Story by Paul Michaels

The Pesky Human?

In the town of Bactra, there was a female Elf named Ademora who lived in the human town as a bartender in the inn called the Three Boars.

Ademora was a powerful and wise woman who was good at seeing through to what others were thinking. And she preferred" her name shortened to Dora, though she did not care for how human men said her name.

All was well in the world for Dora...that is until a man called Landen came to the city of Bactra. He was a noble of the Empire and a knight. He was well-built and handsome. However, Dora despised all human men. She felt that they were all the same overly egotistical, and utterly selfish. She believed that men were completely incapable of understanding women and vice versa.

As Dora continued her daily life in Bactra, Landen started visiting the tavern daily, always at the same time, in the same chair, with the same food.

And today seemed like any other. So Dora thought as she saw Landen come walking in the door.

'Tck! He's staring at me again!' Dora thought from behind the bar.

"Landen... You can come for the food and drink as much as you want. But I'm not going to give you a date," Dora said, clearly annoyed.

"My lady, I swear by God I don't have such ulterior motives," Landen said, almost offended. "It's just that you're so beautiful that I can't help but come by."

Dora had a beautiful face, with sharp features and large, green eyes. Her long blond hair was tied back in a ponytail. Her dress was a simple one with a long, loose sleeves blouse. With a dark corset over her clothes, while the skirt flowed down to her knees, she wore long, black leggings.

She wasn't tall or short for an Elf, with an average height and a medium build. She had a light and elegant walk. She was often approached by men, but she only gave them the cold shoulder.

Dora glared at Landen, her eyes like ice, "I know what men like you are after. I am not an item on sale to be bought and sold. You can stop wasting my time."

"I do not understand the nature of this misunderstanding," Landen said, raising his hands in a disarming gesture. "I just think that you're very beautiful and interesting, that's all."

Dora glared at him with disdain and rolled her eyes, "I don't have time for this nonsense. If you wish to eat and drink, then you need to pay upfront, you hear?"

"Okay, okay. You're as feisty as ever, I see," Landen said, raising his hands in surrender.

"That's what I think of you men who only know how to be pushy!" Dora yelled.

Landen smiled at the Elf, "Oh, come on, don't be like that. Here... *Clink* I have a gold piece."

Dora stared at the coin for a moment and then narrowed her eyes, "This isn't standard coin from the kingdom or the Empire. I have seen gold coins that have been around since the time of the great kingdoms. This one is definitely an ancient coin. Why are you paying me with this piece?"

"Because that's how much I respect you and admire your beauty. You are so wise and amazing to have such an understanding of the world, while we humans only know how to fight. So please, let me buy some of your fine wine."

Dora looked at Landen suspiciously. She wasn't sure if he was trying to make any deals with her or not. She sensed he was just speaking the truth. She felt that this Landen person had a good heart but he always lusted for her body. The more he tried to get to know her, the more he desired her. It was like he wanted to conquer her.

Dora looked at the gold piece closer up to see all the details on the coin.

"Hmm, so it's an old coin, but it seems to be in good shape. It has a royal stamp of the King of the Old Kingdom," Dora said, as she checked the coin carefully while noticing a strange engraving on the backside of the coin. It looked like a succubus with wings. "It appears that this was minted a thousand years ago, and yet it is in such good shape. I will sell you some wine. But, please, never bring any more coins like this again. It would be a problem if the kingdom or the Empire found out that you are trying to pass off an ancient coin as standard."

"I would not worry about it. If I have your wine, then that is all I need," Landen said with a smile.

Dora just shook her head as she slid the gold coin in between her cleavage. She walked over to a trap door behind the bar and opened it.

'Okay, I think there is some fine wine in the wine cellar. I might have to go and get some,' Dora thought as she began to descend the ladder that was inside the hole.

"Hey, can I not just follow you?" Landen said, looking down at the hole with curiosity.

Dora stopped at the bottom of the ladder, "What are you doing?"

"I'm curious. How far down does this hole go? I haven't seen such a long and deep cellar in town," Landen said.

Dora didn't know why but her heart started racing as she heard Landen talk. 'Wait, why did he ask if he could follow me down? What is wrong with me?' Dora thought, her face blushing and turning red.

Dora looked up, "I didn't think that you were that curious. It goes down about 30 meters. It's really big. I even have a room down there that is more like an apartment."

"That sounds amazing," Landen said with a smile that made her heart flutter.

'Why am I feeling so flustered? I think I might even be having heart palpitations,' Dora thought to herself. "Look, I'll get some wine and you stay there."

"Are you sure? I could help you get some wine, and then we could have a drink together?" Landen said, clearly trying to sound charming and witty.

Dora rolled her eyes as she climbed down the rest of the way. "Yeah, okay. Whatever."

Landen just smiled as he came down and closed the door.

Dora thought to herself, 'I'm so mad. I should be cursing him out. How can this man get on my nerves so easily? But I feel something deep in my chest. Is this...my heart? No, that can't be. It's not possible for me to have feelings for a human man!'

Dora's nipples were getting hard and her crotch felt a bit wet. She felt the sensation of arousal deep in her pussy. She felt a strange sensation deep in her stomach that she had never felt before. She was turned on but she did not know why. She was so mad.

'He's just trying to get inside of my head. I know it. He's trying to use his charm to get into my skirt, but I will not fall for his tricks. I'll get him his wine and then send him on his way,' Dora thought as Landen came down the ladder.

She walked through the darkness and Landen followed. Dora could feel him right behind her as he walked closely, almost touching her ass.

"Watch it, you're going to bump into me," Dora said as she felt her nipples were still hard and her pussy was getting wetter. She wanted to stop her crotch from grinding against her panties.

"It's so dark and I'm following your sweet scent. It's very alluring," Landen said in a husky voice.

Dora felt her pussy lips throb with pleasure at Landen's words.

'What is wrong with me? Why am I acting so silly? I must have some sort of fever. I guess I should not deny this handsome man. I do have a weakness in his beauty. No human man has ever aroused me like this. I don't think any man has ever even looked at me. They just all try to talk to me to get in my panties,' Dora thought to herself as she was struggling with her own arousal and confusion.

Dora walked into a small room where she pulled out some torches and started lighting them with a small fire spell that she could make with a snap of her fingers. The small room had several wine barrels, with large oak barrels that were made in the Dwarf Kingdom.

"Ah, I think there is some good stuff down here," Dora said, smiling at Landen.

She then opened up one of the barrels and pulled out some of the wine. She was a good wine connoisseur and could smell the flavor from just the glass.

"Here, try this wine," Dora said, as she handed Landen a glass of the wine. "It is 212 vintage. I'm not sure if you have heard of this vintage but it is from the northern elven village of Amritha. The villagers make excellent wine. I hope this is up to your standards."

Landen took the glass and looked at it closely. He then looked back at Dora who was still staring at him with curiosity.

'Why is he staring at me?' Dora thought to herself as she was getting nervous and excited. She tried her best to ignore her feelings and said, "What are you looking at? I'm just saying that the wine is really good. Are you not interested?"

Landen broke the silence and said, "Of course. It just feels like we are sharing a special moment."

"Hah. You say that because we are alone in the cellar," Dora said, but she could not help but feel something in the pit of her stomach.

"No, I'm not alone. I'm here with you. This is the most amazing feeling. You are like a Goddess to me, and I can't get enough of your sweet scent."

Dora started blushing at Landen's words. Normally she would not fall for such an obvious line, but Landen's words seemed so sincere. She started to get nervous as she was trying to deny her growing feelings for Landen, but she could not help it. Her body was telling her that she had found the man of her dreams. While her mind was trying to deny it.

