CHAPTER 10

I woke up around 6 am,
still naked in her bed.
All the lights were turned off,
and I saw the nude silhouette of my mother
standing in front of her slightly opened curtains,
as she watched the sun rise.

I could only imagine what
was going through her head;
how she had sex with her own son,
and how our relationship
would be changed forever.

I got out of bed, walked right behind her and held her, pressing my bare body against hers.

I then started planting kisses on the back of her shoulder, and then parting her hair and kissing her neck.

"Was this what you had expected?" she asked, still watching the sunrise.

"Better," I said in between kisses. "It was more amazing than I ever could have imagined. I'm really glad we did this. What did you think? Did you enjoy it?"

"It was certainly an interesting experience. Having sex with my only child is not something that's ever crossed my mind in the past 21 years. It's not exactly normal."

"I'm still trying to get my mind around this whole thing. I still can't believe what we did last night, and that I let it escalate to this point."

"You're right. But I'm still glad it did happen. I love you mom,"
I said, as my penis started becoming more erect pressing against her body.

I moved my hands up and started massaging her soft breasts and rubbing her nipples with my fingers.

She turned around
and looked me in the
eyes.

"You know I love you
too. But we shouldn't
do this anymore; the
deal was only for last
night remember?"

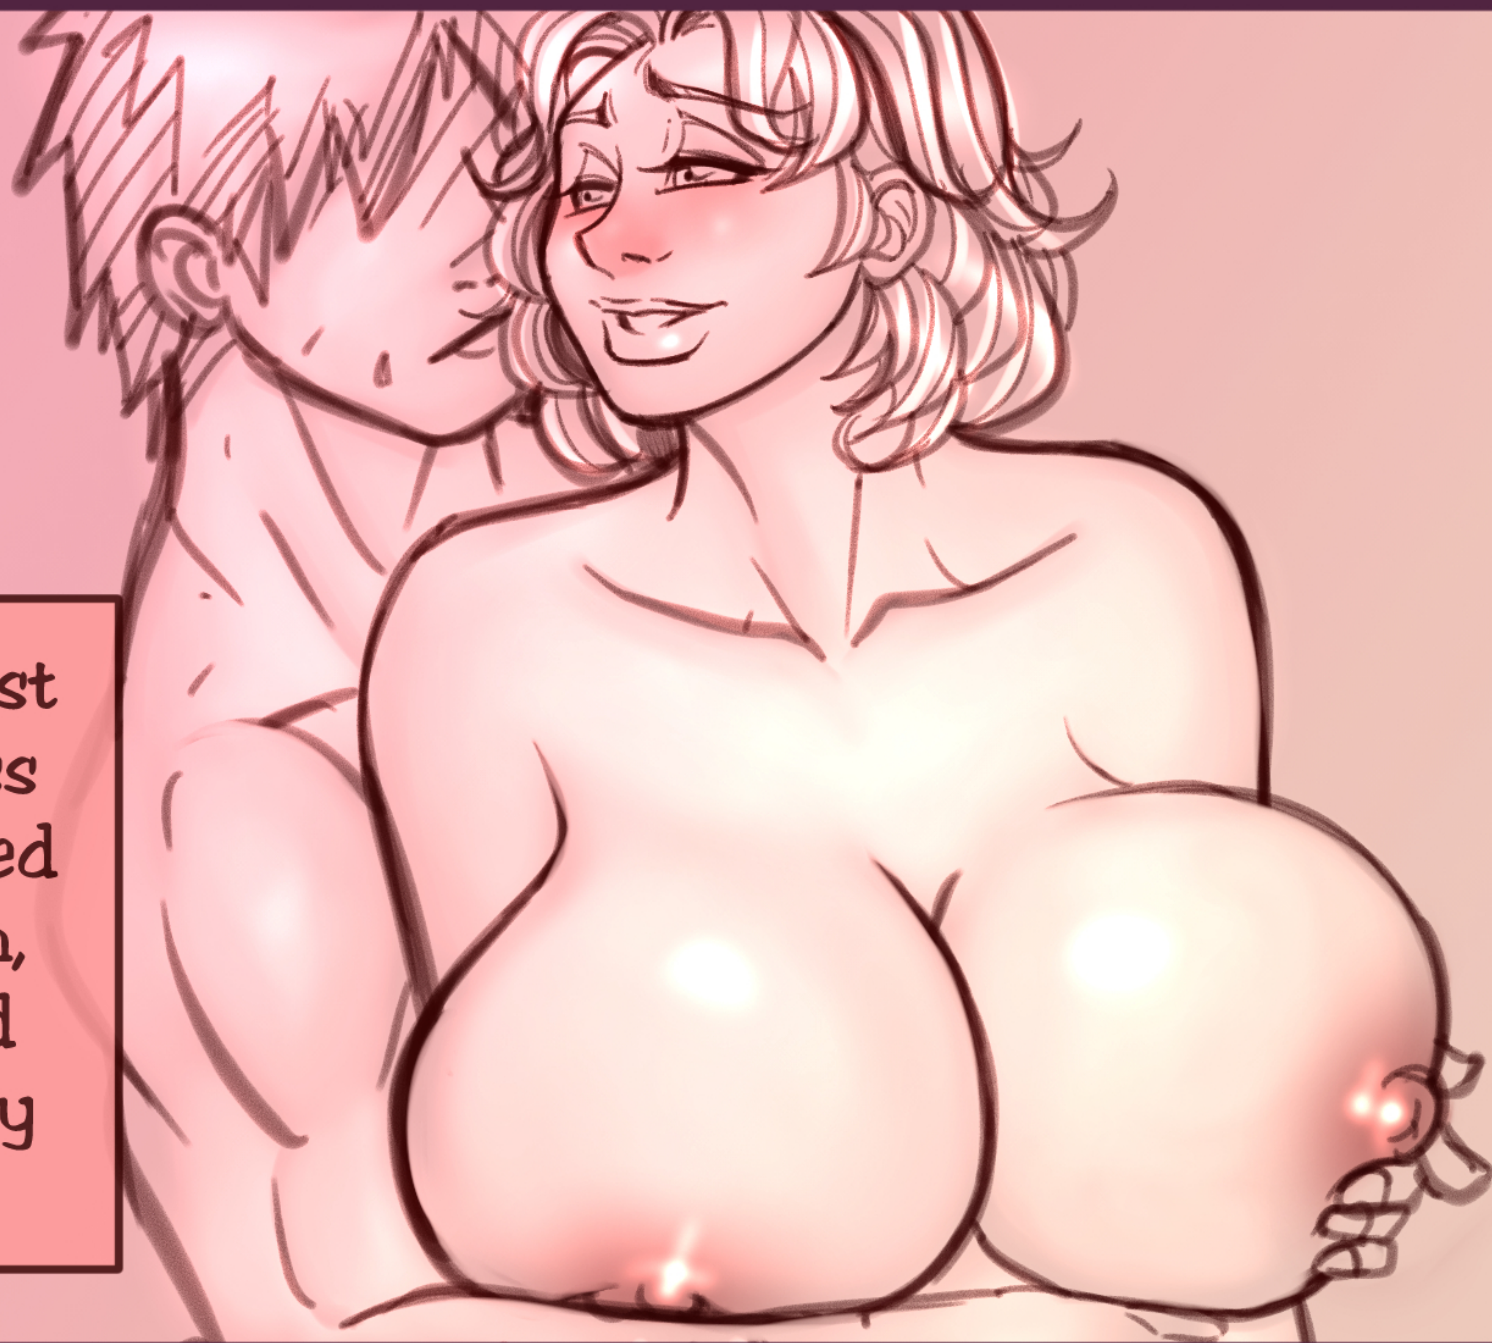

"Well it still looks pretty dark outside to me," I said as I began to kiss her on the lips. "Doesn't this count as night?"

