

It was yet another quiet, soothing eve settling throughout the dark fountain of Castle Town, an angelic blueish tone seeping into every corner of every street. All the innocent, blissful darkeners found themselves enjoying themselves as they idly went about, no more terrible dangers or tyrannical leaders to worry them any longer. One could feel the total peace and tranquility brought on by the F!\$? Squad, a group of heroes who had saved the citizens of Card Kingdom and Cyber World. Though no trouble or excitement seemed to be brewing in the walls of this quaint little town, deep in the halls of Castle Town's castle things were quite the opposite...

Within the confines of Kris' room, the trio of heroes currently found themselves embroiled in a thoroughly sexual orgy. The cute, tender goat boy Ralsei stood atop of Kris' bed, gasping and panting as he needily pushed his oozing pussy against Susie's face. Below him sat Susie, who was more than eager to push her thick, raspy tongue into the depths of Ralsei's tight folds. With her legs spread wide open and her own cunt throbbing in lust, she greedily scissored her pussy with that of Kris, who sat opposing to her with a similar sexual need.

November passed long ago, back when Ralsei had originally removed the duo's cocks. And yet, the orgies between Kris, Susie and Ralsie had continued on and on. Every day without fail, they'd get together to desperately play with each other's cunts. Even despite the fact that Susie and Kris could probably get their cocks back from Ralsei if they asked, none of them even thought about abandoning their new lifestyle. They'd happily go on for many hours, without any sort of interrup-

*BLAM!!!*

The three heroes jolted upwards in surprise as the door to Kris' room slammed wide open. Instinctual fear drove them all to stop dead in their tracks and turn towards the entrance.

"Ohohohoho!" The loud robotic laugh of Queen rang proudly into the room as the lady herself marched in confidently. Sticking close behind, the adorable reindeer-girl Noelle stepped behind Queen with a shy, reddened blush on her face, almost as if she was trying to hide. "Seize Your Sexual Exploration! Your Beautiful Queen Has Arrived! Oh, And Noelle Is Here Too, I Guess."

Instantly, all of the heroes' fear turned into annoyance. With how much they enjoyed their little escapades, being interrupted was far from ideal. Especially when the source of such interruption was the very eccentric and energetic Queen. This time however, there was something very different with the pair of cute ladies that entered the room. Not only was Noelle totally in the nude, but looking upon both of their crotches, instead of pretty prim pussies, hardened, needy cocks sprouted forth with desire.

Queen's penis was incredibly large and hefty. Its color was a deep shade of purple, with thick veins throbbing mightily along its length and a huge bulbous cockhead oozing with sticky precum. The two heavy balls that clung below were accompanied by a set of wriggly deep burgundy hairs, while the entire member was embroiled in an extremely powerful musk. Hers was truly the penis of a monster. In fact, it kind of looked like the penis of...

"HEY!!! WHAT THE HELL ARE YOU DOING WITH MY COCK?!?!?" Susie instantly jumped out of bed with a thoroughly enraged expression and a loud whipping noise. She was totally fuming. The only person that could touch her wonderful cock was her!!!

“Oh, This Little Thing?” Queen commented nonchalantly, swinging her hips left and right as if she was proudly displaying the throbbing cock on her crotch. “Noelle And I found These In The Castle’s Storage. Right Noelle?”

Noelle said nothing. Not only was the cute girl completely embarrassed at being fully naked in front of Susie, but she was also sporting an erect dick of her own. Unlike Queen’s massive 11-inch member, Noelle’s cock was a modest 4-inches. Its skin was a brilliant blue, with no sort of fur covering its length. Despite how bad she felt about ‘borrowing’ Kris’ cock, she had to admit it did feel kind of nice.

“I DON’T CARE HOW YOU FOUND IT, TAKE IT OFF!” Susie angrily stomped the ground with her foot.

“Invalid Operation.” Queen carelessly dismissed Susie’s concerns with a shake of her head. “You Three Here Are Moaning And Sexing Every Day. And Yet You’ve Never Invited Me, The Beautiful Queen! Or Noelle Too, I Guess. How Unfair!”

“I- Emm- You- But-!” Susie gasped back, though she wasn’t able to look directly at Queen with her blushing face. “Since when- H-How did you know...?”

“Ohohoho!!!” Queen gave a mighty, triumphant laugh whilst the words on her visor shifted to ‘LOL’. “U Guys R So Fricking Loud”

“FINE!!! FINE!!!” Susie crossed her arms awkwardly. “You two can join. BUT ONLY IF YOU’RE-”

“Ohohoho~!” Legs happily skipping forth like those of a gracious Ballerina, Queen bounced with excitement. She stopped right in front of Susie, causing the mean monster to instinctively gulp. It was only now that she could truly appreciate Queen’s grandeur. The maniacal ruler was many times taller than Susie. Her crotch was on the same level as Susie’s face, giving Susie an extremely close view of what was her own purple, throbbing, furious penis.

“Oh Susie~” Queen gently cussed the bottom of Susie’s chin, before bending down and planting a succulent kiss on Susie’s lips. Instantly, Susie’s eyes opened up wide, her cunt throbbing with desire while whimpering moans of bliss escaped her quivering mouth. The kiss was unlike anything she’d done with Kris or Ralsei. There was little sloppiness, or shyness or inexperience. Instead, Queen plunged her tongue deep into Susie’s mouth with the confidence of an experienced adult.

“I’m VERY Good~” Queen gasped as their tongues finally departed, trickles of saliva oozing from both of their lips. Her cock pulsed eagerly at the sight of this dazed and pacified Susie, even despite the strange burning sensation in her back, as if someone was staring daggers into her.

“W-Woah...” Was the only thing Susie could respond, feeling as if her mind had been opened to an entire new universe.

“Well Then. I’ll Take You.” Like plucking a dainty little daisy from a soothing field, Queen picked up Susie by the armpits and gently sat her on top of Kris’ bed, with her legs spread open and her pussy oozing in anticipation.

“U-U-Ummm!! A-A-Actually I-!” Noelle quickly ran up towards Queen, her face sweaty and her wiener pulsating at the sight of Susie laid bare before her.

“Access Denied!” Queen pushed Noelle aside with a giggle. “Sorry Noelle! You Snooze, You Lose! Ooohhh, I’ll Take This One Too!” She quickly shifted her attention towards Ralsei, grabbing him as if he was nothing more than a cute, fluffy plushy she could tenderly lay down on the bed.

Susie’s cock throbbed with arousal at the sight of the small, adorable, soft prince of darkness. With her slender fingers, Queen grasped Ralsei’s plump thighs and slowly spread his legs wide open, revealing his damp moist, pinkish slit. Ralsei gave a small heated gasp, but he did not protest too much. His white furry cheeks were alight in a reddened hue, his breathing erratic and angsty. A thick trail of vaginal juices flowed from Ralsei’s trembling folds, his tiny little clit quivering with excitement. Eagerly licking her lips, Queen slowly scooted between the boy’s legs-

*PLAP!!!*

And placed the entire shaft of her entire, throbbing penis against Ralsei’s shuddering entrance.