"I-I don't know what you're talking about," Dora said. "The wine is really good. You should taste it."

"Hmm? I'm sure it's good but I'm sure you have something finer for me to taste. If you catch my drift," Landen said as he stared at Dora with desire in his eyes.

Her bosom seemed to be getting bloated as her nipples were getting harder as her blouse started to get wet in between her cleavage. She was feeling so conflicted as she was not sure what she should do. She thought to herself, 'He wants a finer wine? I-I guess I could pull out one of my secret stashed wines.'

"O-okay. This wine isn't good enough for you?" Dora said, taking the wine back before putting it away.

Landen just looked at her with curiosity as if she had a double meaning that he had not noticed.

"F-Follow me, please," Dora said as she turned away and walked back into the darkness with her torch.

Landen followed, "Hey, so is this the part where you take me to your bed chamber?"

Dora didn't respond. She just walked ahead, but the only place they could go was her secret wine cellar apartment.

She led Landen into her home, lighting torches with magic as she went. It was a big room, about 16 meters long, 10 meters wide and 8 meters high.

And on the walk there Dora's small breasts seemed to grow with each step. They were large and perky, with bright pink nipples.

Her blouse seemed to be getting tighter and tighter around her breasts as it felt like it was squeezing her breasts to get them to grow even larger.

Her breasts seemed to get bigger and bigger, to the point where they seemed to be bursting out of her blouse as the drawstrings started to come undone, and her skirt seemed to tighten on her ass and thighs. Her large ass began to jiggle as she walked, and the tightness of the skirt seemed to draw Landen's eyes to her hips.

'Naugh! My clothing is getting too tight,' Dora thought to herself as her body began to change.

'My...body? Is this...some sort of spell?' Dora thought as she started to realize something. "A-Am I under a curse?"

She looked over at Landen and noticed that his eyes were glued to her breasts. She was starting to realize that this was no accident. She had been cursed to grow bigger boobs. She thought to herself, 'No...that is not possible. Humans are incapable of such things!'

Landen noticed that Dora was looking at him and started smiling at her as he walked over to her.

Pop!

The knot on the drawstring gave way and the fabric fell away, exposing her perky breasts with hard, pink nipples. Her breasts were almost as large as Landen's head, and they were heavy as they swayed with her walk, making her corset bow with the weight.

'Naugh! My corset feels so tight all of a sudden! How can this be?' Dora thought to herself as her cheeks turned pink.

Landen was in awe as he could not help but look at her full, large breasts. "Oh, Goddess! Are you going through puberty? What is happening to your body? Your breasts seem to be getting larger."

Dora could feel her face burning hot from Landen's words. 'Wait, he knows what is happening to my body? Am I really under a spell?' Dora thought to herself, completely flabbergasted as her chest continued to grow.

Landen walked over to her and reached for her breasts but Dora stepped back, her face blushing even hotter. "No...Don't touch me."

"Why not?" Landen asked his voice deep. "You look so beautiful. I have never seen breasts so perfect."

'Wait...my breasts are perfect?' Dora thought to herself as she started to feel even more self-conscious. 'No... I should not think that. I must be under some sort of curse!'

She reached for her breasts, trying to touch them. Her fingers brushed against her nipple and she felt an immediate surge of pleasure that made her knees weak. She felt a rush of heat run between her legs and her panties got soaked as they grew a bit tighter.

"No... It can't be," Dora said. "I'm under some kind of curse. My body is changing and getting hot. My panties feel tight and... I-I want to touch my breasts."

"Don't worry, I'll take care of you," Landen said, stepping forward and kissing her.

Dora was confused at first, but she kissed him back. Her eyes closed and she kissed him.

'Why does he taste so good?' Dora thought to herself as her breasts felt like they were getting even bigger. 'He feels so good to kiss.'

Dora opened her eyes and looked down at Landen who was kneeling in front of her, kissing the side of her breasts that were the size of Landen's head. He had such a hungry look in his eyes that Dora felt excited by the desire.

Landen's hands reached out and he took her hand, leading it down to her crotch where she was surprised to find that her pussy felt wet. Her panties were soaking and she could feel the warmth of her pussy on her thighs.

"What is happening to me?" Dora said, her voice trembling with excitement as her hands reached her crotch and began to rub herself through the wet fabric.

'This isn't me!? I've never gotten so wet just by being alone with a man. Am I really under a curse?' Dora thought as she started rubbing herself and felt the warmth of her own fingers against her pussy lips.

"AUNH!" she moaned loudly as the pleasure coursed through her body, her nipples stiff and hard and her clitoris swelling up inside her pussy lips.

Her fingers rubbed her clit as her wet panties began to make her crotch smell sweet and musky, making Landen's mouth water. He could not help himself as he pulled off her skirt and began to pull off her sopping-wet panties.

Her thighs were thick and firm as she stretched her black stockings and he could see the hair above her pussy was light blonde. It looked like it was glistening with her arousal as he leaned forward to lick her.

"AUNH!? W-What are you doing?" Dora said, pulling back as Landen's tongue brushed against her clit.

"Don't worry, I will lick your sweet honey and you will come all over my face," Landen said as he pressed his face into her pussy.

'N-No! His tongue feels so good. I want more!' Dora thought as her body started to move on its own as she could not control her own urges.

Her pussy began to grind against Landen's face as he sucked her pussy lips, licking and slurping at her sweet juices as he moaned into her pussy, sucking the nectar from her pussy.

Dora was completely in a lust-filled trance as Landen's tongue explored her pussy. The pleasure was intense, more intense than anything she had ever felt before.

Dora could not stop herself from moaning loudly as Landen licked her, her fingers rubbing her clit as his tongue pushed deep into her wet hole. Her knees were shaking as the pleasure of his tongue sent shockwaves through her body.

'This is madness! AUNH! I-I can't take it anymore!' Dora thought as her eyes rolled back as she came, her thighs trembling as she covered Landen's face with her hot cum, her pussy walls contracting around Landen's tongue and squeezing his nose, locking him in place.

Dora could not think straight as she was lost in the pleasure. She was completely blinded by the pleasure, moaning and shaking, unable to move as she came.

Landen licked her sweet cum as it dripped down his face. "Hmm. Now this is a fine wine. The taste of your sweet cum is delicious. I never want this to end."

Dora could not respond, her eyes closed as she tried to catch her breath as Landen stood up, kissing her neck as his hands caressed her breasts, massaging her large, firm tits, groping her hard, erect nipples between his fingers as she began to moan again.

'Oh!? Augh! Such strong hands!' Dora thought as she felt Landen's fingers squeeze her large breasts and she felt another rush of pleasure through her body.

Her breasts felt so good. Her nipples felt so hard as he continued to grope her breasts as her pussy began to leak even more wetness.

Her face which had sharp features started to soften, looking more delicate as her cheeks and lips became fuller, and her eyes started to get a dreamy look. Her body was feeling like it was on fire. She could feel her heart beating fast and she was getting turned on by every little thing that Landen did to her. And lastly, her straight blonde hair that was in a ponytail started to become curlier as it began to spread out and flow down her back as the tie came undone.

Dora was in complete awe at the transformation that was happening to her body. She did not know what to think as her mind was clouded by desire.

"What is happening to my body? Why do my breasts feel so good?" Dora asked Landen who was now pulling off his clothes, revealing a rock hard six pack.

"Don't worry, I will explain everything. Right now, I need you to ride me."

Dora could only stare in awe as her eyes took in Landen's muscular body. He had large muscles but he did not look like a gym rat.

'I-I can't deny that this human is very attractive to my eye. Augh! Why can't I hear his thoughts? I want to kiss him, I want to feel him on my body,' Dora thought, completely aroused as she licked her lips.