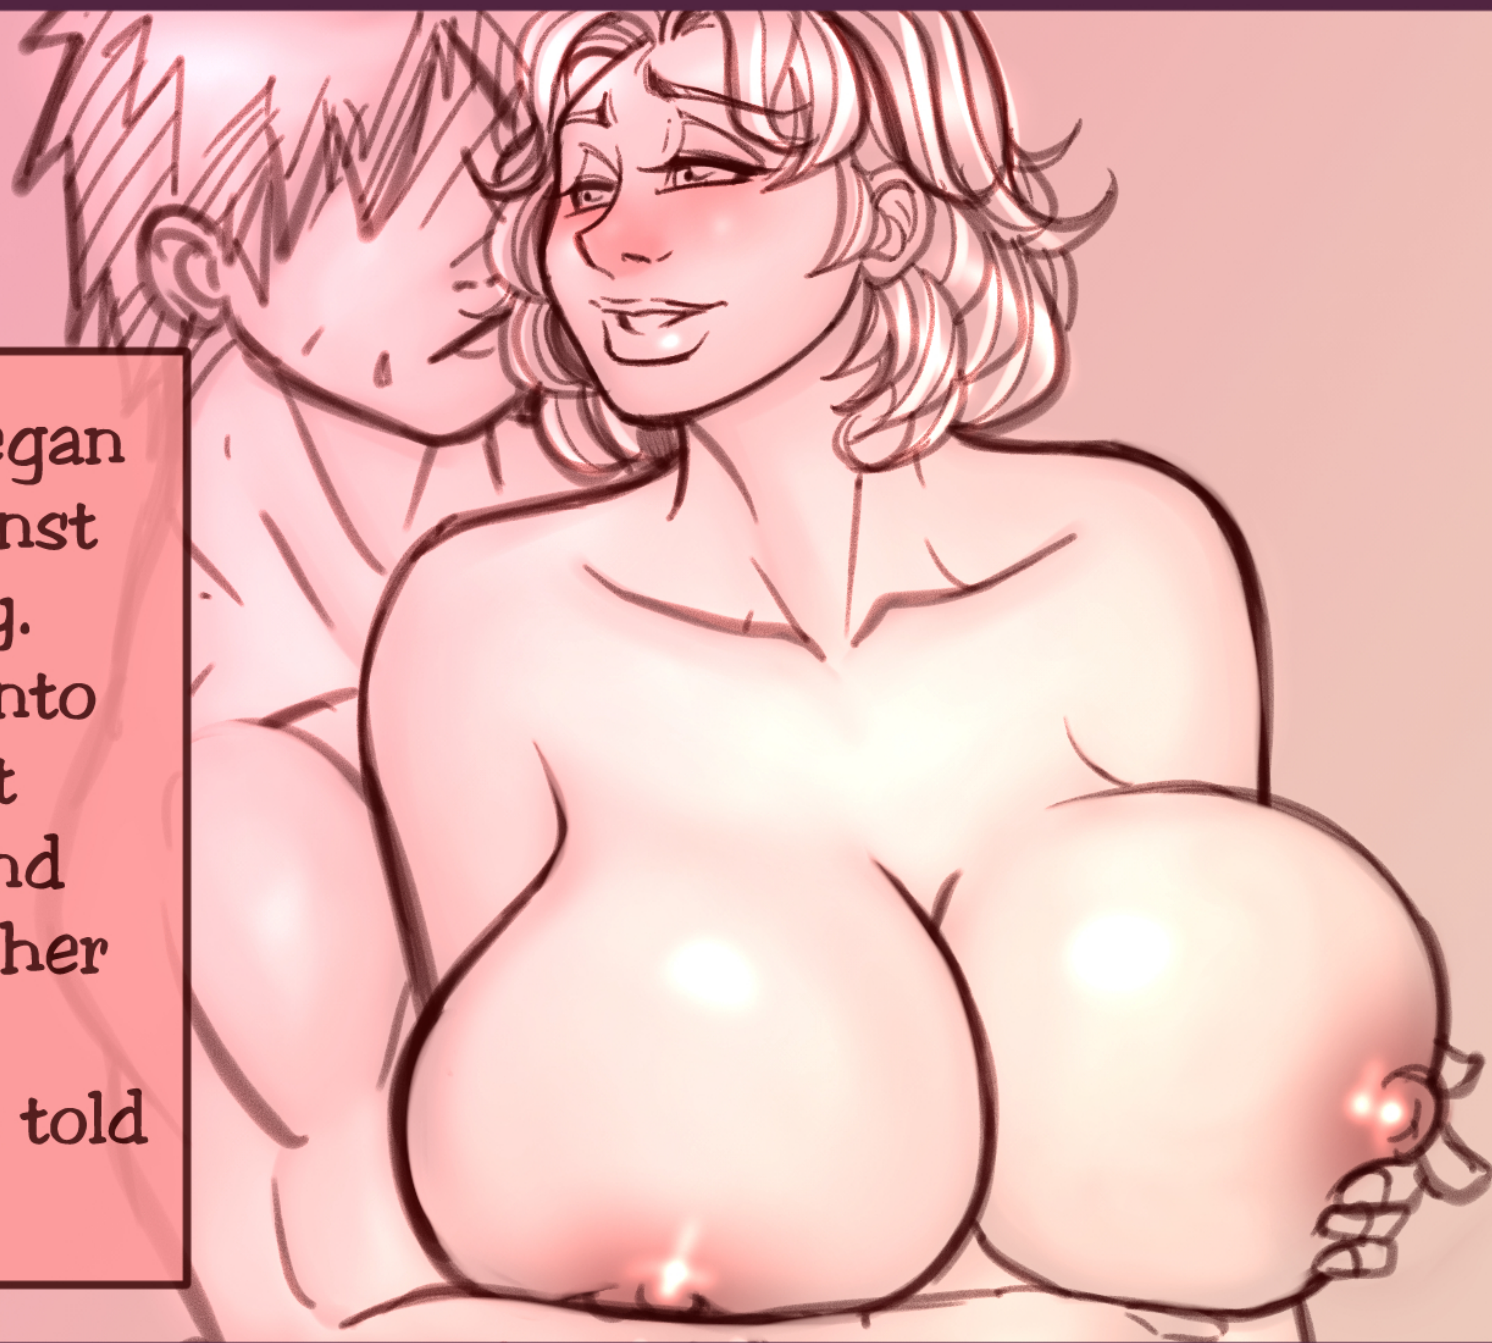

We embraced each other in a passionate kiss feeling each other's tongues in our mouths.

It was the most
passionate kiss
I've ever shared
with a woman,
and I was glad
it was with my
mother.

My erection began throbbing against her warm body. She grabbed onto my cock as if it were a leash and had me follow her to the bed. "Sit down" she told me.

She got on her knees and started stroking my cock, examining it with her eyes like a doctor would a patient.

Only she wasn't a doctor; she was a curious mother wanting to see how her son had grown over the years.

She then leaned forward and started kissing the head of my erect penis the same way she kissed me on the mouth.

