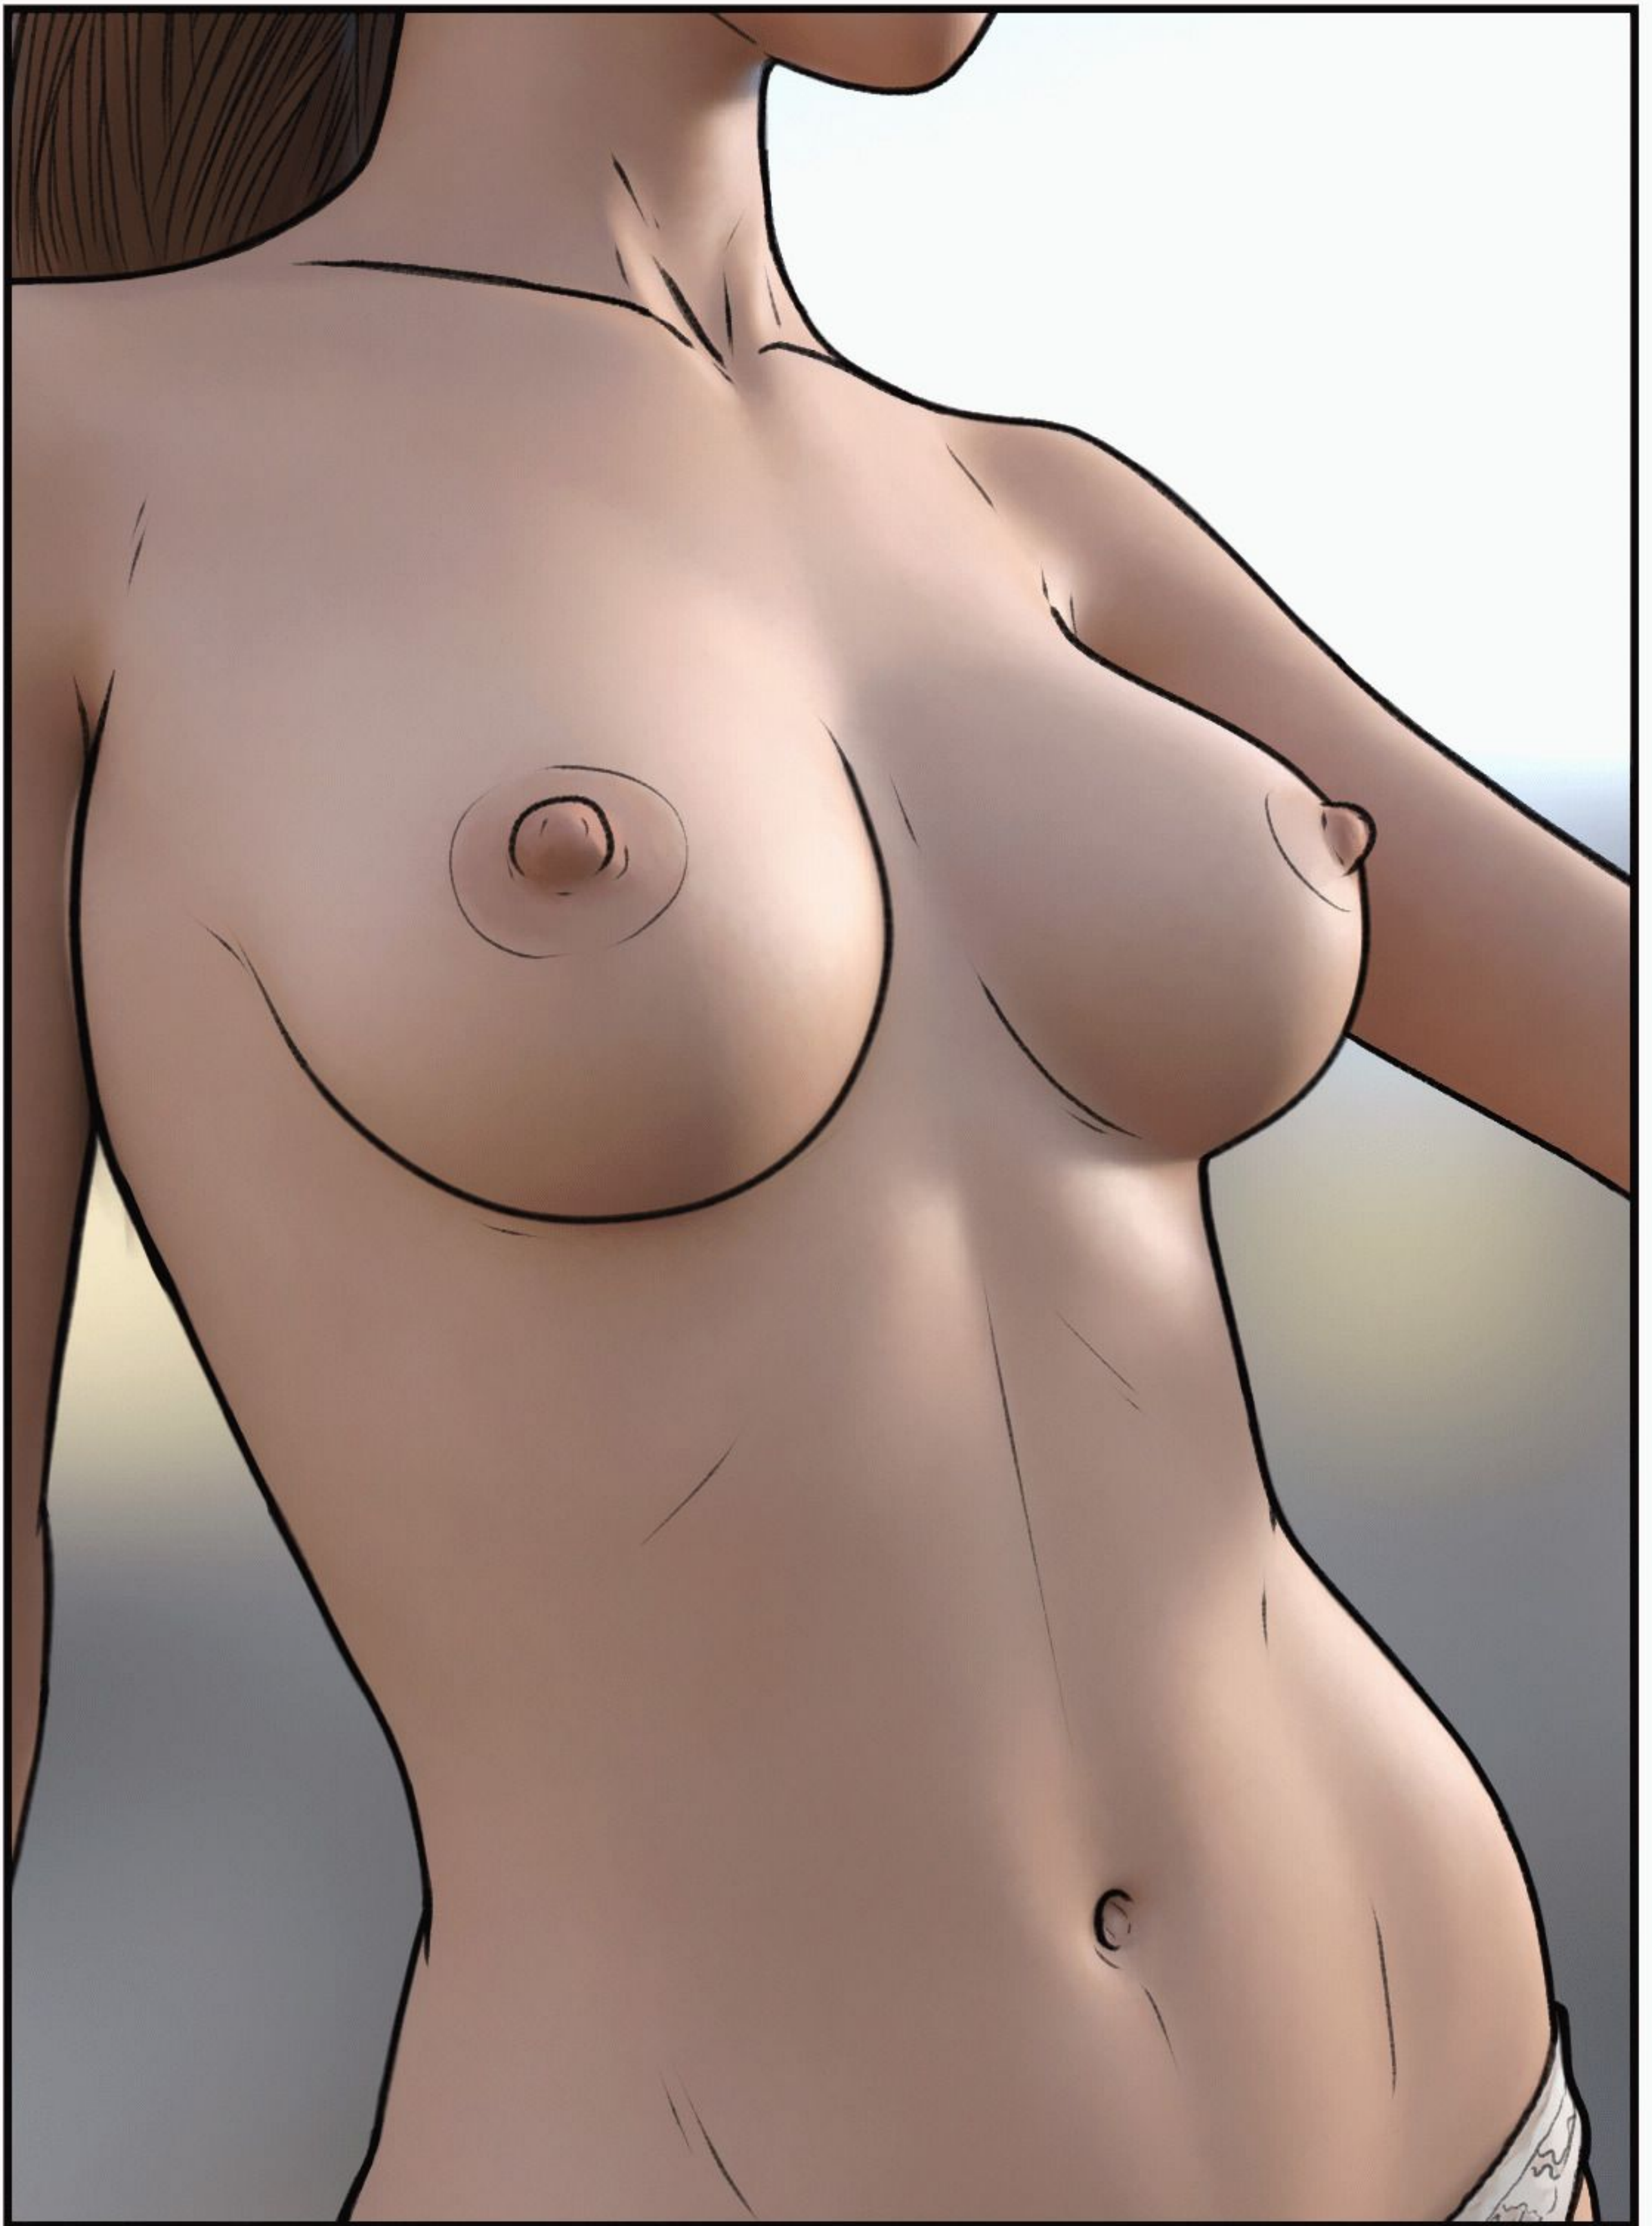

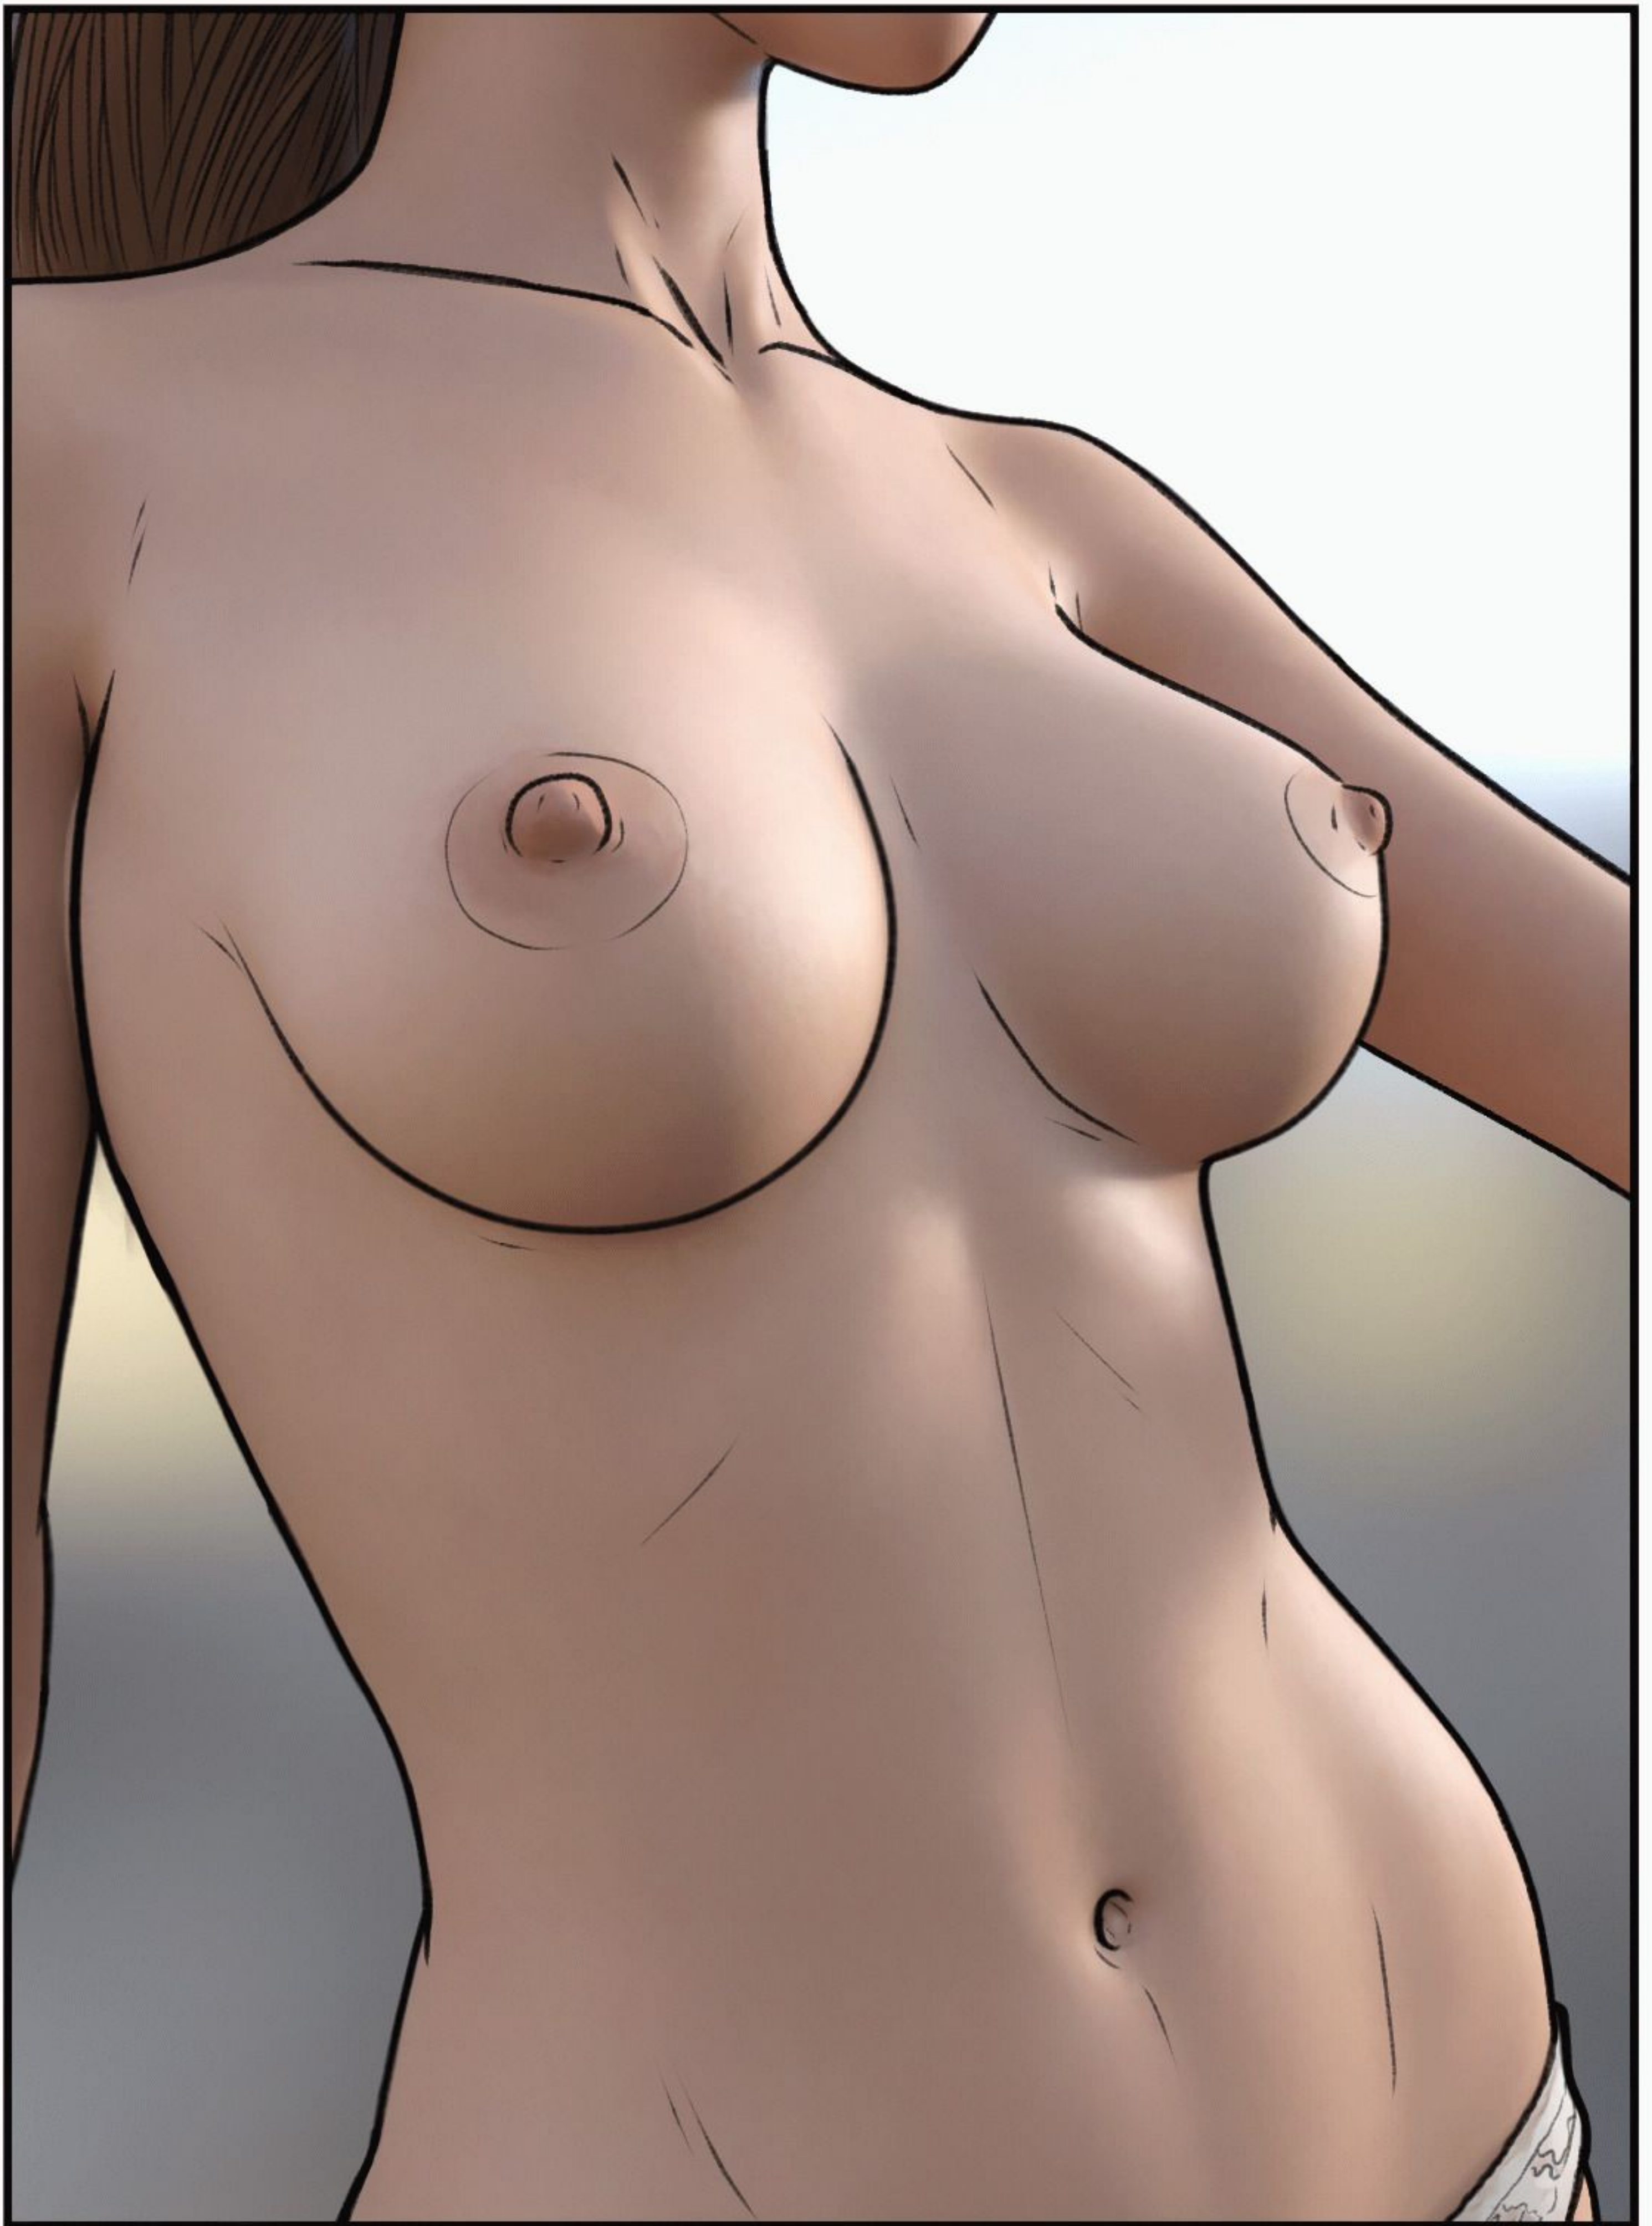

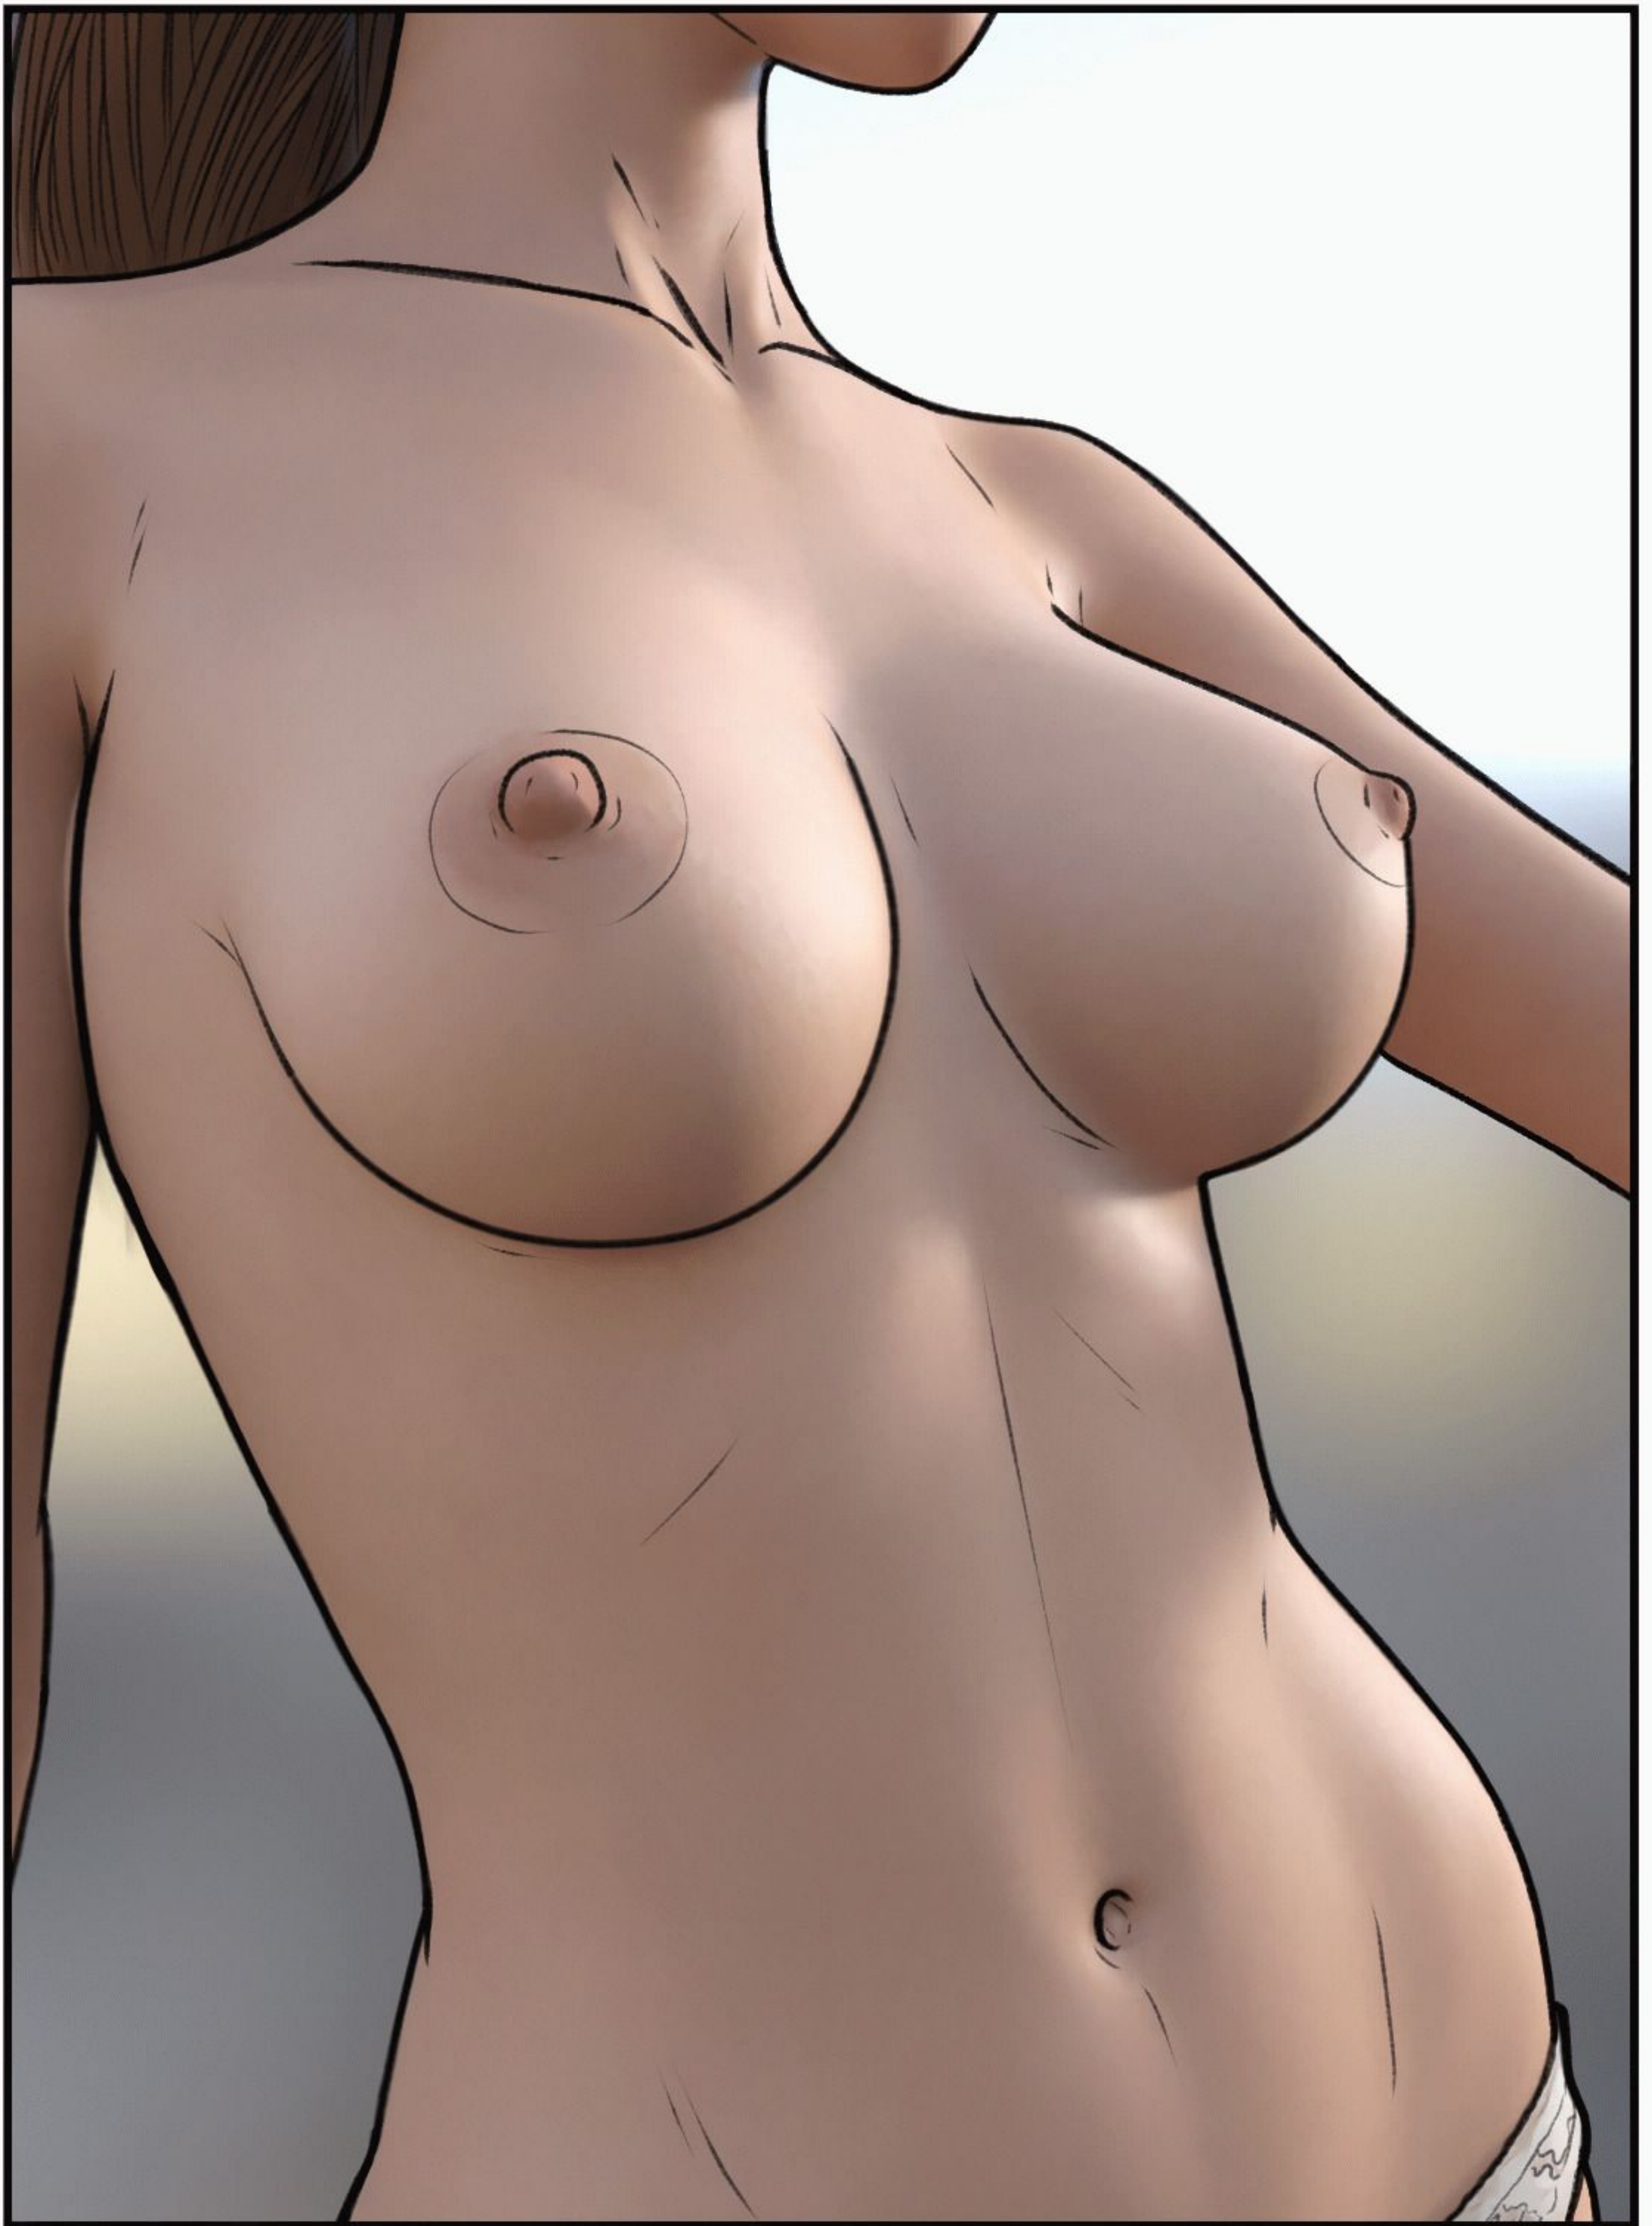

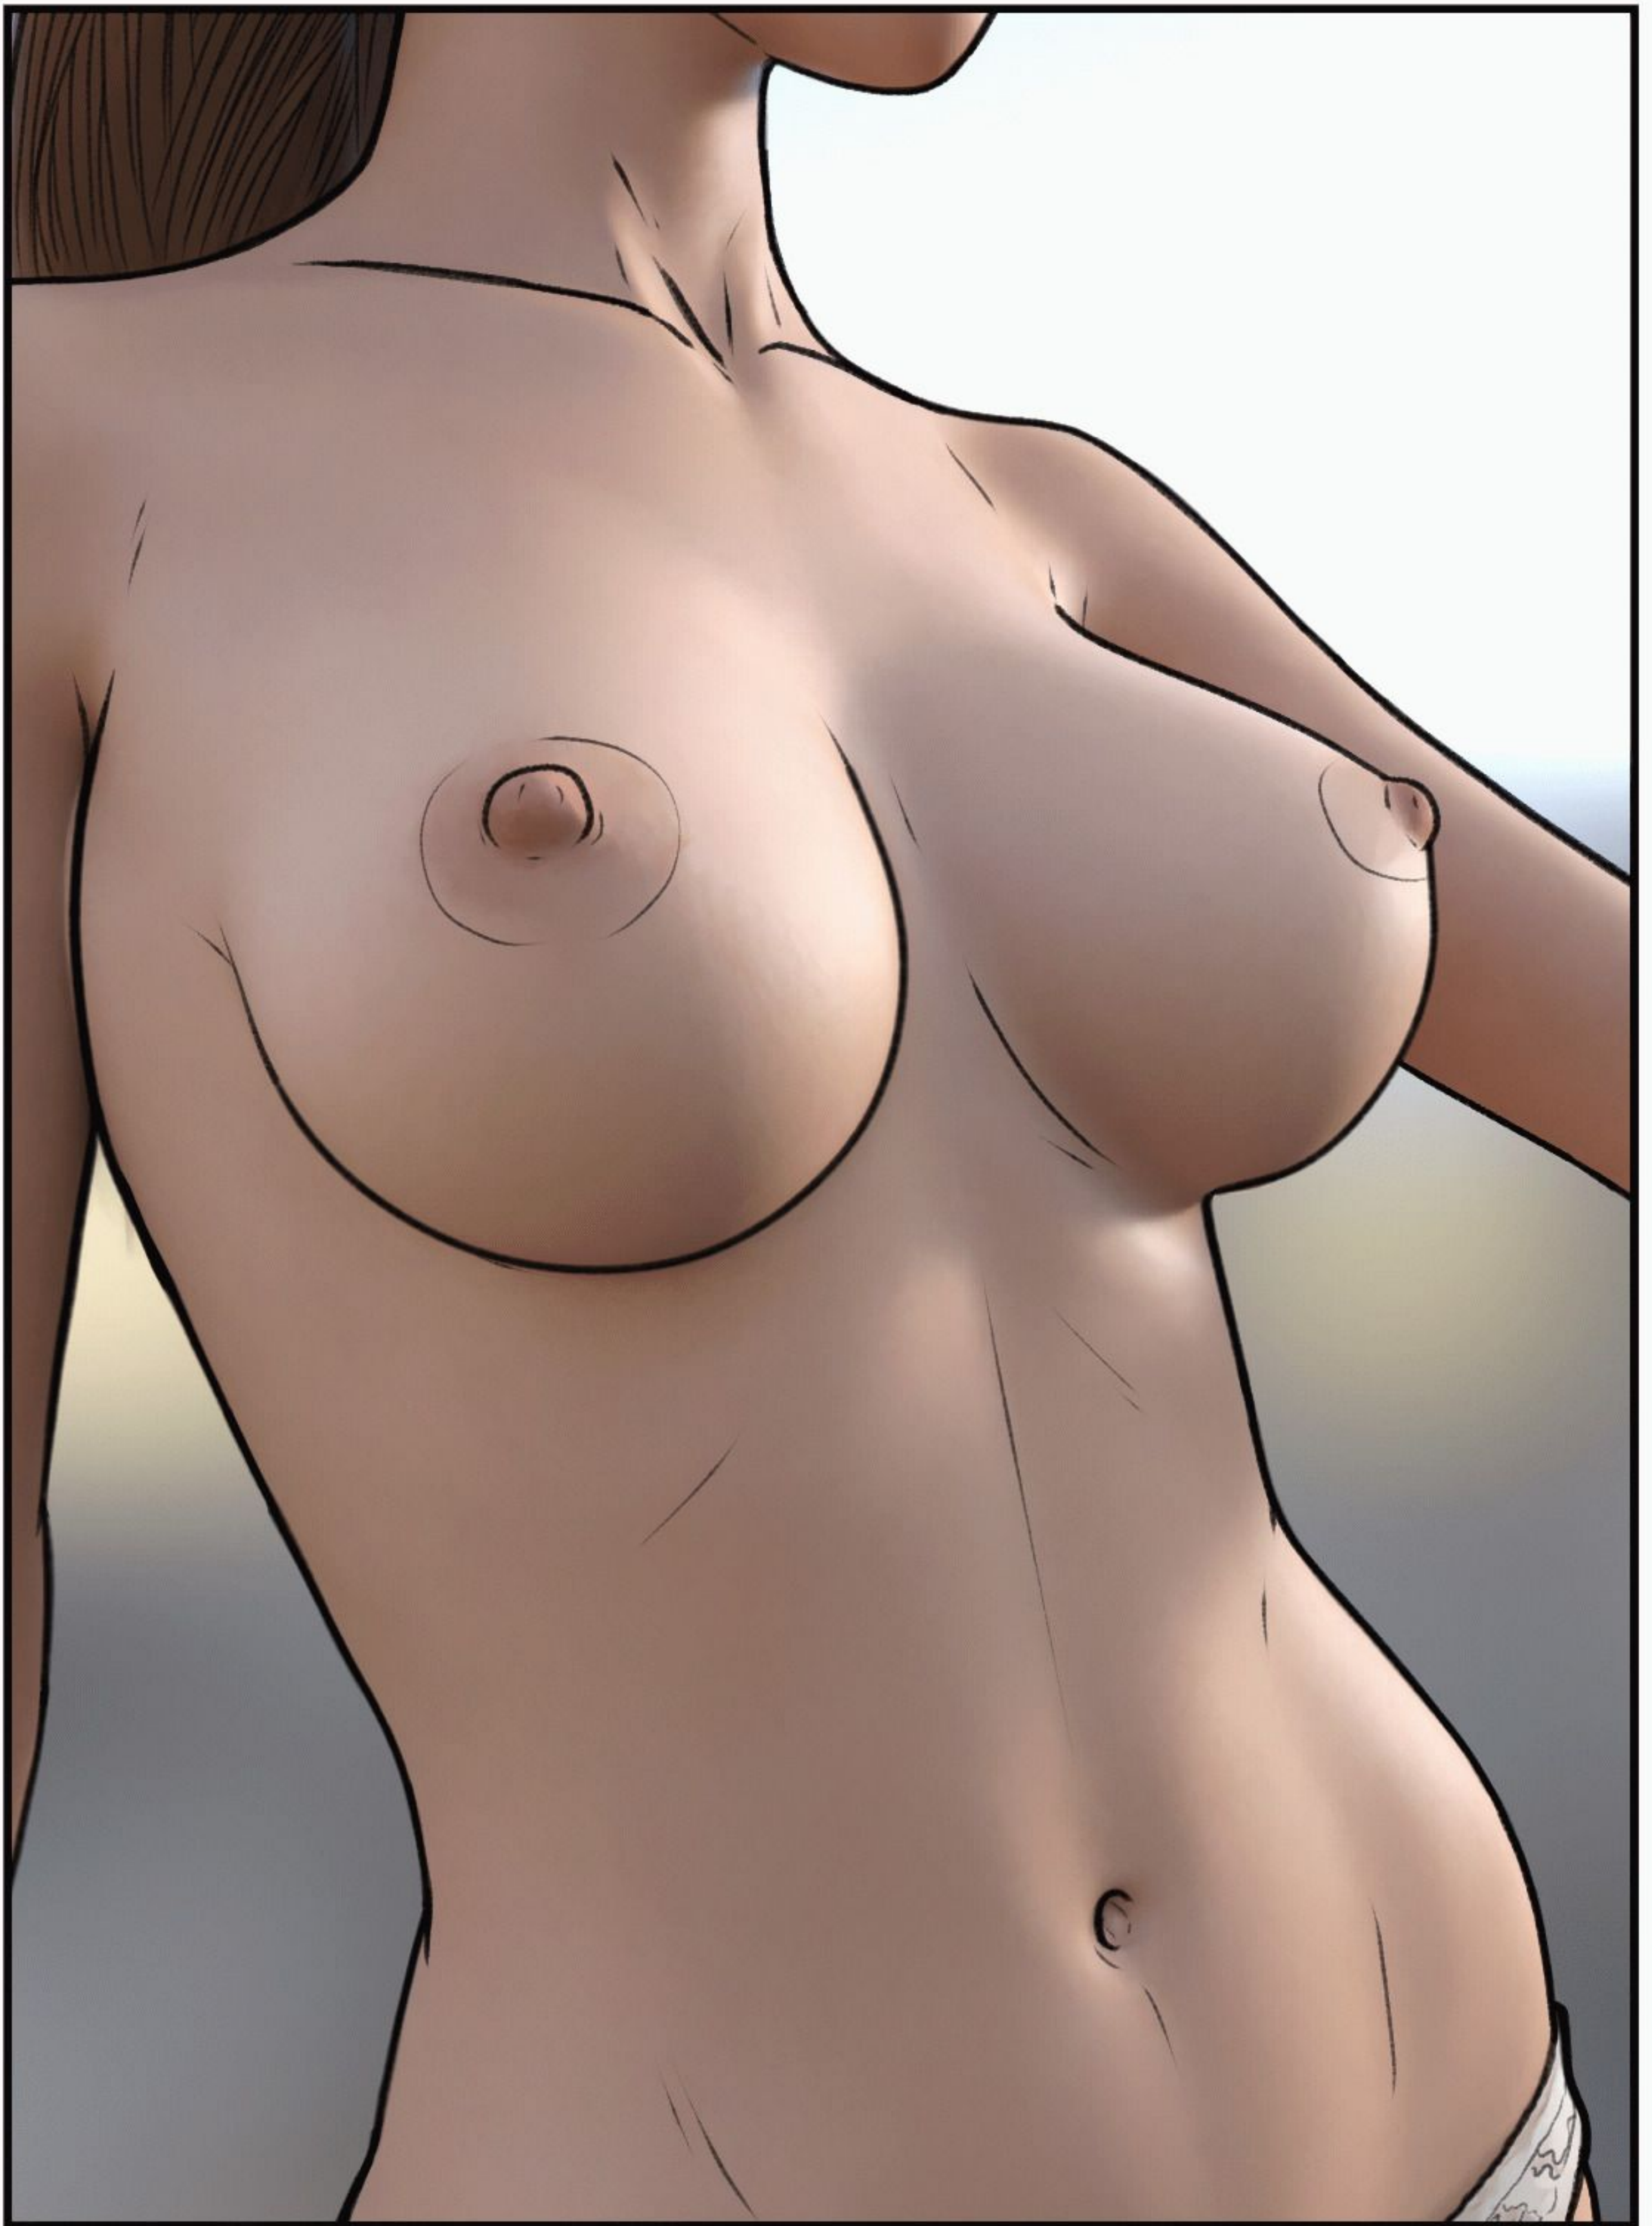

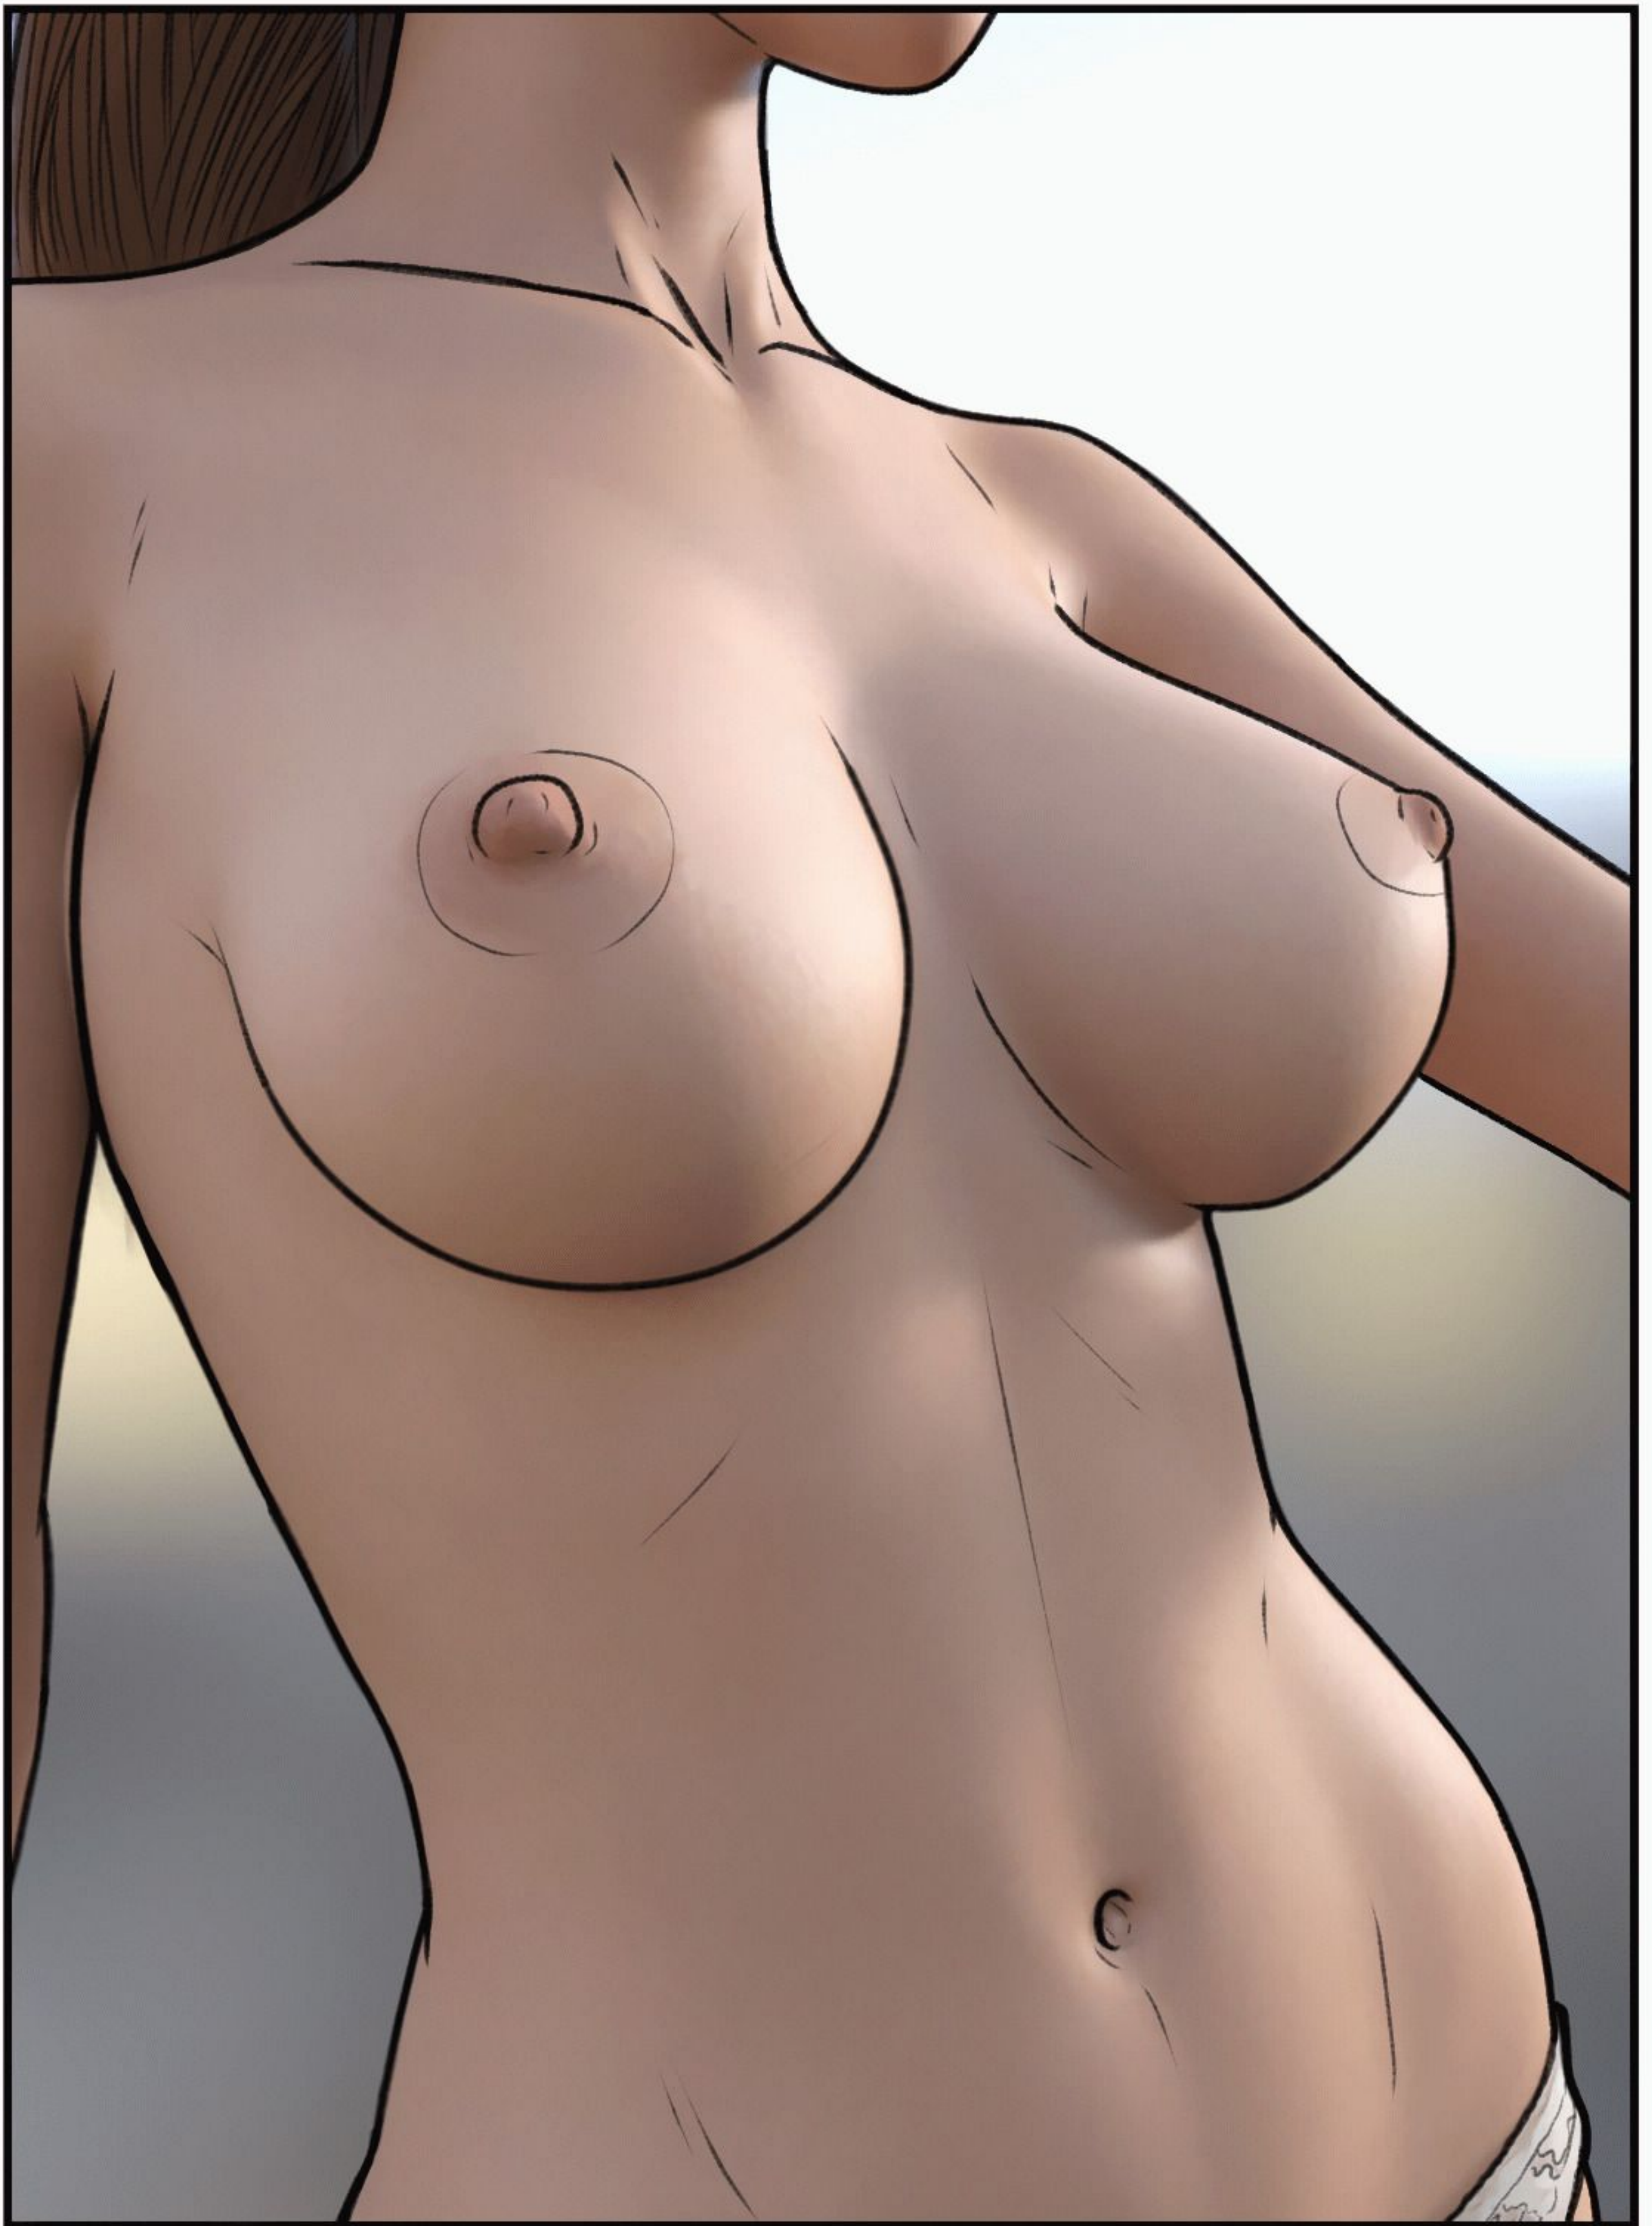

