# A Note from the Editor

First off, I want to thank everyone who has shown their support so far, even if they are not actively contributing to the zine.

Before thanking our Tier 2 and 3 Patreons, however, I want to announce that, if you are an artist, you can join the Wedgie Wednesday project by sending us our original art. If you want to participate (and receive a part of the benefits, of course!) you may send us a message via Patreon or note DangerWedgie on deviantArt.

You must discuss the picture with our editor before working on it, though, just in case, and if your submission is approved you will be able to act as our Guest Artist for one issue.

(If your intention is to work on the cover, please contact us too, as the specifics will vary).

With that out of the way, special thanks to:

Anon from Koi Pond, AutumnTheMagnificent, Charles Ross, Fireblaster40, Jack, Jacks, kms2d, M7y6 MKJ, Nasir Burrows, OC, Shark61b, The360archangel, Thomas Newman and Zackery.

This would not have been possible without you!

# River City *BULLIES!*

This month, we got the chance to interview two of the most fearsome wedgie givers at River City: Kyoko and Misako! First of all, we asked them what do they like about giving others wedgies, and who their favorite victim is.

## **Kyoko** says:

I loooove to see what other girls are hiding under their **skirts**! Panties can say a ton about soeone's personality, you know? Like, imagine a goth girl who's wearing cute teddy bear panties! She's totally not as tough and punk as she wants everyone to **think**, right? Hehe, that's what I mean. Also, I just don't care who gets the wedgie, it's just fun to find out what kinda **undies** they're wearing!

## **Misako** says:

Yeah, to be fair I don't really care about all that crap. Wedgies are a good way to get info from idiots and put nerds in their place. Those bitches **Mami and Hasebe** feel pretty good to bully, too. They never know when to shut up and I think **a good panty-pulling** is the best way to do that. Their cheap undies rip pretty quickly, though.

But you also get wedgies from time to time, right?

## **Kyoko** says:

Uh... yeah, when the **cheerleaders** gang up on us, we really can't do anything to them... we can defeat almost any other group, but they're just too good at bullying! They usually only target nerds and losers, but some days they just like to mess around with people...

They've ruined so many of my **cute undies**, I have to wear plain boring ones when I plan on fighting them just in case!

## **Misako** says:

Mizusu also gives very **powerful** wedgies, to be fair. She's a dumbass, but she's stronger than an entire army of bullies, and she can rip your **knickers** before you even realize she's holding them... she taught me the valuable lesson of never wearing a thong when fighting people..

What about pantsings and upskirts? Do you girls like to expose other people's undies without pulling on them?

**Kyoko says:**

Totally! Like I said, I just love exposing people's **undies**! And when they're embarrassing, it's extra fun! Like when we ripped Noize's clothes during a concert, and everyone saw her **granny panties**! OMG, that was sooooo fun! Isn't that right, Misako?

**Misako says:**

I mean, yeah, it's **easy** for you to say cause you wear a skirt. I'm the one who's easy to pants, remember? I've had to finish so many fights with my pants around my **ankles**... and even with that and my underwear showing, I'm still able to kick some serious butt! Goes to show what a bunch of **losers** those who used that technique against me are...

**Kyoko says:**

Hehe, it's true that you get pantsed a lot more than me... but you gotta remember that time both our **bottoms** got stolen by those brats and we had to fight our way out of that alley in our undies! It wasn't difficult, but everyone saw my **striped panties** and called me a tsundere! It's not fair!

That reminds me... what is your most embarrassing wedgie or pantsing story?

**Kyoko says:**

OMG! I really wanted to forget that moment, but... a few girls at the mall caught me by surprise and stretched my undies so much they looked like a parachute... and they had **teddy bears** on them, so they laughed at me while they did it! I ended up hanging by my panties from one of the statues... Misako did come to save me in the end, but it was still so not cool!

**Misako says:**

I... okay, I don't **usually** wear embarrassing panties, but I had to borrow a pair from Kyoko once after PE... and you know how she always wears cutesy underwear, right? So, someone found out and I got pantsed in the hallway... Those fucking **pink-ass granny panties** made me look like an idiot!

Alright, last question... do you also pants and wedgie each other for fun?