“W-W-Wait!!!” Ralsei yelped breathily, his nether regions burning with the heat of Susie’s fat, musky penis. The enormous cock felt incredibly intimidating as it pulsed against Ralsei’s organ, reverberating with a lustful rhythm that was downright threatening. “Y-Y-You’re not actually going to put that inside me, r-right!? I-I-It’s too big! I-I’m going to break!!!”

“Worry Not, My Cute Little Goat Boy.” Queen soothed the spooked Ralsei gently. “I Will Not Do Anything To Hurt You.”

“Phew...” Ralsei gave a sigh of relief, letting out some of the tension that had been building within him. “That makes me feel a lot be-nnnggyYYYAAAAAHHHH!!!!”

But before the poor boy could even finish his sentence, Queen pulled back and slammed the entirety of Susie’s cockhead deep into Ralsei’s tight vaginal folds, spreading his pussy wide open for her to take.

“Good Thing This Won’t Hurt A Bit!” Queen exclaimed excitedly, her cock throbbing within Ralsei’s tight organ. “Ohohohoho!”

Fingers tightly sinking into Ralsei’s fat hips, Queen eagerly pushed more of her cock into Ralsei’s cunt. Her penis throbbed eagerly as it spread open the boy’s vaginal walls, her bulbous cockhead driving through his insides like a knife through butter. The poor Ralsei could do nothing but helplessly gasp and moan through it all. The most he’d done to his cute little pussy was push some fingers in or take Susie’s long tongue, but now every inch of his unexperienced pussy was being conquered by Susie’s superior draconic cock. As Queen’s crotch kissed against Ralsei’s and her cock filled his cunny in its entirety, the boy’s organ trembled and his clitoris twitched in orgasm. But things would be far from over for the little prince.

Like a powerful electric jackhammer, Queen’s hips began mercilessly pounding Ralsei’s vagina into oblivion. *BANG! BANG! BANG!* Her fat, widened dickhead violently thumped against the entrance to Ralsei’s womb over and over again. With every one of her thrusts, the shape of Susie’s cock bulged through Ralsei’s in perfect detail, stretching out his insides without even the slightest of efforts. It was a set of thrusting and pussy smashing so powerful and confident, the usually collected and thoughtful Ralsei found his mind being totally overwritten by pleasure. His mouth tried formulating words, but the only thing that came out was gibberish. His thoughts tried to remain steady, but all he could think about

was how thoroughly his pussy was being messed up. Tongue lolling out of his mouth dumbly, the prince of dark zoned out as his eyes rolled to the back of his head.

Queen spared no expense in utterly obliterating Ralsei's sopping goat pussy. Her robotic legs used maximum power to slam her penis into his folds, her hands pushing against the bed around him for perfect stability. Queen even started putting her entire body weight forward, squeezing the squishable Ralsei between her body and the bed. Ralsei could barely even think as he felt Queen's imposing figure sinking him into the bed. The entirety of his body was filled with an all-encompassing warmth, his pussy shaking in ecstasy at the reverberations of Queen's penis. By this point Ralsei's mind was so far gone, the boy began to suckle onto Queen's chest while it pressed against his face as if he was just a little babe.

"Good Boy~ Relax While Queen Dominates You~" Queen soothingly whispered into Ralsei's ear, a stark contrast from the way her hips annihilated Ralsei's squirting cunt. After some robotic whirring sounds, two plump, supple nipples surged from Queen's chest, allowing Ralsei to fully indulge himself in her modest B-cup breasts. "Turn Off That Brain. Queen Will Take Care Of You~"

As Queen continued effortlessly conquering Ralsei's vagina, Susie sat back, staring at the whole thing in complete awe. Her pussy was wetter than it had ever been, her arousal reaching levels she had never experienced. To think that Queen could put a nerd like Ralsei into such a stupefied state was nothing but extremely arousing to a bully like Susie. It didn't even feel like they were making love or having sex. Queen was *breeding* Ralsei.

Eyes still focused on the exciting scene, Susie slowly shifted her hand towards her gushing cunt. But before she could lay a single finger on her excited mound, her hand was stopped by Queen.

"Uh Uh Uh!" Queen rang out in a smug, robotic voice. "Don't Think I've Forgotten About You~"

Grabbing onto both of Susie's thick legs, Queen gently scooted the dinosaur girl closer until Susie's damp, snatch was right up against her face. Queen's face lovingly nuzzled against Susie's pussy, squeezing some whimpers and grunts out of the dino. A powerful, musky aroma wafted from Susie's cunt. Thick scraggly pubes decorated the top side of her pussy, creating a perfectly punkish and feral mixture of sensations. Luckily, being a computer program, Queen did not mind in the slightest. And so she feasted on Susie's vaginal folds without the slightest of inhibitions.

It immediately became apparent to Susie that Queen's did not just have a big mouth, she also had the skill to back it all up. Planting her lips tightly around Susie's vulva, Queen hungrily slurped up every inch of the dino's quivering slit. The way she lovingly suckled onto Susie's clit and tenderly kissed Susie's insides was like some sort of incredibly efficient machine. And even though her tongue wasn't as large and coarse as Susie's, Queen was able to thoroughly massage and tenderize the insides of Susie's pussy with the precision and speed of a computer application.

Loud shlrumping and shlicking sounds burst forth from Susie's crotch wholly unimpeded. Susie herself could barely believe that Queen was able to pound Ralsei's pussy into submission at the same time she ate Susie's cunt out expertly, but it was hard to argue against the results. The dino felt her entire spine tingling as Queen's tongue flittered wildly within her folds. Her legs felt as if they had lost all sort of sensation, and her clit throbbed with the intensity of an exploding bomb. A part of her wanted to hold

back against the ecstasy, too prideful to receive pleasure from someone as annoying and smug as Queen.

“Nnnhhhh” Unfortunately, this did not last very long. The pulsations from her pussy were way too powerful, the sensations of Queen’s tongue swirling around her clit too amazing to ignore.

“Fffuccckk~” Unable to deny the exploding ecstasy in her nether regions, Susie let out a pleased groan. Her crotch began to thrust upwards needily, her hands firmly landing atop Queen’s large head and pushing her further against her pussy with utter desire. As Susie’s cunt exploded in orgasms and Queen began lovingly sucking all of her juices, Queen’s visors shifted to display the characters ‘YUM!’

Beside the trio, the cute and quiet Kris stared at the scene with abject fascination. So far they had experienced quite a lot of interesting sexual encounters involving pussies, but this was the first time dicks had been introduced into the equation. Seeing Ralsei crumble under the pressure of Queen’s tremendous cock, watching Susie give in to Queen’s sloppy slurping, it was all quite the titillating sight. Kris could feel their own pussy becoming damp and aroused. They tenderly pushed their digits against the entrance of their overflowing cunt, tickling their clit and circling their slit when...