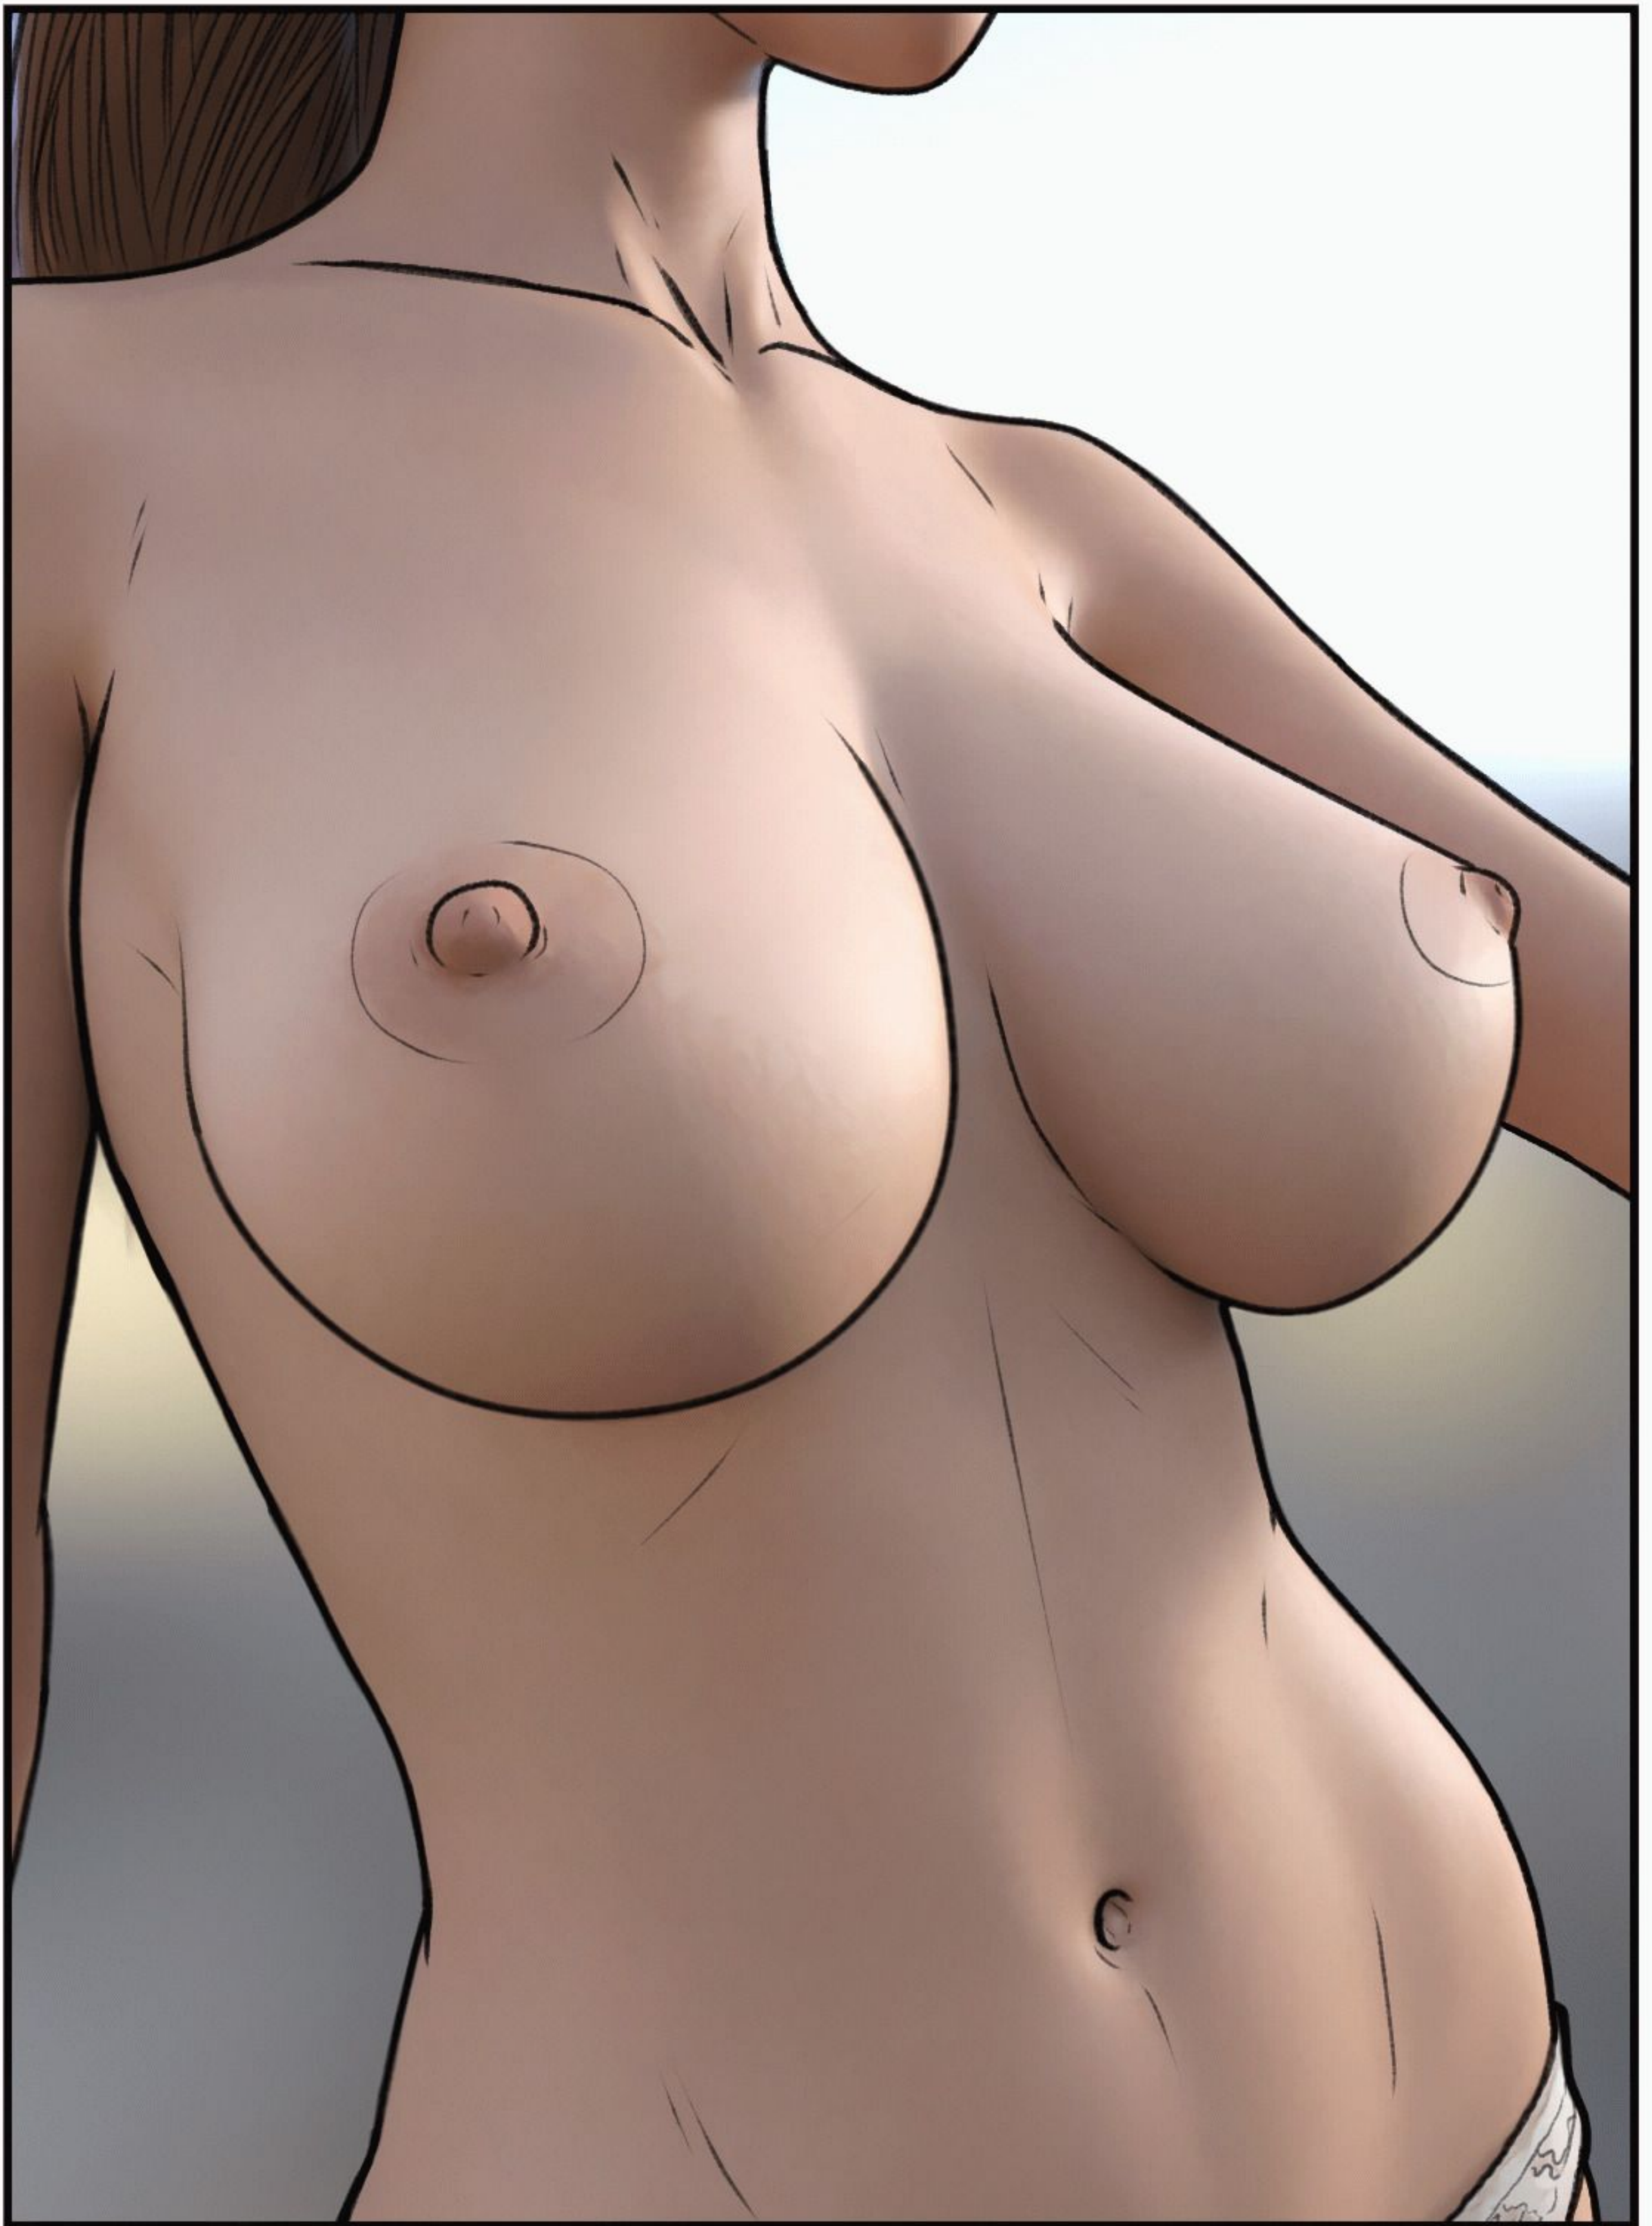

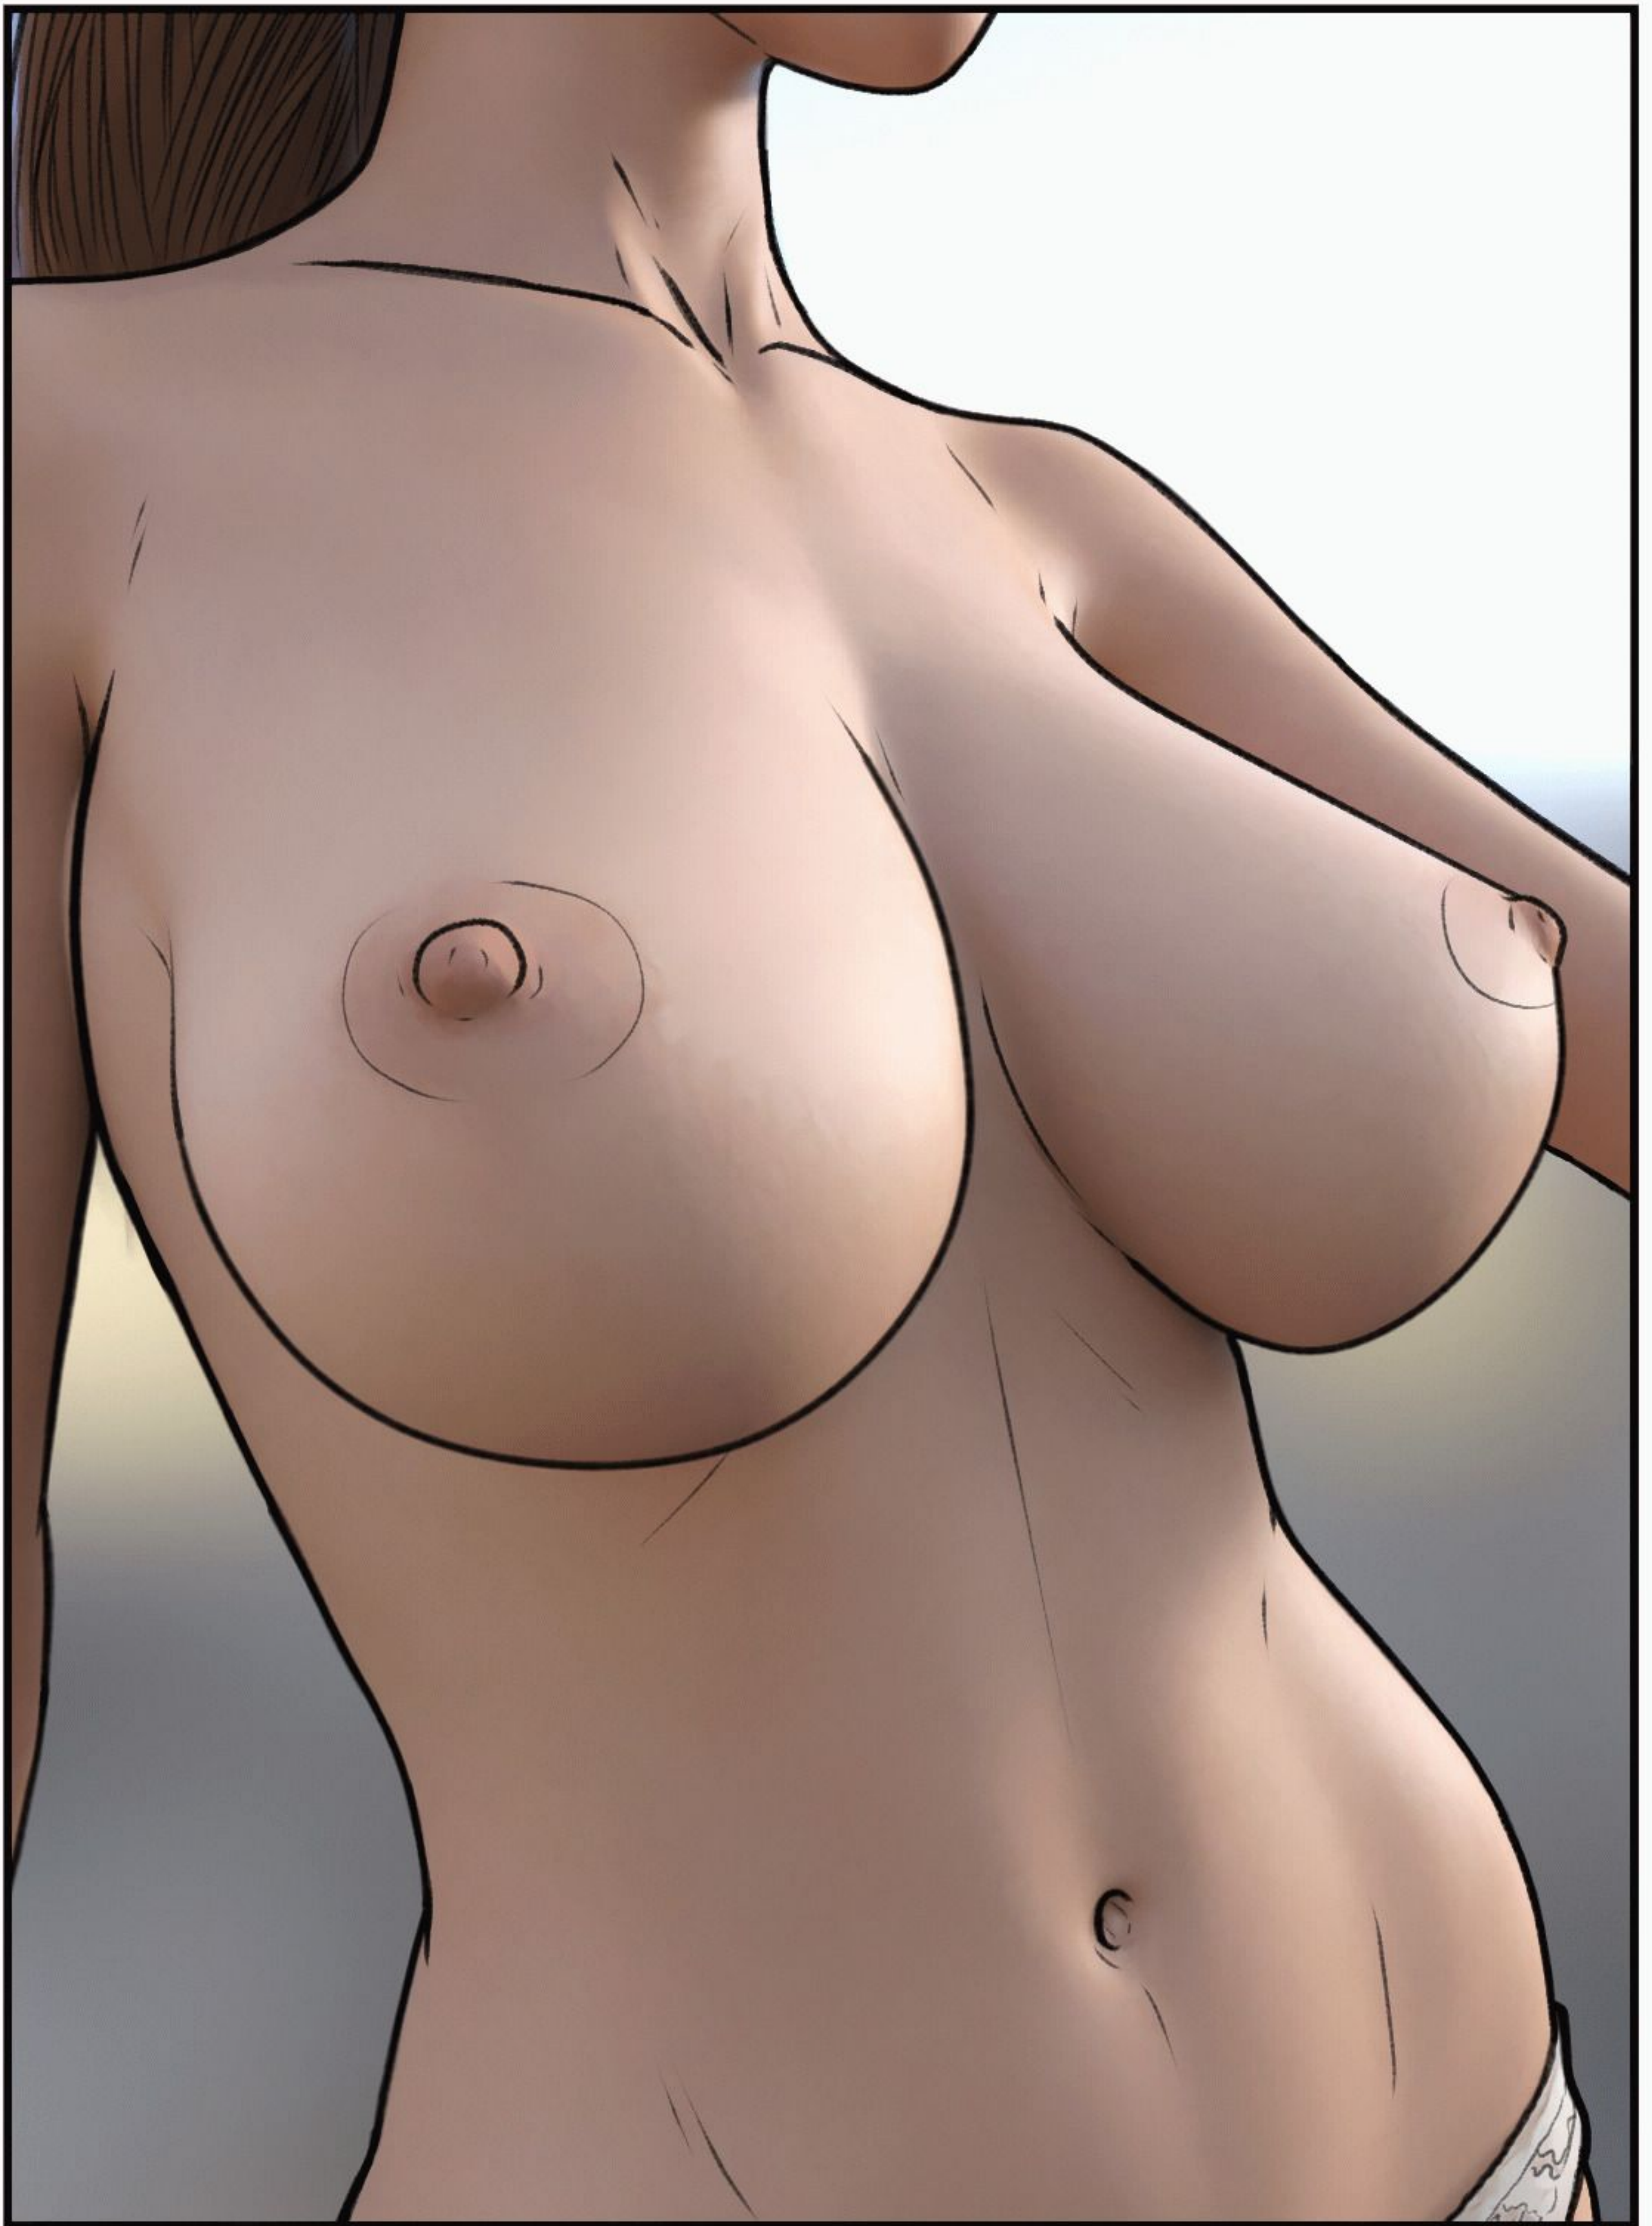

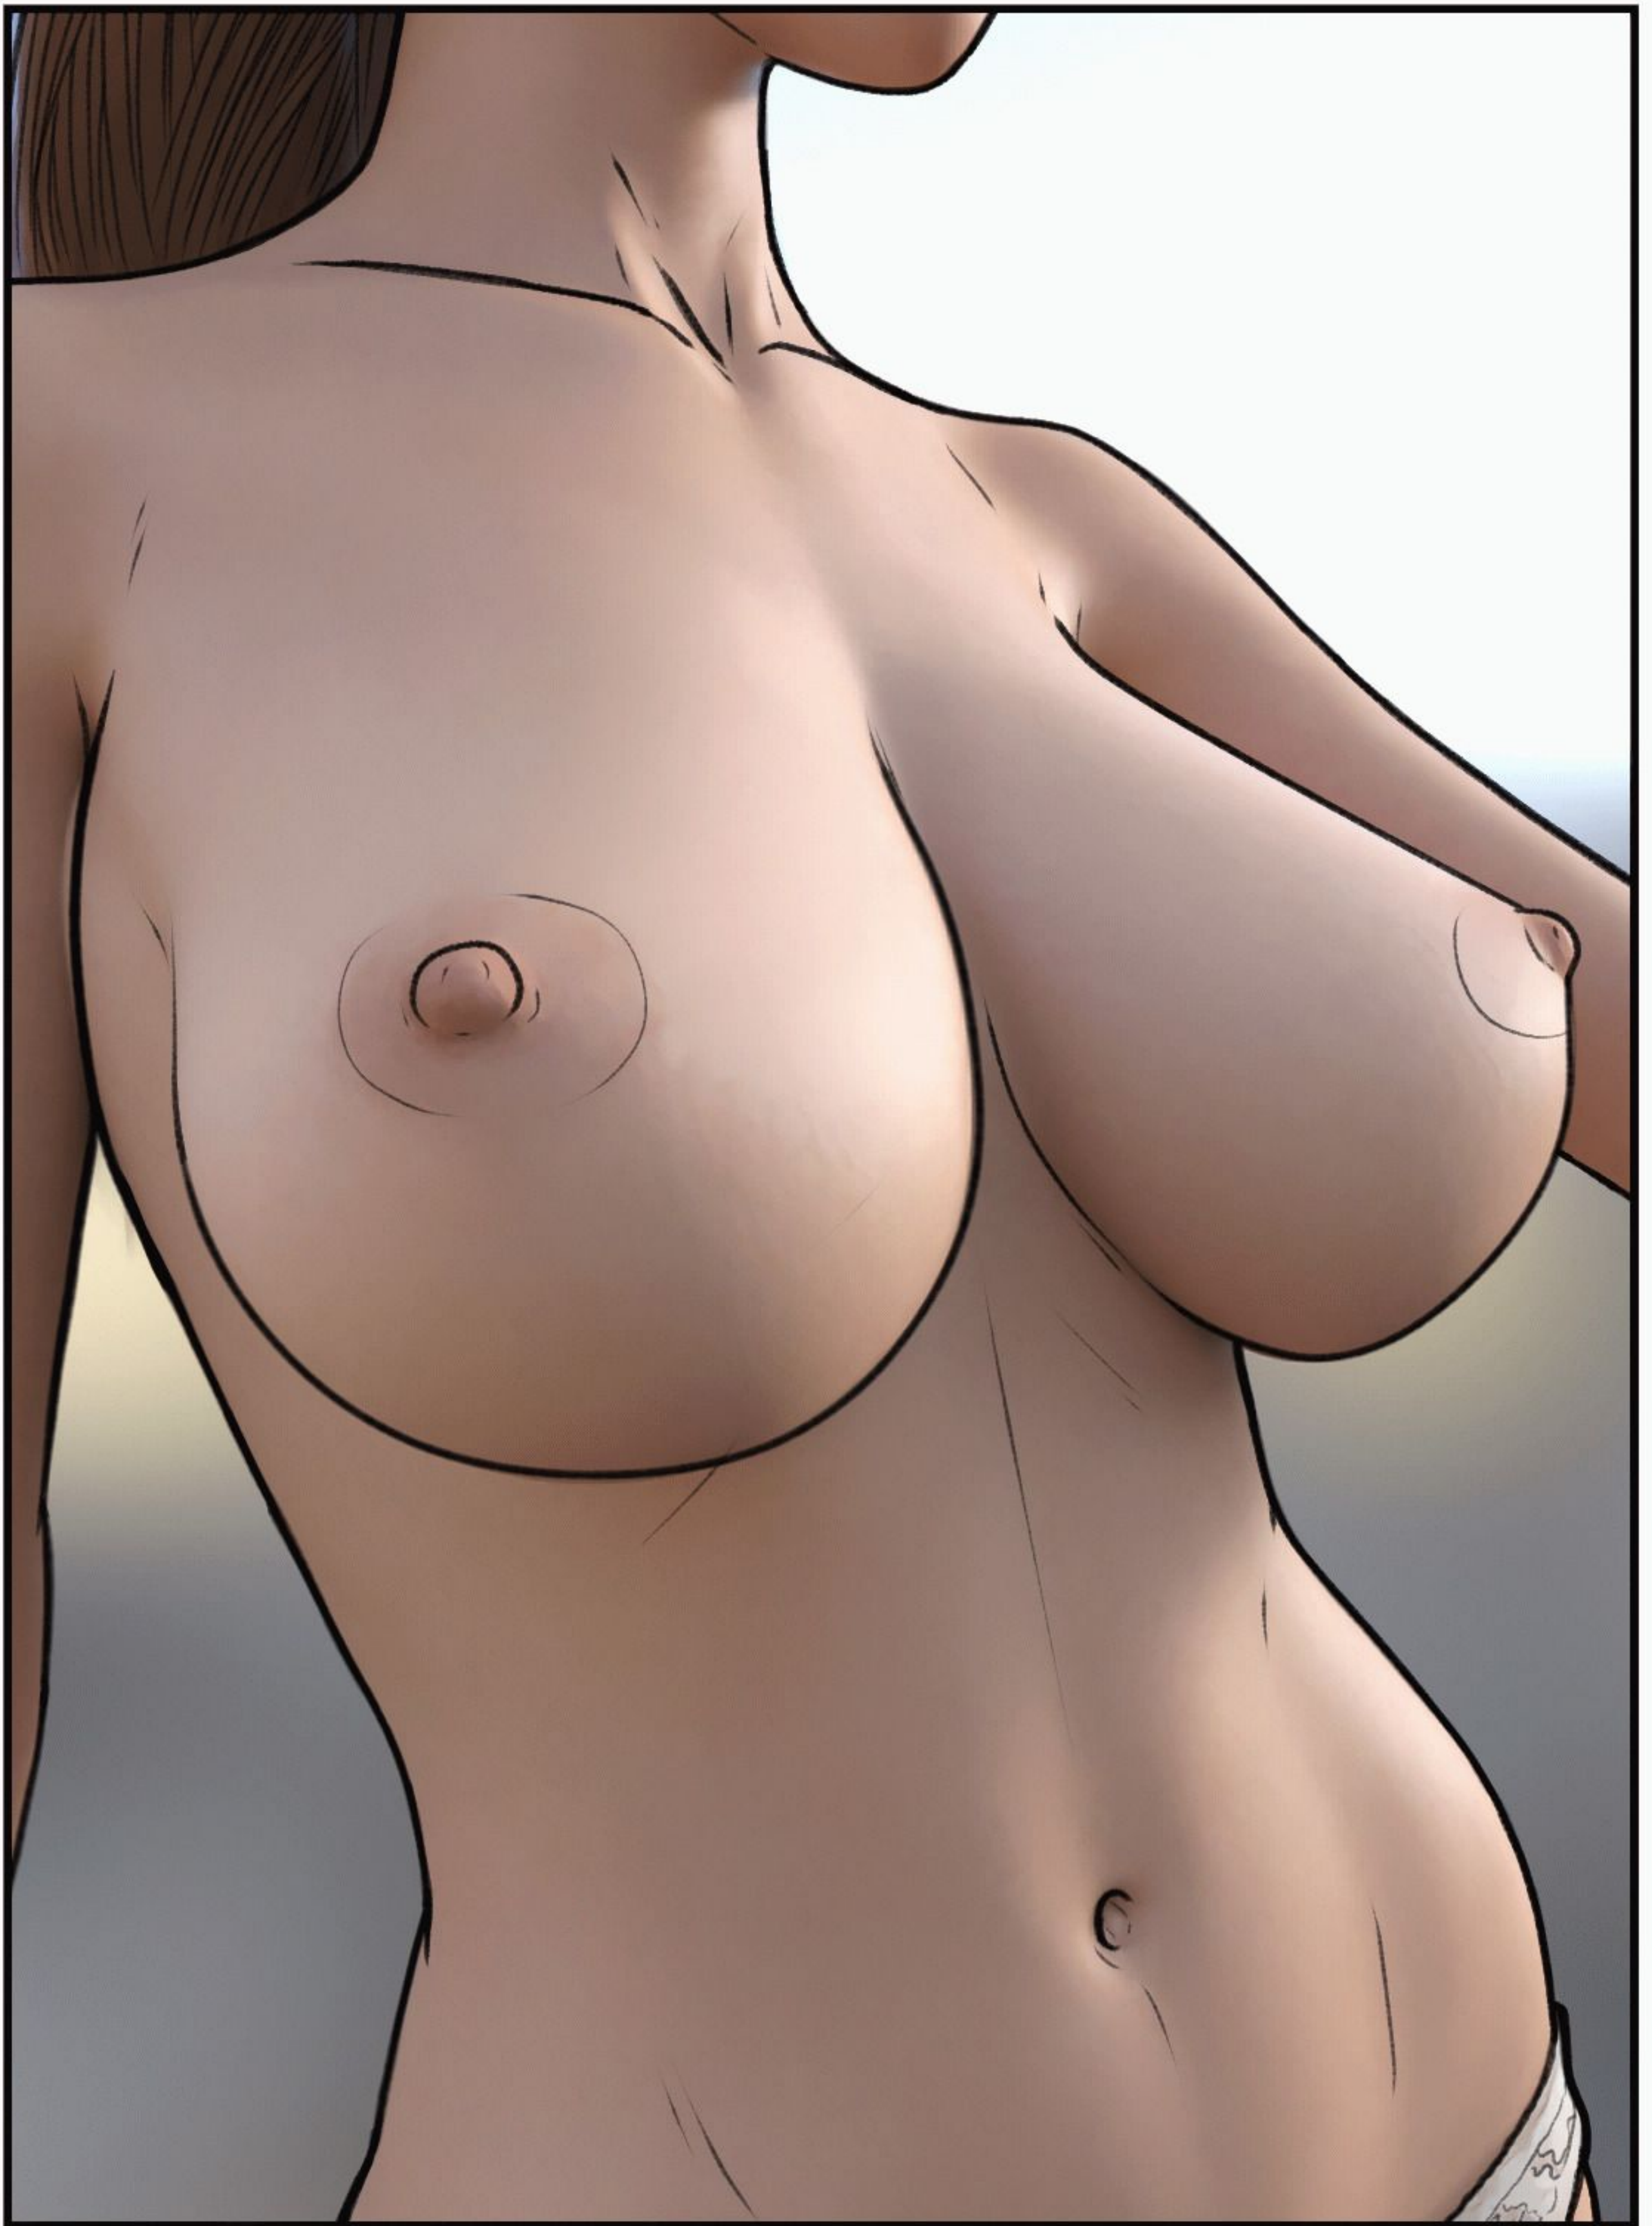

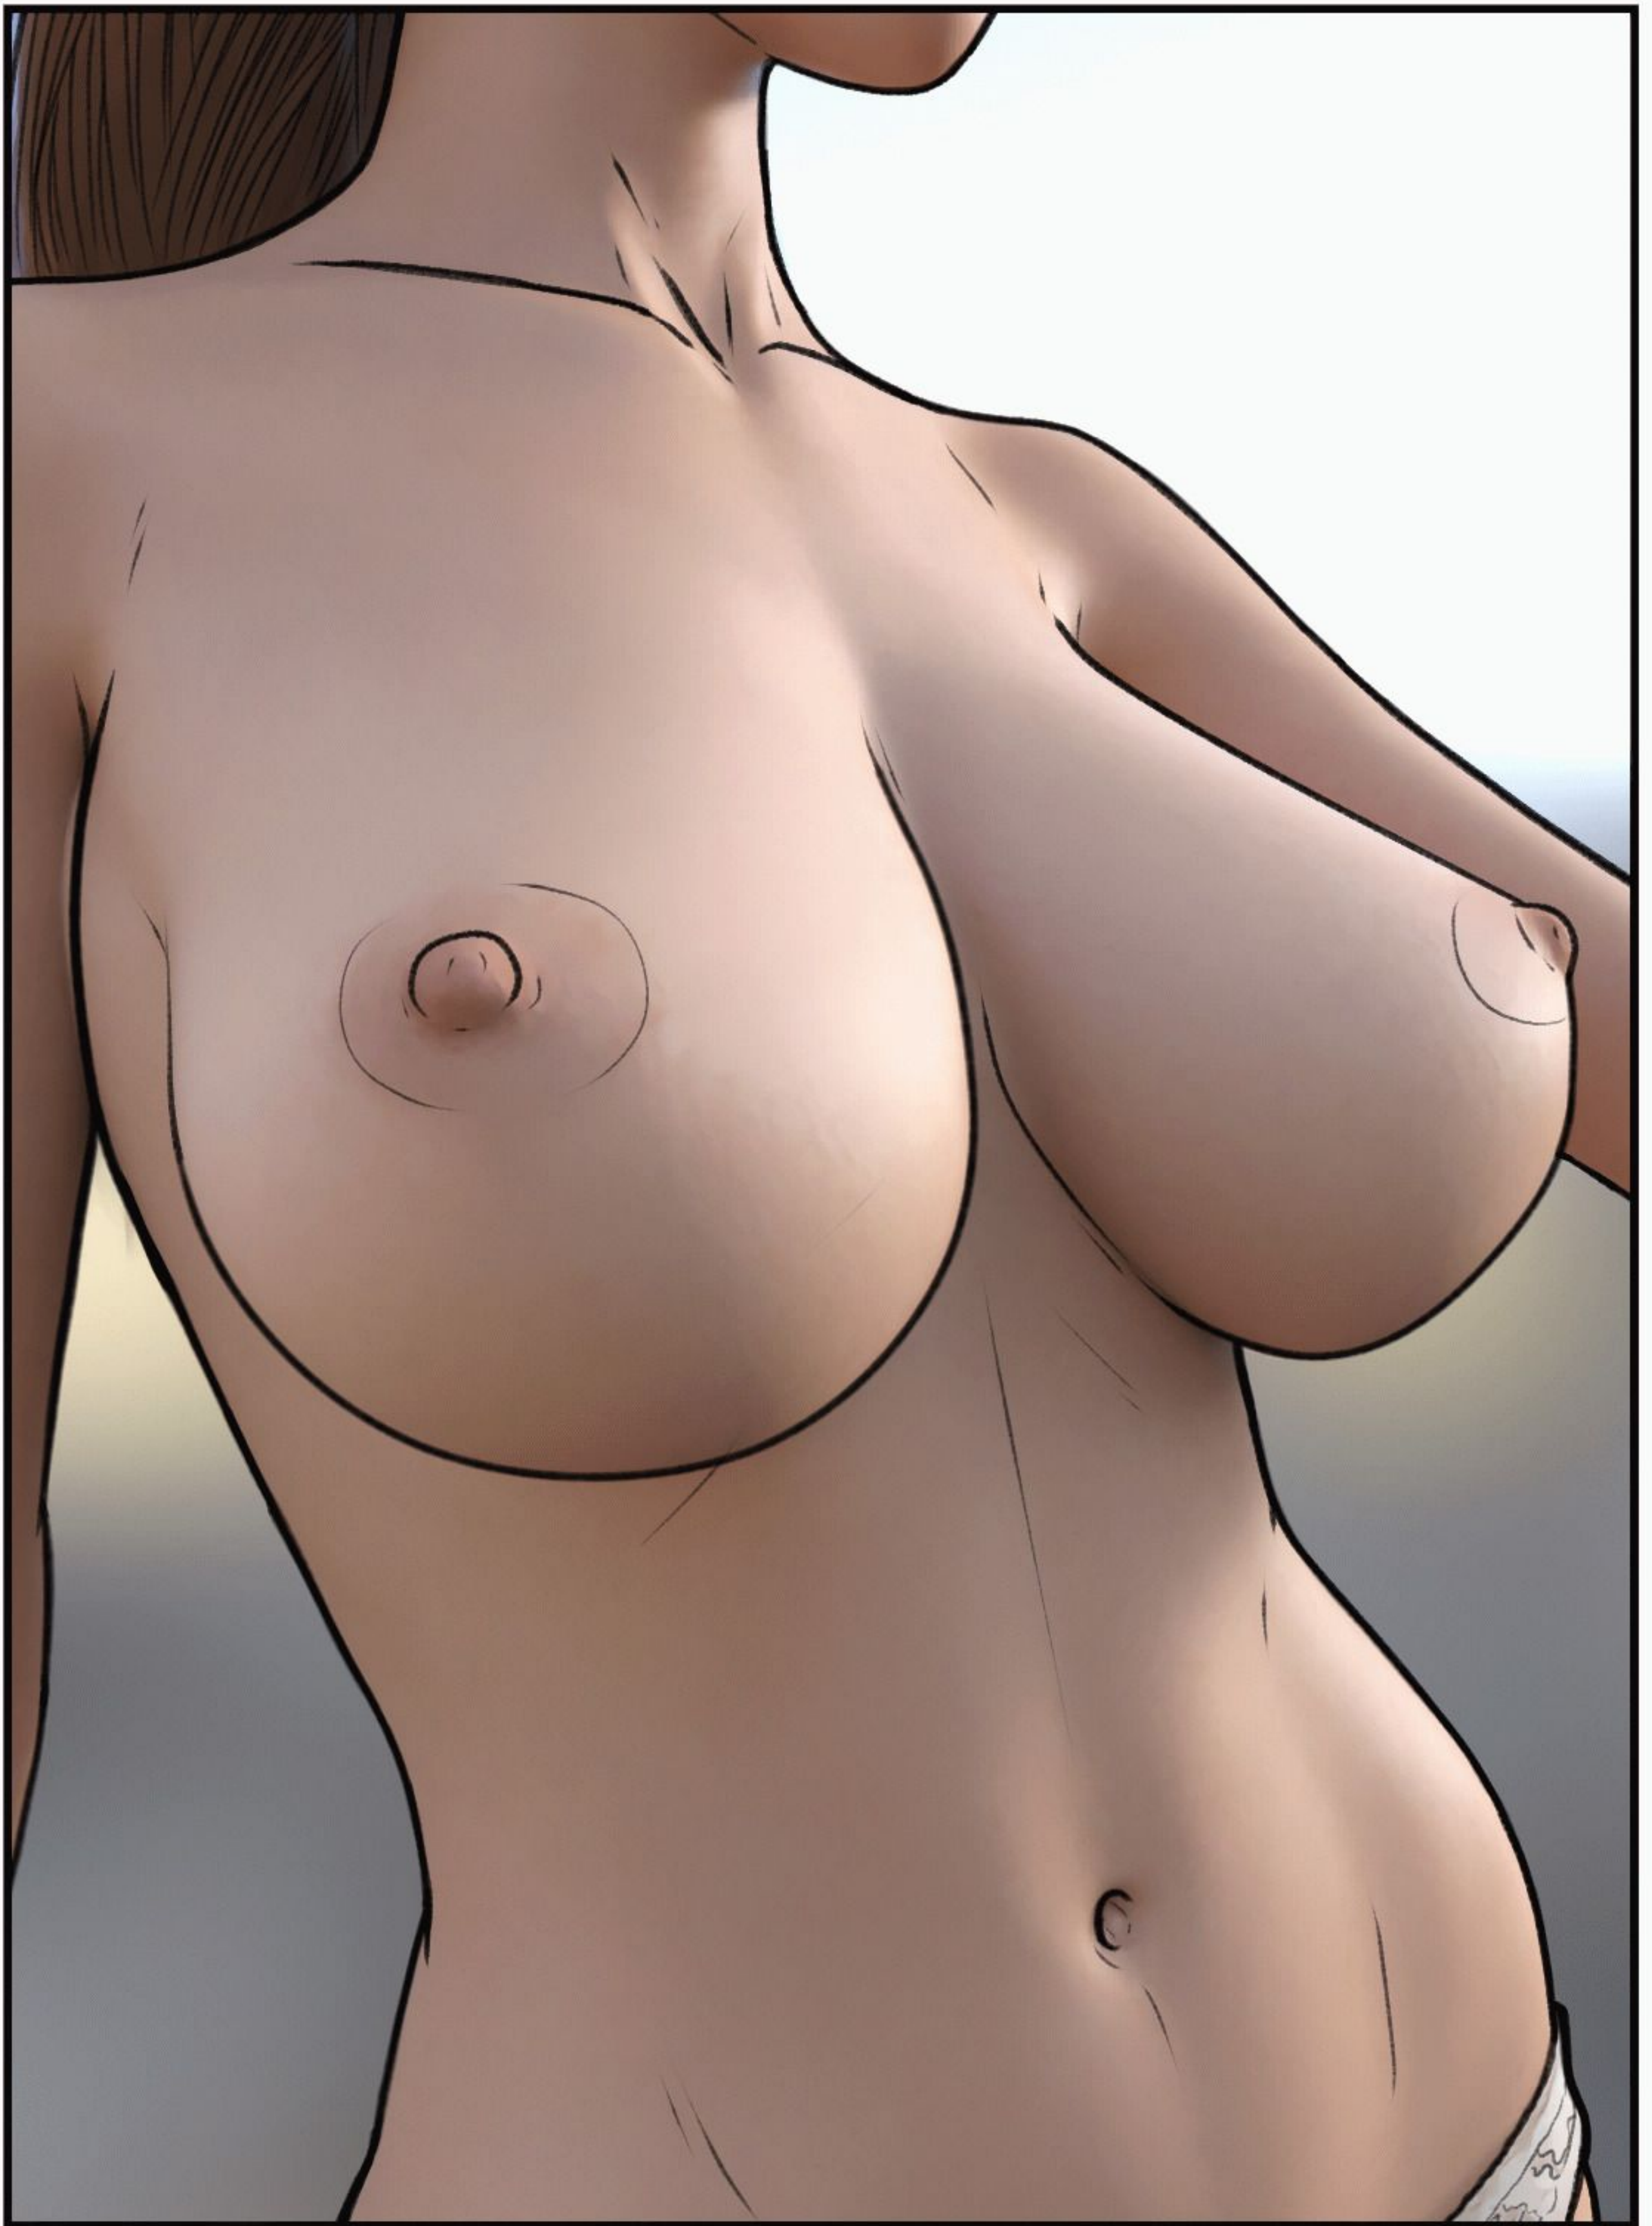

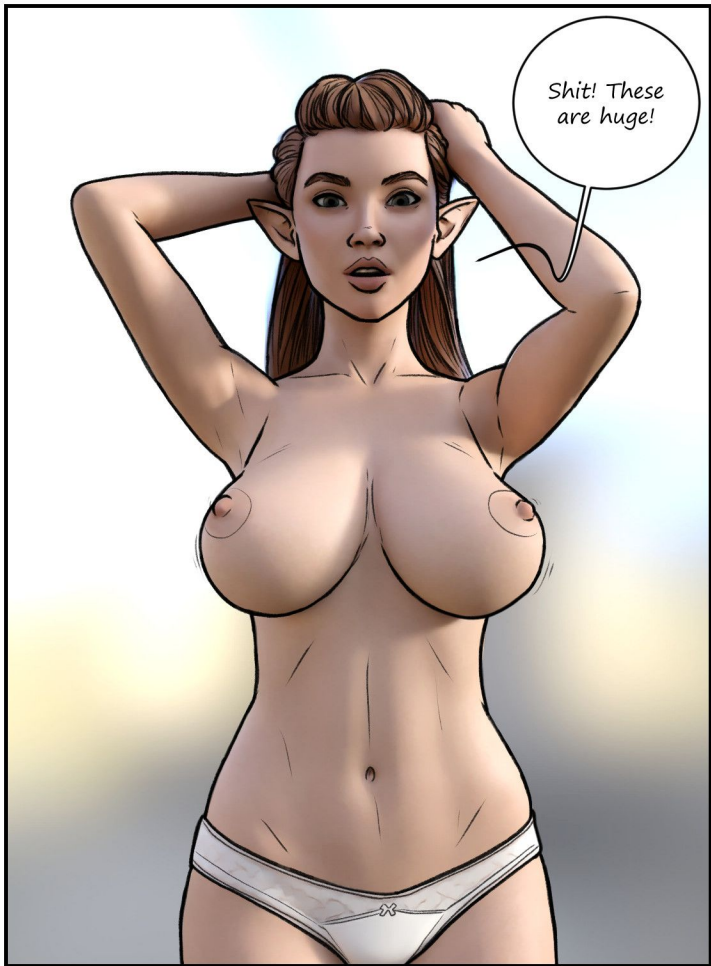

