

## Chapter 58 - Will she agree to work here?

Nazuna talked to Rias, and Rias took a room on the third floor. Rias was carrying a school bag with her. She went upstairs and put her bag on the bed before going down again to have something to eat.

Nahida attended her.

"Well, we have a lot of things today. Hamburger, fries, and you can also order sushi if you want. I can't guarantee it'll be very good, but my cook says he can make it."

"Sushi? That's good."

"Right. Would you like something to drink? Soda? Tea?"

"A soda, please."

"Okay. As you've already paid for the meal, I'll only charge you for the drink, is that okay? Sodas are a bit expensive."

"It's okay, I don't mind."

After taking the order, Nahida entered the kitchen and handed it to the cooks. Lucky said he would prepare everything quickly, and Nahida nodded in satisfaction. When Nahida arrived at Rias's table again, he was already carrying the soda.

He brought a can and a glass. Maybe Rias wanted to avoid drinking directly from the can.

"Thank you very much. Oh, and about your hotel, it's grown a bit since the last time I came here, hasn't it? Besides, the energy in here is stronger."

"Hm? The energy? What do you mean?"

"It's nothing. But about the hotel, how did you manage to increase its size so quickly? Shouldn't it have taken a long time to renovate?"

"Well, that's a secret. Now if you'll excuse me, I'll be right back." Nahida left to stop talking about his hotel with Rias. She was a character he liked, but he didn't think he should share his secrets with her.

He would tell her only if she became someone very close to him and trustworthy, just like with Nazuna and Rudeus.

'Although Rudeus was someone I talked to for a short time. But I only told him because I wanted him to put my hotel in his world... It's been a while. So far, he hasn't come back.'

"All right, while Lucky prepares Rias' food, I'll look at my system." Nahida had lost his focus. He thought he should return to focusing only on his hotel for now.

He needed to make several upgrades that were still missing. He also needed more rooms.

He had ten rooms on the second floor and five on the third. He wanted to reach 20 rooms and then make several upgrades to all of them to bring them up to the "maximum level" of comfort for customers.

After that, he would worry about doing another floor.

"I don't have many points, I think I'll let them accumulate for a few days and then spend them all on new rooms."

Nahida's level had already gone up, and it wouldn't be long before it rose again.

Nahida closed his system and went to the kitchen. He took the plate of food from Rias and brought it to her. This was supposed to be Shirou's job, but Nahida and Nazuna were doing it since he was away.

Nahida had already given up on Shirou and considered hiring someone else.

"If I try to hire Rias, will she take the job?" Nahida was standing in the distance, watching Rias. She was a wonderful and attractive woman; having her working in his hotel would attract customers.

But Rias was an important girl and had money, too. Would she accept a job like that?

"Well, I'll take advantage of her being here and have a chat with her."

####

Nahida waited for Rias to finish eating so he could talk to her. But before starting the conversation, he took her plate to the kitchen and cleared the table. Once everything was clean, he sat down with her.

"So, what did you want to talk about?"

"I'll be blunt, I wanted you to work in my hotel."

Listening to Nahida, Rias was speechless. She was stunned, looking at him without knowing how to answer. She had come there because she was curious about the hotel but had no intention of working there.

She had been taken by surprise.

"Work here? Me?"

"Yes. You're a beautiful woman, and also very good at cleaning and housework, right?"

Listening to Nahida, Rias's face turned red. "Thanks for the compliment, but I don't know if I'll be good enough for this job..."

"I'm sure you can do the job very well. Can you at least think about it?"

"Hmmm... All right, I'll think about it. I'll give you an answer by tomorrow, but I can't promise anything."

"Just thinking is enough for me. Of course, I expect a positive response." Nahida gave a smile, and Rias laughed along with him.

When the conversation ended, Rias went upstairs, and Nahida went to reception. When he arrived, he sat at the counter to talk to Nazuna and Joulan. "That girl. I asked her to work here."

"What? But you know her?!" Nazuna said in surprise.

"I know her... A little..." Nahida only knew what he had seen in the anime. But for him, that was enough.

"Well, I don't have the right to give an opinion. Do what you want." Unlike Nazuna, who was surprised and slightly annoyed, Joulan didn't mind.

"Don't worry about her. I'm sure she'll do the job just fine. Well, she hasn't accepted the job yet, she'll give me an answer tomorrow."

"I see. Well, since you trust her, I have no reason to be against it." Nazuna sighed and shrugged.

After the conversation, Nahida went to one of the tables to eat.

After spending the day anxiously waiting for Rias to reply, when evening came, she finally had an answer for him.

"I thought you weren't going to answer until tomorrow. But then, what do you think?"

"I'm going to work here. But I can't work too many hours a day."

"You're hired!"