“H-H-Hey Kris-!” Still sporting her cute, 4-inch erection, the cute reindeer monster Noelle gently hopped onto the bed next to Kris. Her cheeks were red with embarrassment, but it was clear that she was as horny and eager to do it as the rest of them. “S-Sorry to have interrupted you...” She spoke shyly, unable to look Kris straight in the eyes. “I-I guess it’s just the two of us now...”

Kris didn’t have to be a genius to guess what Noelle was implying. Sitting back against the bed, the human spread their legs wide open to expose his moist slit. Their fingers landed around the edges of their quivering vagina, spreading their tight little hole as wide as they could, given it had little experience aside from tongues. Noelle’s eyes instantly lit up.

“R-Really?! Y-You don’t mind?!” She asked with excitement, her cock throbbing up and down needily. “I-It is your own p-p-penis after all...”

It was true that Kris had never thought about getting fucked by a dick, much less by their own! But seeing Ralsei being entirely overpowered by a powerful cock, getting his pussy railed so hard it turned off his cognitive mind... Kris had to admit they were certainly curious about how it would feel. Shooting Noelle a sincere smile, Kris happily nodded to the girl’s request, excited to learn the full pleasures of female genitalia.

Unlike Queen who oozed confidence and sexual prowess with every single one of her motions, Noelle was very clumsy as she awkwardly crawled towards Kris. Her heart beat a thousand times a second at the sight of such a smooth, pristine human. With their cute puffy nipples and the damp, supple pussy that protruded forth, it almost felt like a crime to touch them. Still, Noelle did her best to push forward past her doubts, gently laying Kris down against the sheets while she inched their crotches closer together.

With both hands firmly planted atop the bed on each of Kris’ sides, Noelle gathered up all her courage and thrust her cock towards Kris’ tight pussy. Unfortunately, her tiny erection was not stiff enough and her aiming was a little bit off, so instead of actually penetrating, the cock slid up against Kris’ twitching clit. A short burst of panic filled Noelle, and she quickly tried to thrust her dick into Kris’ pussy multiple

times. Yet again and again, her little dick slid off in some other direction unable to actually penetrate. Noelle cursed under her breath, ashamed that she was doing so bad. But Kris didn't really mind, a wide smile on their face as their pussy throbbed from Noelle's continuous poking.

Wanting to help Noelle out a bit, Kris placed their fingers around their slit once more and spread it wide open for her. Thankfully, Noelle was able to calm herself down enough to take this opportunity. Grabbing onto her dick with her right hand, she carefully began to push the tip of her cock against Kris' entrance. Noelle enforced every last bit of control and caution that she could. The tip of her dick nuzzled against the slit until it was firmly planted against the entrance to their vagina. This time, she would make sure not to fail.

Taking a deep breath, Noelle thrust her hips forward with every last ounce of strength she could muster. And in that moment when her cute little cock finally penetrated Kris' pussy, all of her troubles finally became worth it. The duo instantly froze right in their tracks for a few seconds, moaning and shuddering as they basked in this foreign new pleasure of coitus. It was as if their third eye had been opened, a world changing fact revealed to their innocent minds. Kris and Noelle accepted each other's arousal whole heartedly, any sort of wonder or concern wiped clean off their mind.

As passion and lust steadily incremented between the two, Noelle slowly began to thrust her hips back and forth against Kris' expectant pussy. It was nothing compared to Queen of course. Noelle's motions were much clumsier and off beat. Every couple of minutes she'd have to stop to stop herself, either to catch herself or to prevent herself from blowing the load from her throbbing penis early. And yet, despite all the awkward motions and beginner mistakes, Kris was thoroughly enjoying their time with Noelle.

Kris' pussy trembled pleasantly as they felt Noelle penetrate them over and over again. The size of his old cock was big enough to create a fulfilling sensation for his virgin pussy, but also small enough so that it wouldn't utterly break his poor hole. Not only was Kris receiving pleasure from the way Noelle's cock stirred and prodded his insides, but he was also gaining satisfaction from merely doing it with Noelle! There was a certain sense of nostalgia that filled them, almost like they were back in the days where the two were kids. Seeing Noelle try so hard to pleasure them filled Kris with a type of ecstasy that could not simply be achieved sexually.

Hands grabbing onto Noelle's shoulders, Kris lifted himself from the bed and planted a short kiss on Noelle's lips. In complete contrast to the kiss Queen had given Susie, it was not perverted in any manner, nor did it have any kind of deeper meaning of love or desire. Instead, it was simply a short, sharp kiss of affection. A genuine expression of his support for Noelle. The deer girl stopped in her place for a few seconds, eyes staring at Kris in shock. Though none of these complex feelings were manifested to her directly, she immediately knew what they were trying to say.

Instantly, Noelle's hips began to ferociously slam against Kris at double their previous speed. All of Noelle's uncertainty had been bashed, a new found confidence powering her motions. There was no need for her to prove herself! This wasn't some kind of test! All she had to do was have fun while she tried to please her good friend Kris. Everything else would come in due time.

This was the realization that truly elevated Noelle's lovemaking to the next level. Unshackled from the binds of her fears, Noelle was able to slam her penis deeper into Kris than ever before. Her erection the

hardest it had ever been, her hot shaft tearing through Kris' folds like a pair of scissors through paper. Even the quiet and unemotive Kris could feel the incredible change in pace and demeanor. Gasping lusciously, the human began to pump their hips upwards, their clit throbbing delightfully each time the two met. As their arousal and pleasure continued to grow and grow, the two could feel themselves reaching their limits.

"K-K-Kris!!!" Noelle moaned loudly. Her eyes became crossed, her hips thrusting at quadruple speed whilst sweat dripped down her furry figure. "K-K-Kris- I'm going to CUUMMMM~~~!!!!"

One final thrust into Kris' tight pussy, and Noelle's cock eagerly exploded with ecstasy buried deep into Kris' folds. Hot, semi-clear jizz squirted out from the tip of her dick, covering Kris' insides in a drizzle of white. She only spurting three or perhaps even four shots before her tanks were totally emptied, but to Kris it felt like their vagina had been totally flooded in cum. The human happily twisted against their bed, a pleasurable orgasm causing their cunt to twitch and tremble in bliss. Having sex with their pussy really did not feel bad in the slightest~

Pants and heavy breaths escaped from Noelle's mouth as the post-sex afterglow settled into her body. She slowly pulled her softening cock from Kris' pussy, a thick line of jizz and juices still connecting the two even after she knelt back away from the human. Still a little bit aroused, Kris dipped their finger into their twitching cunt and took out droplets of Noelle's cum, only to lift them towards their mouth and lovingly suckling on them. The only reaction they gave was an intrigued smile. It was a scene so innocently perverse that Noelle found her cock slowly hardening once more.

"See? What Did I Tell You Noelle?"