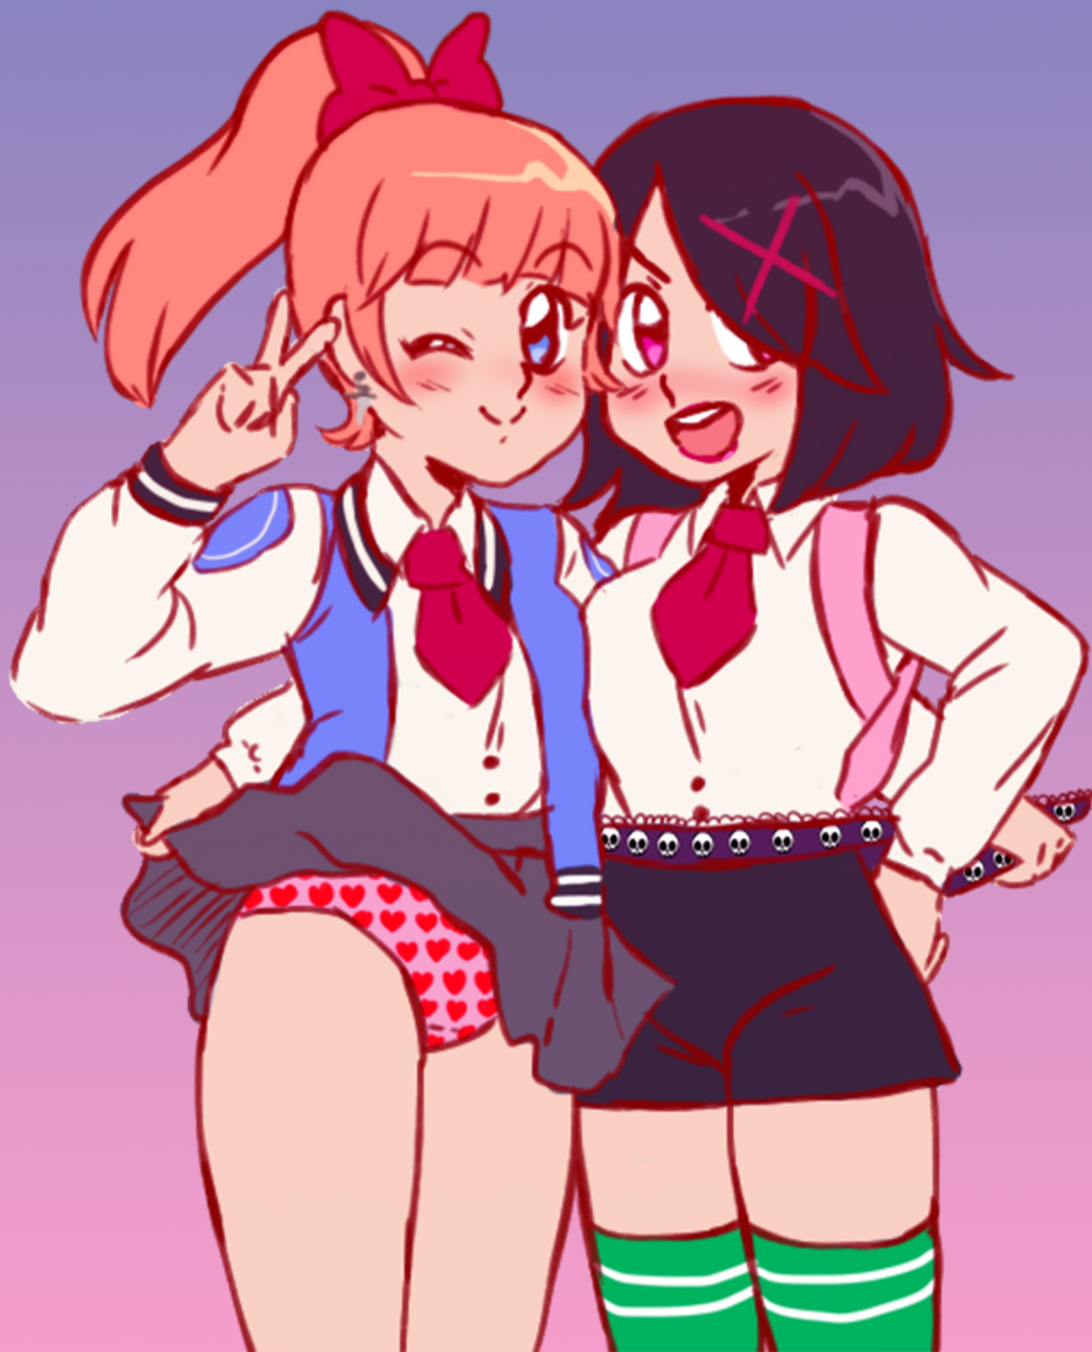

**Kyoko says:**

All the time! Misako looks so cute when she's embarrassed... her panties are usually very boring, but some times I find some cute pair I was not expecting and it makes it all worth it!

(She also wears Hanes, but don't tell her I said that!)

**Misako says:**

Hell yeah! Kyoko may not look like it, but she's a total dork! you only need to pull on her panties a bit to make her squeal like a little bitch! She's kinda asking for it, too, cause she always wears granny panties with cutesy designs... she's still my best friend, though, so I don't like to rip them off!

# Panty Inspector

## This month: Cynthia

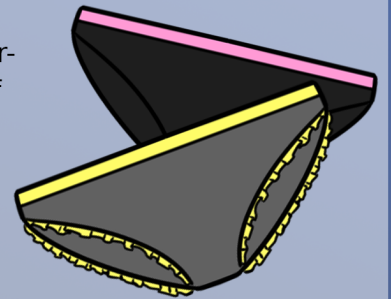

And speaking of Pokémon, this month in Panty Inspector we have fan-favorite Cynthia, Champion of Sinnoh and one of the most famous Poké-girls around.

We had our special agent infiltrate her home and look through her unmentionables... and boy oh boy, do we have some interesting pairs to show you!

(Pictured: Cynthia as she appeared in the cover of the Nimbasa Monthly fashion magazine)

As always, we'll start with her more normal pairs. Here we have a black pair of bikini-cuts with a pink waistband, and a more fancy, frilly pair that appears designed after the main colors of the Pokémon Kommo-O... my oh my, Cynthia sure loves her some dragons!

But her favorite dragon (and her signature Pokémon) has always been Garchomp... so it's not a surprise that she owns a pair of (particularly naughty) panties based on it!

Another Pokémon from her signature team making an appearance in her underwear wardrobe! This time it's Roserade, although the color of the flowers featured in these panties seem to reference the shiny version of the Pokémon, which is always a good alternative!