Dora could not deny that Landen was hot. She wanted to fuck him but she was so confused. She used to hate it when human men looked at her with lust but Landen had a look of love in his eyes.

'Naugh! I cannot believe this human is so good at licking pussy,' Dora thought as she remembered the feeling of his tongue. She started getting wet just by thinking about it.

Landen walked over to Dora and lifted her up in his arms as she wrapped her arms around his neck and kissed him, her tongue wrestling with his as their kiss became more passionate.

Dora started to moan into his mouth as his tongue explored her mouth, tasting her.

'AUNH!? Why was I disgusted by this? Why is his tongue so good? Was I wrong about humans? Or is Landen just special? AUNGH!? His tongue is conquering my mouth!' Dora thought to herself as she felt her pussy grow even wetter as his tongue continued to explore her mouth.

Dora was completely lost in a lust-filled trance as her pussy was grinding against Landen's hard cock, which was like a steel rod. She was surprised that such a large cock could fit inside her pussy.

She felt the tip of Landen's cock push against the lips of her pussy as she lifted her body up and down.

"NAUGH!? I-I DON'T THINK IT CAN FIT!? AUGH! So big! NAUGH!" Dora moaned as she felt the tip of Landen's cock stretch her pussy lips as she pushed down, feeling his hard cock spread her pussy open as Landen held her there in the air.

Dora's eyes rolled back in pleasure as her pussy began to drip her sweet honey as Landen's cock began to stretch her pussy even more, filling her completely.

Landen began to moan as he felt her wet pussy squeezing his cock so tightly that it was almost painful. But it felt so good like her pussy was milking his cock.

"Your pussy feels so good. You are so tight," Landen said as Dora could only moan.

"AUNGH!? YOU, HUMANS ARE TOO BIG! AUGHH! NO! MORE!" Dora cried out as Landen began to move her up and down his cock.

Dora was completely in lust as Landen began to fuck her, moving her up and down on his cock as his hands groped her breasts, pinching her hard nipples.

The feeling of Landen's cock stretching her pussy was so intense as her body began to convulse with pleasure. Her nipples grew even harder as she came, her body shaking as she came all over Landen's cock.

"AAAUUUNNNGGGHHH!!! AUNGH! AAAAUUUUNNNGGGHHH!!!!!" Dora screamed as she came, her legs shaking as her pussy squeezed Landen's cock, tightening around it like a vice.

Landen felt Dora's pussy squeezing his cock and began to move faster as he thrust up into her pussy, his cock spreading her pussy wider than she thought possible as the pleasure of Landen's cock sent shockwaves through her body, making her head spin.

Her legs shot up and around Landen's waist as she held onto him and felt like she was floating on a cloud. She began to feel light as a feather as the pleasure was overwhelming her body and she began to convulse, screaming at the top of her lungs, "AUGGHHHHH!!! H-HOW HAVE YOU NOT CUM YET!?! AUGHH!!! I-I CANT TAKE IT ANYMORE!!! AUNGH! AAAUUUNNNGGGGGHHH!!!!!"

Landen could feel the walls of Dora's pussy tighten as she came.

"Well, Dora. A gentleman never comes before his lady. So let me tell you a secret. I have a spell that allows me to hold off my orgasm for hours. Because you deserve to be loved."

'W-What!? NO! What is he talking about!? No human man is capable of that!' Dora thought as she felt herself about to cum again.

Landen held her in place, stopping himself from cumming as he began to kiss her passionately again as she kissed him back.

"Are you trying to break me human!? AUNH! So good. AUGHH! I-I can't take it. I am so close! I-I'm going to cum agai—" Dora said but Landen interrupted her.

"Say my name, Dora. Call out my name and I will fill your pussy with my cum." Landen said as he held her in place, thrusting up into her.

Dora could feel his cock throbbing inside her pussy as his cock became even harder. As it threatened to push into her womb.

'What is he saying? He wants me to call out his name? What does he want me to say?' Dora thought as her mind was clouded by the pleasure. She could not think straight as the feeling of Landen's cock inside her pussy and the desire to cum was overwhelming her.

Dora began to moan loudly as she came, her eyes rolling back in pleasure, completely in a lust-filled trance as she came on Landen's cock.

"AAAHHH!! LANDEN! AUGHH! AUNGH! LANDEN!!! LANDEN!!! LANDEN!!! AUGHH!!!!!" Dora cried out as Landen kissed her again.

Dora's pussy squeezed Landen's cock hard as he moved her up and down, his tongue exploring her mouth as Dora moaned into his mouth, cumming on his cock over and over.

Dora could not stop cumming as she could feel Landen's cock throbbing inside her pussy.

Landen broke off from the kiss. "You're such a good woman Dora. You deserve to be loved. So say my name. Cum on my cock, call out my name and I'll fill your pussy with my cum."

Dora could feel a desire in her, a desire that had never been there before, a desire for him, for the pleasure that he was giving her. She had never felt this way before.

She wanted Landen, she wanted to hear him call out her name as he came inside her pussy. She wanted to hear his voice.

"LANDEN!? AUNGH! PLEASE SAY MY NAME!? AUNH! LANDEN! PLEASE! PLEASE! GIVE ME YOUR ESSENCE! MY BODY NEEDS IT! AAAHHH! I NEED YOUR SEED!" Dora cried out as Landen kissed her, their tongues fighting as Landen continued to fuck her.

Landen could feel himself about to explode as he held off his orgasm and began to move faster, thrusting deep inside Dora as he fucked her in mid-air, Dora's pussy milking his cock for all it was worth as he fucked her harder.

The room started to shake as Dora cried out as she came again and again, her pussy milking Landen's cock as she wrapped her legs around his waist, holding him as close as possible, her eyes closed as she held on to him for dear life as the pleasure was almost too much to bear.

Dora came again and again, her pussy clamping down on Landen's cock like a vice, her pussy until she finally felt it. Landen's cum shot inside her pussy and she felt the warm feeling of Landen's cum spreading through her body.

"AUGHH!! AAAUUUUUNNNGGGHHHH!!! LANDEN!!! LANDEN!!! LANDEN!!!!!" Dora screamed as she felt his warm essence fill her pussy, his hot seed flooding her pussy as her body went limp in Landen's arms, completely exhausted, and passed out, falling on top of Landen as he continued to cum, filling her pussy to the brim with his hot seed.

Dora could not move. She was completely exhausted and all she could do was lay on top of Landen as she felt him kiss her and begin to lick her neck as his cock began to deflate and fall out of her pussy as he began to cum, the rest of his cum covering her pussy and ass.

Dora was exhausted but she felt so good, her body tingling with pleasure. She wanted to do this again.

Landen had a big smile on his face as he held Dora, holding her in his arms as she wrapped her arms around him, hugging him.

"I never knew that a elf could be so good at sex," Landen said as he kissed the top of her head and continued to hold her close.

Dora was speechless. She felt completely at peace with herself. She had never felt this way before. It was like Landen had shown her that sex was not just a way to procreate but a way to bring two lovers together, to bring them closer.

"W-Why did you want me? Why did my body react this way?" Dora asked as she held on to him tightly.

"I think the real question is. Why did deny yourself from a man like me Dora? What do you think is happening to your body? Have you ever heard of elves falling in love? Well, that's what's happening right now. I am not trying to force this on you but I think we have something here."

Dora was in shock. Was he serious? She had never heard of elves falling in love. They just have sex and leave. But Landen's words felt so real and sincere to her. She knew he meant what he said. Elven men would do their business and leave hoping that the females got pregnant. She hated that. But Landen did not leave and instead stayed to make love to her. She never had a man look at her like that before.