Shit! These  
are huge!

Well,  
I've seen  
bigger...

But they  
feel huge when  
they're on your  
own chest!

And they  
sure move a lot  
more than those  
modest ones I had  
a moment ago...

Jiggle,  
jiggle...!

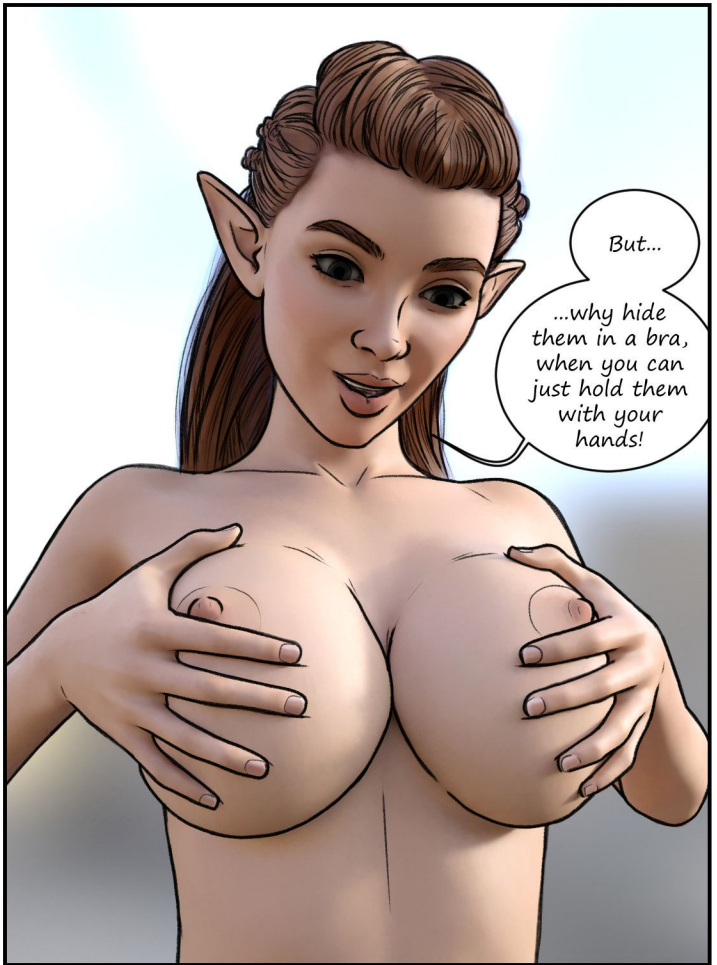

Ha ha!

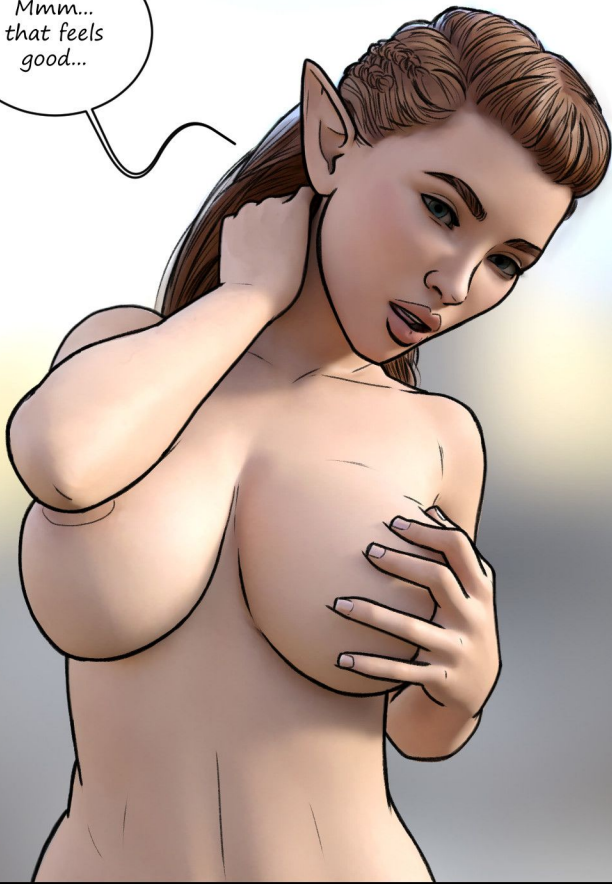

Ouch!

...and that must be why girls prefer to have some support!