These were apparently a gift from Elessa herself!

As we all know, Cynthia loves to slob around and spend her time doing nothing in particular, so perhaps she uses this pair of black briefs whenever she walks around the house in her undies! Nothing like a more casual pair to wear around the house.

They do seem very comfortable, although they aren't by far the most comfy pair the Champion owns...

As always, we saved the best for last! It appears our dear Cynthia has a big secret: she has a pair of Togepi-themed granny panties! The oversized pair has her name in the tag, also, which makes it extra nerdy! We'd never expect a pair like this one to be worn by a woman like Cynthia, but it appears everyone has their nerdy side!

That's all for this month, folks, but watch out! For next issue, we'll look through the underwear collection of a particularly icy lady! Let's just say... she'll have to *let go* of her dignity!

# Unexpected Consequences

## A Persona 5 wedgie story

"Owie... this was not my idea of a sleepover..." moaned Haru Okamura as she dangled helplessly by her underpants, its waistband attached to a coat hanger. The panties, light pink and covered in white polka-dots, kept her from touching the ground with her feet and, with her skirt around her ankles, the thin line of cotton that barely covered her behind was the only thing keeping her butt from view, aside from her characteristic pink sweater.

"Y-you can say that again... EEEK!" replied her friend Ann Takamaki, whose black and white checkered underpants were in the process of being pulled out of her red thighs, her uniform skirt removed long ago. Sitting on her back was none other than Futaba Sakura, one of the girl's best friend and fellow Phantom Thief. "Futaba, just let go of my undies already..."