But before Noelle's thoughts could get much more perverted, her attention shifted towards Queen. The android woman was just as when Noelle had last seen her, viciously pounding away at Ralsei's pussy with the same cocky, unbothered smile she always bore. Her hands forcefully pinned Ralsei's arms against the bed, her girthy draconic cock plunging into the goat boy's pussy in its entirety over and over again. Though it looked like Ralsei wasn't even conscious anymore, Queen's hips continued to mercilessly dominate him until he had melted into a puddle of his own juices. And Susie wasn't even anywhere near sight. The poor dragon had been thoroughly decommissioned after several mind-melting oral orgasms.

"Boys Make For The Best Onaholes!" Queen gave a loud, cocky cackle, the tip of her cock smashing against Ralsei's womb with every one of her laughs. Gently, she knelt down towards Ralsei and whispered into his ear. "(That's Japanese For Fleshlights, My Cute Little Goat Fuck Toy~)"

Feeling reinvigorated over her love for throbbing sex toys like Ralsei, Queen's hips robotically pumped Ralsei's pussy with even more viciousness and ferocity. The poor little goat boy let out an incomprehensible howl of desperation. Queen's cock was so dominating, so overwhelming, and yet his cunt couldn't help but throb in arousal and lovingly tighten around her shaft with orgasm. Further and further Ralsei could feel himself descending into madness, his mind deteriorating with every pulsation of Queen's cock until finally neither of them could hold it back anymore.

"Experiencing Numerical Overflow." Queen groaned in a monotone, robotic voice, the tip of her cockhead skewering the entrance to Ralsei's womb. "Dumping All Excess."

Balls tightening and shaft throbbing uncontrollably, Queen's fat, girthy cock began blasting explosion after explosion of semen directly into Ralsei's poor womb. A single squirt of her thick, baby-making gelatin was enough to fill his womb in its entirety and thoroughly fertilize his eggs. And yet, more and more cum continued to spring forth from her urethra, seeping out into the rest of his pussy and inundating every single part of Ralsei's insides in hot jizz.

The dark princess happily gasped and moaned in response, his clit throbbing eagerly whilst his inner walls basked in the warmth of Queen's goo. As more and more cum was released deep within his vaginal folds, the only thing Ralsei could feel was the primal ecstasy of being properly bred. The pressure inside his pussy grew stronger and stronger, his innards being stretched out by the inordinate amount of sperm being pumped inside him. Soon enough, his cunt was filled past its maximum capacity, and a big, rounded baby bump started to bulge forth from his stomach. The way his belly button poked outwards, it almost looked like he had been a couple months pregnant.

"Haaaah~" A sigh of contentment escaped Queen's lips. She slowly pulled out her semi-erect penis from Ralsei's overflowing pussy, and as her fat dickhead popped out of Ralsei's widened cunt, thick streams of cum spurted forth from his folds like a geyser. Yet funnily enough, despite the copious amounts of semen that were released though to the relief in pressure, Ralsei's big bloated cum tummy changed little in size.

"Sex Is Wonderful! But Remember To Stay Hydrated!" Summoning a martini glass filled with battery acid out of nowhere, Queen enjoyed her celebratory drink before the thoroughly destroyed Ralsei.

Unfortunately, despite being of utmost importance, hydration would be far from Ralsei's biggest problem at the moment. Eyes hazed and breathing heavy, Ralsei could handle little more than just lying there on the bed almost lifelessly. His cunt continued to throb with arousal even now, the aftershocks reverberating through the rest of his body again and again. At this point, no one knew if Ralsei could ever recover from the incredible flurry of sensations that had wracked his mind over the past few minutes. Luckily, one hero rose to give the goat boy a helping hand.

Darting forth through the bed, Kris graciously reached out to the downed goat in earnest sentiment. They slowly sat Ralsei up, rubbing his sore shoulders and soothing his roughed-up soul, before they planted a loving kiss on the unexpected prince's lips. It was much like the smooch Kris had given Noelle before, filled with encouragement and support. Though this one seemed to carry a bit more affection and lasted a few seconds.

The effects were instantaneous. Ralsei's eyes widened with surprise. His pussy tightened, causing a thick load of semen to squirt out of his overfilled pussy. As a buzzing feeling of butterflies came over his tummy, Ralsei could feel his senses slowly returning to him. Coherent thoughts resurfaced back into his mind, a thick red blush coloring his cheeks. Though he was not able to look Kris back in the eyes, Ralsei felt completely reenergized once more.

"O-O-Oh h-hey Kris!" Ralsei stuttered awkwardly, trying to keep his excitement low. "T-T-Thanks for that! I f-feel a lot better! *T-Though I w-wouldn't mind if we did it again...*"

Kris simply smiled in response. Not fully able to catch Ralsei's last sentence, the human patted Ralsei's back in loving support. After having lots of friendly, passionate sex, it seemed everyone had grown a little bit closer and happier. A mood of relaxation and subtle bliss spread throughout the entire room,

everyone sharing their sensations of pleasantness... It made for the perfect time for Noelle to finally strike at her *true* goal.

While everyone else was distracted, Noelle's gaze sharply shifted towards the lone Susie. Noelle's could feel her heart thumping rapidly, her dick growing harder and harder until it was fully erect. As much as Noelle liked Kris, Queen and Ralsei as friends, the only one she *really* wanted to have sex with was Susie. And now here was Susie, completely bare and free for anyone to take. This was it! If Noelle wanted to make her move, the time to strike was now!

Skuttling forth like an excitable little ant, Noelle quickly crawled through the whole bed until she had nestled herself above Susie.

"H-H-H-Hey S-Susie!!!" She gasped loudly, forcing herself to breathe manually from the stress. Her cock throbbed at the sight of her dinosaur goddess, her nipples pert and erect while goosebumps surged throughout her form. "Do you wanna- D-Do you want to- W-W-Would y-you like to have s-s-s-sex?!??"

Susie barely acknowledged Noelle's request, shifting and groaning atop the bed slowly. Her brain still felt like mush from when Queen had tongue fucked her so roughly, her pussy still reverberating with the echoes of pleasure. Still horny and not wanting to spend too much time thinking about it, Susie gave a shrug and a nod. "Yeah... Sure..."

It was the exact same type of positive response Noelle had always dreamed of! Heart thumping excitedly, Noelle wasted no time pressing her eager erection against Susie's slit. Thanks to her previous interaction with Kris, Noelle had gained the confidence to finally take Susie one on one. Her hands were firmly planted around Susie, her hips cocked and ready. So that in one commanding movement, Noelle thrust her entire penis directly into Susie's cunt.

Except... As Noelle's cock buried itself deep within Susie's folds, Noelle felt very little. There was no spark, no lovely fire. The same kindling moment that had occurred when she'd penetrated Kris before had never happened at all. Noelle looked up towards Susie's face, only to see the dino bearing the same bored expression she always held when she was dozing off at school. It seemed like Queen's pleasuring of Susie's pussy had been so great, it left the girl's cunt completely numb to Noelle's little dick!