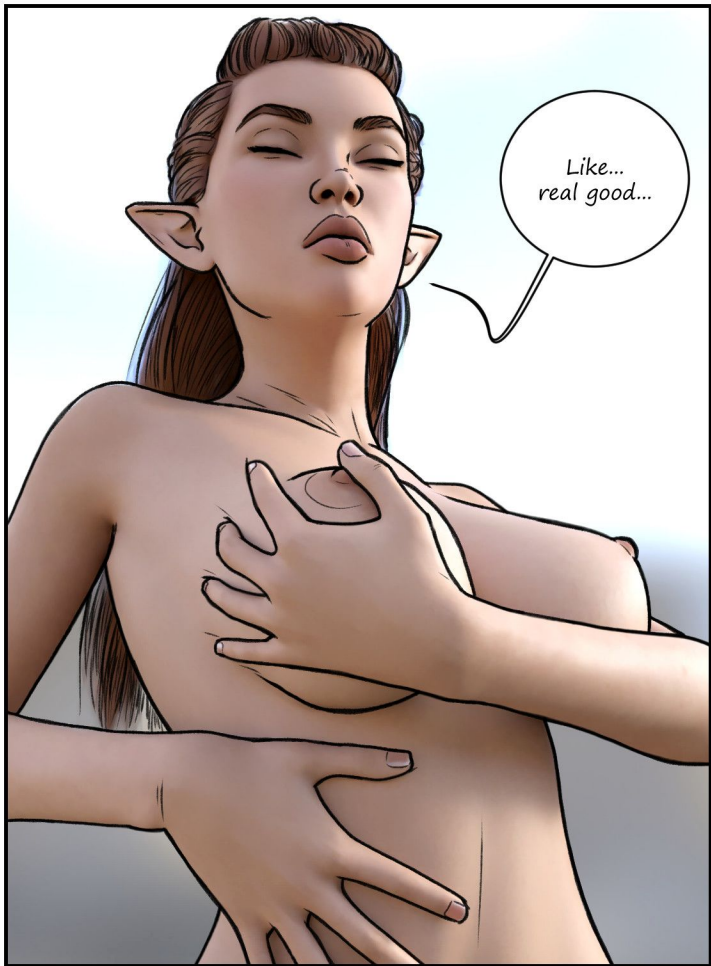

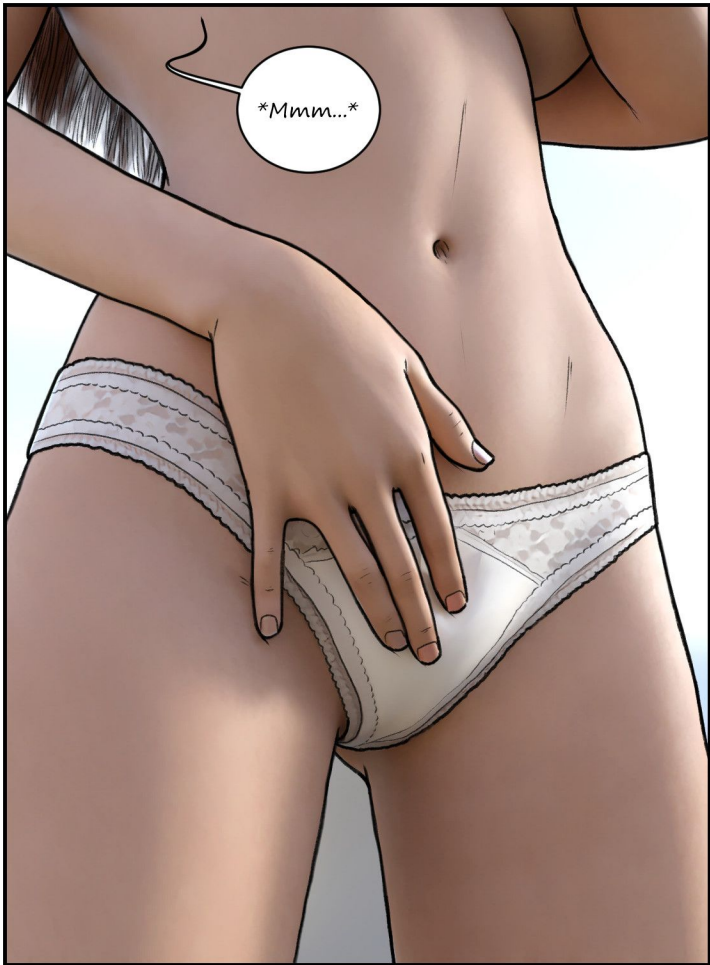

Mmm...  
that feels  
good...

Like...  
real good...

\*Mmm...\*

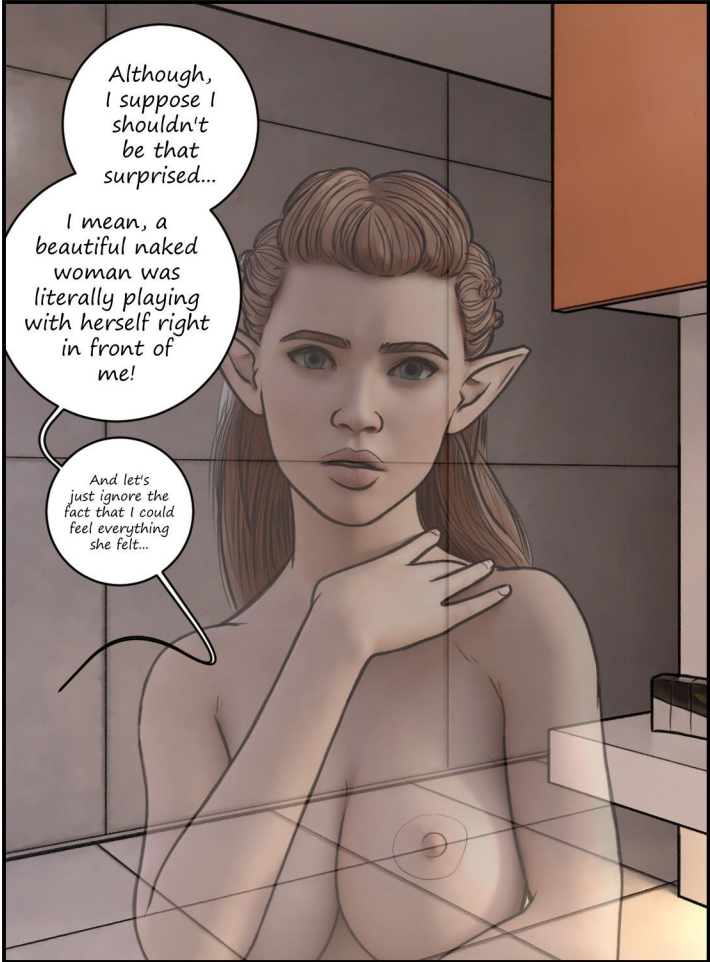

*\*Moan...\**

Shit!

I just  
jizzed in  
my pants!

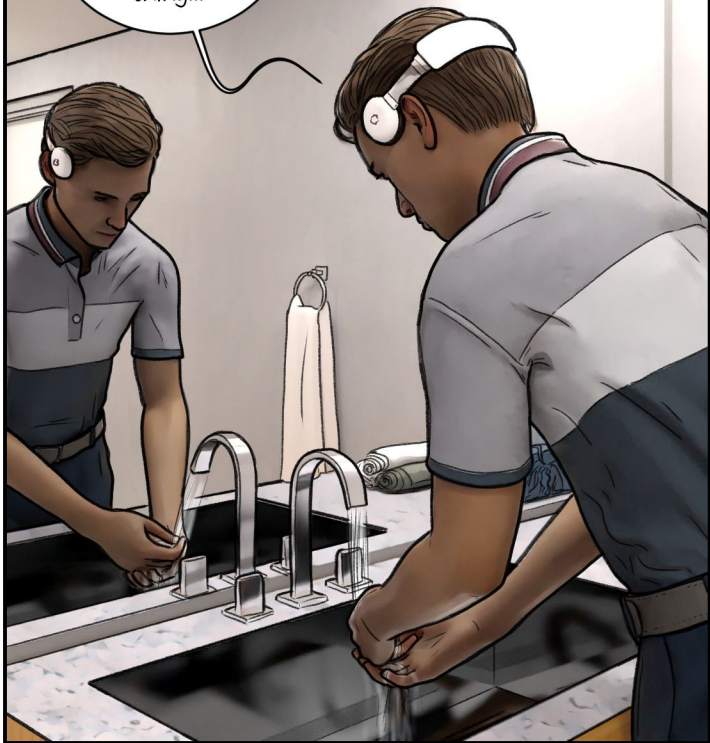

Although,  
I suppose I  
shouldn't  
be that  
surprised...

I mean, a  
beautiful naked  
woman was  
literally playing  
with herself right  
in front of  
me!

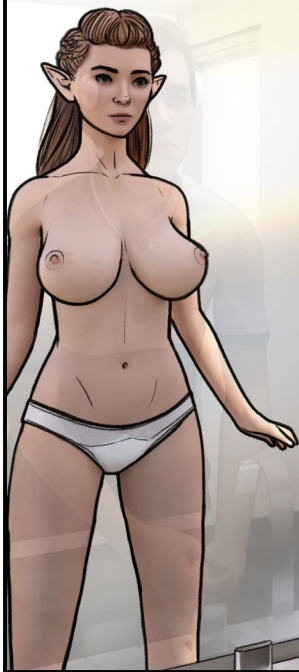

And let's  
just ignore the  
fact that I could  
feel everything  
she felt...

Well, now  
I definitely  
understand why  
they recommend  
laying down while  
running this  
thing...

*...because walking around while looking through two pairs of eyes feels really disorienting!*

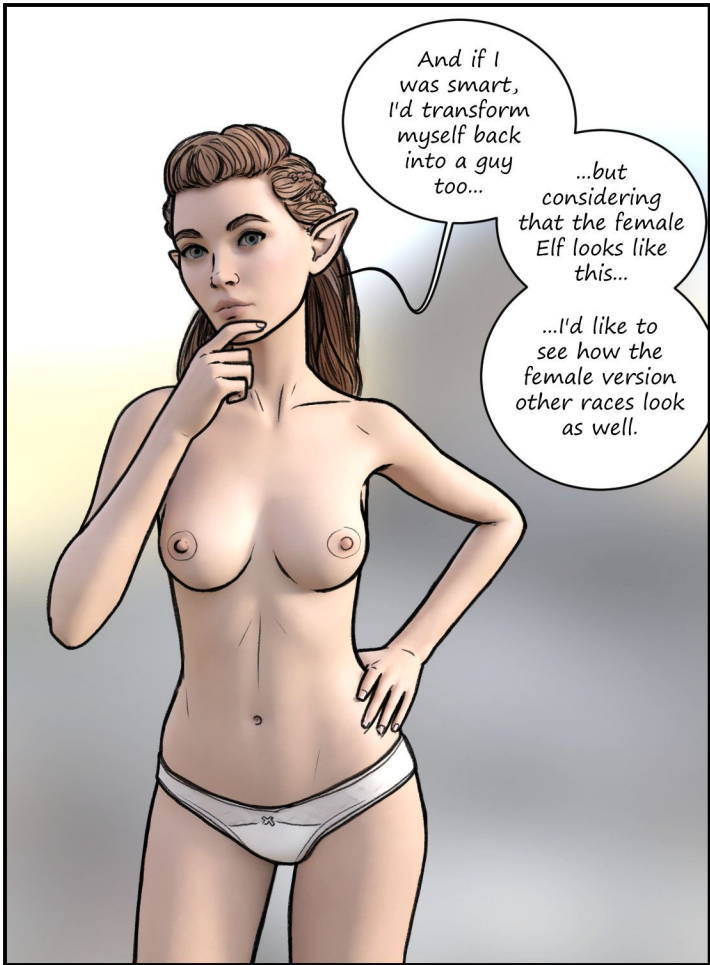

Now, before  
I do anything  
else, let's get  
rid of these  
ridiculous  
boobs!

These were  
definitely my  
dick's idea!

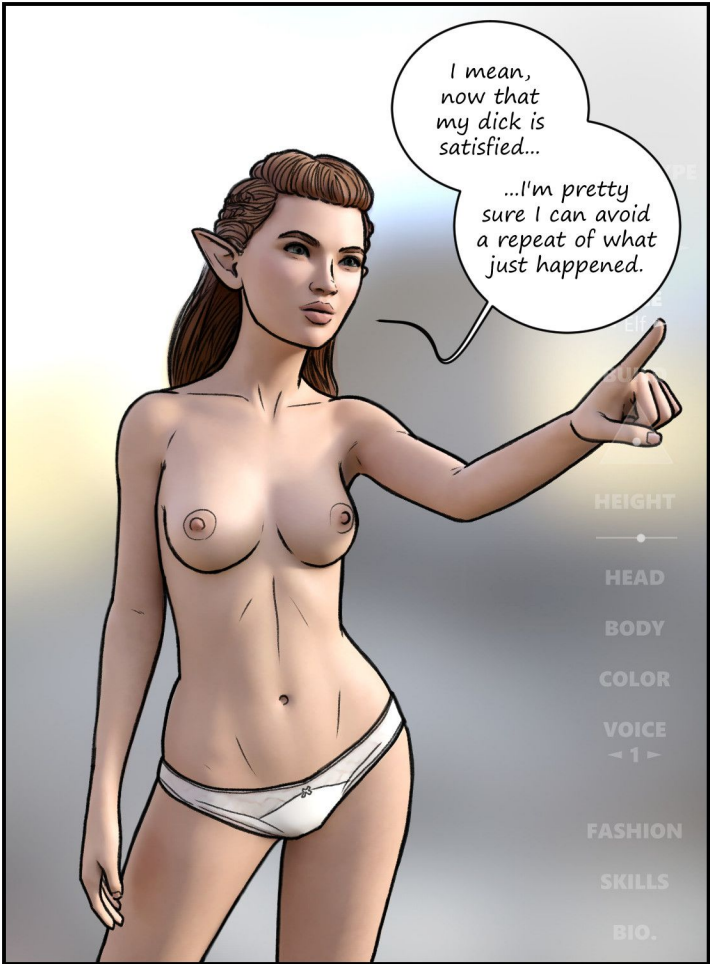

And if I  
was smart,  
I'd transform  
myself back  
into a guy  
too...

...but  
considering  
that the female  
Elf looks like  
this...

...I'd like to  
see how the  
female version  
other races look  
as well.

I mean,  
now that  
my dick is  
satisfied...

...I'm pretty  
sure I can avoid  
a repeat of what  
just happened.

There's the culprit!

But I don't get why they didn't design this to work the other way around...

...instead of defaulting a character to being straight or gay no matter the gender...

...why didn't they just let us make a list of the kind of people we want our avatar to be attracted to?

Much better!

Now I can go back to properly appreciating this sexy body!

### NEW MESSAGE

Hey. I've finished my  
character and I'm  
in the starting area.

Did you wait for  
me, or did you  
rush ahead to  
the next zone?

**NEW MESSAGE**

Seriously dude,  
where are you?

*Oh shit!*

So what took you so long?

I figured you would've been way ahead of me by the time I got into the game.

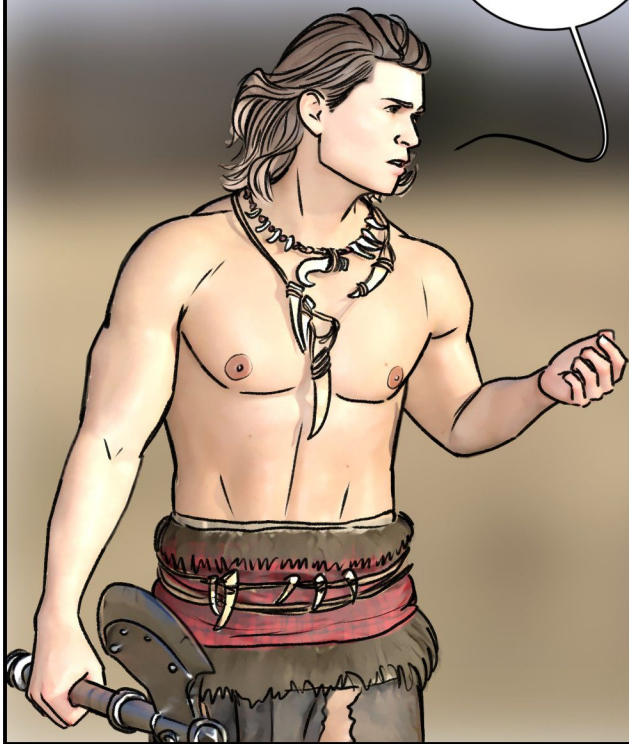

I was having a hard time settling on the character I wanted to play.

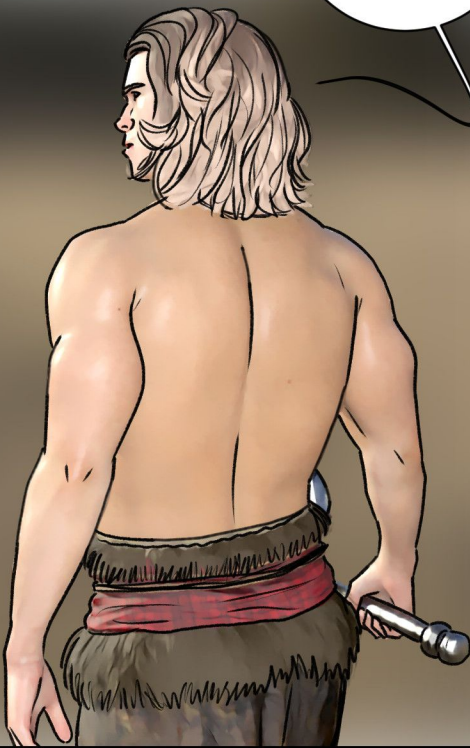

And after  
all of that  
time you  
choose...

...a generic  
human  
knight?

It's not  
like your half-  
naked barbarian  
is any more  
original...

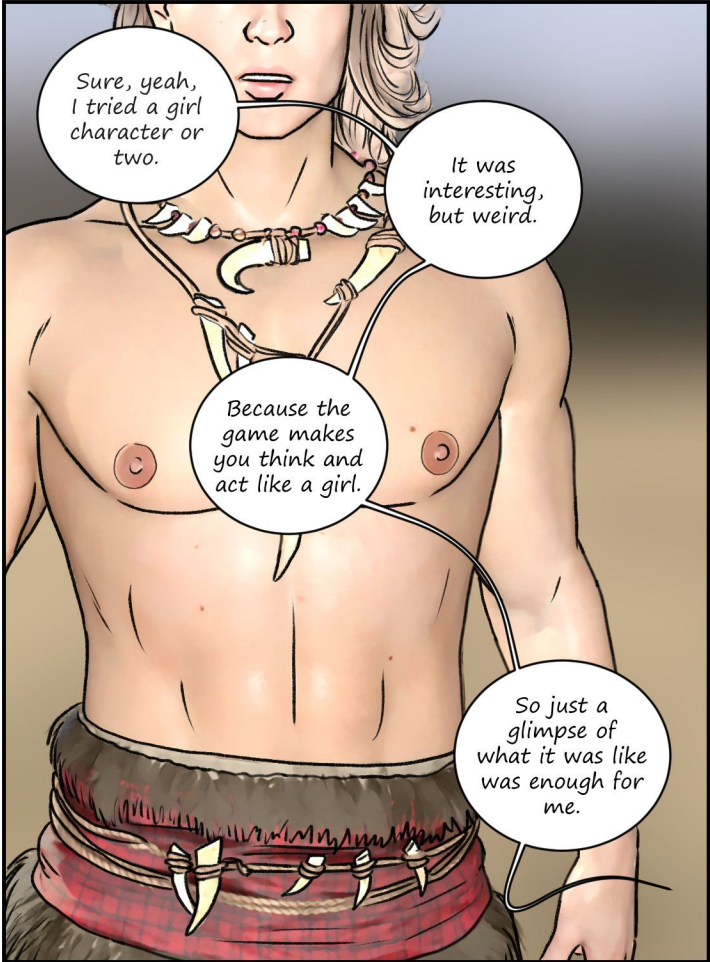

True, but  
I didn't spend  
more than an  
hour creating  
this character.

I didn't spend the entire hour on this specific avatar.

I tried out all kinds of different characters

Even a female character?

Sure, yeah,  
I tried a girl  
character or  
two.

It was  
interesting,  
but weird.

Because the  
game makes  
you think and  
act like a girl.

So just a  
glimpse of  
what it was like  
was enough for  
me.

Oh yeah,  
I've heard  
about that...

...it's what  
let's players  
really get into  
character if  
they want  
to.

The  
DreamBand  
has us dreaming  
that we really are  
these char-  
acters.

It wants us  
to approach  
each situation  
as if we are  
them.

So if your  
character is a  
girl, it's only  
natural that you  
would instinctively  
react to things in  
this dream world  
like a girl  
would.

Why am I having so much trouble keeping my eyes off of Rick's ass?

Like, does he really have to walk around shirtless like this, showing off his sexy-

Shit!

In my rush  
to create a  
character...

My character  
is still gay!

...I forgot to  
reset the sexuality  
settings in the  
biography section  
when I switched  
my character back  
to male from  
female!

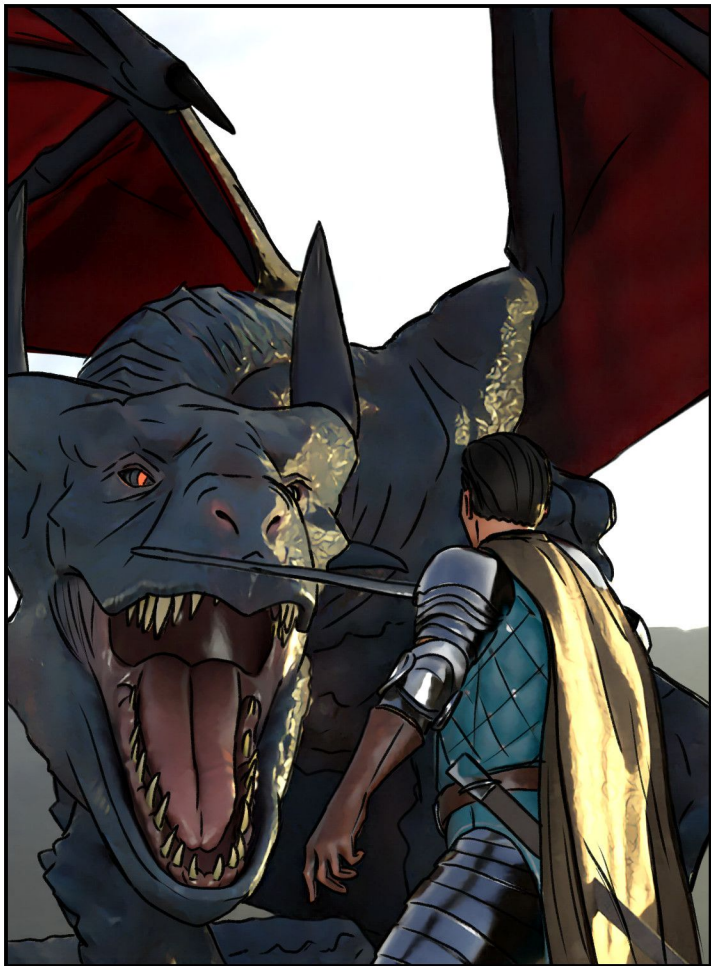

Hey man,  
are you  
okay?

Uh... yeah,  
I'm fine.

Well, I'm glad that's over.

Playing as that character was a really awkward experience.

But at least I can create a new character before we play again tomorrow.

S

looks like?

*Calculating...*

*Although,  
maybe it'll

**Complete.**

Hey!

So?

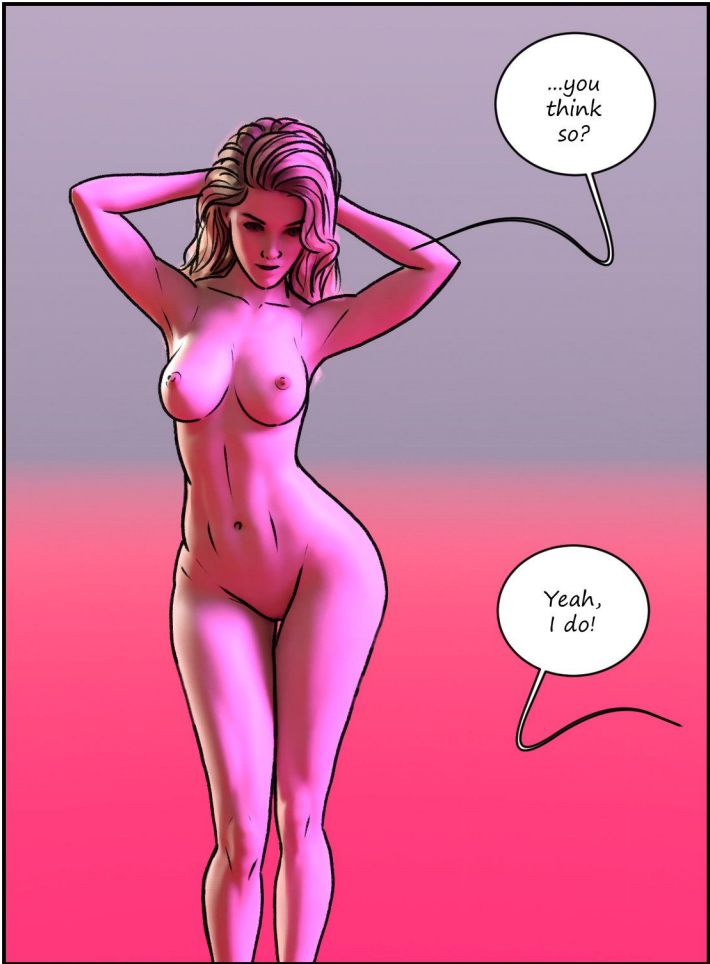

How do I look?

You  
look...

...perfect!

Really...?

...you think so?

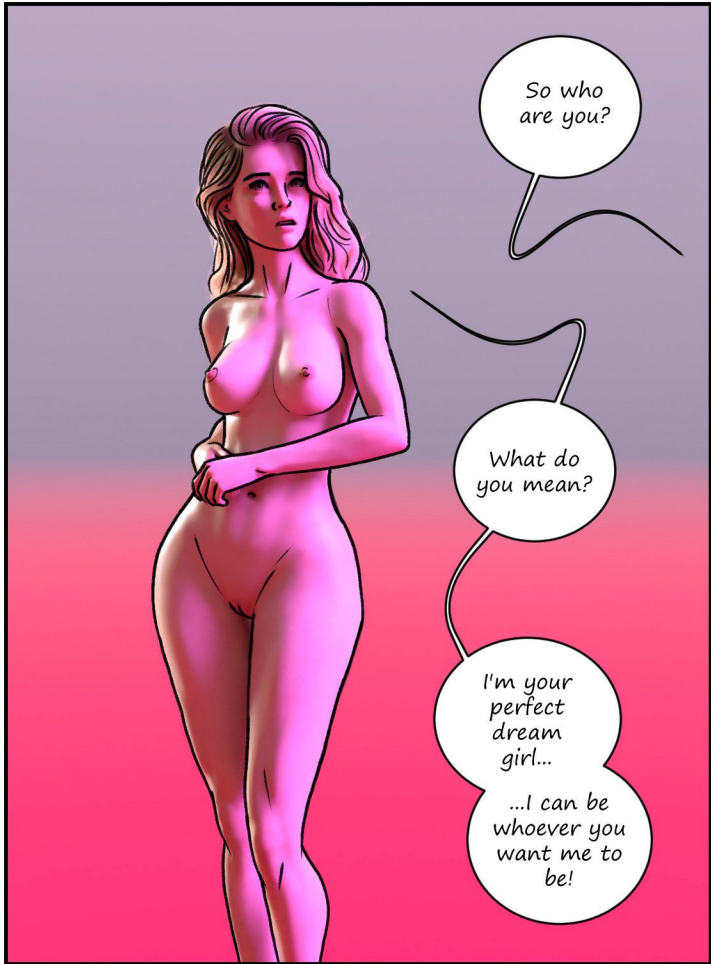

Yeah, I do!