She loved the feeling of his body next to hers.

"I-I don't know why my body started to grow like it did, but I do like you, Landen. You're a good man. You could have just used me to get pregnant but you wanted me to say yes. To want this. It was not forced, it was consensual. I never thought I like that." Dora said as she held him close and kissed him passionately, her tongue wrestling with his.

Landen broke off the kiss. "It's a shame that you've never been loved the way you should be. I never want to leave your side. If you would allow it, I want to love you."

Dora was not used to these words. She had only heard it from humans in her bar. But she thought it was some mating ritual similar to the elves. But she found it odd that quite a few of them stayed together under the same roof and had kids together. It was something she had never seen in elven society.

"Landen? I don't know how to say this but I want you to stay with me. To live with me. To love me. I-I never thought that you could want me like you do." Dora said as she felt a feeling she had never felt before. A feeling that was filling her with happiness.

"Well, I would be willing if you marry me? You will be my wife and I will be your husband. We will be in love, not just sexually." Landen asked as he looked Dora in the eyes.

Dora was confused. 'Marriage? It's a thing humans do right? And a bond between two lovers? But how can he say that so easily? I know that human men say that to women they have been with.' Dora thought to herself, wondering why Landen was saying all of this.

"Why do you want to marry me? Why do you want to be my husband? Do you really mean it?" Dora asked.

"I am not trying to get you to say yes. I'm just saying it because I want to. I want to be with no other woman besides you. I want to have children with no other woman besides you. Dora, the first time I saw you I fell in love. I want to spend the rest of my life with you."

Dora knew that what he was saying was true. She could see it in his eyes. His voice was so sincere as he said the words.

"Landen? But are children would be halfings? They will not be elf or human. How will that work? And it's rare for female elves to get pregnant," Dora asked.

"Don't worry. I think we can figure that out. And I will tell you my secret. I know how to make you ovulate, making it easier for you to get pregnant." Landen said as he kissed her.

'Ovulate? How did he know that?' Dora thought to herself, wondering how he knew the word.

"But I thought only a shaman could do that," Dora asked.

"Well, that ancient good coin I gave you. It has an enchantment to help you get pregnant." Landen said, not wanting to tell her that he was the son of a noble alchemist that placed the enchantment onto the coin.

Dora was in shock. "H-How!? Are you saying that that ancient coin you gave me was magic?" Dora asked as she took the coin out of her corset and looked at it.

"Well, my father made it himself to help get my mother. I needed it to cloud your mind reading," Landen said as he kissed Dora again, her tongue wrestling with his as she wrapped her arms around him.

'Augh! His father made this so I fall for him? Aunh! This coin made my boobs bigger? Aungh! He made me... He made me love him? Oh god! I love him!' Dora thought as they broke off the kiss.

"So you did this to me? You better take responsibility for this, human," Dora said as she looked at him.

Landen had a big smile on his face as he held Dora and began to lick her neck. "I will take full responsibility. You are the most beautiful woman I have ever laid eyes on. You have no idea how much I loved making love to you."

Dora began to moan as she held him close to her as he continued to lick her neck.

'This human is going to be the death of me,' Dora thought as she knew she would do anything for him now. She was already addicted to his touch. His warm embrace.

"LANDEN? AUNH! YOU ARE MAKING ME CUMS ALL OVER AGAIN! AAAAHHHH!!! H-HOW!? I CANT STOP! NAUGH!" Dora cried out as Landen continued to kiss her passionately as her pussy leaked onto his now hard cock as he continued to lick her neck.

Dora could not think straight as she came again and again, her legs shaking as Landen continued to lick her neck.

Dora could feel herself about to orgasm. "LANDEN!? I-I'm about to CUUUMM!! AAAUUUUUUUGHHHHH!!! H-HELP MEEEEEE!!! AAAAAUUUUUGHHHHH!!!"

Landen could feel Dora's pussy begin to convulse again as her pussy squeezed the tip of his cock as she came over and over.

"AAUUGHHHHH!!! NOOO!!! LANDEEEN!!! AUGHH! AAUUUUUGHHHH!!! LANDEN!!! AAUUUUUNHHHHH!!!" Dora cried out, cumming all over Landen's cock as he push it in deeper, fucking her pussy harder as he fucked her, his cock growing bigger inside her pussy, stretching her pussy wider as she came again, her legs shaking as Landen's cock began to throb inside her pussy.

"I wonder how beautiful our kids will be," Landen said, wanting to feel Dora cum all over his cock again as she felt his cock growing bigger and harder inside her pussy.

"AAAAAAAAAAHHHHH!!! LANDEN!!! LANDEN!!!" Dora cried out as her legs began to convulse, her pussy clamping down on Landen's cock as it began to spread her pussy wide open as she came again, her pussy leaking all over his cock as he fucked her harder.

"Alright, Dora! I'll give you everything I've got!" Landen cried out as he fucked her harder, his cock spreading her pussy wide open as he felt her body begin to shake, knowing that she was cumming on his cock again.

"NAUGH! Humans' cocks are so much bigger than an elf's. AUGHH! LANDEN!!! I AM CUMMING ALL OVER YOU! I-I CAN'T HOLD MYSELF UP!!! LANDEEEEEEEEEENNN!!!" Dora cried out, her eyes rolled back in pleasure, her pussy convulsing hard as she came, cumming all over his cock again.

"Oh, God! ARH!" Landen cried out as he felt Dora's pussy squeezing his cock again and again, the pleasure overwhelming him as he felt his cock twitch and his balls tighten as he held her in place, thrusting up into her one last time as he buried himself deep inside her pussy and exploded, cumming inside her pussy.

"AUUUGGHHH!!! AUUUGGHHH!!! LANDEN!!!" Dora cried out as she felt Landen's warm cum flood her pussy, filling her with his seed as she felt it splatter all over her pussy and as her belly started to bulge.

'H-He is so deep inside me. AAAAHHHH!!! LANDEN! I-I can't move. I-I am so tired. My body feels so good,' Dora thought as she lay in his arms, feeling his cock twitching inside her pussy, cumming and shooting his seed deep into her womb.

'Oh, God! He's conquering me! I-I don't think I can resist any longer. I-I think I love him! I love this human! Augh! I never knew humans had such large amounts of stamina.'

Dora could feel Landen kissing the top of her head as he held her tight, not wanting to leave her side as he held her.

"Yeah, I can't wait to get you a ring and ask you properly. Then you'll really be my wife. And then we will have lots of babies." Landen said as he kissed her again, holding her in his arms as she passed out again.

Dora woke up in her bed. She felt sore all over, but she felt so good.

'Oh! Everything is so hazy. I was so happy. How long have I been asleep? AUGH! I'm still tired,' Dora thought as she got up and looked around. She saw that Landen was not there.

'Where's Landen? Maybe I should go look for him,' Dora thought as she looked around and noticed she was in a bedroom that she wasn't familiar with.

Dora felt confused. She was not in the treehouse she lived in. 'Did I pass out after we made love?' Dora asked herself as she walked around the room until she came across a mirror.

Dora looked at her reflection. "What the?"

She looked younger and more mature as she finally saw her new body. Her breasts were larger, more curvier. Her ass was fuller, more round, and plump. Her skin had a perfectly pale tone to it. Her hair was longer with curls at the end.

"Wh-What did he do to me?" Dora said as she looked at herself.

Her mind went back to Landen.

She could see him smiling at her, his warm embrace as he held her in his arms.

It made her feel a quiver deep under her belly button, but it was a good feeling.

"Landen?" Dora said as she looked around the room. "Where are you?" She asked.

She walked around the room, looking for a way to open the door when she heard Landen's voice.