Panic immediately spread throughout Noelle's mind. No, she couldn't let this happen! She had to fix things! As desperation filled her, she began to furiously thrust into Susie's vagina. She pulled the same passionate motions she'd used on Kris, using every one of her frail deer muscles to bring on the most furious fucking she could muster. But even Noelle herself knew it was a lost cause. Susie's cunt was so widened, Noelle's little prick could barely put a dent in anywhere! Everything that could go wrong, was going wrong. Noelle's dream of having sex with Susie was quickly turning into a nightmare.

"Umm..." Susie's voice rang with a low grunt, instantly stopping Noelle in her tracks. It was clear she had something important she wanted to say, but the usually aggressive dino was trying her best to word it in a comfortable way for Noelle. "D-Did you... A-Are you in already?"

In that instant, Noelle felt like her soul had shattered to pieces. Her world was utterly crumbling. After this embarrassment, her chances with Susie would be utterly crushed. She'd gone through so much, only to get demolished. And the worst part? Queen, Kris and Ralsei had been watching the whole thing!!!

“Awkward...” Queen silently whispered to Ralsei and Kris, though not quietly enough for Noelle not to hear it.

Tears began to form on the poor deer’s eyes. She was probably going to have some sort of panic attack or pass out now. But then-!

“Hey Noelle!”

Rising from the bed like a phoenix rising from the ashes, Ralsei pulled himself up as best he could. Even now he was still leaking cum, and his quivering legs showed he was still feeling a bit weak, but there was no denying the determination present on his face.

“W-Why don’t you try this one?”

Using the same white magic spell he’d summoned from before, Ralsei pulled Susie’s hefty, purple cock off Queen’s body.

“Hey! No Fair!” Queen complained, reflexively reaching out to catch the penis.

But Ralsei gave her little mind. Slowly waddling towards Noelle, the boy knelt before the deer with a tender smile. He didn’t say a single word as he pulled Kris’ dick from Noelle’s body, replacing it with Susie’s long, hefty shaft.

“A-Are you sure?” Noelle asked with wonder, her face glowing as if she was staring upon an angel.

The prince simply gave her a nod. Ralsei might have been a little bit oblivious to a lot of things, but he could certainly pick up the mood between Noelle and Susie. He knew that in order to make his friends happy, this is what he had to do.

“Ralsei?” Susie shot the goat boy a quizzical look, not quite understanding the dilemma she was currently in. With Kris’ dick still in his grasp, Ralsei quickly bent down and magically attached it to Susie, overwriting her experienced vagina with a cute, blue human cock.

“HEY, WHAT GIVES?!?” The dinosaur was quick to anger, though Kris’ penis remained erect from Noelle’s previous throbbing arousal. “WHY’D YOU GIVE ME KRIS’ DICK?!?!?”

Noelle hadn’t quite understood the purpose of removing Susie’s vagina at first. What else was she supposed to penetrate, the girl thought. Yet, with one single look at Susie’s twitchy, pulsating anus, the answer to such a question became perfectly clear. A feral type of arousal began to fill Noelle whole. Not only was she excited at the fact that she could possess Susie’s cock for her own, but it was followed by an extremely enthralling desire to dominate and possess Susie for herself. Previously, the kind and tender Noelle would have never thought about doing anything to Susie without her permission. But now, the thought of defiling Susie’s body with her own penis sent shivers of utter ecstasy throughout her entire being.

Breathing heavy and cock throbbing harder than ever, Noelle firmly grabbed onto Susie’s right leg and lifted it all the way up into the air, exposing Susie’s ripe rim for the taking. Noelle wasn’t quite sure why it was that she felt so much more confident and bolder, but it was an intoxicating feeling. She wanted more of Susie’s cock, she desperately desired Susie’s body. This... This had to be a good thing right?

She'd always wanted to grow stronger. This was all that she could think about as she eagerly buried the tip of her cockhead against Susie's asshole.

"N-N-NOELLE??? W-W-WAIT!!!" Susie instantly shot up in absolute terror. Getting her pussy messed up was one thing, but her butt was entirely unexplored territory. Feeling the same type of fear she'd often invoke in her victims, Susie did her best to plead with Noelle. "T-T-THAT'S T-THE WRONG HOLE!!! Y-YOU'RE NOT-!! YOU C-CAN'T JUST-! UUNNNNGGHHHHH~!!!"

But it was all in vain. Striking her hips down like the majestic lightning bolt striking upon the mortal earth, Noelle bashed the entirety of her fat, erect shaft deep into Susie's unexpectant asshole like some sort of super natural deity. A groan of genuine, passionate lust shot from Susie's lips in response. It had been so sudden, so commanding, so ruthlessly rough. Yet the pleasure that surged from this one single act of penetration was so overwhelming, that Kris' little dick exploded in ecstasy and Susie instantly began to ejaculate all over her own shuddering body.

Even Noelle herself had been hit hard by the sensations, her fat musky shaft shivering with pleasure between Susie's tight, inner walls. It would have been so incredibly easy to simply let go and blow her entire load right on the spot. But Noelle was far from close to being satisfied. Lust continued to roar through ever one of her limbs, her balls aching as they gurgled with more and more sperm. Still holding Susie's leg up in place commandingly, Noelle's hips began to piston up and down against Susie's crotch without the slightest hint of mercy.

*Plap! Plap! Plap!*

The sound of bodies meshing together echoed loudly throughout the room, accompanied by the sweet subtle song of moaning. Noelle's efforts to subdue Susie only grew the more intense the longer she kept plunging into Susie's anus. The tip of her fat cockhead smashed into Susie's prostate over and over and over again, causing the other monster to squeal in utter delight as her mind was slowly ripped apart piece by piece. Noelle simply couldn't stop herself. Every thought about how she might be doing it too rough or that she might be going to far was replaced by an unquenchable desire to proceed. Susie's tight anus was calling to her, and she could not resist its allure.

It was incredibly how effortlessly Susie's member was able to slide through her own anal walls. Susie's entire body shuddered each time Noelle thrust her cock downwards, stretching out her asshole in a vicious, continuous manner. The dominant dino girl felt completely out of her element being dominated so thoroughly. A part of her wanted to break free from Noelle's clutches, to struggle back some sort of control. But her body had been completely immobilized by pleasure. Even now, despite having already ejaculated, the cock attached to Susie's crotch throbbed with a pounding erection that throbbed harder the more her anus was conquered, almost as if it was begging for more.

"Haah~ Haaah~ Haaah~" Noelle panted along to the motions of her body, her expression steeled with determination as she continued pounding away at Susie's tight anus. "I- I've always loved you Susie~ I always thought you were so cool and brave~ Like nothing could take you down. I-It made me want me want to be stronger, like you~"

"B-But now I-look at you~!" Noelle gasped happily, her boldness and arousal boiling hotter and hotter. "Losing your m-mind over a simple c-c-c-cock!! W-Where did all that strength go, h-h-huh?? I-I've seen you bully so many p-p-people, yet y-you're mewling as I scramble your insides~!!!"

“T-That’s w-w-what you’ve always wanted isn’t it- bi-bi-bi-bitch!?!?” Noelle wasn’t quite sure where she’d gotten this dominating mean streak, but it made her cock pulsate with absolute delight. “You want to get fucked like the l-l-little s-s-s-slutttt you are~~!!!”