Awesome!

So who are you?

What do you mean?

I'm your perfect dream girl...

...I can be whoever you want me to be!

I mean...

Talking to  
you feels like  
I'm talking to  
a real-life  
person...

...so are  
you an A.I.  
of some  
sort?

You didn't  
pop into  
existence simply  
for this game,  
did you?

Oh that!

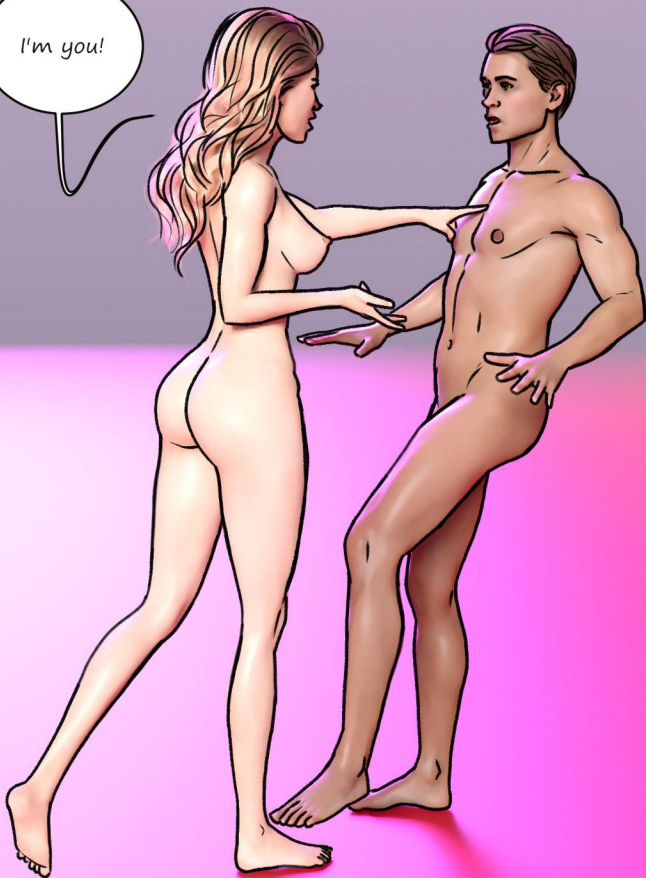

*\*Chuckle\**

All the fourth  
wall NPCs  
get that  
question!

Fourth  
wall NPCs?

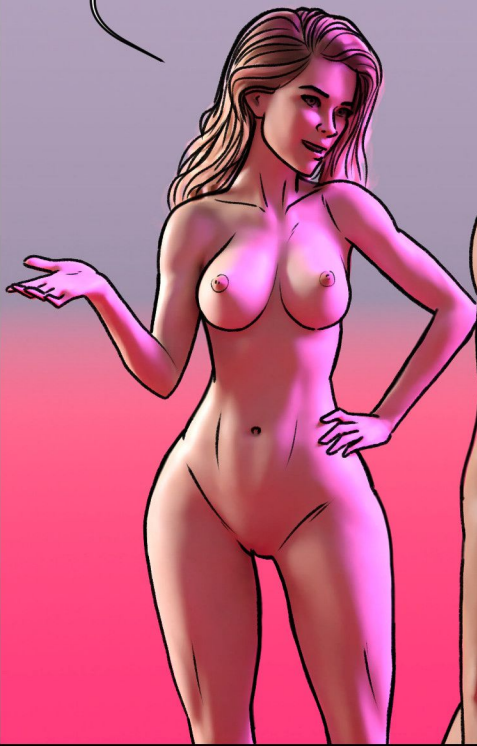

Non-player  
characters who  
know that they exist  
in a game and that  
you are the  
player!

I'm you!

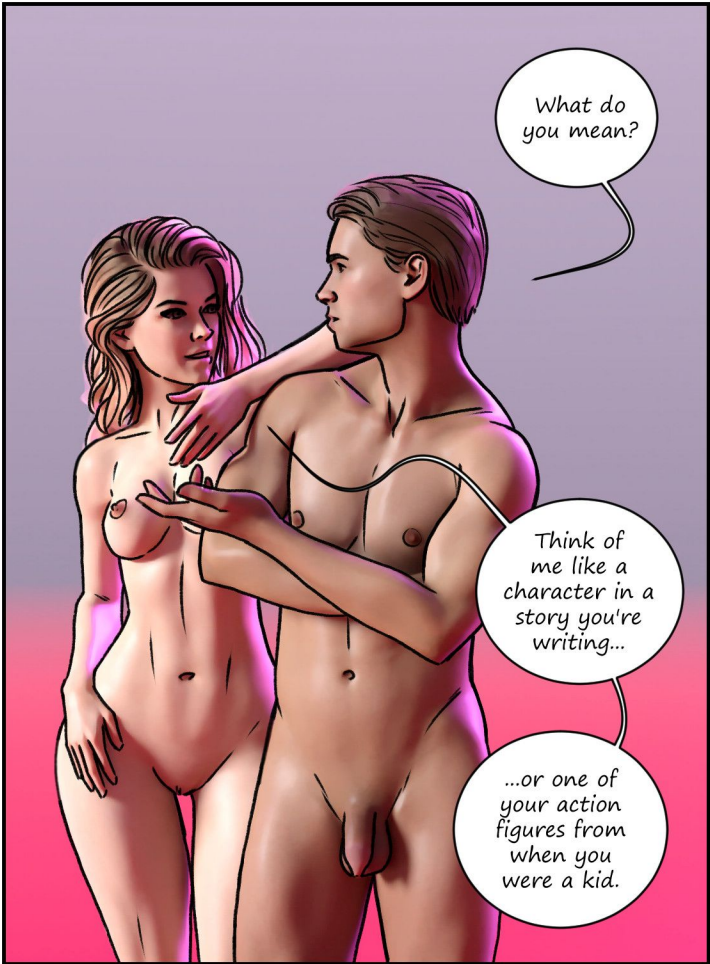

I mean,  
not exactly  
you...

...more  
like a part  
of you.

What do you mean?

Think of me like a character in a story you're writing...

...or one of your action figures from when you were a kid.

I have needs,  
wants, and  
desires.

I'm gifted  
with what I  
hope is a rich  
and compelling  
personality.

Everything I  
do is according  
to who I am.

But I am  
not my own  
being.

I have  
neither self-  
awareness  
nor agency of  
my own.

Everything I do is what you subconsciously believe I, as a character, would do.

And what  
you imagine  
me to be  
right now  
is...

...fucking  
horny!

Subcon-  
sciously.

You have  
no conscious  
control over  
my actions.

Which I believe we can both agree is for the best.

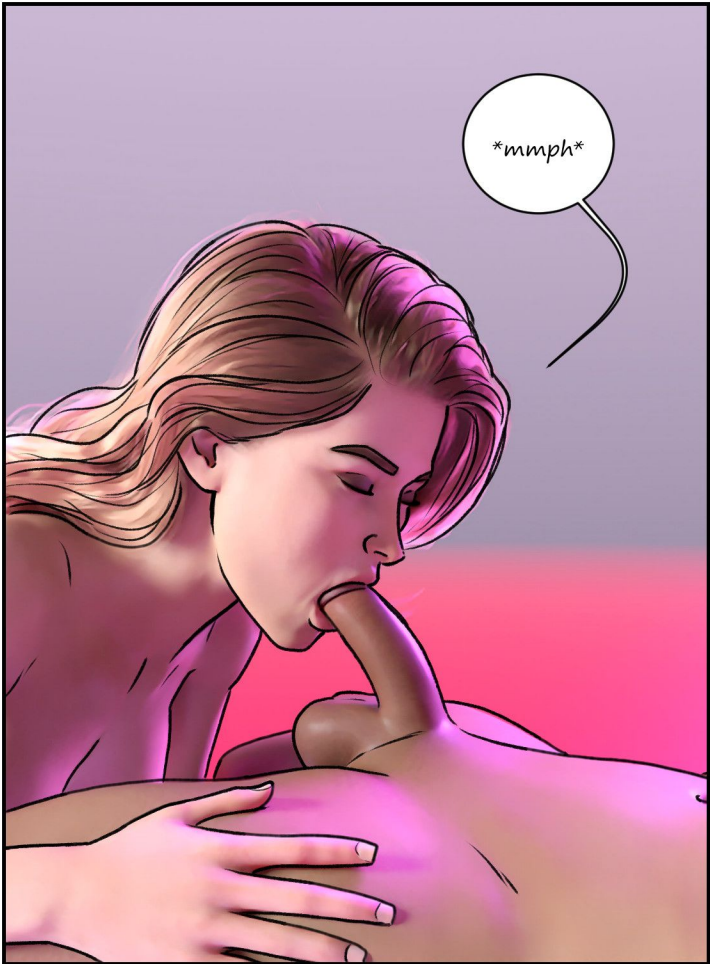

It would be a break the illusion if you had to directly control my actions.

There would be no spontaneity, no surprises.

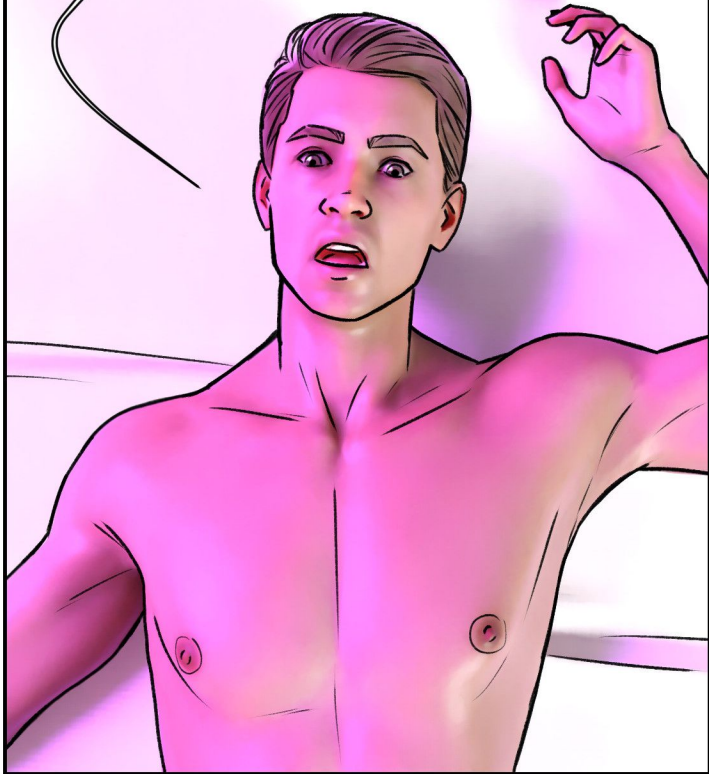

Not that  
there's any  
mystery about  
what I'm about  
to do.

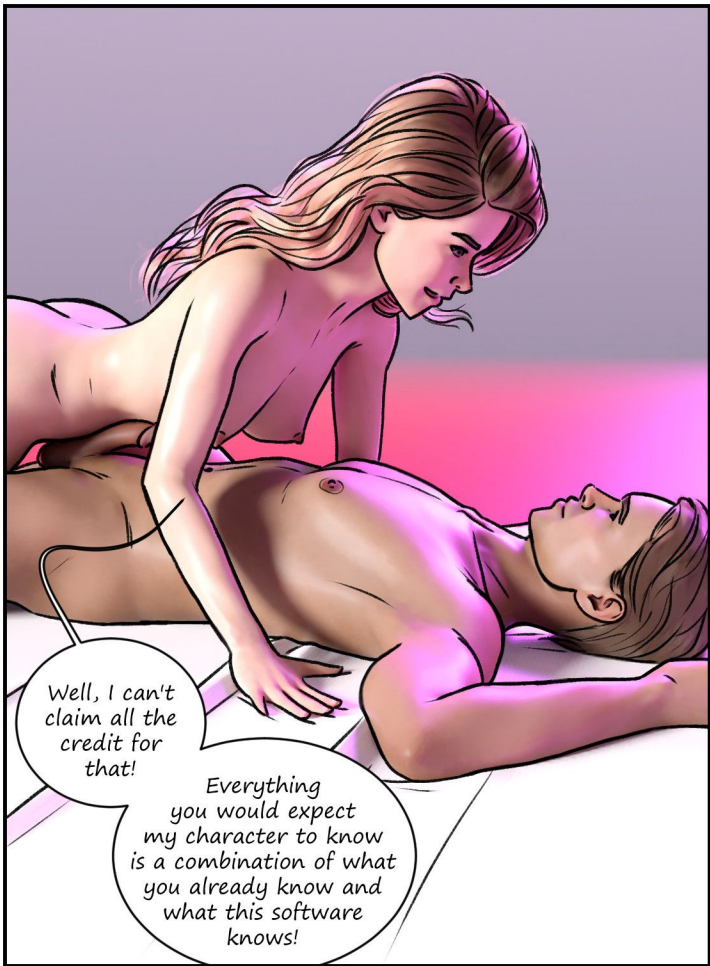

\*mmph\*

Holy  
fuck! You're  
incredible!

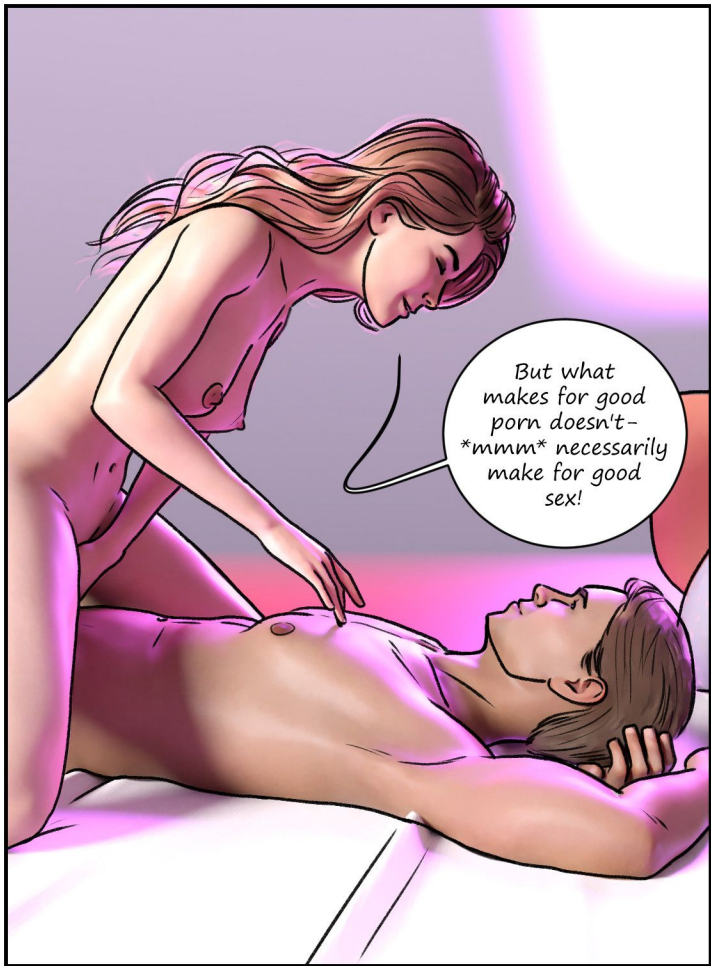

Well, I can't claim all the credit for that!

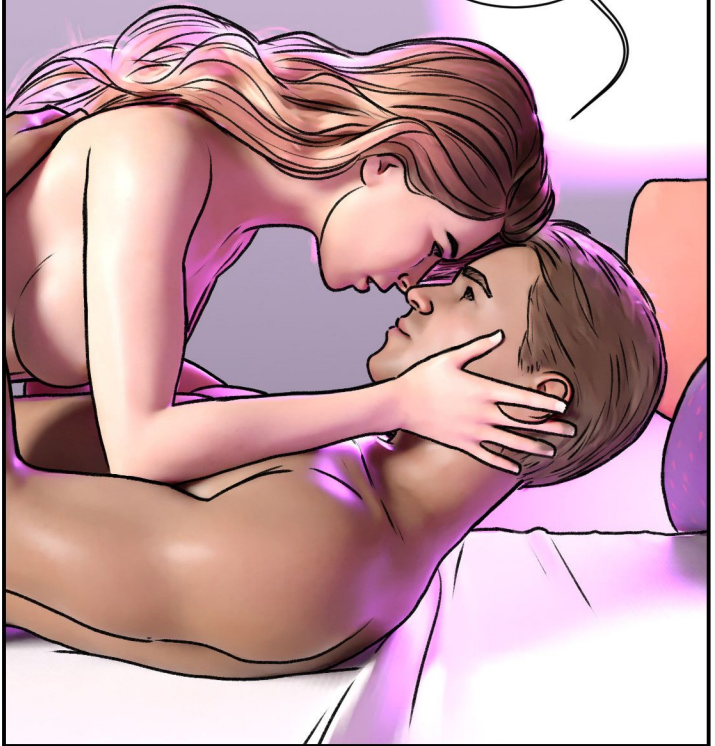

Everything you would expect my character to know is a combination of what you already know and what this software knows!

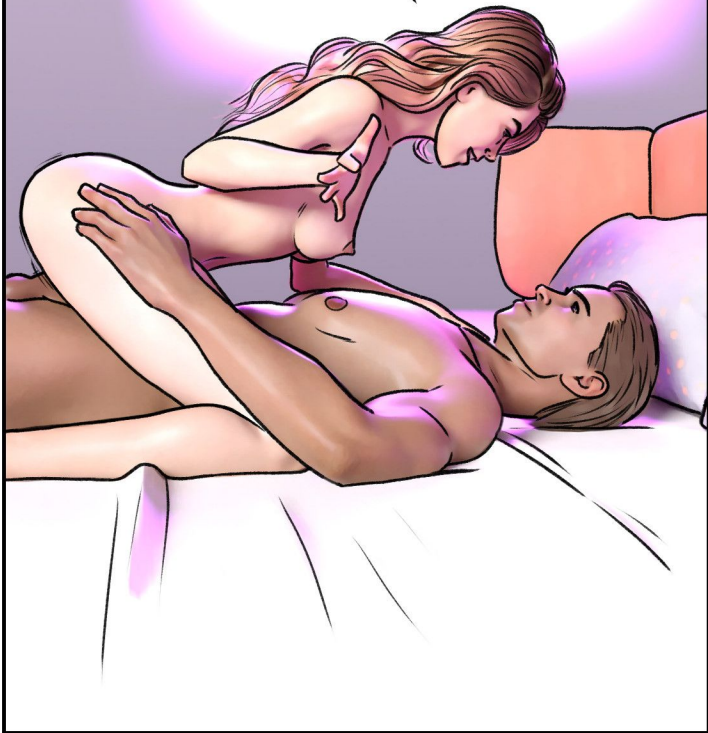

And when it comes to all things related to sex, believe me when I tell you that a lot of porn was fed into this software for its training!

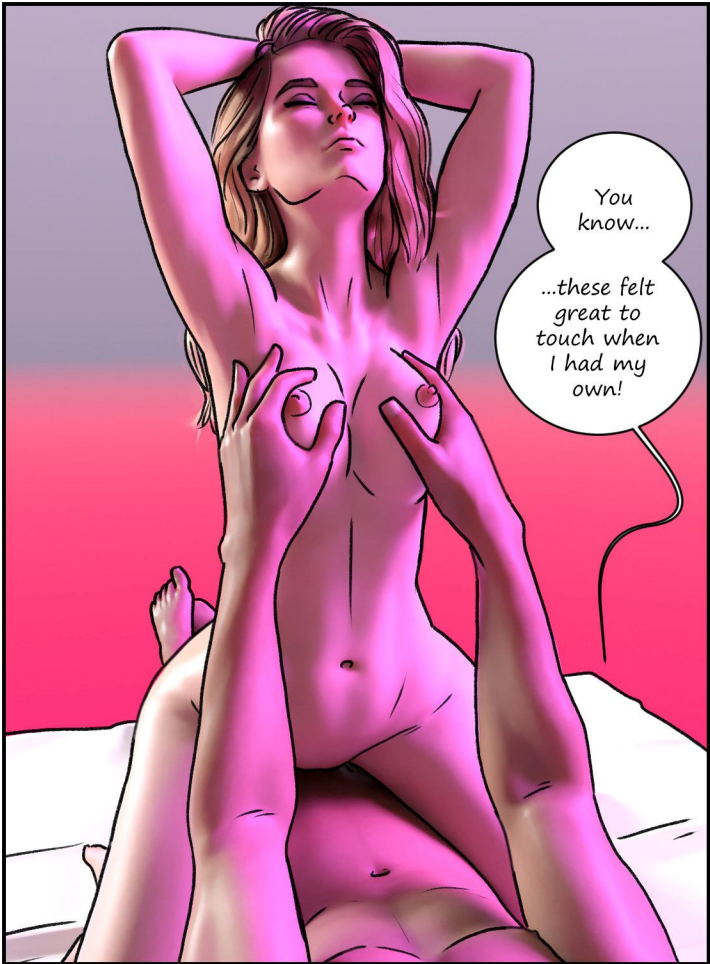

So my  
technique has  
been refined on all  
the thousands of men  
and women who've  
used this program  
before you!

So I hope  
you agree that  
the results  
speak for  
themselves!

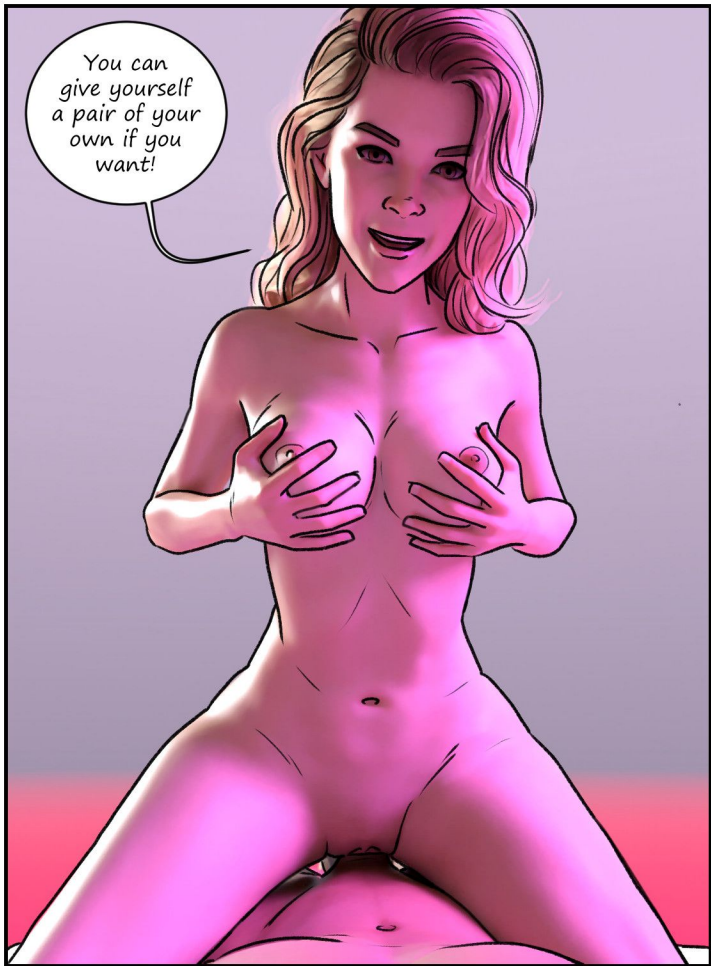

You know...

...these felt great to touch when I had my own!

You can  
give yourself  
a pair of your  
own if you  
want!

I can?

Yeah!

Just imagine  
a customization  
menu appearing  
before you and  
you'll be able to  
change whatever  
you like!

Oh,  
okay.

So the  
options for  
breasts will be  
within the body  
category?

Yeah!

Or you can  
simply change  
your gender as  
a whole to  
female...

...and I can  
show you a  
whole new  
world of  
pleasure!

Perfect!

PERSONALITY

Weird, the transformation went much more quickly in the other game!

It's better when it's slower...

...this way you can savor it!

And here  
come my  
boobs!

And there goes my dick!

I'll miss you, buddy!

You'll miss him much less once I show you what I can do to your new pussy!

Oh yeah,  
my pussy!

Last time  
I was female I  
was so distracted  
by my boobs, that  
I didn't even  
look at it!

Well lay  
back and I'll  
show you how  
a pro handles  
one of those!

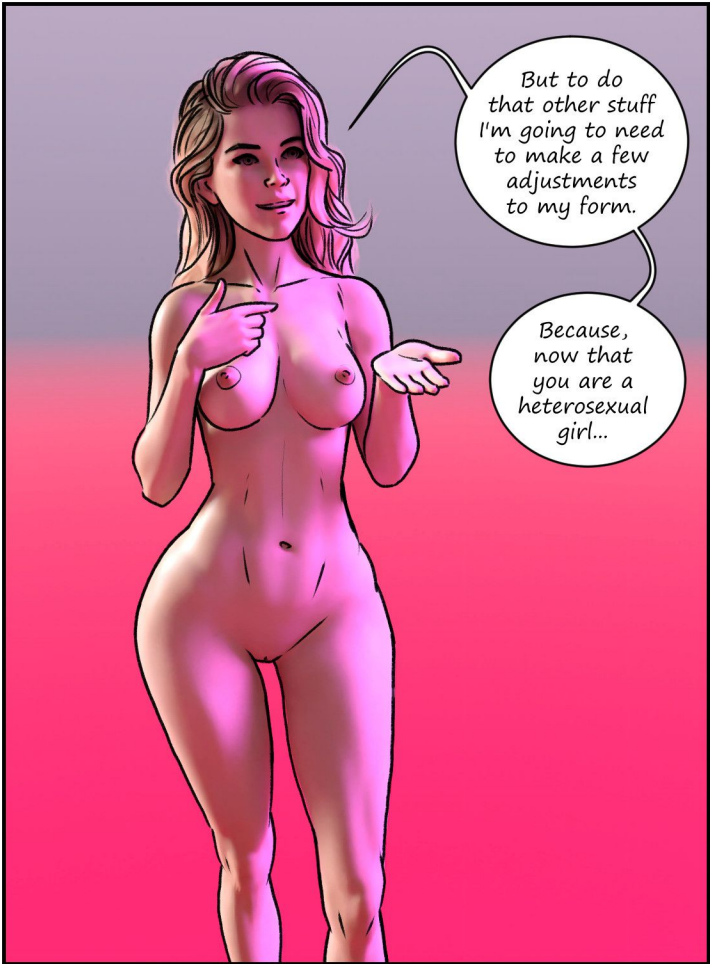

Sure, but  
be gentle,  
okay?

This whole  
pussy thing  
is new to  
me!

Don't worry,  
you're in good  
hands...

...just give  
me a moment  
to get ready.

But to do that other stuff I'm going to need to make a few adjustments to my form.

Because, now that you are a heterosexual girl...

## *Updating Perfect Lover*

A woman with long blonde hair, wearing a glowing blue, form-fitting dress, stands on a red carpet. She is looking towards the viewer with a slight smile. Her right arm is raised, and her hand is glowing. The background is a gradient from purple at the top to red at the bottom.

*...I'm no longer what you most desire!*

## *Updating Perfect Lover*

*Meaning  
that I need  
to update my  
form to one  
more suitable  
to your new  
tastes!*

*Complete.*

And  
this is a  
wonderous  
form...

...wouldn't  
you agree?