"Dora! You're awake! I was starting to worry!" Landen said as he ran in.

"Landen! What happened? What did you do to me?" Dora asked.

"Well, let's see. I made love to you, I got you pregnant, and then I carried you to my house because I didn't want to leave you alone. And I was covering for you at your bar for the last five hours," Landen said as he smiled at her.

Dora was still in shock. "P-Pregnant? I'm pregnant? But elves can't get pregnant that easily!"

"Well, that ancient gold coin helps with fertility," Landen said as he smiled at her. "And your new boobs helped too."

"My what? I don't understand," Dora asked as she felt her new tits.

"It makes your tits bigger to show your body was ovulating. So I could impregnate you easier," Landen said as he came over to her and cupped her tits.

Dora moaned at the sensation as Landen kissed her.

She could feel herself getting wet.

"I-I never heard of such an enchantment," Dora said, trying to gather her thoughts.

"Well, my father put a lot of enchantments on that ancient gold coin because it can contain many powers. It was originally made for my mother because she had trouble conceiving and she passed it onto me. So, now you have it," Landen said as he looked at her.

"Why was it made for your mother?" Dora asked, feeling curious as she looked at him.

"Because she is a succubus and my father wanted to give her something she never could achieve without it. She told me to give it to a woman who will be my wife. I didn't think it would be so soon but I am glad it's you." Landen said as he looked at Dora.

Dora could feel tears come to her eyes. She had never been loved before. It's not something elven culture encourages.

She could feel Landen wiping away her tears.

"So, you're serious? You love me? And I am to be your wife?" Dora asked as she looked into his eyes.

"Yeah, once you put this on your ring finger, we are bound by law and magic to love each other and support each other in sickness and health. That ring was my mother's," Landen said as he kissed her.

Dora felt happy as she kissed him back as he brought out a mysterious-looking ring.

Dora felt confused as Landen put the ring on her ring finger.

'Oh, my god. Does this have an enchantment? Why does it look like this?' Dora thought to herself as she could feel Landen kissing her.

The ring was made with dark gold and had two rubies cut in the shape of a heart and a succubus tail wrapped around it.

She could see that the ring was magical.

"Landen? What does this do?" Dora asked.

"It binds you to me in magical ways. So that way, no matter how far we are, you will always find me.

"Why does it have succubus themes on it?" Dora asked.

"Oh, my Mom is a succubus and my father wanted to have a child with her. So that coin helped control her power, making it easier for me to conceive with her." Landen said, knowing that the ring had a few more enchantments than he let on.

"How did she conceive with you?" Dora asked, feeling curious as she looked at him.

"By my father making love to her for hours on end," Landen said, giving her the short version.

"Huh? For hours on end? That is... very hard for an elf to do," Dora said, not thinking about what she said as she blushed, not realizing how that sounded.

"You let me worry about that. For now, let's go to bed," Landen said as he picked her up in his arms.

"Landen? Put me down! I can walk!" Dora said as he carried her to the bed.

"You can walk later," Landen said as he laid Dora down on the bed and kissed her.

Dora could feel herself getting wet again as they kissed, Landen's tongue wrapping around hers.

'I thought he was a human? But he's a halfling?' Dora thought to herself as Landen began to lick her neck, making her shiver as he began to suck on her neck, leaving a hickey.

'Landen, you are so naughty! AUGHH!!! You're making me cum again!' Dora thought as she felt her body begin to shiver.

"AAAHHHH!!! LANDEEEEEENNN!!!!" Dora cried out as Landen pushed his cock into her pussy.

Dora felt a pulse coming from the ring as she screamed out again. "AAAAUGHH!!! LANNNNDEEEEEENNN!!! AAAAUGHH!!!!!"

"Yeah, that's right. Scream my name," Landen said as he kissed her while pushing his cock into her, making Dora cry out as he pushed himself in deeper.

Dora could feel his cock growing inside her as he began to thrust in and out of her, the ring pulsing every time he pushed himself in.

Dora moaned in pleasure as he fucked her, his cock filling her pussy with every thrust.

Her nipples grew hard as he began to suck on her tits, Dora feeling the sensation flow through her as she screamed out in pleasure as Landen fucked her harder and harder.

"Oh, Landen! I'm cumming again! AAUGHH! AAAHHH!!! LANNNNDEEEEEENNN!!! I AM CUMMING ON YOUR COCK!!! NAUGHH!!!" Dora cried out, her pussy spasming as she came again, her legs shaking as Landen fucked her, his cock growing inside her pussy as he pushed in and out of her, spreading her pussy wide open.

At some point, the tip of his cock reached the entrance of her womb as he began to fuck her faster and harder.

"LANDEN! AAAAHHH!!! NAUGHH!!! LANNNNDEEEENNN!!! I AM CUMMING AGAIN!!! I CAN'T STOP CUMMING!!! NAUGHH!!!" Dora cried out, her body shivering in pleasure as Landen's cock began to throb inside her pussy.

"I'm cumming too, Dora! Here it comes! AAAAHHHH!!!" Landen cried out as he felt Dora's pussy clamp down on his cock, her legs shaking as she came over and over again, her pussy squeezing him harder and harder as he pushed himself deeper inside her pussy, the tip of his cock pushing through the entrance to her womb as he came.

"DORA!!! I AM CUMMING ALL OVER YOU!!!" Landen cried out as he came hard, filling her pussy with his seed, cumming deep inside her pussy.

Landen held Dora close to him as she shivered in pleasure, his cock spurting cum deep inside her pussy as her pussy continued to squeeze his cock.

'Landen? I can feel his seed flooding me. OH, GOD! I CAN FEEL MY WOMB CHANGING! I AM BEING FILLED WITH HIS SEED!!!" Dora cried out as her pussy squeezed Landen's cock again, the ring pulsing as he continued to fill her pussy with his cum.

"LANDEN! I AM CUMMING AGAIN! AAUUUGHH!!!" Dora cried out as she came over and over, her pussy squeezing Landen's cock, her belly slowly starting to swell as she felt her belly bulging.

"Hmm! I wonder if you'll have a boy or a girl," Landen said as he looked down at her belly.

"I-I don't know. But you said your mother was a succubus? Are you not human? AH! AAUGHH!!! LANNNNDEEEENNN!!! LANDEN!!! LANDEEEEEEEENNN!!!" Dora cried out as Landen fucked her harder and faster, his cock spreading her pussy wide open as he thrust in and out of her, fucking her pussy deeper and harder, making her cum harder as he pushed himself inside her pussy.

'Landen, you're going to make me cum again. AAAUGHHH!!! AAAUGHHH!!!' Dora thought to herself as she began to convulse again, her legs shaking as she began to cum all over his cock again.

"A male can't be a succubus. But it seems I pick up some of my mother's attributes. Like making my saliva have an aphrodisiac effect on people," Landen said as he continued to fuck her.

"AAUGHH!!! LANDEN!!! AAAAHHH!!!" Dora cried out, cumming hard as she felt her belly beginning to bulge, feeling his cum beginning to fill her womb.

"And I can't make my dick as big or small as you want it to be," Landen said as he fucked her deeper and harder.

"Naugh! L-Landen!!! I am cumming again!!! NAUGHH!!! I-I AM CUMMING ALL OVER YOU!!!" Dora cried out as she felt her pussy spasming over and over again, cumming hard as she felt her belly bulging, his cum beginning to spill out of her pussy.

"DORA!!! AAUGHH!!! HERE IT CUMS!!!" Landen cried out, his cock growing inside her pussy again, spreading her pussy wider as he continued to fuck her, Dora's belly bulging even more as he filled her with more of his seed.