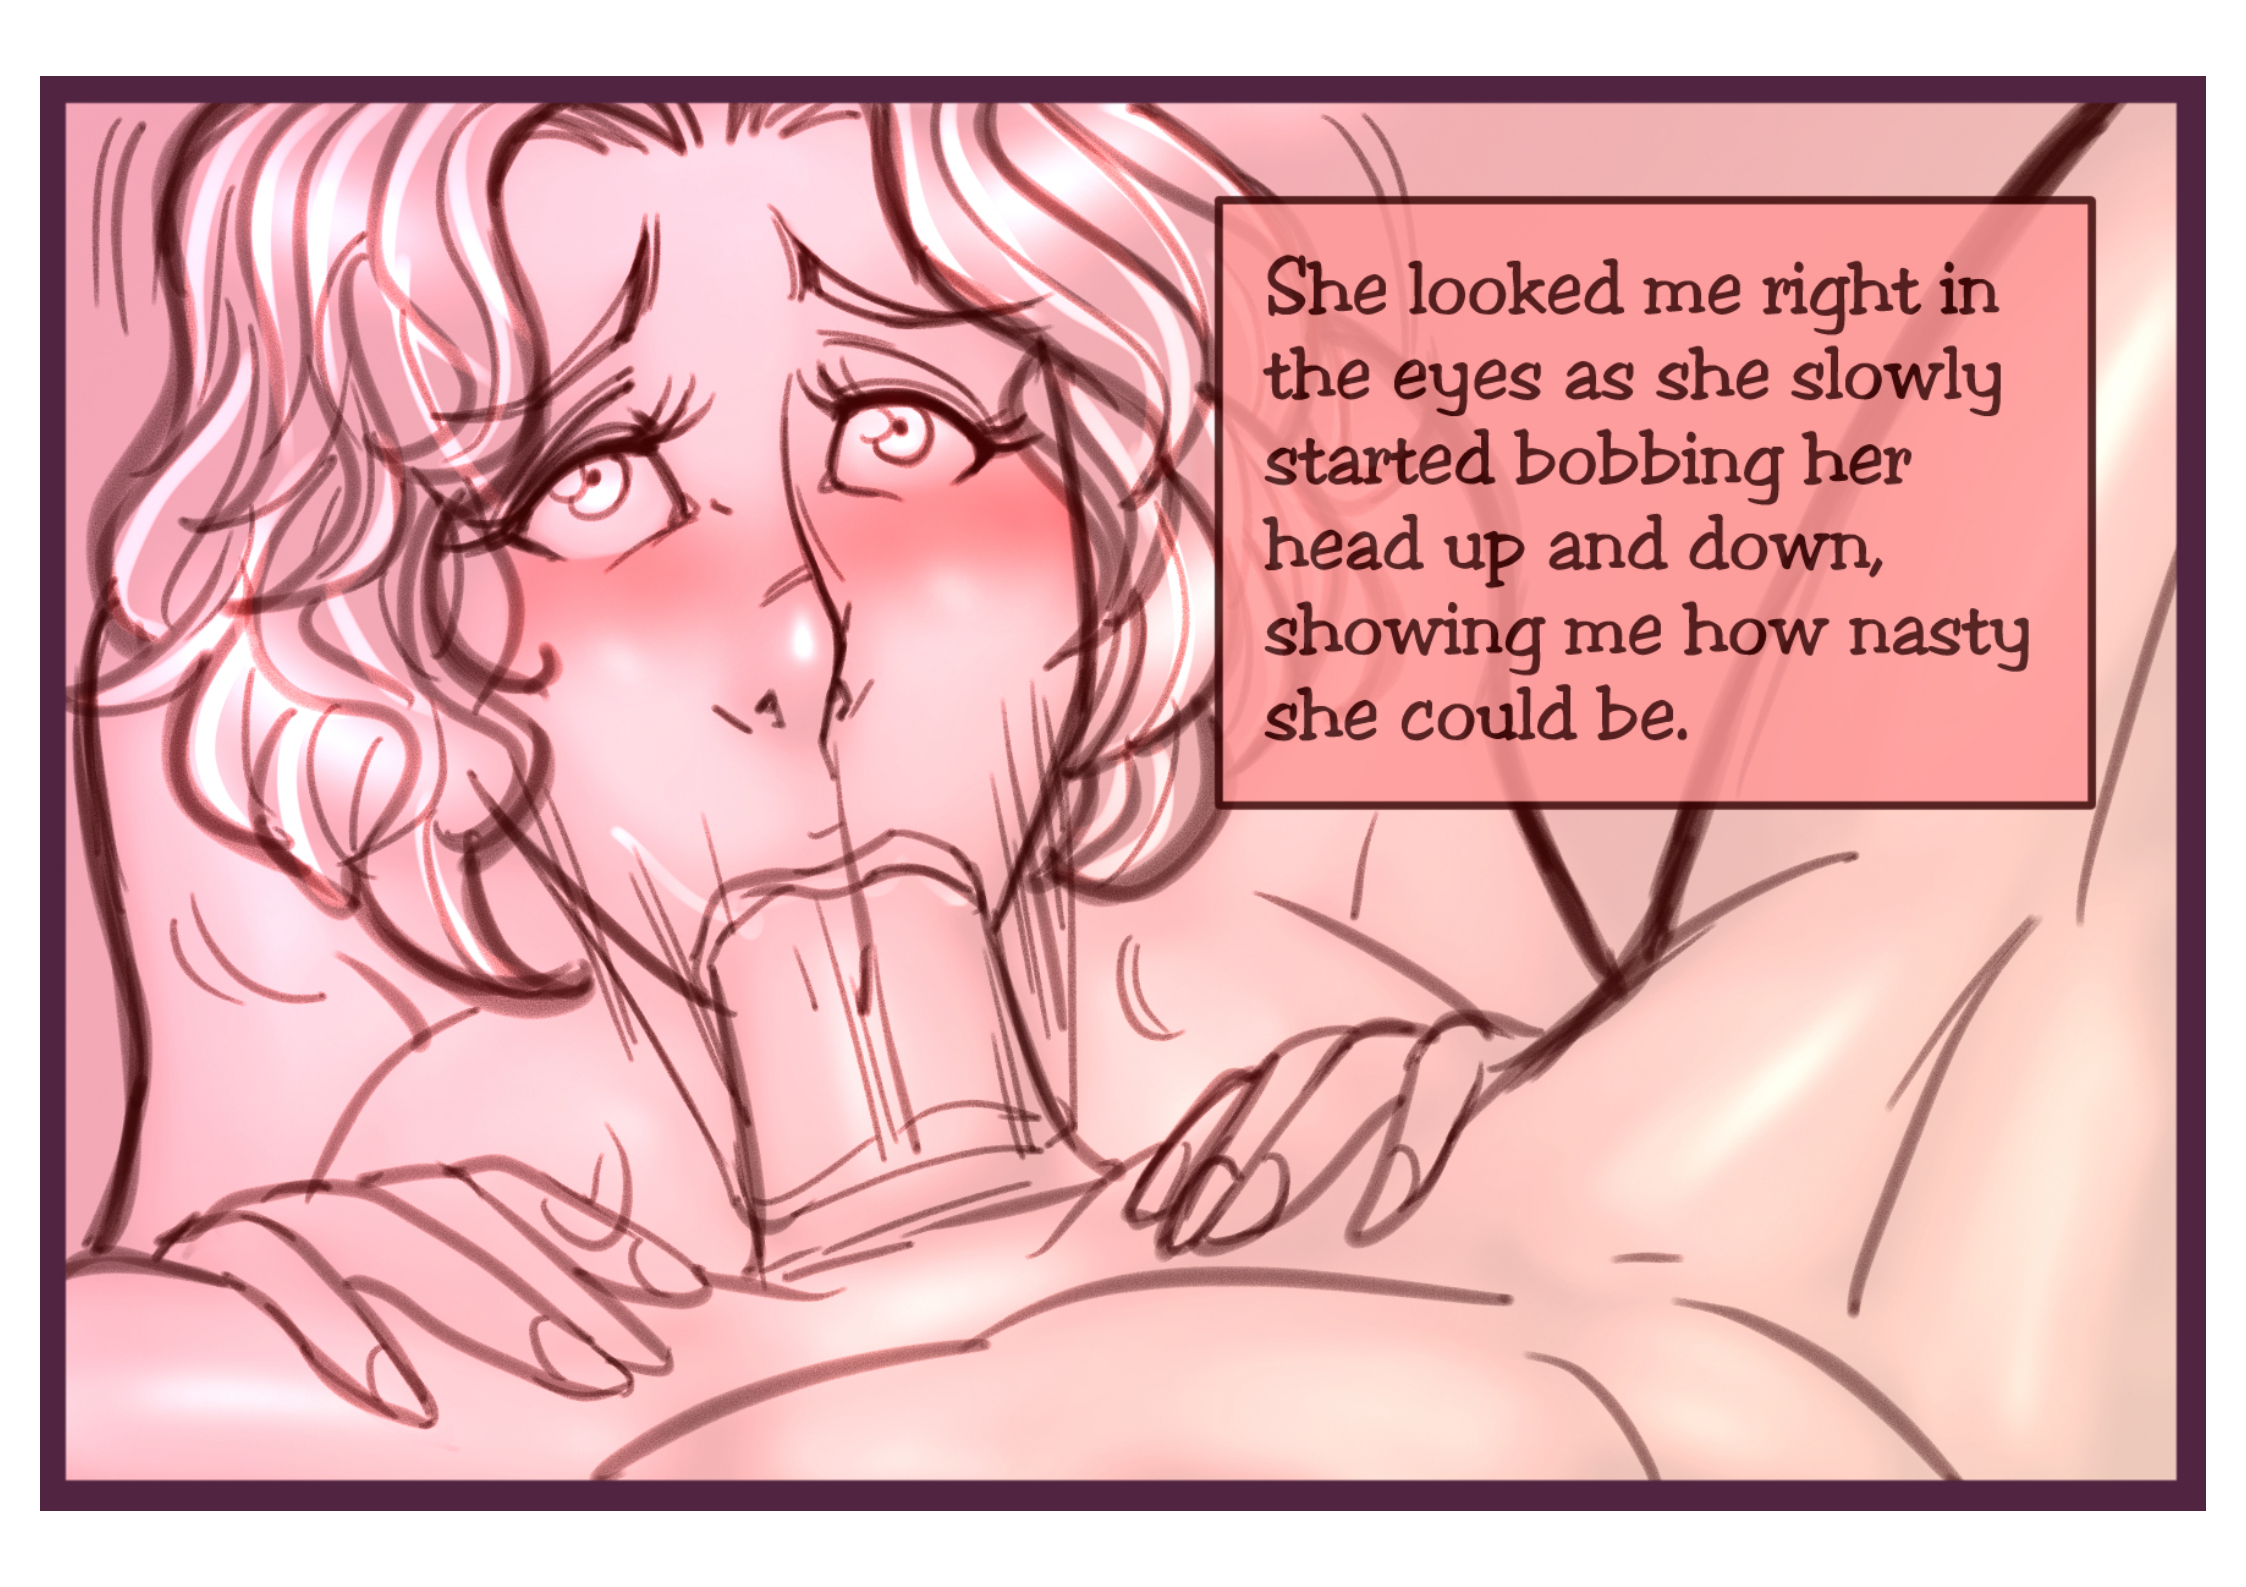

The kisses were soft and gentle, and feeling her saliva on my penis only added to my arousal.