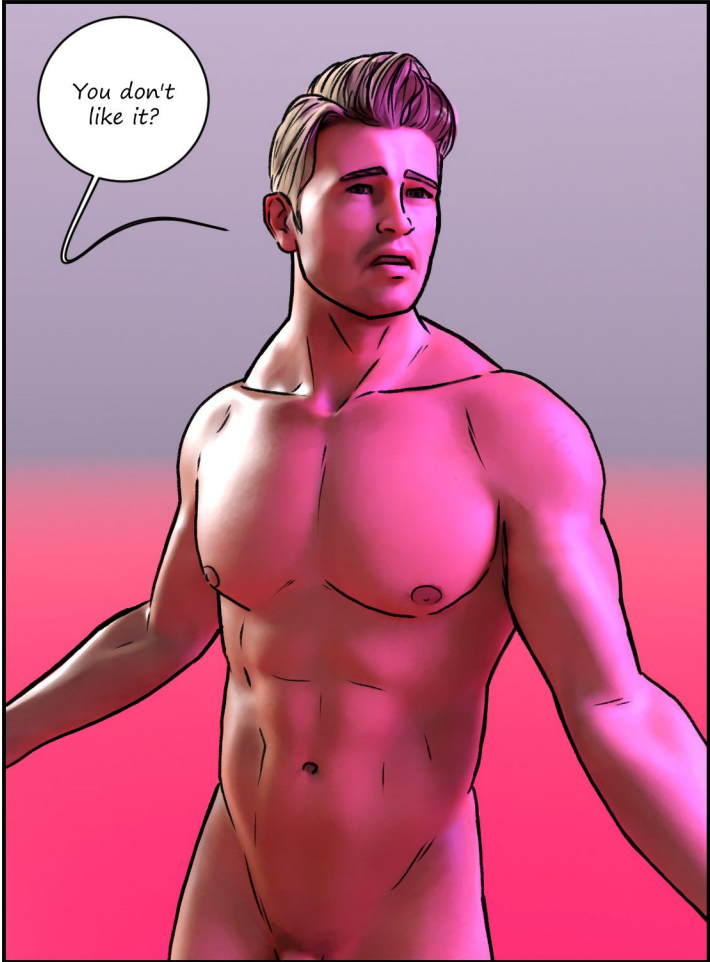

What!?

No!

That form,  
is like, the  
total opposite  
of what I  
wanted!

You don't  
like it?

No! I don't!

You're totally hot, but I wanted some steamy lesbian action...

...with the girl you were just a moment ago!

Oh! Well if that was what you wanted...

...you should have altered your sexuality when you made the change to your gender!

So if you want to make that change now...

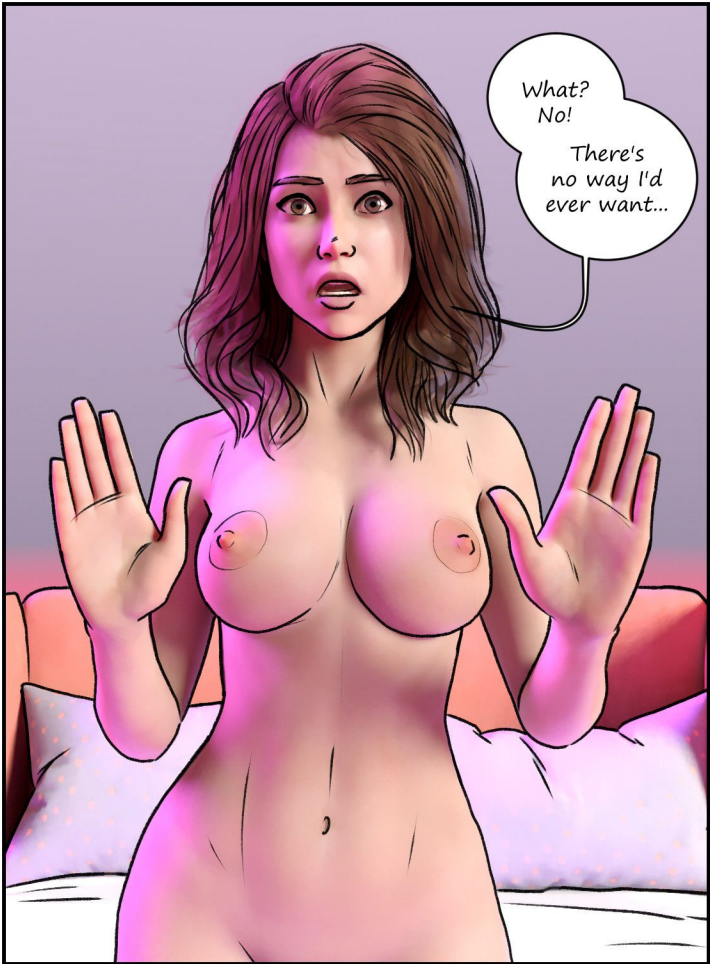

...it'll be in the same customization menu as before.

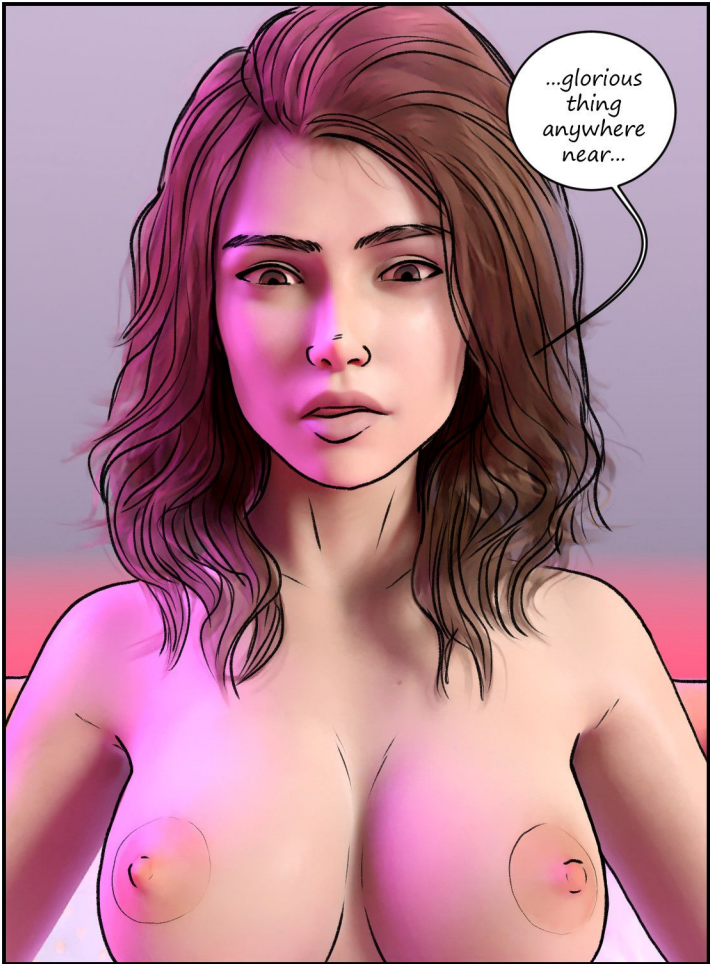

But before you change your ideal me...

...are you sure you don't want to try taking my dick for a test drive first?

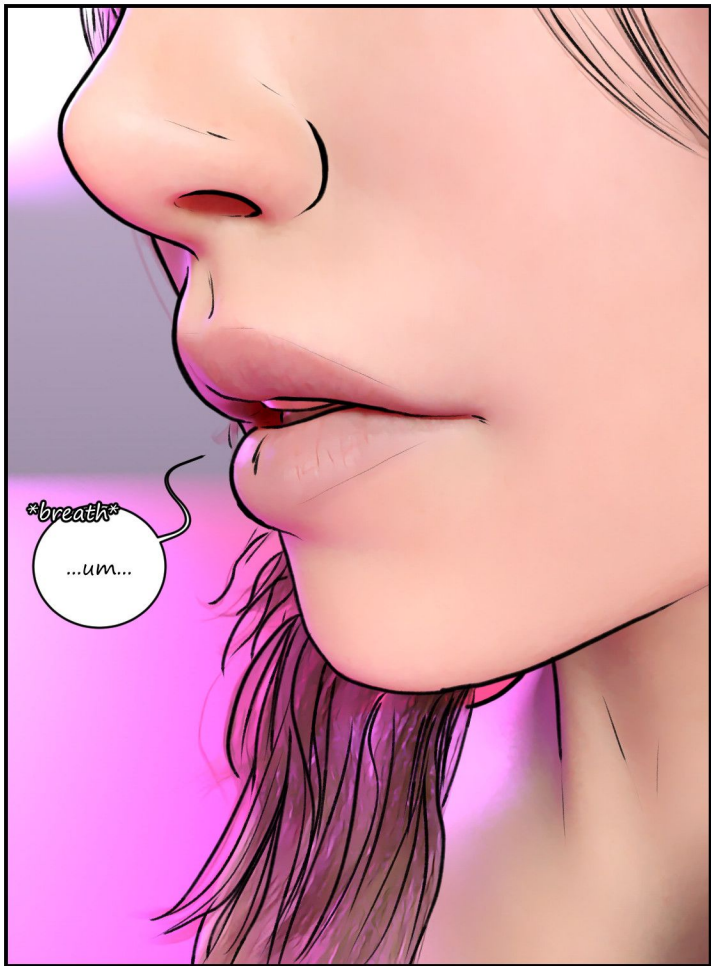

...that  
thick  
meaty...

…glorious  
thing  
anywhere  
near…

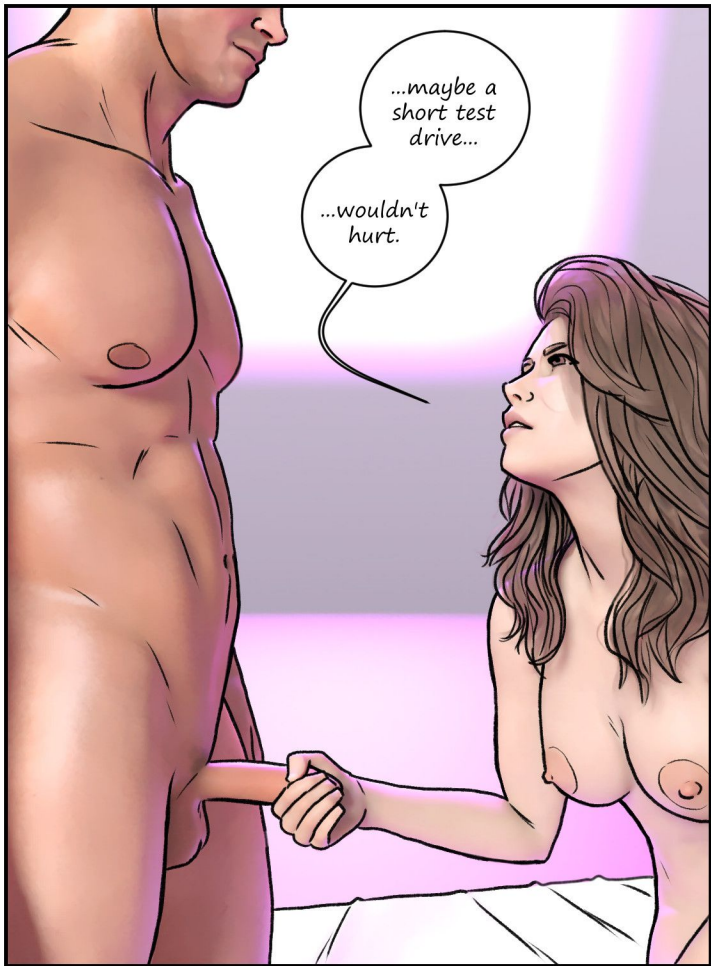

*\*breath\**

...um...

...maybe a  
short test  
drive...

...wouldn't  
hurt.

It feels  
weird to hold  
a guy's dick in  
my hands...

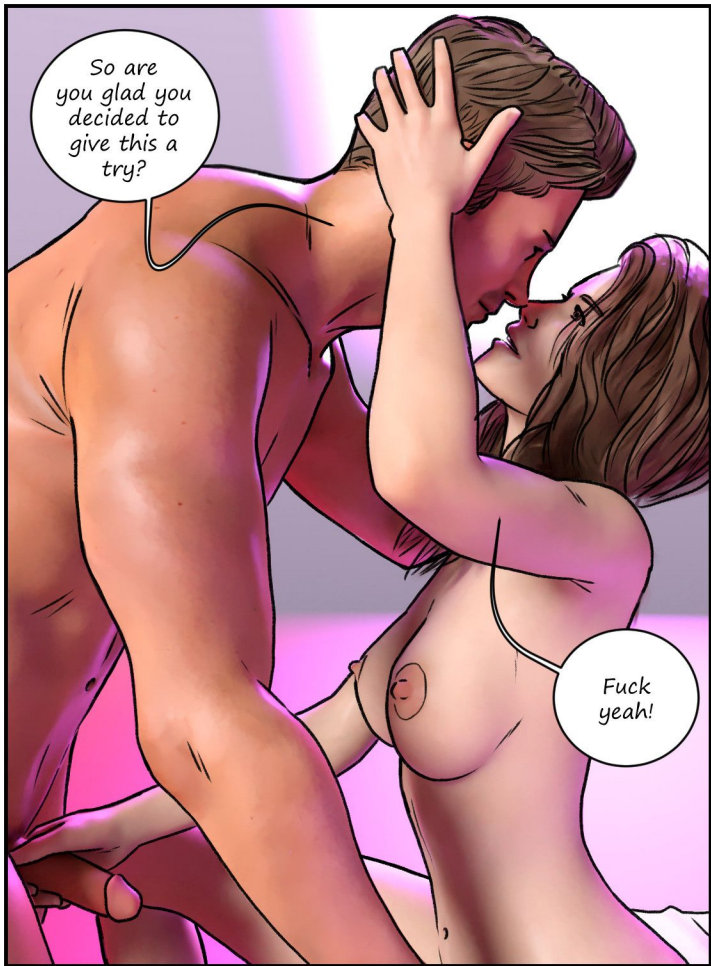

I love  
the softness  
of it's skin...

...the  
warmth  
of it in my  
hand..

...and how  
it throbs in  
response to  
my touch.

So are you glad you decided to give this a try?

Fuck yeah!

**THUMP!**

Now that I've had a glimpse of what sex is like with you in this form...

...it all feels just... so... right!

Like, that desire I had to make out with you in your girl form...

...now just feels silly!

Of course  
while I know  
this change in  
desire...

...is probably  
because my  
avatar is now  
a heterosexual  
woman...

It's kind of mindblowing that right now...

...the thought of another girl and I grinding our pussys together...

...just makes me feels queezy!

Are you  
ready,  
babe?

More than ready!

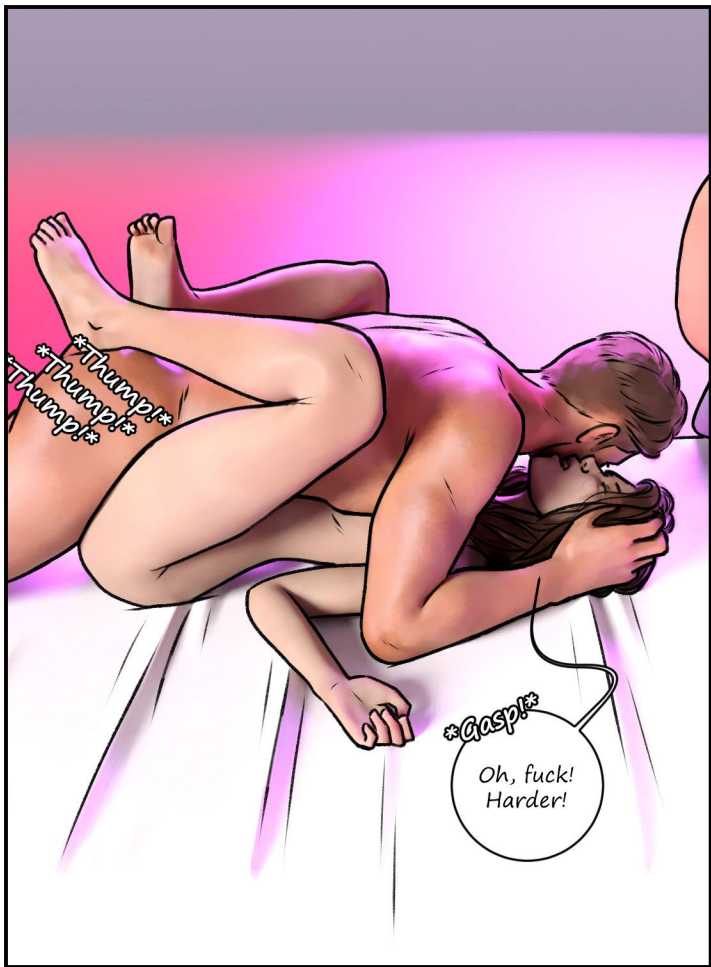

Don't worry,  
I'll start nice  
and slow.

It's okay,  
I trust  
you.

*\*Thump!\*  
\*Thump!\*  
\*Thump!\**

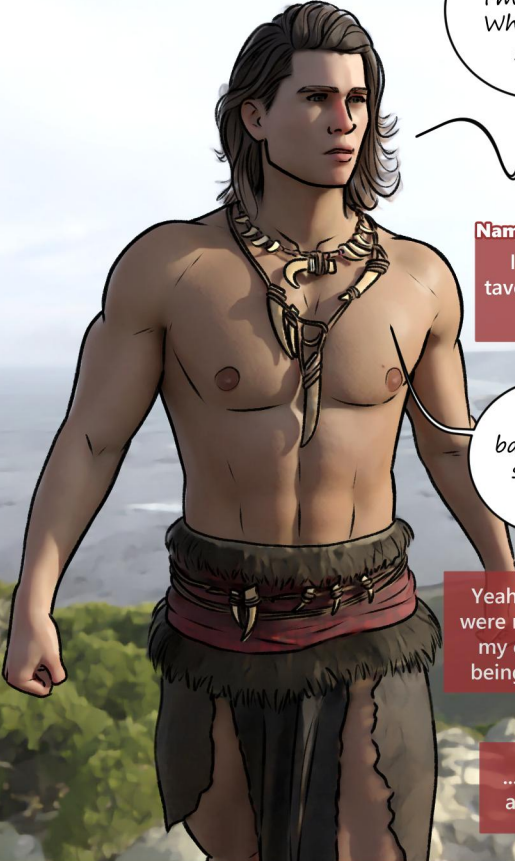

Are you game for another round?

Yeah, but let me just snuggle for a minute or two longer.

The next day...

Hey man,  
I'm online.  
Where are  
you?

**NamelessHero82**

I'm at the  
tavern in Kokia  
Village.

That's  
back in the  
starting  
area.

Yeah well, you  
were right about  
my character  
being boring...

...so I made  
a new one.

Alright,  
I'm here,  
where are  
you?

**NamelessHero82**

You have to  
find me.

Find you?

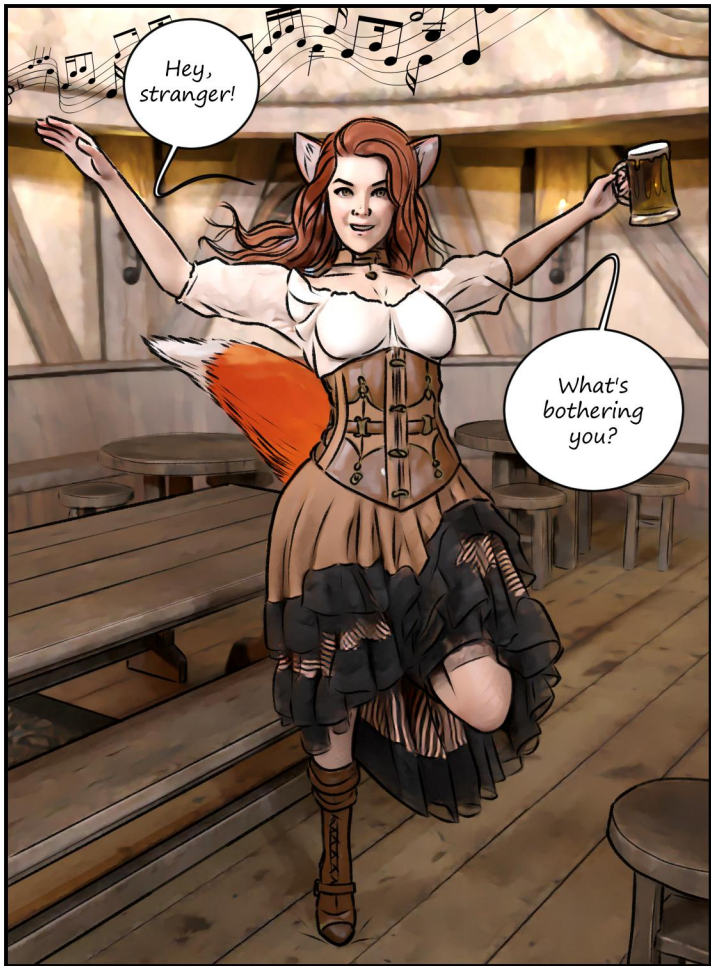

There are dozens of guys in here!

You could be anyone!

The elf dancing with the pretty fox girl...

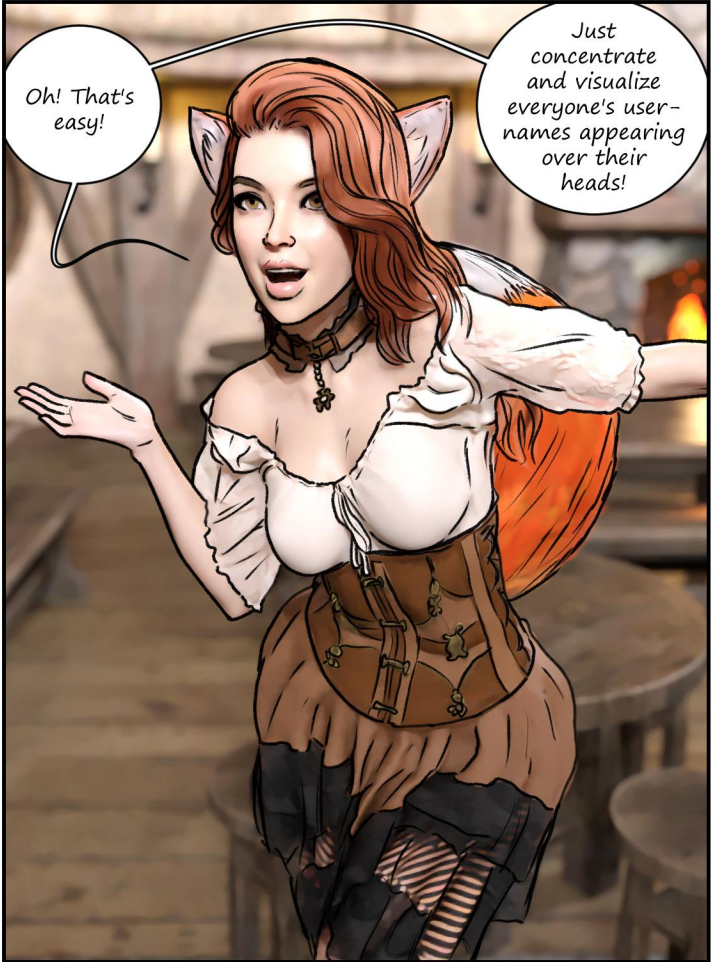

...the giant cheering them on...

...so could you give me a hint or something?

My idiot friend created a new character and wants me to guess which guy in this tavern is him.

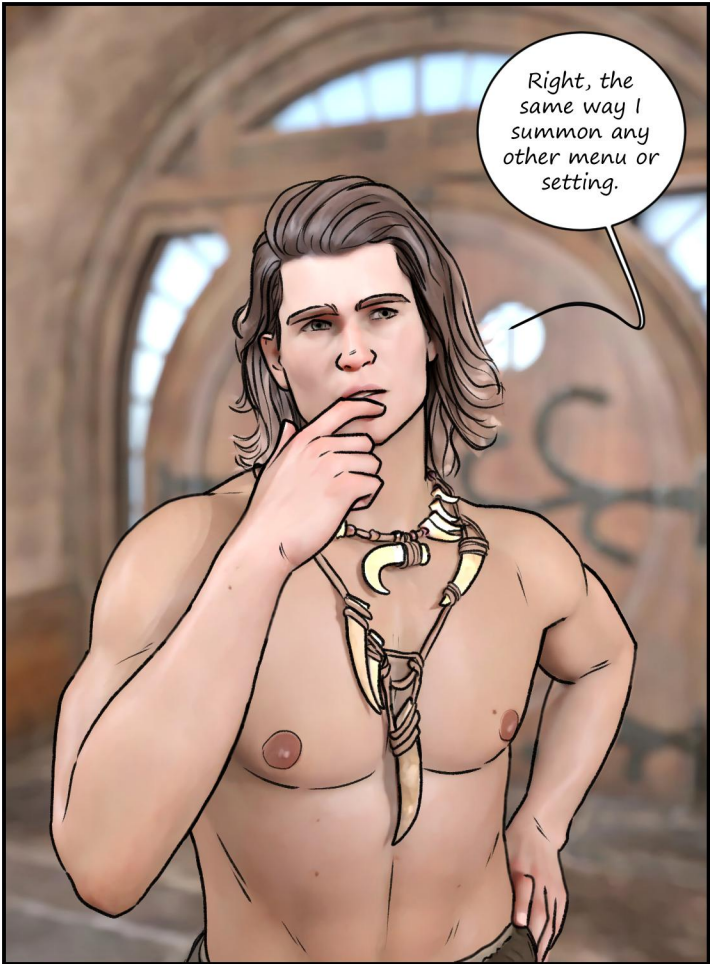

Oh! That's easy!

Just concentrate and visualize everyone's user-names appearing over their heads!

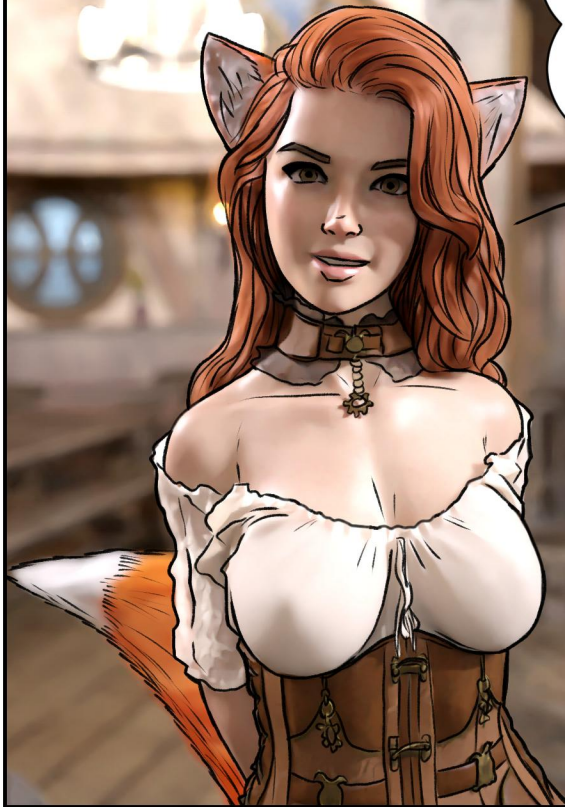

Right, the same way I summon any other menu or setting.