This went on for hours as Landen fucked her over and over again.

Dora lost track of time. Her pussy was sore from Landen fucking her, but she could feel it leaking cum onto the bed.

Her belly was full of cum that she looked pregnant with his child.

It has been over a month since Landen made Dora his wife and since then, he has been filling her pussy and womb with his cum. And she was starting to think that the enchantments weren't working as Landen said. She didn't mind it as long as she was by his side as she liked in his noble estate that was in the center of the city.

Usually, when Dora gets a bloated belly from all of Landen's cum. Dora would just sleep for a few hours, and her belly would go back to normal like it never happened.

This morning was different as she was putting on her clothes when she noticed her belly was still bulging.

She felt herself getting wet as Landen walked up to her and cupped her tits.

"Morning, beautiful. Ready for your daily massage before work? I made some breakfast," Landen said as he kissed her, his lips lingering on hers as Dora kissed him back.

"Mmm! Landen! I-I need to get the tavern open before my workers get there and you need to report to the Lordship," Dora said as he continued to kiss him.

"No! We are going to make love in the bath and eat breakfast later!" Landen said as he picked her up and carried her to their room, laying her on the bed and climbing on top of her.

"Landen!? We need to go to work—AUGH! AAUGHH!!! LANNNNDEEEEEENNN!!! NAUGHH!!!!!" Dora cried out as Landen began to lick her pussy, spreading her lips open as she moaned, feeling his tongue pushing deeper inside her as she came all over his face.

'NAUGH! Curse his succubus bloodline! I can't stop cumming! AAAUGHH!!! I am cumming again!' Dora thought as she came, her body shivering as Landen licked her pussy harder and deeper, pushing his tongue in and out of her pussy as she moaned loudly.

"AAUGHH!!! LANDEN!? YOUR TONGUE? AAAUGHH!!! AAAAHHH!!! LANDEEEEEENNN!!! LANNNNDEEEEEENNN!!! LANDENNNNNNNN!!!!!!!" Dora cried out as she came, her pussy squeezing Landen's tongue as she convulsed hard on the bed, feeling her pussy throbbing around his tongue as he began to suck on her clit.

"LANDENN! NAUGHH!!! AAAUGHH!!! I LOVE YOU BUT THIS IS TOO MUCH!!!" Dora cried out as Landen fucked her with his tongue and sucked on her clit, making her cum harder as she screamed out in pleasure, cumming all over his face.

Landen stopped sucking her pussy and kissed her, letting his cum-coated tongue slip into her mouth.

Dora could taste herself in Landen's mouth as he kissed her, his tongue sliding past her lips and wrapping around hers as she moaned, feeling her body growing hotter and hotter as she felt herself growing wetter.

"I can't let you go to work all tense," Landen said as he spread Dora's legs apart and lowered his head between them.

"Landen!? AAAUGHH!!! WAIT! AAUGHH!!! AAAAHHH!!! THIS IS MAKING ME TENSE! AAAUGHH!!! AAAAHHH!!! NAUGHH!!! AAAAHHH!!!!!" Dora cried out as she felt his tongue pushing deep inside her pussy, his tongue moving in and out of her pussy as she moaned, feeling her clit throb as he licked it.

Dora couldn't help but be at the mercy of Landen's tongue. His tongue fucked her pussy deeper and deeper as she moaned louder, feeling her legs shaking as he pushed himself in her pussy.

'Oh! My! GOD!!! NAUGHH!!! NAUGHH!!! LANDENNNNNNNNN!!!! AAAUGHH!!! I'M CUMMING AGAIN!!!" Dora yelled as she gripped the sheets of the bed while arching her back, her pussy squeezing Landen's tongue as she came all over it.

"I'M CUMMING AGAIN!!! NAUGHH!!! LANDEN!!!" Dora yelled as she came again, her pussy spasming all over Landen's tongue as he pushed his tongue in deeper, while she was on cloud 9.

Landen finished eating her pussy and stood up, "Hmm? Now you look relaxed," Landen said as he kissed her again.

Dora could taste her pussy on his lips as they kissed and felt his cock rubbing against hers as Landen climbed onto the bed and pushed himself into her pussy.

"Ohhh! You're going to get me pregnant! I can feel it! AAUGHH!!! LANDENN!!! NAUGHH!!!" Dora cried out as Landen fucked her, filling her pussy with his cock as she moaned, his cock spreading her pussy wide open as he fucked her.

"So what!? I am your husband and it's my duty to make you feel loved! AUGHH!!! DORA!!! NAUGHH!!! You are mine now! And I want to give you everything you've ever wanted! AAAAHHH!!! MY DORA!!!" Landen cried out, thrusting his cock inside her faster and deeper.

Dora could feel her belly bulging as Landen continued to fuck her, pushing her down onto the bed as he thrust in and out of her faster and faster while her legs wrapped around him as they fucked.

Landen fucked her harder and faster, her pussy squeezing his cock harder as she moaned in pleasure, Landen's cock pushing in deeper and deeper as they fucked.

"BIGGER! MAKE YOUR DICK BIGGER! AAAAHHH!!! BIGGER LANDEN!!! I CAN FEEL YOU IN MY WOMB! AAUGHH!!! I'M CUMMING ALL OVER YOU!!!" Dora cried out as she felt her pussy squeeze Landen's cock again and again, her pussy cumming over and over again as she screamed out in pleasure, her belly bulging even more as Landen fucked her.

"Haha... Oh, that felt nice..." Landen said while he pulled out of Dora, making her groan as she felt his cum beginning to spill out of her pussy.

"I have a feeling it will take a few hours before your belly is back to normal. Let me fix that," Landen said as he placed his hand on her belly and concentrated, his hand glowing as he cast healing magic on her.

"AAAHHH!!! LANDEN! AAUGHH!!! I'm cumming again! AAUGHH!!! LANNNNDEEEEEENNN!!! AAAAAHHHH!!!" Dora screamed out, cumming as her belly shrunk back to normal while her pussy leaked Landen's cum all over her bedsheets.

"Hehe! There you go my love," Landen said as he helped Dora to her feet.

"Landen!? I love you, but I'm running out of clean clothes!" Dora said as Landen kissed her.

"Well, I better wash the sheets then," Landen said as he picked her up and carried her to the bathroom.

"You're such a human, Landen! Just because you are a halfling doesn't make you a succubus!" Dora said as she kissed him, her hands caressing his chest while his hands squeezed her ass, making her moan into the kiss.

"Yeah, that would be unfortunate if I was a succubus. But you're stuck with me for the rest of your life, my love!" Landen said as he kissed her, making Dora moan as they continued to kiss, Landen carrying her to their shower where they had sex again, Dora's pussy squeezing Landen's cock hard as they fucked. Before coming out clean again.

"Augh... Okay, you had your fun now I need to go to work!" Dora said as she dressed herself, putting on her underwear and cleaning herself up as much as she could while Landen put on his clothes.

"I wish you would retire so you could stay home instead. But that would be too selfish of me... So when will you be home?" Landen asked, his hand rubbing her belly as she finished getting dressed.

She put on a long sleeve blouse with laces, a skirt, and a leather belt, "I'll be home tonight by sunset."

"I'm going to miss you all day. I love you," Landen said as he hugged her.

"I love you too, Landen. Now you better go to work before you are late!" Dora said, kissing him as she walked out the door, Landen watching as she walked down the road, heading to the tavern.

Dora walked down the streets of Bactra city, humming to herself as she walked down the road towards the tavern, the sun still high in the sky.

She couldn't help but be in a good mood. All because her husband, Landen, fucked her silly and filled her pussy with his seed.