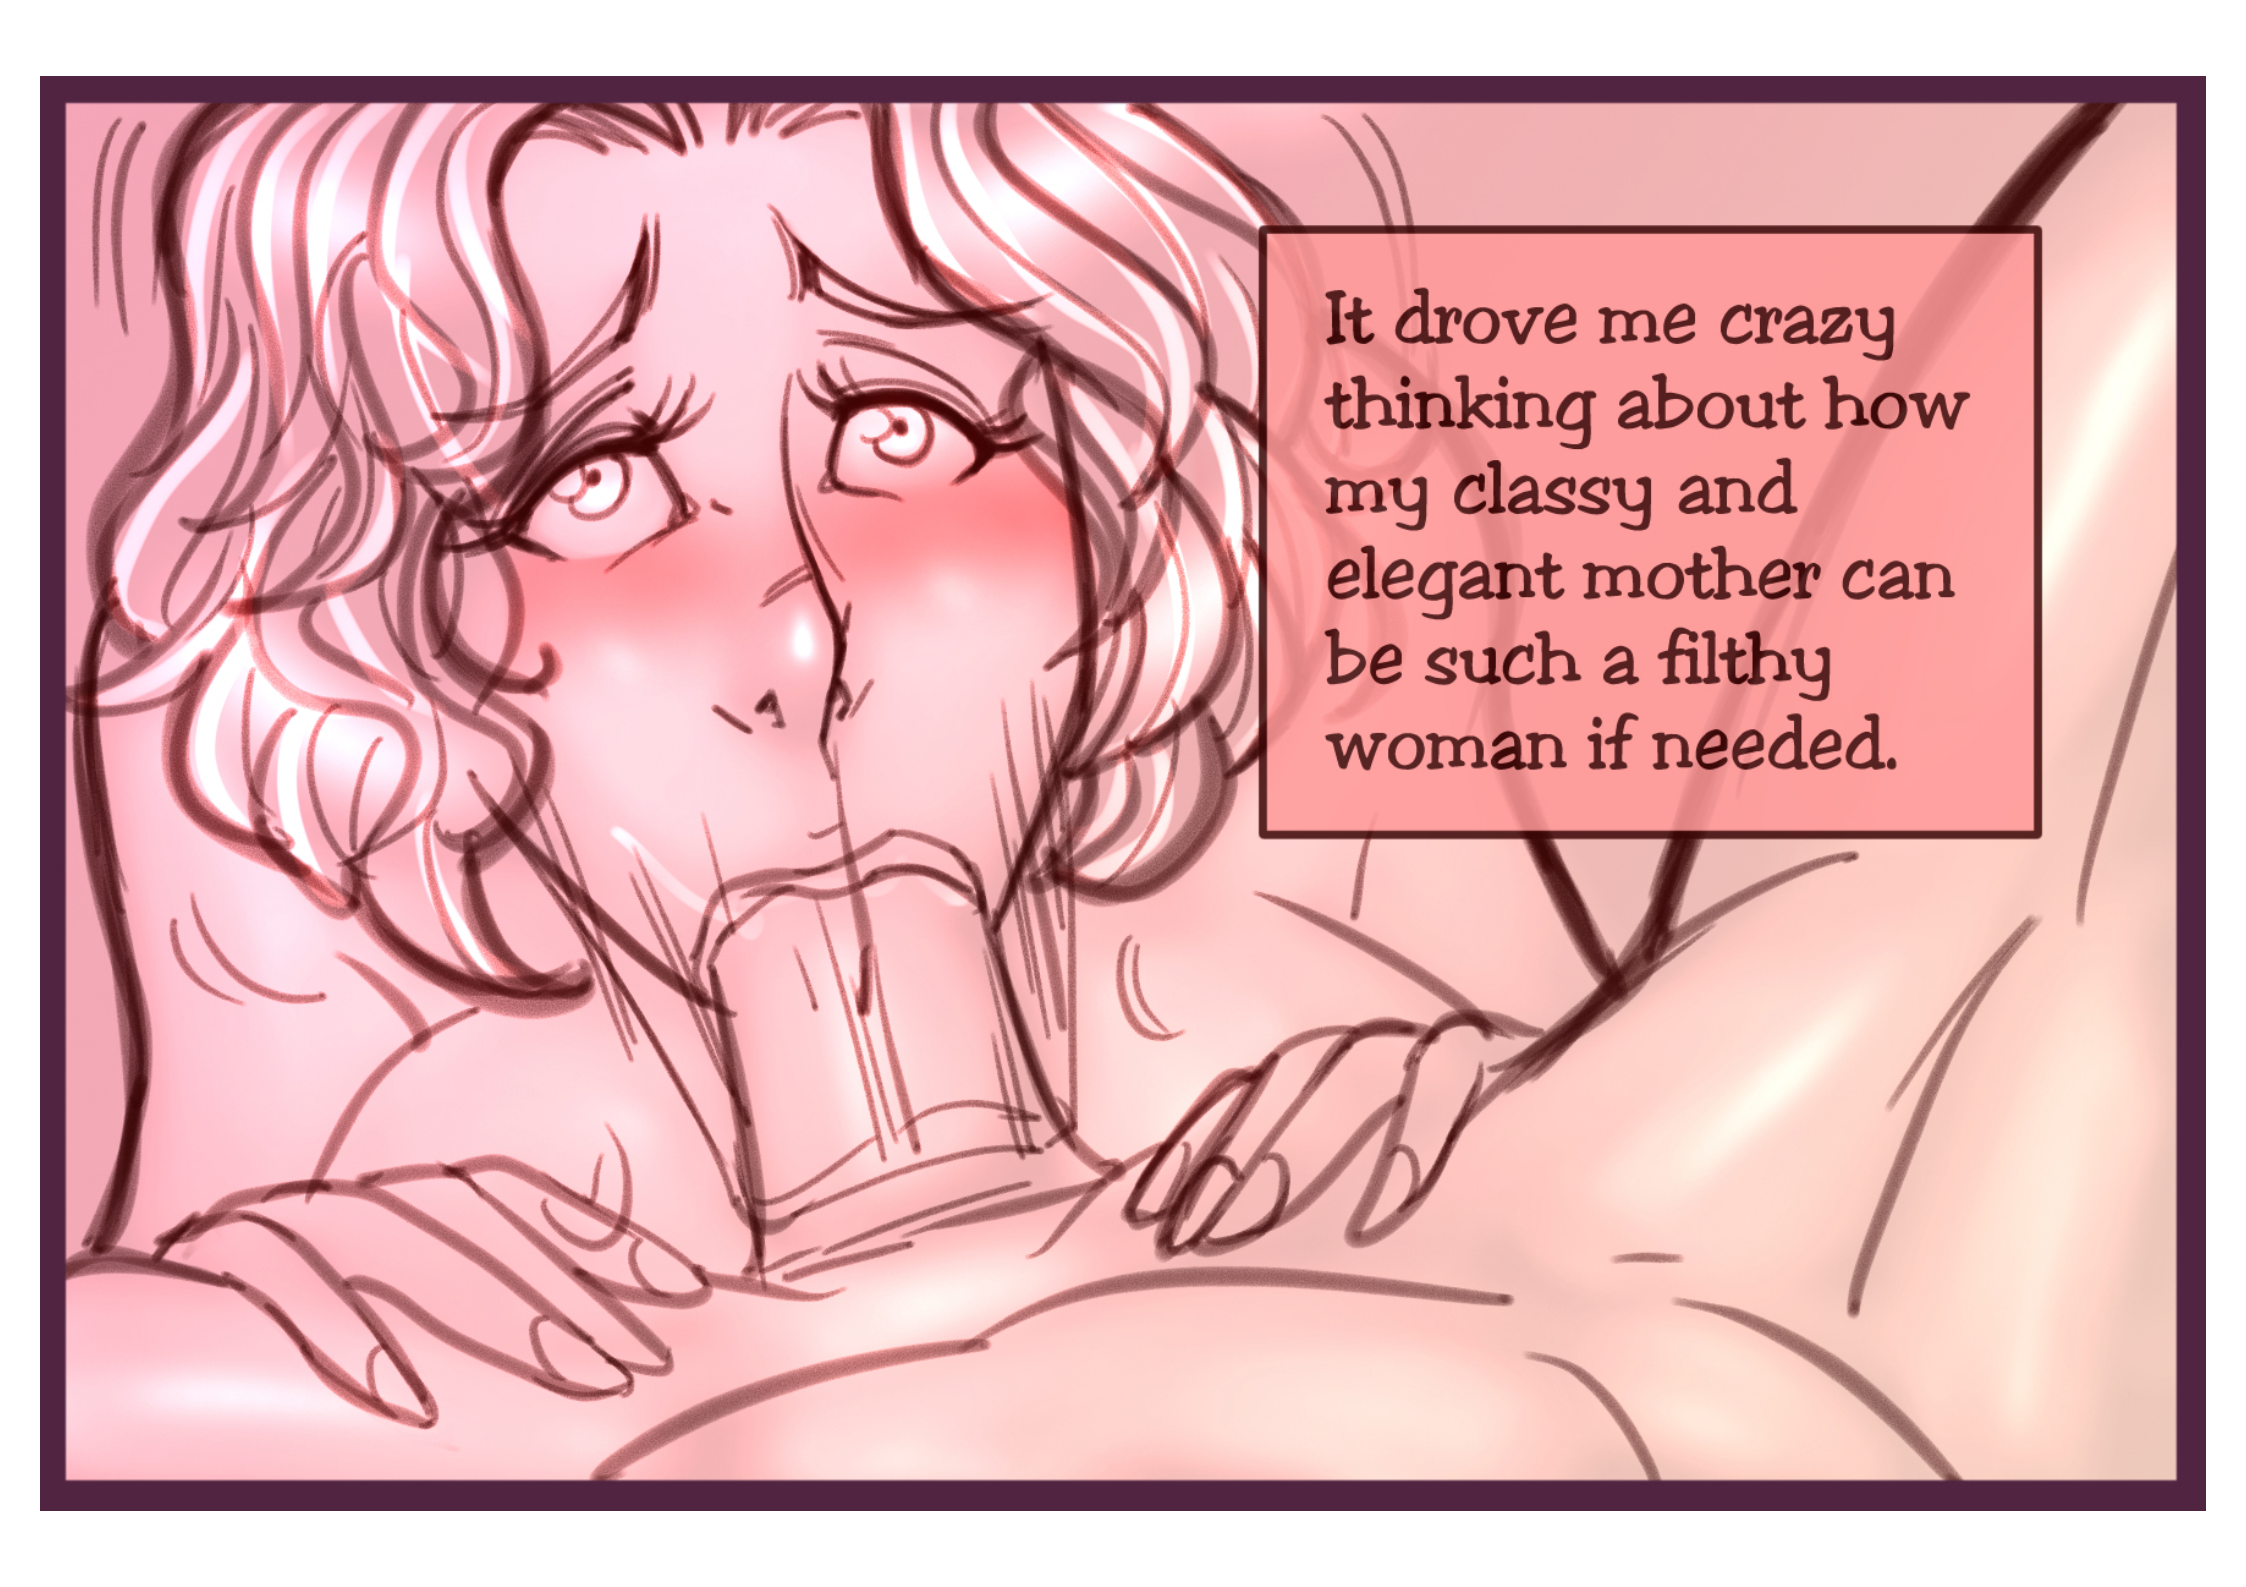

Her mouth opened wide
and I suddenly saw my
entire cock disappear
into her mouth.

A comic book panel featuring a close-up of a woman's face. She has long, wavy, light-colored hair and is looking directly at the viewer with a serious expression. Her face is flushed with a reddish-pink hue. The drawing style uses bold black lines and a monochromatic pinkish-red color palette. A speech bubble is positioned on the right side of the panel, containing text.