Susie’s only response was incomprehensible gibberish, her eyes rolling to the back of her head whilst her anal walls tightly wrapped around Noelle’s shaft. The words swirled around her brain like a powerful whirlpool. They banged against her subconscious again and again, not letting her formulate a single thought before they came crashing into her mind. As Noelle dominantly crushed Susie’s prostate, the dino simply couldn’t help but start cumming uncontrollably from her submissive little dick once more.

“Sniff Sniff... They Grow Up So Fast...” Queen looked towards Noelle ravaging Susie’s butt like a proud mother watching its baby bird fly for the first time. “I’m So Happy Noelle Has Finally Asked Susie Out.” She turned to Ralsei, crossing his arms with disappointment. “But What The Hell Are We Going To Do Now That We Don’t Have Any Cocks, Goat Boy!?!?”

Ralsei looked down thoughtfully, his brow furrowing while her gently rubbed his chin. “Well... There is one more...”

Twirling his hands together in a set of mystical motions, Ralsei suddenly summoned yet another cock out of the blue into his grasp. The penis was much like that of Susie and Kris, with one major difference. It was absolutely enormous. Even in its flaccid state, it was at least twice as long as Susie’s erect cock. Fluffy white fur covered its entire length, its head slurped up in a thick bundle of foreskin, while two orange sized testicle clung down from its hefty, fattened sack.

“Um... This i-is my penis actually.” Ralsei explained with a light blush. “I don’t usually wear it since it’s so big and bothersome, but... If y-you really wanted it then-”

“Yoink!” Before Ralsei could even finish his sentence, Queen’s hand rapidly sprung forth and snatched the cock from Ralsei’s grasp.

Queen’s grin could not be wider as she happily planted the enormous cock against her crotch. Her fingers eagerly wrapped around the fluffy shaft, which was so girthy and fat she could barely hold it in both hands. Slowly she could feel it start growing harder and longer as she began to gently pump up and down. Ecstasy spread through its entire length, a suffocating heat filling Queen’s loin. The whole member looked more like a mighty spear than an actual penis, thick foreskin covering its tip even though it was fully erect. Despite the fact that Queen was thoroughly experienced in all matters sexual, even she felt a bit at awe possessing such a huge, marvelous penis.

“Mmmmm~ Oh Yesss~~~” The program moaned, thrusting her hips forth commandingly while she rubbed her titanic member. “Arousal.exe Running At Maximum CPU Capacity~”

Eager to test her new equipment out, Queen flung herself on top of the bed between Ralsei and Kris. Her enormous penis sprung upwards like a mighty flagpole rising into the horizon, twitching and throbbing with the heat of lust.

“Well, What Are You Waiting For Boys~?” She asked with a luscious tone. Queen wagged her cock seductively, kneading her fat, sloshy nuts with both hands. “Get Over Here And Give Your Queen Some Loving~”

Kris and Ralsei silently shot each other smiles. All they could think was: 'Yup, that's Queen.' Though none of them could deny that their pussies trembled with ecstasy at the presence of such a grandiose, towering cock.

Slowly crawling towards Queen, the duo was more than eager to sandwich Queen's massive dick between their soft, lithe bodies. Queen let out an ecstatic whimper, her limbs twitching happily. Ralsei's still fattened cum-belly lovingly pushed against her shaft, while Kris' flat boyish tummy rubbed her length. Both of their soft, chests smothered Queen's cock closely, their hot horny breaths falling upon the tip of her twitching penis. As they lovingly wrapped their arms around her dick, caressing, rubbing and pulling on it, Queen felt as if she'd just been given the greatest software update.

It could not be understated how absolutely enormous Queen's cock was at the peak of its power. With their drooling pussies needily rubbing against the dick's base, the gargantuan penis pushed through their tummies, past their chests and up above their heads. It was literally two thirds as tall as either of them. Kris' mouth could easily reach the tip of the cock from their current position, but the smaller Ralsei had to lift himself up a bit if he wanted to reach its zenith. Neither of them could even dream about taking such a gargantuan member themselves, but that didn't stop them from being thoroughly aroused by it.

Tender caresses and needy rubbing began to propagate throughout the entirety of Queen's hot dick as the pair of Kris and Ralsei grew hornier and hornier. Kris' hand swung up and down along to the motions of his body, grabbing as much of Queen's girth at they could muster as their clit eagerly rubbed against the skin of Queen's cock. Even now they were still so full of energy, so full of lust, as if they were eager to submit to Queen's mighty penis. Ralsei on the other hand, moved with a little bit more inhibition. Still burdened by his bumpy, jizz-filled womb, the boy pressed his soft body against Queen's cock with much less velocity. Though it was more than made up for by the soft, warm sensation of his bloated tummy against Queen's hardened cock.

"U-U-Um... H-Hey Kris...?" Face turning away with a slight hint of embarrassment, the cute little goat boy called out to his friend on the other side as she continued to slowly pleasure Queen. "W-What do you think about my d-dick?" Ralsei asked earnestly, though he continued talking before he could get a response. "It's way too big and icky right? A huge, lumpy dick like this totally doesn't fit me. I bet you're grossed out..."

Kris' entire body suddenly stopped, their expression replaced by one of shock. A thoughtful silence ensued for a couple of seconds while the human processed what his partner had just said. Ralsei turned his gaze back towards him, wondering if he'd talked too much and ready to take it back. But Kris was having none of it.

Soon, the hero's expression hardened as they rose up towards the tip of Queen's cock like a whizzing arrow. Hands tightly wrapping around the upper side of Queen's length, Kris nibbled onto Queen's thick foreskin as tightly as they could. With powerful yanking motions, they began to suckle and pull it down. Ralsei's eyes opened wide in fascination, observing every one of Kris' efforts closely. Pull by pull, nip by nip, Kris yanked down on the cock's phimosis until finally he pulled it all the way behind the rim, revealing the beautiful, glistening pink tip of Ralsei's enormous dick!

Wasting not a single second, Kris lovingly wrapped their entire mouth around the large, bulbous tip of Queen's cock. Their head bobbed up and down ferociously, their lips still firmly planted around the entire dickhead. There was no inch of Ralsei's fat, cockhead that Kris did not slobber over. From the entire rim, to its little ridge, and even French kissing the urethra. This was the extent of Kris' affection towards Ralsei and his penis. Their confession that they loved the goat prince's dick as much as they loved the goat prince himself.

"Oh Kris!!!" Eyes glimmering with genuine excitement, Ralsei too quickly rose towards the tip of the cock, his pussy squirting a couple of droops of still hot jizz with arousal. "I- I- I!!! I also love you very much!!!"

Eagerly throwing himself onto Queen's erect penis, Ralsei couldn't help himself but start sloppily slobbering over Queen's throbbing dickhead along with Kris. The two lovingly made out and kissed each other while the tip of Queen's pole rested between their damp, heated tongues. They almost seemed to give the hot, musky penis no mind, more than happy to let their tongues wrestle each other and their lips meet whilst the thick, tangy taste of Queen's penis seeped deep into their taste buds.