She never felt so happy to go to work. And she was finally getting used to walking around with her new voluptuous body as her hips swayed side to side as she walked, the skirt she wore hugging her hips tightly as she walked.

Her breasts loved to jiggle in her bra as she walked, even the slightest movements making her body quiver.

She never knew that having a new body would be so much fun!

'Oh, I never thought I love having big breasts and an ass as much as I do now!' Dora thought to herself as she reached the tavern.

It was the usual busy day for the tavern. And Dora was very happy to see so many new people coming in and buying drinks.

Everything was going well except for her hunger.

Her belly was starting to feel empty from having a light breakfast earlier.

'Ugh... I'm hungry.' Dora thought as she walked over to the bar.

"Can I get a chicken drumstick?" Dora asked her chef, trying to hide her hunger as best as she could.

"Comin' right up, boss!" The chef said, cutting off the chicken drumstick and serving it to Dora on a wooden plate.

Grow!

"Here ya go, boss. Can I get another one of these?" the chef asked, handing Dora another drumstick.

"I'll have two, thanks!" Dora said, happily taking the drumstick.

Dora didn't know why but the food smelled better today than any other day. And it tasted so much better.

"Mmm! This is good!" Dora said as she finished her first drumstick and ordered another.

'Who knew that eating chicken drumsticks would be so good!' Dora thought to herself as she finished her second drumstick.

Grow!

'Oh!? My stomach is being stubborn. It's fine. I am still full,' Dora thought as she walked to the other side of the bar.

As she walked she noticed her belt felt tighter than usual.

She looked at her body and noticed she had gained some weight around her waist.

'I think I am just bloated.' Dora thought as she continued to walk to the other side of the bar, and delivered an order of beer to some customers.

"You're looking quite sexy today, Miss Dora! I wonder if you are going on a date with Landen tonight?" one of the girls asked.

"Y-you think? I think I'm just gaining weight from all the stress at the tavern!" Dora said nervously as she walked away.

She went to the back room to see what she should wear when she noticed her skirt was feeling tighter.

'Huh!? That's weird. My skirt is feeling tighter around the waist. But I have a pretty tight skirt...'
Dora thought, trying to loosen her skirt and tighten the laces but to no avail.

'Maybe I am gaining weight. But how?' Dora thought as she left the back room, her belly feeling heavier and heavier with each step as she walked to her office.

She opened the door and went in, sitting at her desk as she started to read a report when she felt something in her pants.

She took a deep breath and slowly took out her belt.

'I don't know why I am doing this, but I feel like I shouldn't wear my belt right now...' Dora thought as she slowly took off her belt and put it on her desk.

'Ah! Much better!' Dora thought as she felt her pussy wetten, her hips jiggling in her chair as she leaned back and spread her legs, rubbing her pussy through her clothes as she moaned softly.

"Ah! What!? Why am I doing this!? I'm so horny! Ahhh... Ohh... L-Landen..." Dora moaned as she began to touch herself.

'No! Landen isn't here and I'm at work! I must stop this!' Dora thought as she continued to rub her pussy through her clothes as she moaned, the pressure on her clit felt so good.

"OH! AHHH!!! I want to feel his cock inside me! I want—"

Growl!

Dora stopped as she felt her stomach grumble again, her hand rubbing her belly.

'Oh! My stomach! I need more food.' Dora thought as she stood up, feeling her ass and hips jiggle as she walked out of her office.

She went to the tavern to see what they were serving today when she noticed she was being stared at by a lot of people.

Dora walked over to the bar and asked the chef for an order of meat and more chicken.

"Your wish is my command!" The chef said, cutting the chicken drumsticks and putting them on a plate for Dora.

She felt her hunger returning as she took the plate to a table.

She started to eat the chicken and it tasted so good. She ate so fast that she finished the drumsticks before she knew it.

'Mmmmh! I always liked greens over meat but I can't help but be attracted to meat all of the sudden.' Dora thought as she ate the vegetables off her plate, chewing them as she stared into space.

Dora was happily eating away not noticing her belly getting heavier as she chewed on the meat and vegetables, the weight of her body now making her breasts heavier than before.

She stopped eating her meal when she felt the need to get up and stretch.

'Ugh! My belly is full now and my breasts are getting heavier.' Dora thought as she stood up.

Growl!

"Oh no! My stomach is grumbling again." Dora said, her body feeling heavier and heavier as she walked around the tavern.

"Uhm? Miss Dora? Are you okay? Your belly is bloated... and your tits are getting bigger... ohh and you are definitely getting hotter," the girl said, looking at Dora's face.

"Y-you think!? I-I guess I take a break? Um? Cover for me while I try to figure out what is going on!" Dora said as she went to the back room and sat on a chair, trying to ignore her hunger as she sighed.

'What's going on with my body? I'm horny but I don't need to be with my husband at the moment. I am getting fat but I don't feel any extra weight on me except in my boobs and stomach. Ugh! I am so confused!' Dora thought, her hand touching her bloated stomach as she felt her breasts pushing against the buttons of her blouse.

"Oh! It's not that bad, Dora. You have a lot of work to do! So stop complaining and get up!" Dora said to herself as she stood up, her body feeling her waistband stretch as she walked over to her desk, trying to ignore the aching hunger in her belly as she sat down, taking a deep breath as she tried to focus on her paperwork.

Dora looked at the time and saw that she had been working for a few hours now, and her stomach pushed out more of her clothes.

'Huh!? God! I look like I'm pregnant!' Dora thought as she went back to her paperwork, her body feeling heavier and heavier by the moment.

The knot that was holding her skirt up came undone, causing the skirt to open and show her underwear while her stomach kept getting bigger and bigger, causing her clothes to pop off and fall to the floor.

'Huh!? W-what just happened!? Ohh... My skirt! My skirt falling off me and I can't even see my underwear! My stomach is so big!'

Her boobs were pushing against her blouse, the buttons on it barely holding them back.

'I-I need to stop this! I can't stay like this!' Dora thought as she stood up, her body feeling heavier and heavier by the minute as her belly pushed out more of her blouse while her breasts were bigger than ever, the bra not even able to contain them as they spilled over the bra cups and down her chest.

'I-I must go to the bathroom and find a way to stop this. Oh no! I feel so horny!' Dora thought as she tried to walk, her skirt falling down from her waist as she walked towards the back door, her legs shaking as she tried to keep herself up, the skirt falling down to her feet as she walked towards the door, her hands going to her belly as she walked.

POP!

Her blouse came off, showing her bra underneath her massive tits and stomach, her skin looking tight and firm.

Her stomach was bloated, pushing out her bra as her breasts pushed against her bra, pushing out the cups of it, revealing her breasts and nipples to the world as she reached for the door to the bathroom.

"What's happening to me!?"

Her legs began to buckle as she tried to reach the door handle, the weight of her body pushing out her ass as she walked, her belly and breasts pushing out more as her hands grabbed the door handle and pulled, her legs buckling and collapsing under her weight as she fell to the floor, her ass pushing out her panties as she felt her body fall to the floor, her legs shaking and her tits spilled out from her bra while she sat there on the floor.

"Oh god! What's going on with me!?" Dora cried out as she sat there on the ground.

It was at that moment she noticed a white substance coming from her nipples.

"Oh! What is this?" Dora asked herself, her hand going to one of her breasts to try to stop the white liquid coming out of her.

"AHHH!!! WHAT IS GOING ON!? WHY AM I LACTATING!?" Dora screamed as she rubbed her nipple, stopping her flow of milk as she tried to stand up.

Her knees were shaking but she was able to stand up and walk over to the mirror in the bathroom.