Both of the girls were already considerably drunk, with Haru being the most sober out of the three and feeling pretty bad about the life choices she'd taken to arrive at that point in time: for starters, it was her idea to invite Futaba over to invite her to her very first alcoholic drink. Granted, she had no way of knowing the team's Oracle would go wild after just one beer but she could've created a more... safe environment for her first adventure into the world of alcohol.

"Not happening!" exclaimed the redhead, her grip on Ann's waistband reinvigorated after the girl's complaints, much to the blonde's dismay.

"This is my first time drinking, and I'm gonna have as much fun as I can!"

She gave another powerful tug to Ann's panties, eliciting a girlish squeal from the poor girl, who could barely hold herself together because of both her inebriated state and the underwear currently being rammed into her buttocks.

"Futabaaaa!" she whined once more, trying to crawl away from her embarrassing punishment and cursing the moment she handed Futaba her first beer.

"It's not my fault you wear stretchy undies!" exclaimed the petite bully, letting go of the waistband with one of her hands to smack Ann's exposed butt.

"Eeep!" cried the girl, too drunk to get up and too tired to retaliate.

"I told you we should've called Makoto..." Haru said in almost a whisper as she held her hands to her crotch, trying to at least keep the last bit of dignity she had left.

"She would've just ended up with her granny panties over her head!" Ann replied angrily. "I can get away, I don't need anyone to help m-eeep!" With another harsh pull, Futaba had managed to bring the panties to their limit, forcing Ann's crotch off the ground.

"Hm, these are not as stretchy as Haru's..." the redhead said as she rubbed her chin with her free hand.

"D-does that mean I can go?" asked Ann in a desperate attempt to escape.

"Nope!" Futaba replied in a cheerful tone, punctuating the negative with another merciless pull. "It just means I have to find another way to wedgie you!"

Ann was starting to regret ever drinking that night, allowing Futaba to overpower her so easily. She'd never imagined such a shy and socially awkward girl could turn into a confident, almost sadistic bully in a matter of minutes. Just when she started to think her punishment couldn't get any worse, she felt Futaba grab her left foot and pull it towards her, forcing her to flex her knee.

"Oh, p-please don't tell me-" she started to say, but was quickly cut off by her bully

"It's jock-lock timeeeeeeeeeee!" exclaimed Futaba as she used the hand she still had on Ann's panties to force her boot-clad foot through the left leghole, immobilizing her leg and finishing the first step of the infamous jock-lock wedgie.

"Futaba, please, leave her alone!" begged Haru in an attempt to stop her friend's punishment.

"What was that?" asked Futaba with a feline smile, not even turning to look at her first victim. "You're hot and want me to take off your sweater so your bubble butt can be seen more easily?"

"N-nevermind..."

Ann looked at her friend with a pout, wondering how a Phantom Thief could be so spineless at a time like this. Before she could complain to her, however, her other foot was forced through the right leghole of her checkered panties, finishing the jock-lock and leaving her completely stuck and unable to move.

"Ngh!" the blonde whined as she attempted to grab her underpants to get them away from her feet, but she only managed to lose her balance and fall face first to the ground. "Futaba..."

The redhead was no longer paying attention to her, however. After consuming all the strength she had left in pulling on Ann's panties, she'd collapsed over the couch, falling asleep almost immediately. For a few seconds, the only sound that could be heard in the room were Futaba's loud snores, at least until Ann let out a long, tired sigh. Using her arms to raise her upper body and look up at her hanging friend, who looked almost more embarrassed from looking at Ann's exposed, round behind than Ann herself.

"Take a picture," the blonde said in a deadpan manner. "It'll last longer."

"S-sorry..." Haru quickly looked away from her friend and her embarrassing predicament. "I mean it... I shouldn't have invited Futaba over..."

"Yeah, no shit..." Ann mumbled, the usual sweetness and calmness of her voice completely gone. "At least it's Friday night, so we won't have to explain why we're late to class tomorrow..."

The two girls stood silent for a good minute, allowing the awkward silence to settle in before Haru spoke again.

"Should I... feel bad that I want to get revenge on Sakura?" she asked shyly.

"Absolutely not," replied her jock-locked friend, who had completely stopped struggling and had instead decided to lay on the floor and go to sleep, even if her panties were still slicing her pale behind. "First thing we're gonna do tomorrow morning."

"Deal..." said Haru.