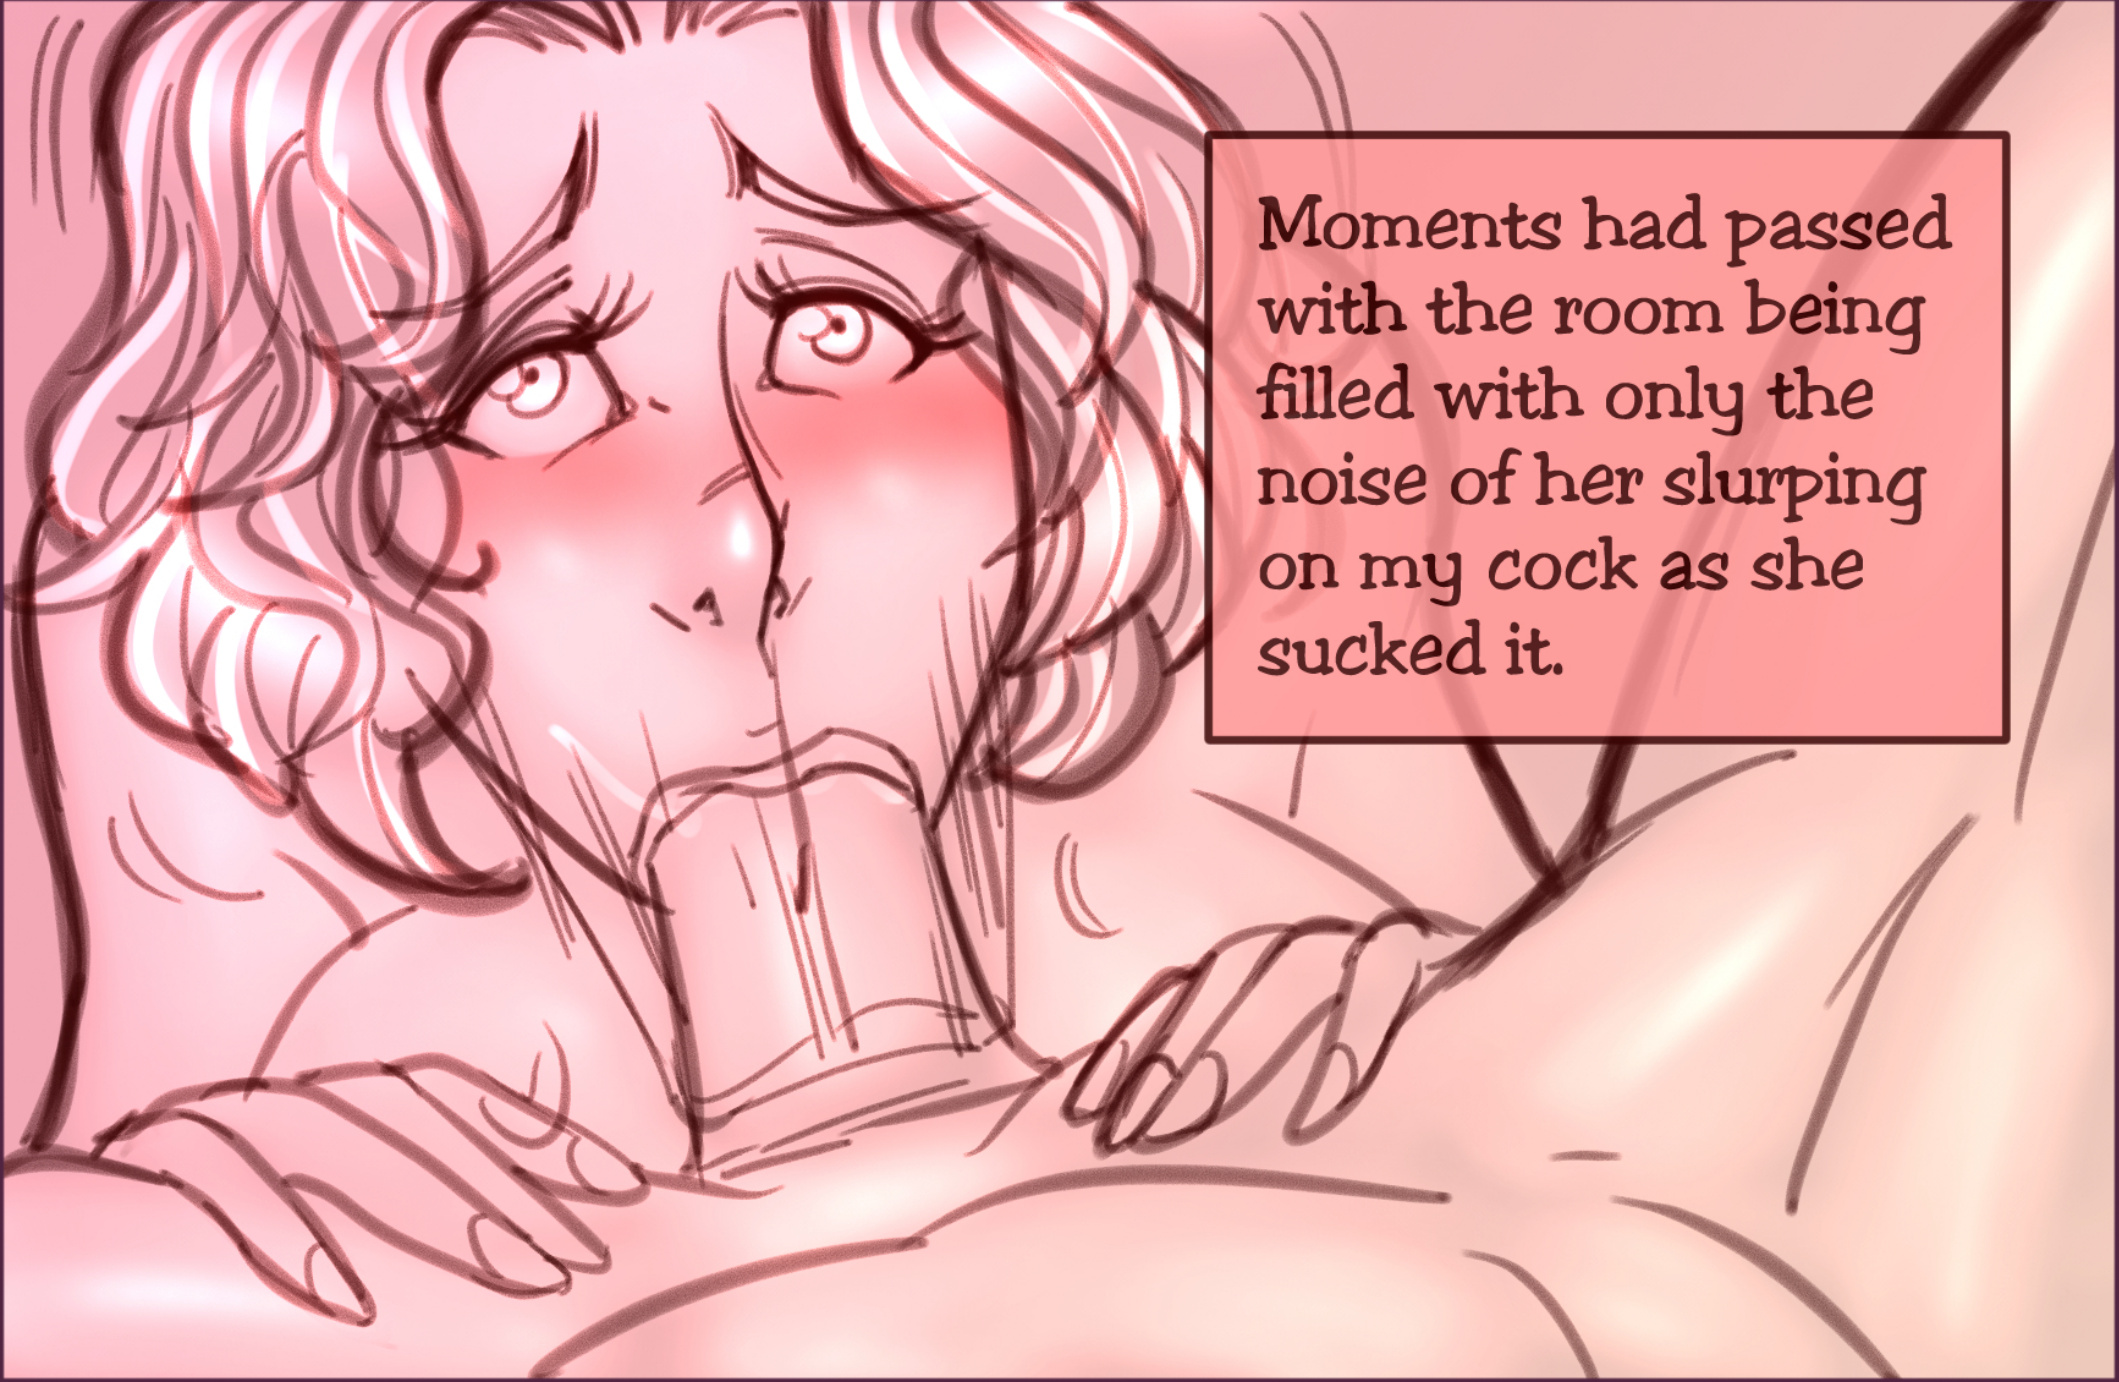

I could feel her tongue
rub across my cock as
she sucked it, tasting
my dried cum and her
vaginal fluids from
hours before.

She looked me right in the eyes as she slowly started bobbing her head up and down, showing me how nasty she could be.

A comic book panel featuring a close-up of a woman with blonde, wavy hair. She has a shocked or angry expression, with wide eyes and a slightly open mouth. The background is a solid light pink color. A speech bubble is positioned on the right side of the panel, containing the following text:

It drove me crazy thinking about how my classy and elegant mother can be such a filthy woman if needed.