"Huh!? I-I look like a pregnant woman!" Dora cried out as she looked at herself, her breasts pushing against her bra as they spilled over the bra, her belly bloated as her legs buckled from the weight.

Her stomach was nice and round as she looked like she was in her third trimester, her belly pushing out more while her boobs spilled out of her bra, and her nipples leaked milk onto the ground as she touched herself in the mirror.

"O-oh god! Am I pregnant!? But it usually takes an elf two years to grow a child. This shouldn't be possible! Ooh! Oh god! I-I must go see Landen. He must know what's going on with me!" Dora said as she began to walk out the door, her boobs and stomach jiggling as she walked and right before she could reach the door she heard footsteps coming towards her.

'Huh!? Who's coming here?' Dora thought as she looked around the room to see if she could find a place to hide but the door opened and Dora saw.

"Landen!? Landen! HELP ME!" Dora screamed out as her husband walked towards her, a smirk on his face.

"I thought you were pregnant! But this is even better!" Landen said as he walked up to her, his hand going to her belly and rubbing it.

"Landen! What's going on!? What is wrong with my body!?" Dora asked as her husband's hands rubbed her bloated belly.

"I think it is the fault of my mother's bloodline. She always said she gave birth to me in a month. I just didn't expect the same would happen to an elf, like yourself," Landen said as he kissed her cheek.

"B-but what are we going to do? I am going to be very big and round soon! I won't be able to go to the tavern or anywhere else for a while!" Dora asked, her breasts jiggling as Landen continued to rub her belly.

"Well, that's only true for a couple more hours my love. By sundown, you will be at your full-term pregnancy!" Landen said with a smile as Dora felt her knees buckle from shock, her legs collapsing as Landen caught her in his arms.

"I'll be giving birth by sundown! AH! LANDSEN! LANDSEN!" Dora cried out as Landen carried her to the bed in the back of her office, Dora lay on her back while Landen took off her bra and began to rub her belly again, Dora moaning softly as Landen rubbed her belly, his hands rubbing her boobs as he continued to rub her belly.

"Ohhhh! My belly! I'm so full!" Dora cried out, her nipples leaking milk onto the bed as she felt her belly grow bigger, Landen's hands rubbing it as he gave her a kiss on her lips, Dora kissing back.

"Your belly is so big my love! I wonder how it will look after it gives birth?" Landen asked, his hands rubbing her breasts, the nipples leaking even more.

"AHHHHH!!!" Dora screamed out in ecstasy as Landen rubbed her nipples, her body shaking in pleasure as her stomach was pushed out more by Landen's hands rubbing it.

"You look like a goddess my love! The mother of my children! Oh! I can't wait to see them! I bet they will be gorgeous! Just like their mother!" Landen said as Dora moaned.

'I'm going to be a mother!? Aunh! My belly! My boobs! They're getting bigger!' Dora thought as her breasts were pushed out by Landen's hands as she felt her belly growing bigger.

"I-I feel my belly! It is growing so much bigger!" Dora cried out as her breasts were pushed out further, Landen's hands rubbing them and squeezing them as she felt the weight of her body.

She felt like she weighed five hundred pounds now, the weight pushing down on her as she lay down, moaning softly while Landen rubbed her belly.

"My love, your belly is amazing! Your boobs are so big! I think you're almost ready to start going into labor, Dora." Landen said as he kissed her stomach, his tongue licking it while Dora moaned, her belly pushing out more as Landen continued to lick it, sucking on the skin of her belly as she felt the weight of her body pushing her down to the bed, the weight of her body pushing her even more as Landen began to rub her pussy through her panties.

"Ohhhhh! Landen! Ooh! You're so mean! But I like it so much!" Dora said as she felt her pussy being rubbed through her panties as she felt the weight of her body pushing down on her, her boobs leaking milk.

"Let's remove these panties of yours. I can't wait to see your pussy." Landen said while Dora felt her panties being taken off her as Landen touched her pussy.

"AHHH!!! Ohhhh! It feels so good when you touch my pussy!" Dora moaned as Landen fingered her pussy while rubbing her clit.

"Your pussy is so warm and wet my love! Ah! Yes. Your dilating pussy is ready for childbirth." Landen said as he lifted his hand up to Dora's pussy, feeling her belly.

"Oh! What is going on!? Landen! OHH!" Dora moaned as Landen kissed her belly while he touched her pussy, his hands rubbing her clit while his tongue went to her belly button and licked it.

Gush!

Dora's water broke, soaking Landen's clothes as Dora felt the pressure in her body rising.

"L-Landen! It hurts so much!" Dora cried out as she felt her body getting to for contractions as she squeezed Landen's hand as hard as she could.

"It's okay Dora! Just keep breathing. I'll be here for you the whole time," Landen said, holding Dora as she felt the pain of her contractions, the pressure in her belly.

"Landen!? I-I feel something moving down below!" Dora cried out as she felt the contractions pushing down in her cervix as she squeezed Landen's hand, hissing in pain.

"Just let the babies out, Dora! It's okay. Your body knows what to do. Just let it happen," Landen said, kissing her cheek as Dora cried out in pain as she felt something coming out of her.

"O-oh god! Landen! I feel like something is pushing out of me!" Dora said, Landen, holding her hand as she pushed, feeling something bigger come out of her.

"Oh! It feels so good! Ahhhh!" Dora moaned as she pushed out her baby, Landen holding her as he held the baby in his arms, taking the baby and cutting the umbilical cord as he put the baby on the bed next to Dora.

"OOH! I feel another one coming out of me! Ahhh! I don't think I can handle two children at once! Oh god!" Dora moaned, feeling something pushing down on her cervix as she pushed out the baby.

"Well, look at that twins? Oh? Um? Or maybe triplets? Ugh! But I know it's going to be a big one!" Landen said as he saw the baby was covered in fluid and blood while he cut the umbilical cord and put the baby down next to his sister.

"Ohhhh! It hurts so much! Ahhhh! Landen! Ohh! I can't take it anymore!" Dora cried out as she felt something pushing out of her.

"Dora? You are doing great! Just push and you'll have another one out," Landen said as Dora felt the pressure on her cervix, the pressure building up in her as she felt the babies pushing down on her, wanting out as she squeezed Landen's hands, moaning softly as she pushed out the next baby, feeling it come out of her as her belly shrank back to its normal size.

"OHHHH! OHHH! I did it! I can't believe I had three children at once!" Dora said as she lay there, exhausted while Landen looked over his children.

"Well? I think our youngest daughter is going to be a hand full when she gets older. But she is so cute!" Landen said as he kissed his daughter's cheek, the baby opening her eyes and crying softly while Dora was trying to understand what her husband just said.

"What did you say? My youngest is going to be a hand full? How so? A hand full of what?" Dora asked as Landen kissed his youngest's cheek while looking at his wife.

"A hand full of trouble," Landen said as he showed her their daughter.

All three of the children had their mother's pointed ears, but the youngest had a tiny tail with a spade shape on the end of it.

'Oh, my god! I-Is that a succubus tail? A HALF-SUCCUBUS? I-I can't believe my baby is half succubus! What about the other two?' Dora thought as she saw the three of them, the newborns yawning as they closed their eyes.

"Yeah? I think her grandmother will have to train her, so she doesn't do anything bad in public. You know how those succubi get when you leave them alone for too long." Landen said as Dora kissed him.

"Yeah... Your mother is a handful herself. But that would be for the best. So I have two daughters and a son... I love you so much, Landen." Dora said, kissing him.

"I love you too, Dora. I knew one day I would get to make a family with you," Landen said, kissing her while his children began to wake up, Dora kissed them, all four of them in a loving family while she knew that the tavern would not be open for a few months, which would be a great time to be with her family.

The End.