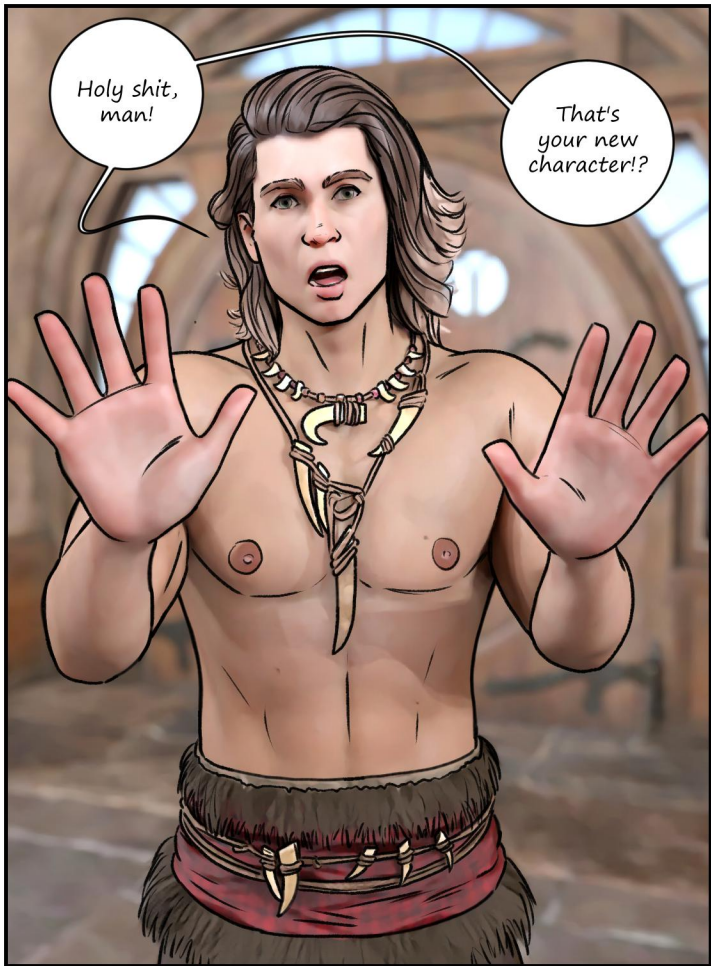

**NamelessHero82**

So, did  
it work?

Did you  
find your  
friend?

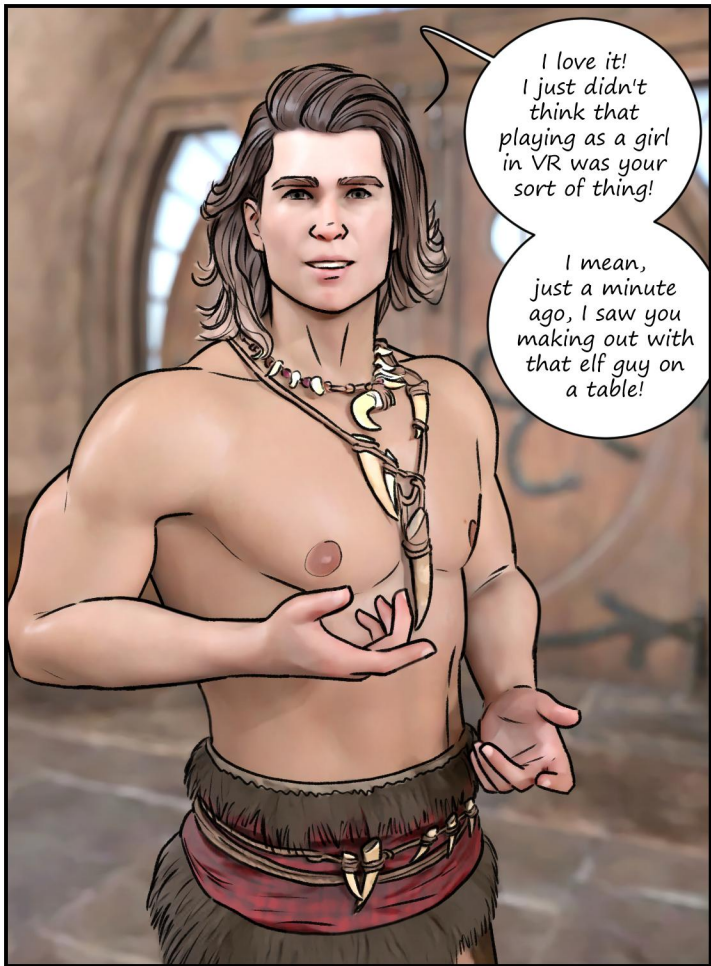

Holy shit,  
man!

That's  
your new  
character!?

I love it!  
I just didn't  
think that  
playing as a girl  
in VR was your  
sort of thing!

I mean,  
just a minute  
ago, I saw you  
making out with  
that elf guy on  
a table!

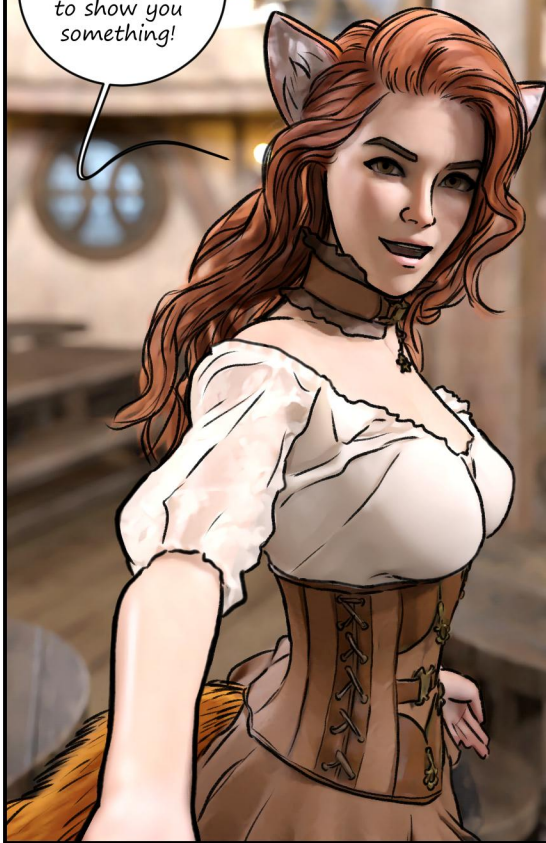

I wasn't  
expecting  
like to it  
either...

...yet here  
I am, and  
I'm having a  
blast!

Come up  
to my room,  
I want  
to show you  
something!

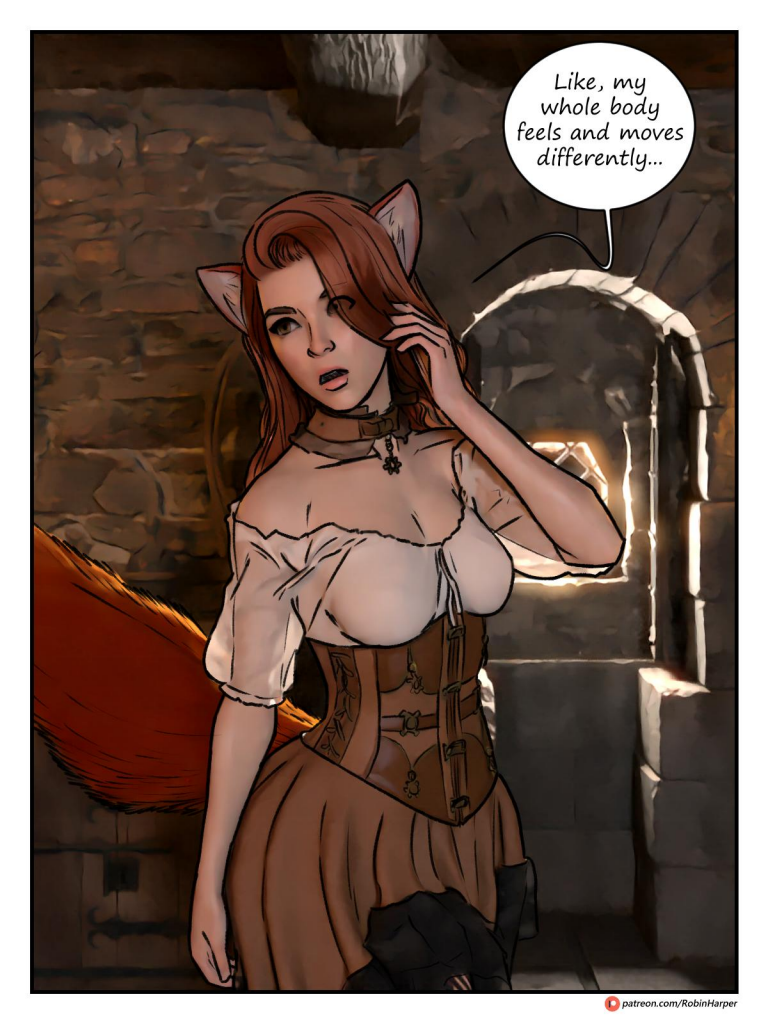

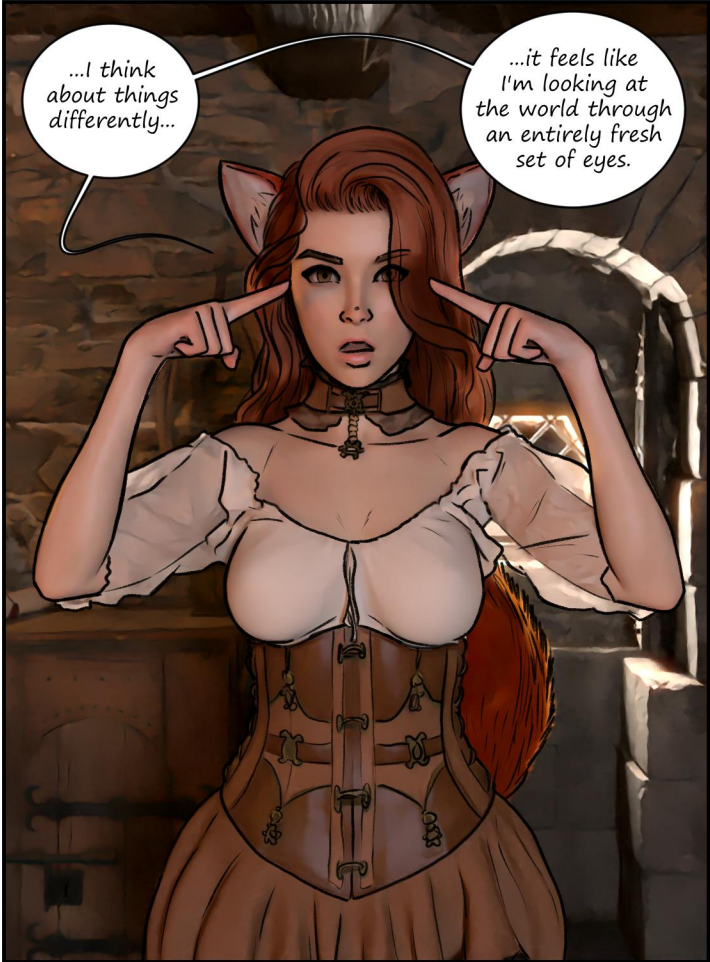

So what's  
it like, playing  
with a female  
avatar?

It's both  
weird and  
totally normal  
at the same  
time!

Like, my  
whole body  
feels and moves  
differently...

...I think  
about things  
differently...

...it feels like  
I'm looking at  
the world through  
an entirely fresh  
set of eyes.

Like, don't  
get me  
wrong...

...as soon as  
I log out of  
this game...

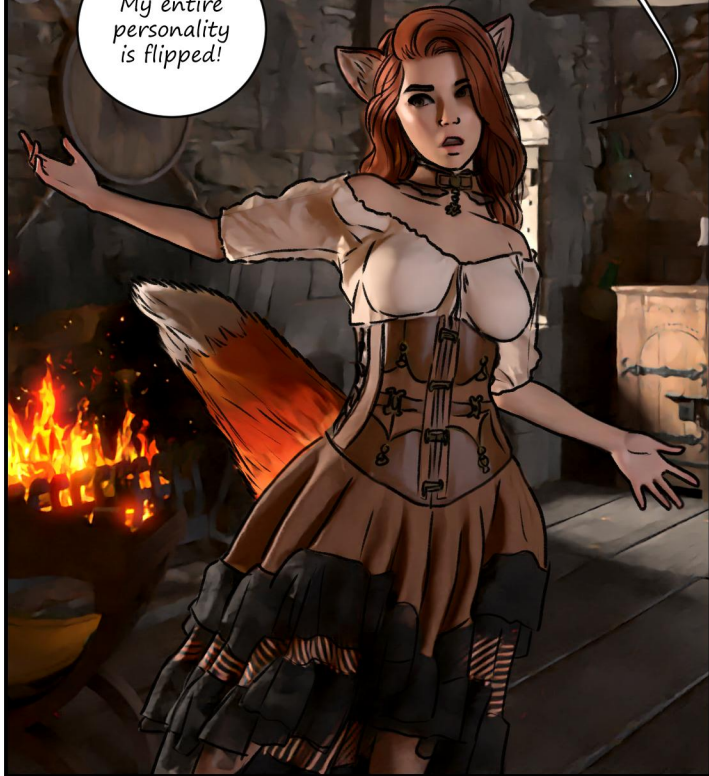

...I'll go back  
to being a  
horny and girl  
crazy guy.

But in this  
game, while  
I'm this  
girl?

My entire  
personality  
is flipped!

And maybe  
it's just my  
particular  
character...

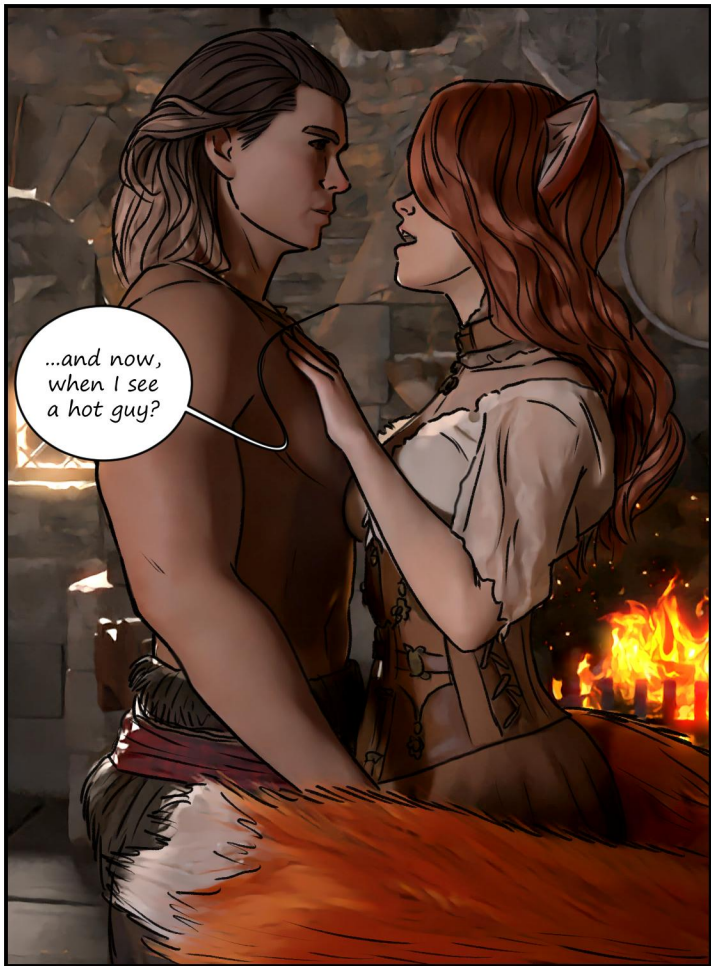

...but all of  
my emotions  
feel like they've  
been turned  
up to eleven!

I get  
dizzy with a  
thousand thoughts  
about how much I  
want to hug, kiss,  
and squeeze  
them!

I become  
overwhelmed  
with a burning  
desire to invite  
them up to  
my room...

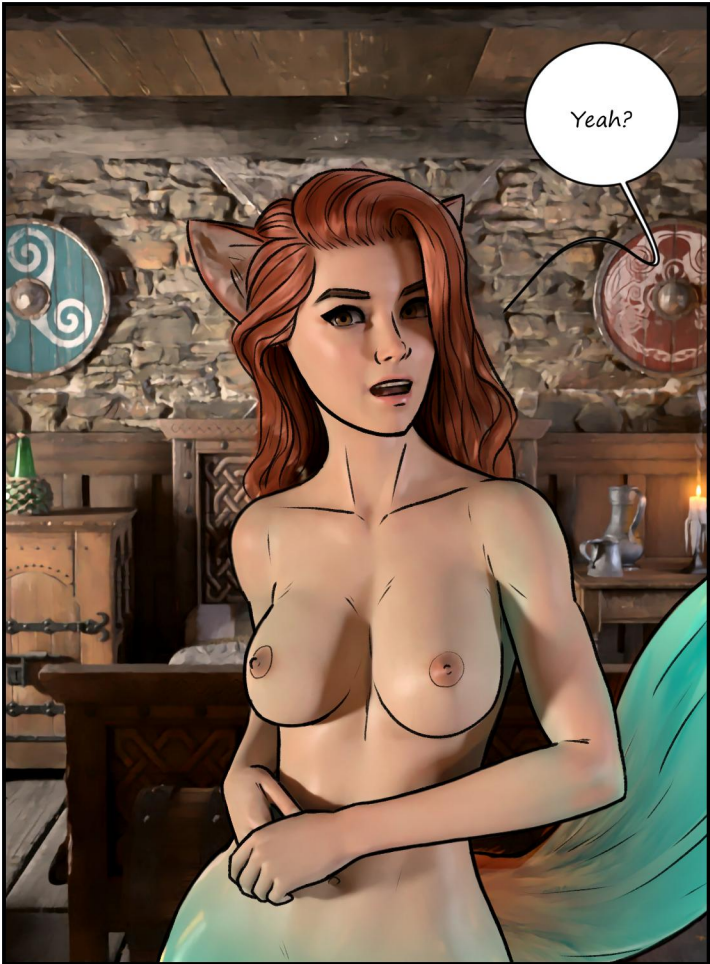

...so that they  
can have their  
way with  
me!

Uh...  
dude?

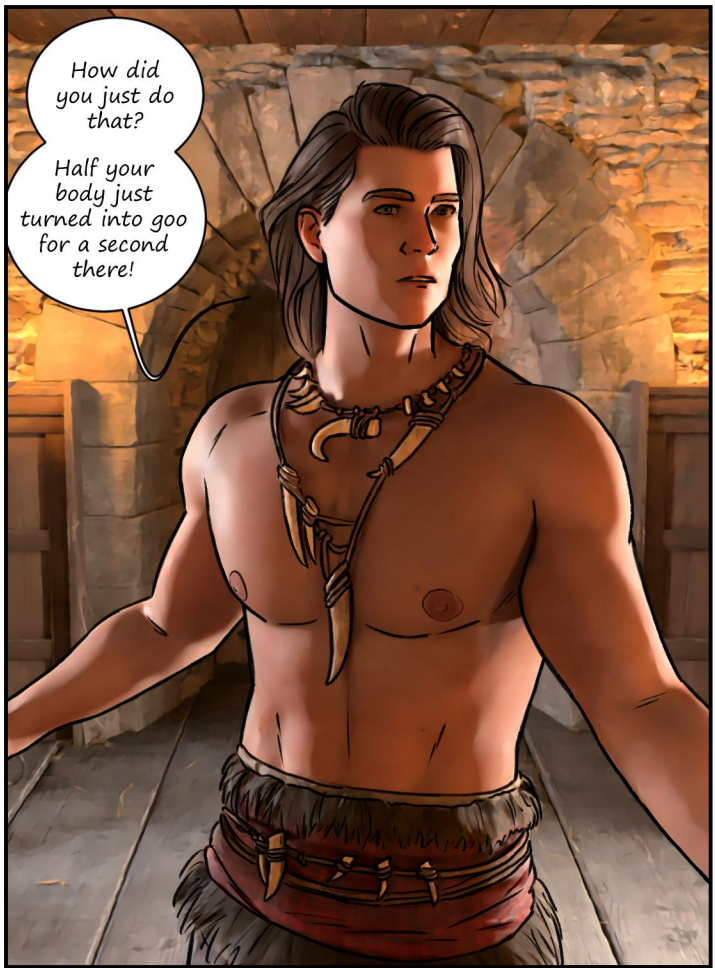

Yeah?

How did you just do that?

Half your body just turned into goo for a second there!

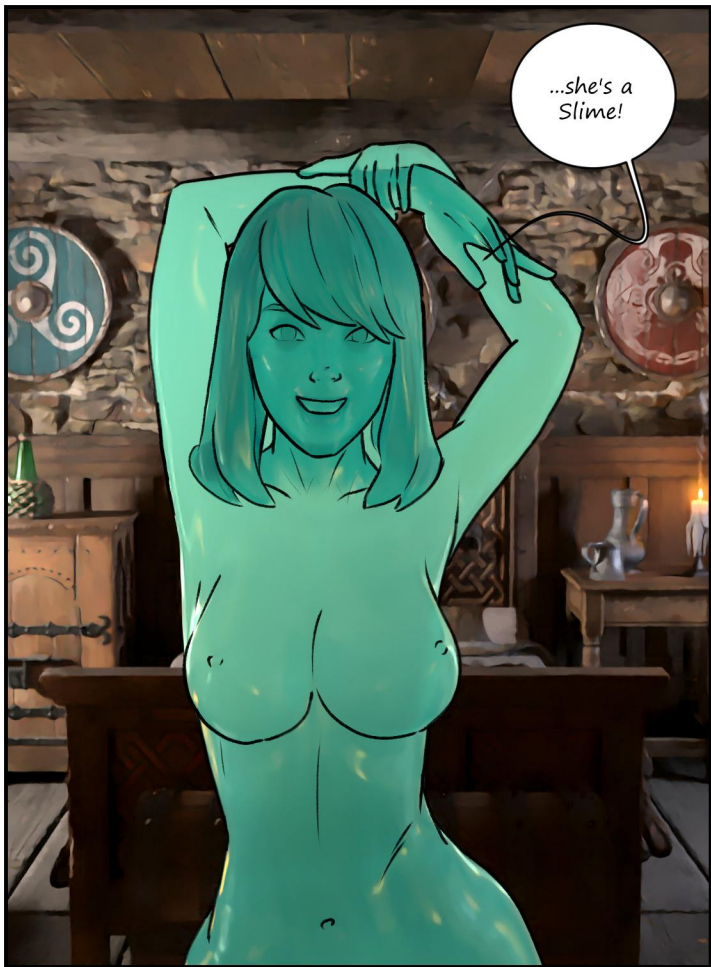

Oh!

The reason  
is quite simple,  
actually!

My character isn't a Kitsune...!

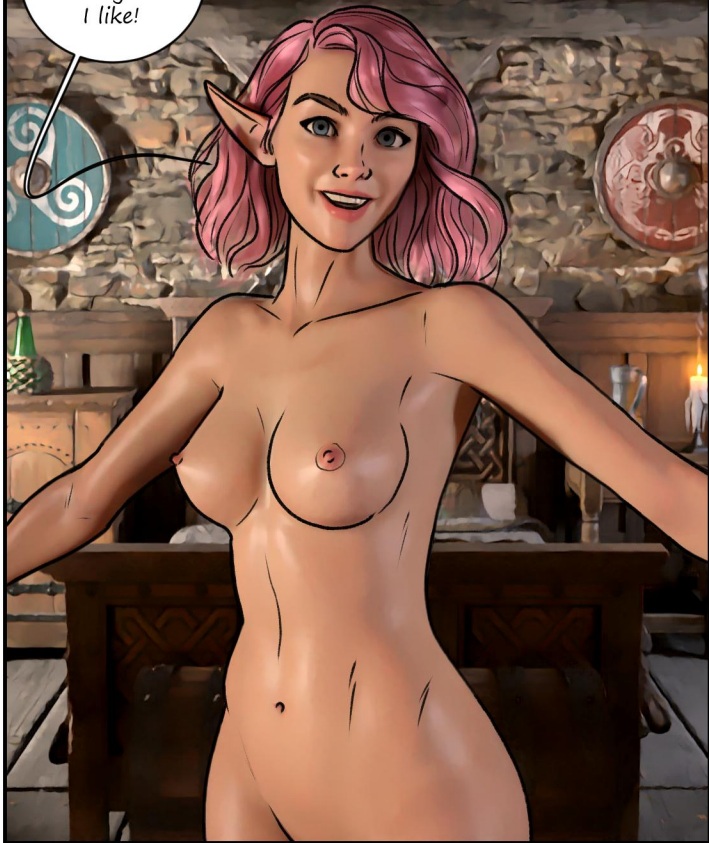

...she's a  
Slime!

And the  
Slime race has  
a particularly  
wonderful  
ability...

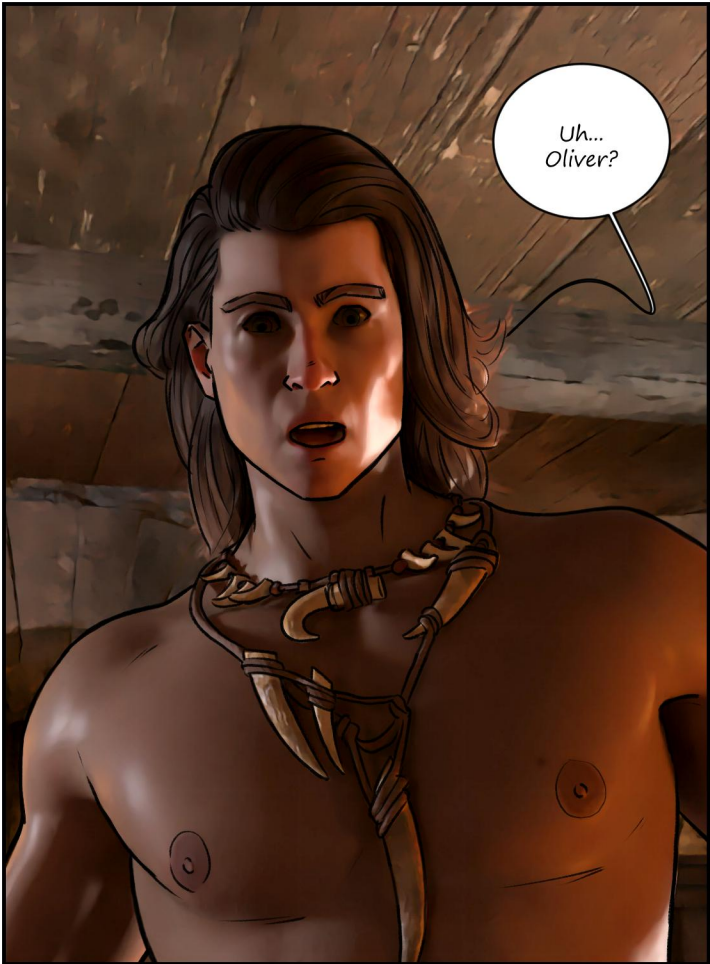

...I can  
transform  
into any form  
I like!

Uh...  
Oliver?

Oh...  
fuck!

*\*Slurp\**  
I'm not  
Oliver right  
now, *\*slurp\**  
remember?  
*\*Slurp\**

*\*Sucks\**  
I'm just a  
girl you met  
in the *\*slurp\**  
tavern...  
*\*Slurp\**

*\*Slurp\**

And you...  
*\*slurp...\** followed  
me up here... *\*suck\**  
without even  
asking my  
name!

*\*Slurp\**

Oh? And  
what is your  
name?

I'm  
Cecilia.

And what's  
your name,  
lover boy?

You already  
know my  
name.

*\*Sigh\**

You aren't  
Rick right  
now,  
remember?

You're a  
big hunky  
barbarian who  
I just met in  
the tavern...

*...who's going  
to rail me  
senseless!*

So, what's  
your name  
big boy?

*End.*