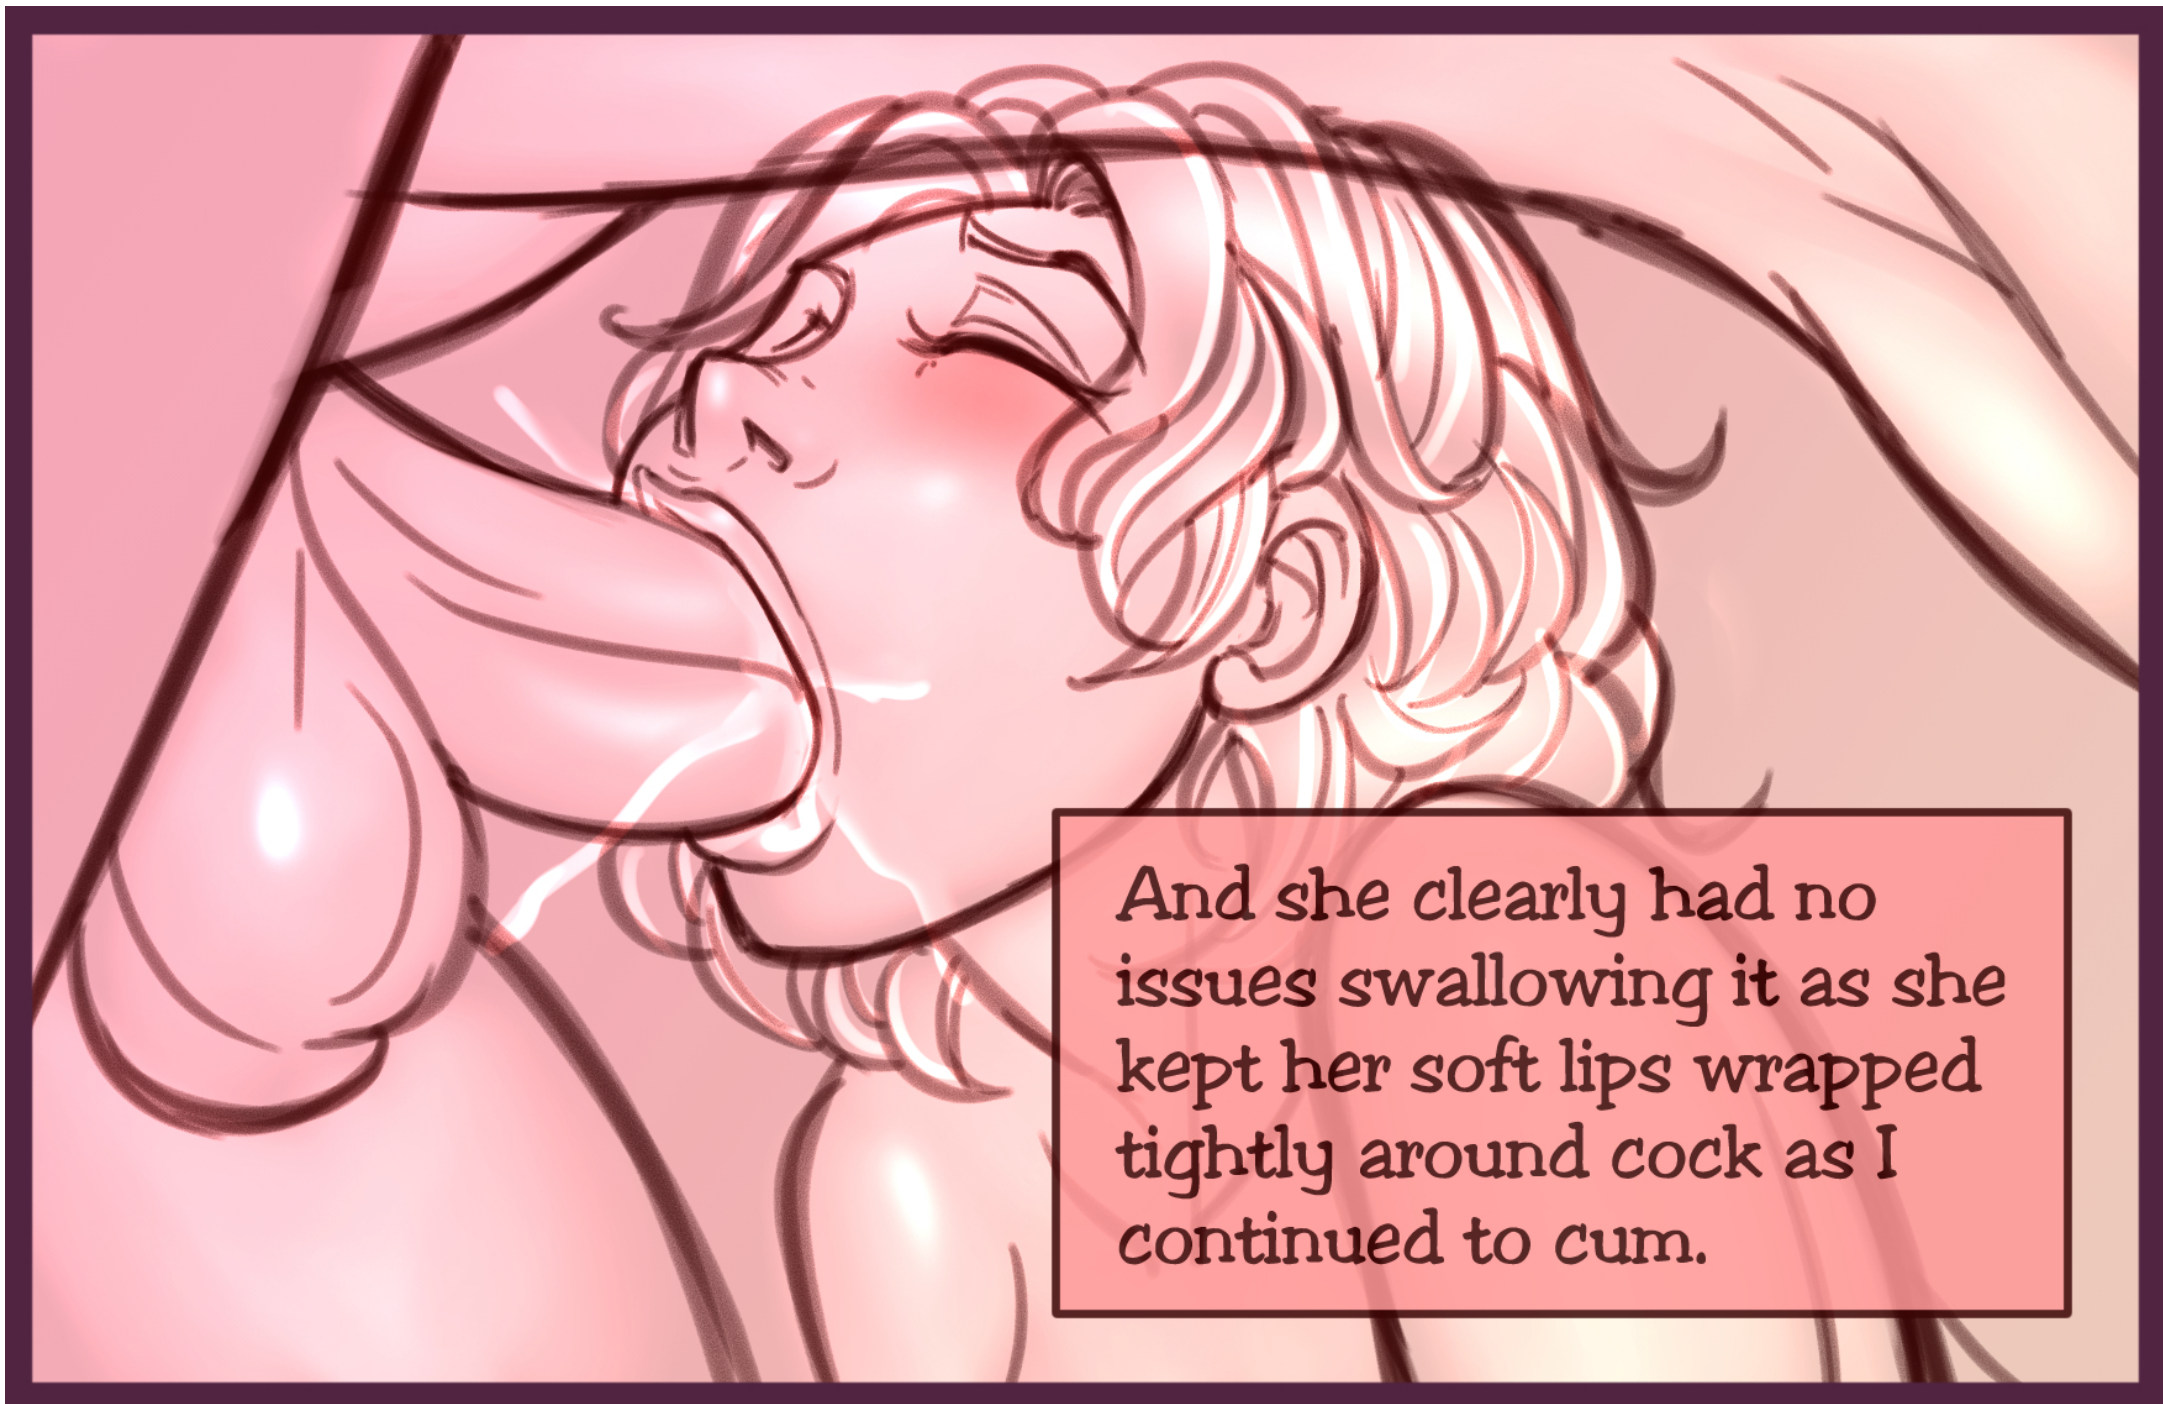

Moments had passed with the room being filled with only the noise of her slurping on my cock as she sucked it.

We looked each other
in the eyes the entire
time and she started
to bob her head faster
and suck harder as
soon as she felt my
body moving.
She knew I was about
to cum.