Things only continued to escalate further at this point. Giving each other tight, loving hugs, Kris' and Ralsei's bodies began rubbing against Queen's pulsating dick with twice the speed and intensity as before. Ralsei's pussy squirted more jizz as his tummy wrapped around the entirety of Queen's fat shaft and pressed into Kris. Kris' lips did not let go of Queen's tip for a single second while his chest pushed forth against her cock. It was almost as if Queen's penis was only an obstacle in the way of Kris' and Ralsei's passionate lovemaking session, forcing them to throw themselves at it with their utmost strength. Though even then, the two made sure to lustfully rub their oozing pussies against the length of Queen's cock with mindless arousal.

It was such a depraved expression of lust and desire, even Queen herself was starting to have trouble holding it together. Hands tightly gripping onto the bed's covers, Queen moaned out in utter bliss as her hips began to thrust upwards with pulsating desire. The way Ralsei and Kris pleased her fluffy white penis with so much youthful passion was driving her insane. Queen wanted so badly to push them down and viciously fuck them, but the cute little boy toys were already doing all the work for her! There was nothing better than seeing these two little pussied heroes utterly slobbering over her gargantuan meat.

"Unnnghhhh~~~!!! What Did I Tell You Noelle~~~?" Queen moaned in a deep lustful tone, her visors shifting to the letters 'FUUU' with endlessly repeating U's.

Noelle wasn't listening though. The pure screams of Susie's ecstasy drowned everything else out of her mind. All of her thoughts were centered around the immaculate sensation of Susie's anus gripping tightly onto her cock. Her body had entered a luscious, unstoppable autopilot, forcing her hips to continue crushing Susie's pelvis without the slightest hint of mercy.

"Mmmmm~ I'm doing this for you Susie~~~!!!" Noelle yelled out eagerly, feeling as if she was on the verge of losing her mind. "Am I strong enough now~? Do you love me now~?"

Of course, Susie could not muster even the slightest of responses. Noelle's relentlessly furious anal attack was nothing compared to Queen's previous tongue lashing. Her body had reached its limit, her mind reaching its breaking point. And still, her anal walls continued to writhe with ecstasy, as if they were eager for more.

“I wanna breed you so bad~ Haah haah~” Noelle panted on the edge of being incoherent, her hips feeling like they were about to give out any second as her penis continued to throb with ecstasy. “I wanna make reshape your anus with this cock~ I wanna make sure you never forget me~ I wanna-! I wanna~! I wanna make you mine~!!!”

A loud moan escaped from Noelle’s mouth, her lips curling into a menacing smirk. She could feel a thick blast of precum squirting from her urethra, her cock throbbing harder than ever before. Suddenly, Noelle’s eyes began to glow a brilliant snow white color, as if they were exuding pure energy. Noelle’s cock seemed to engorge with absolute, lustful power, while the deer girl pushed it mercilessly into the deepest recesses of Susie’s ass.

“FROM NOW ON...” Noelle exclaimed in a powerful, dominating voice that caused every single one of Susie’s bones to shiver in bliss. “YOUR BODY AND YOUR COCK BELONG TO ME~~!!!!”

Summoning every last ounce of her magical power into a single strike, Noelle thrust her cock into Susie’s butt like a spear piercing through flesh. The tip of her cockhead slammed against Susie’s prostate one final time, only for her urethra to finish the job as it began to shot thick load after load of Noelle’s hot jizz directly through Susie’s intestines.

The two girls shivered together in ecstasy, locked with each other in a passionate hurricane of shared bliss. Noelle’s eyes thankfully seemed to change back to normal, but the pleasure she felt from her twitching dick only kept growing fiercer. Her cute little hips eagerly rolled around as more and more of her ejaculate was released from her fat, sweaty balls, ecstatically squeezing every little bit of pleasure that they could. It was as if she’d just cast the most powerful spell of satisfaction she could muster, filling both her body and mind in a mellow happiness that overwhelmed her whole.

Susie was faring no better in this regard either. The tight walls of her anus squeezed around Noelle’s throbbing penis in submission, as if they recognized who their new owner was. Her cock had orgasmed so much, it couldn’t even hold an erection any longer. And yet, Susie couldn’t help herself from cumming once again from Noelle’s imperative assault, cum oozing freely from her limp member without her being able to do anything about it. Susie knew not what the future held in store. But she was more than certain that her relationship with Noelle would never be the same.

“Me Too! Me Too!!!” Queen exclaimed with similar erotic enthusiasm, her brilliant smile accompanied by the letters on her eyes changing to ‘CUM!’ “I Love These Slutty Boys~~~”

Like a volcano about to erupt, Queen’s enormous cock started to rumble. Kris and Ralsei could feel it trembling uncontrollably between their bodies, but neither of them even bothered to slow down their love making for a single second. Their tongues slurped together as Queen’s urethra shot wide open and began to fire thick, sticky globs of cum into their air. Most of the jizz splattered into their mouth and all over their faces, while the rest rained down of them like a warm summer drizzle, drowning their bodies whole in a downpour of goat seed.

But even then, as Queen’s screams of ecstasy filled the room and her hot seed wrapped around every inch of their nude forms, Kris and Ralsei did not stop kissing each other. Instead, they lovingly pushed their pussies against Queen’s shaft, happily cumming in unison as hot sperm surrounded their bodies and warm affection filled their hearts.

A thick, accentuated silence filled the room afterwards. Noelle was the first to collapse, being thoroughly unused to spending so much energy. She fell atop of Susie with a quiet plomp, letting their nude figures nuzzle closely together. Susie was much too tired to say anything about it, and thus the duo remained like this for a while, before passing away into dreamland in each other's arms. Noelle didn't even pull out her cock as they slept, letting it sit comfortably within Susie's hole instead.

The pair of Kris and Ralsei continued making out after Queen's cock slowly became softer and softer, but soon exhaustion came over them as well. Both of the cute buddies fell on each side of Queen's body, nuzzling on top of her while holding arms together. Queen's penis had received enough pleasure to become calm for quite a while, though Queen herself didn't feel physically exhausted enough to pass out like her partners. Hell, she didn't even need sleep! Nonetheless, the sight of Kris and Ralsei sleeping over her cum coated was too adorable to disturb, and Queen reluctantly went into Sleep Mode.

The entire group would remain totally sleep for a very very long time. As for what would happen to them in the future? That remained to be seen...

---

Waning rays of orange sunlight drizzled into Miss Alphys' empty classroom, hueing the entire place in a warm, subtle afterglow. The last school bell had rung long ago, the school's halls devoid of any kind of staff or student. Within Alphys' classroom itself, all of the desks remained bare and unoccupied. That is, save for the desk in the furthest back corner of the room...

"Haaah~ Haaah~ Haaah~"

The cute, peppy deer girl Noelle panted and gasped in a breathy manner as she relaxed against the backrest of her chair. Blood pumped thoroughly through her chest, her hips needily rocking forward. With a big, satisfied grin splayed all over her face, Noelle was more than happy to let herself bask in the mellow heat of a spring afternoon.

