A good question.  
Let's answer it slowly.  
With pictures.  
And many marketing posts.

New cover art. There's new cover art.  
We made it because the spine is thicker because the  
book is thicker because there are more  
pages. Also, it's cool to have new covers.

250 pages instead of 200 pages means ...

... more art.

Bigger art.

Which means clearer, self-contained caravan rules  
more compatible with the system of your choice.

And patrons and goods and services.

New character and caravan and cargo sheets.  
I don't know why this'd be exciting.

But it's new.

So.

An expanded map! With terrain labels! And a way  
to tease new locations coming in future products!  
Including, yes, the whole Circle Sea.  
Just teasing for now, tho.

Some of the new art is maps.  
Usually maps cut from UVG 1 to save space  
and fit the 200 pages.