*Creeaak...*

Suddenly, the door to the classroom swung open, and in walked Miss Alphys herself. Eyes narrowing behind her square glasses, the short lizard lady looked throughout the room with an inquisitive expression, her brows rising in surprise the moment she noticed Noelle's presence.

"Oh, hey Noelle." Alphys spoke in a soft tone, almost as if she was relieved. Talking to a proper, dutiful student like her was always much easier than talking to a delinquent. "What are you doing here so late?"

"Mhhhhm- M-Miss Alphys!" Noelle's entire body began to shiver at the sight of Alphys, her smile somehow becoming wider but also unsteady. Trying her best to remain steady, Noelle responded to her teacher normally, though it was clear there was something bothering her. "I-I'm j-just~ Staying late for some, extra-curricular activities~"

"Heh. Studious as always." Alphys chuckled approvingly. If only all students were like Noelle, then Alphys wouldn't hate her job as much as she did.

There was however, something that did not look quite right in Noelle. Perhaps it was the rapid respiration, or the reddened, blushing cheeks, but it almost looked like Noelle was sick... "Are you feeling well?" Alphys asked with concern, her teacher mode activating. "You look like you're sweating a bit?"

"Oh, don't worry miss Alphys." Noelle responded in a slurred manner, almost as if she was drunk. Eyes thoroughly glazed, she looked straight towards Alphys without any semblance of shame. "I've nnnffff~ Never felt better in my life~"

"Ooookay..." Alphys' expression quickly shifted to one of confusion. Nope, dealing with *any* kind of student was a pain in the ass. Slowly, she began to back away from the classroom, but before she left her eyes glimmered and she asked Noelle one final question. "B-By the way, have you seen Susie anywhere?"

Noelle was barely paying attention at this point, her head looking up towards the ceiling while more breathy pants and moans escaped her lips. Still, she was able to muster up some kinda answer. "I-mmmffff- t-think she's at the library~"

"Great! Now I know where not to go next" Alphys responded with a cocky expression, only to slam the door to the classroom shut and leave Noelle to her own devices.

The sweaty deer girl let out a huge sigh, half of relief, half of pleasure. Pushing the desk away from her lap, Noelle spread her legs further and lifted her skirt to reveal her girlfriend Susie on her knees with Noelle's huge cock filling the entirety of her mouth. Susie looked up at Noelle with a dazed, expectant expression, though not once did she stop slobbering all over Noelle's throbbing member. Her head bobbed back and forth in a set of soft, obedient motions, her entire maw filled with the fat, heaving meat of Noelle's cock and refusing to let go. It was as if the spark of rebellion had been totally wiped from Susie, leaving nothing but a submissive, eager slave.

"Oooohhh, what a l-little s-s-slut!" Noelle teased her, thoroughly enjoying the sight of Susie's snout pressing against her crotch. "Still gorging on my cock even while I talk to miss Alphys~"

Susie didn't even attempt to formulate any kind of response. Hands tightly gripping onto Noelle's thighs, the dino continued to deepthroat Noelle's cock on and on without the slightest bit of inhibition, like she'd been put in some sort of trance. Susie's long tongue wrapped around Noelle's penis like a tentacle, desperately rubbing it up and down as it imprinted its delicious musky taste into her buds.

"Look at what you've done to me Susie~" Noelle continued, her cock eagerly pulsating within the hot, sticky heat of Susie's mouth. "Y-You've turned me into such a bad girl~"

By this point, Susie's cock had been on Noelle's crotch for so long, thick furry brown strands were starting to coat its scaly purple ballsack. The penis had fully become inseparable from Noelle. In fact, neither Noelle nor Susie had even tried to remove it. Ever since that fateful day Noelle had been blessed with Susie's cock,

"I can't focus on school anymore~ I can only think about dominating you~" Noelle's gasps grew hotter and heavier, her smile growing even more perverted. "I even got excited about Alphys discovering us~ I bet that's what you wanted, i-isn't it slut~?"

Noelle's hands soon atop of Susie's head. Grabbing onto the dino's hair tightly, she began pushing Susie's face against her crotch with about as much force as she could muster. Her hips began to thrust forward greedily, her balls tensing up in pleasure. With every passing second, Noelle's motions only grew more violent and rough as the grip around Susie's hair tightened. Her crotch pushed against Susie's lips, her fat shaft slamming into Susie's throat. Soon enough, Susie wasn't even moving at all, it was Noelle taking complete control to fuck Susie's face relentlessly.

"You wanted her to discover us so that everyone would know that you're my little slut~" Noelle was almost screaming at this point, her balls and cock feeling like they were about to burst "B-Because you- You are~! Y-You're my horny, submissive cumdump~~~!!!"

Crotch repeatedly slamming against Susie's face, Noelle gave a delirious yelp of pure bliss as her fat penis began to unload a waterfall of ejaculate directly down Susie's throat. Noelle's hips continuously pushed forward as the hot jizz blasted forth from her widened urethra. The whole thing came out with the force of a fire hose, chugging and chugging on endlessly. Susie started choking up at first with the inhuman volume that filled her, but soon enough her gag reflex was turned off and she swallowed every last bit of cum like the good girl she was taught to be.

As more and more of Noelle's hot seed was poured directly into Susie's stomach, all the girl could do was sit and take it with a moan. Her body trembled in delight, her tongue gulping thick load after thick load. Down between her pants, a large, damp spot had formed from the amount of times Susie had ejaculated already. Susie could feel it growing warmer again, her limp cock trembling with another climax from simply sucking on Noelle's dick.

Silence embroiled the room as any sort of motion swiftly pattered off. Only the breathy gasps of Noelle could be heard echoing within Alphys' classroom, along with the thick heartbeats of Noelle and her submissive girlfriend Susie.

*Creeeaaak...*

Once again, the door to the classroom opened. This time however, it was not Alphys coming in. That pleasure instead would be reserved to Noelle's and Susie's companion Kris, who was free to gaze upon the two in their disheveled, lustful state. The human child looked much like they did usually, with brown hair and yellow skin. That is, except for the enormous, 5-month pregnant belly that protruded forth from their torso. Kris' flat chest had inflated to a pair of fat B-cups with enormous dark nipples that leaked milk through their shirt. Their belly had grown so big, it would not fit in their plain green and yellow T-Shirt. Kris did not say a single word. Their presence alone told Noelle and Susie what they needed to know.

"Ah, hi Kris!" Noelle waved at the human with a bright cheery expression, before turning back towards Susie and gently caressing her scaly cheek. "Looks like it's time to go to the Dark World Susie. I hope you're ready, because I'm far from satisfied~"

All Susie could do was give a muffled moan, her mouth still full cum and Noelle's fat shaft. Even now, she could feel her body aching to be taken by Noelle and her cock. It seemed the F!\$? Squad would now be known as the F!\$?ed Squad.