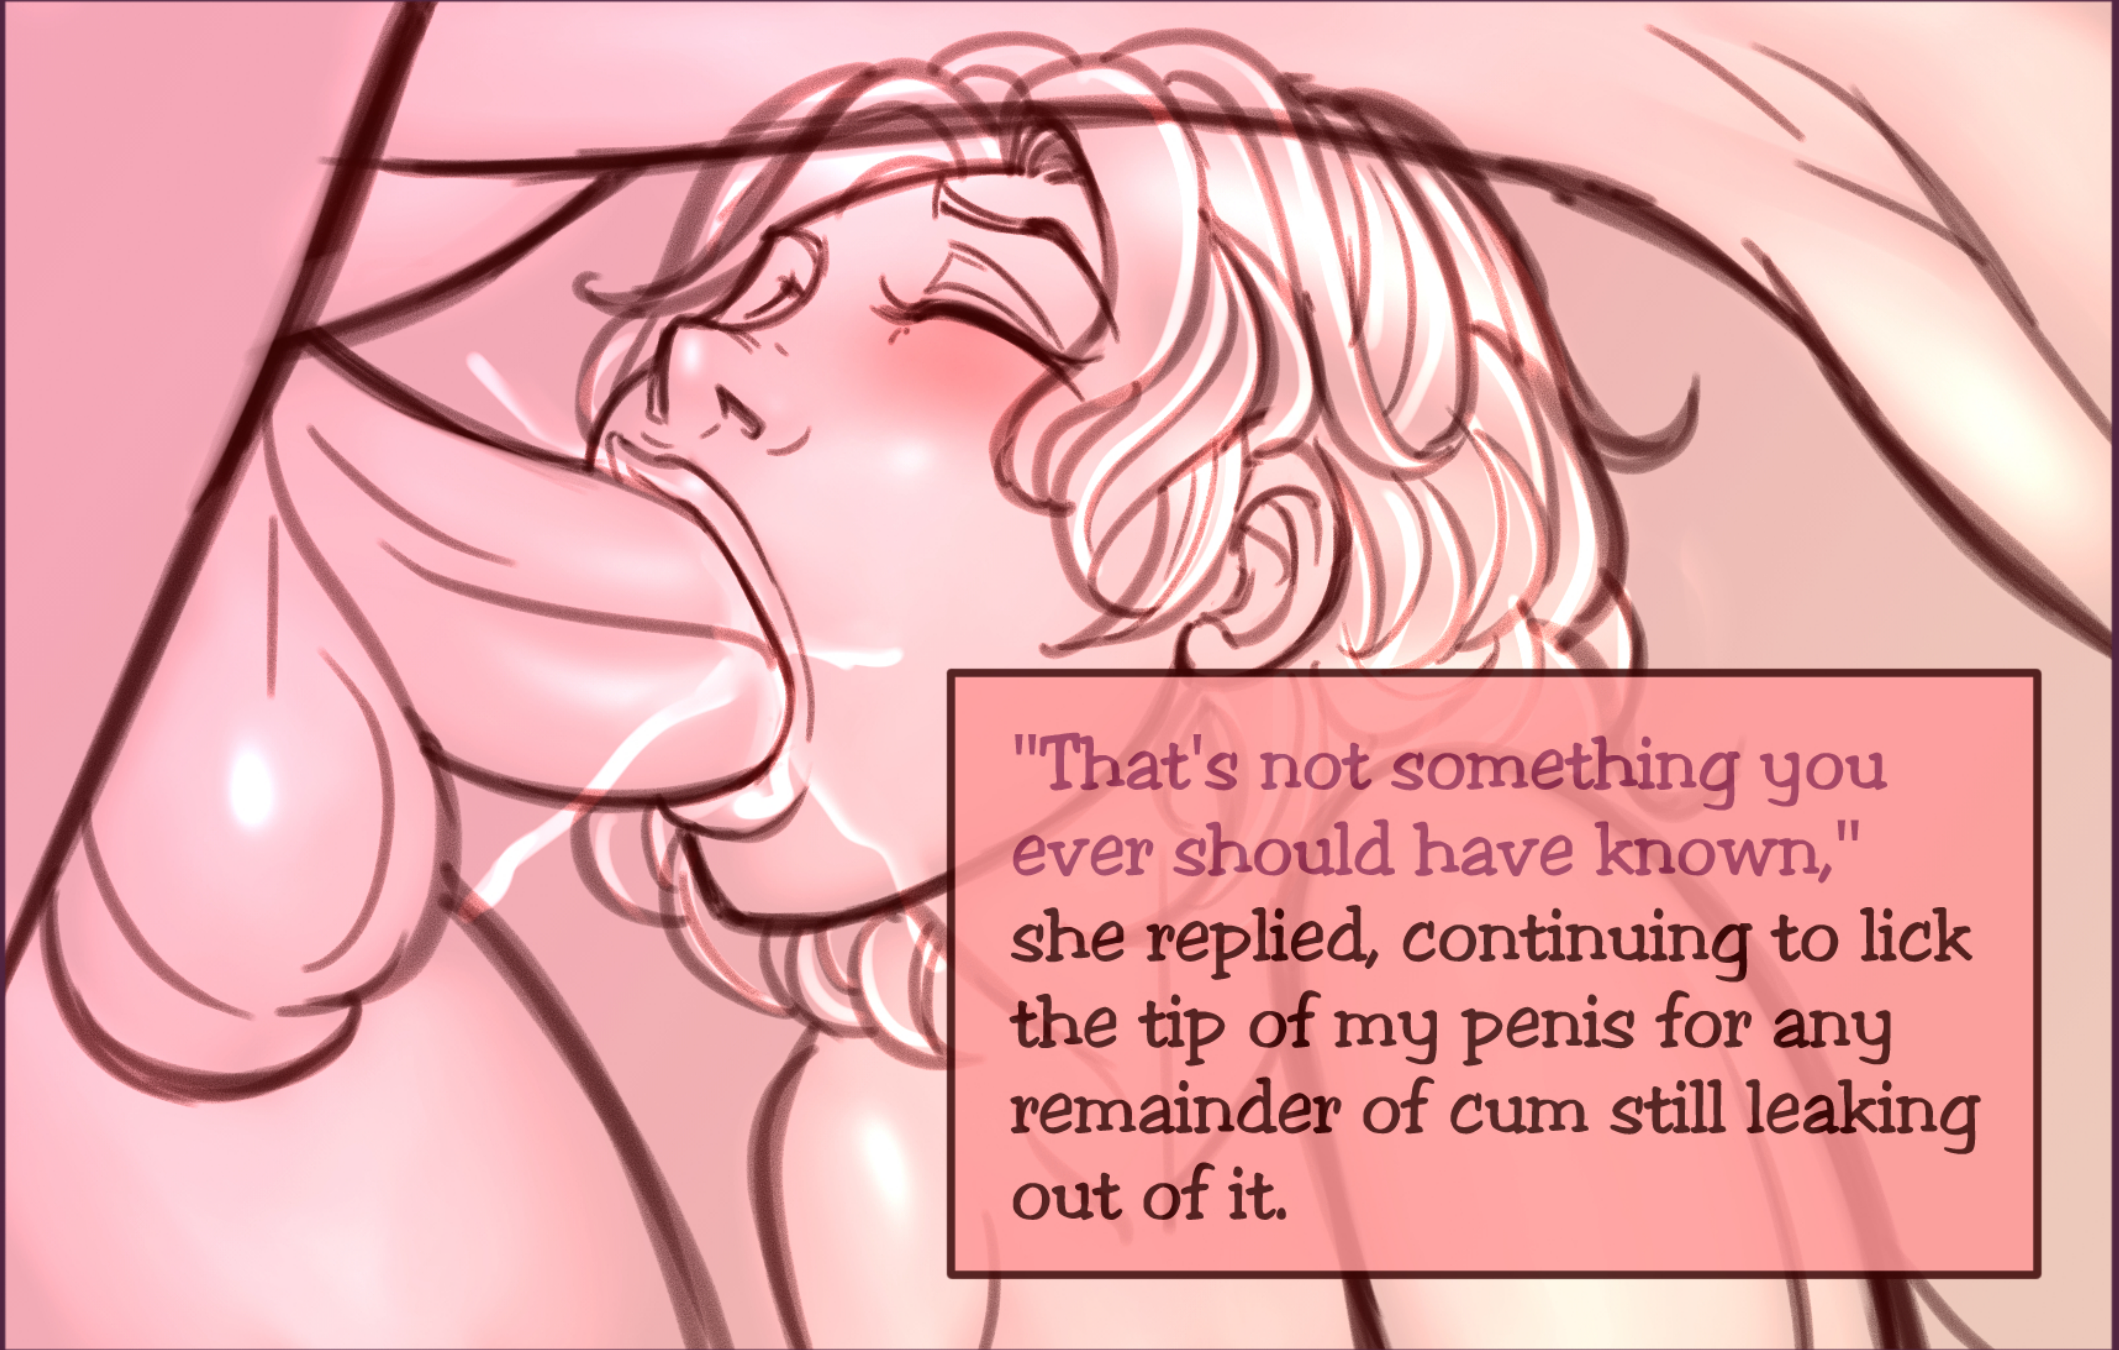

And I did.
I shot out a long stream
of cum inside my mother's
mouth for her to devour.

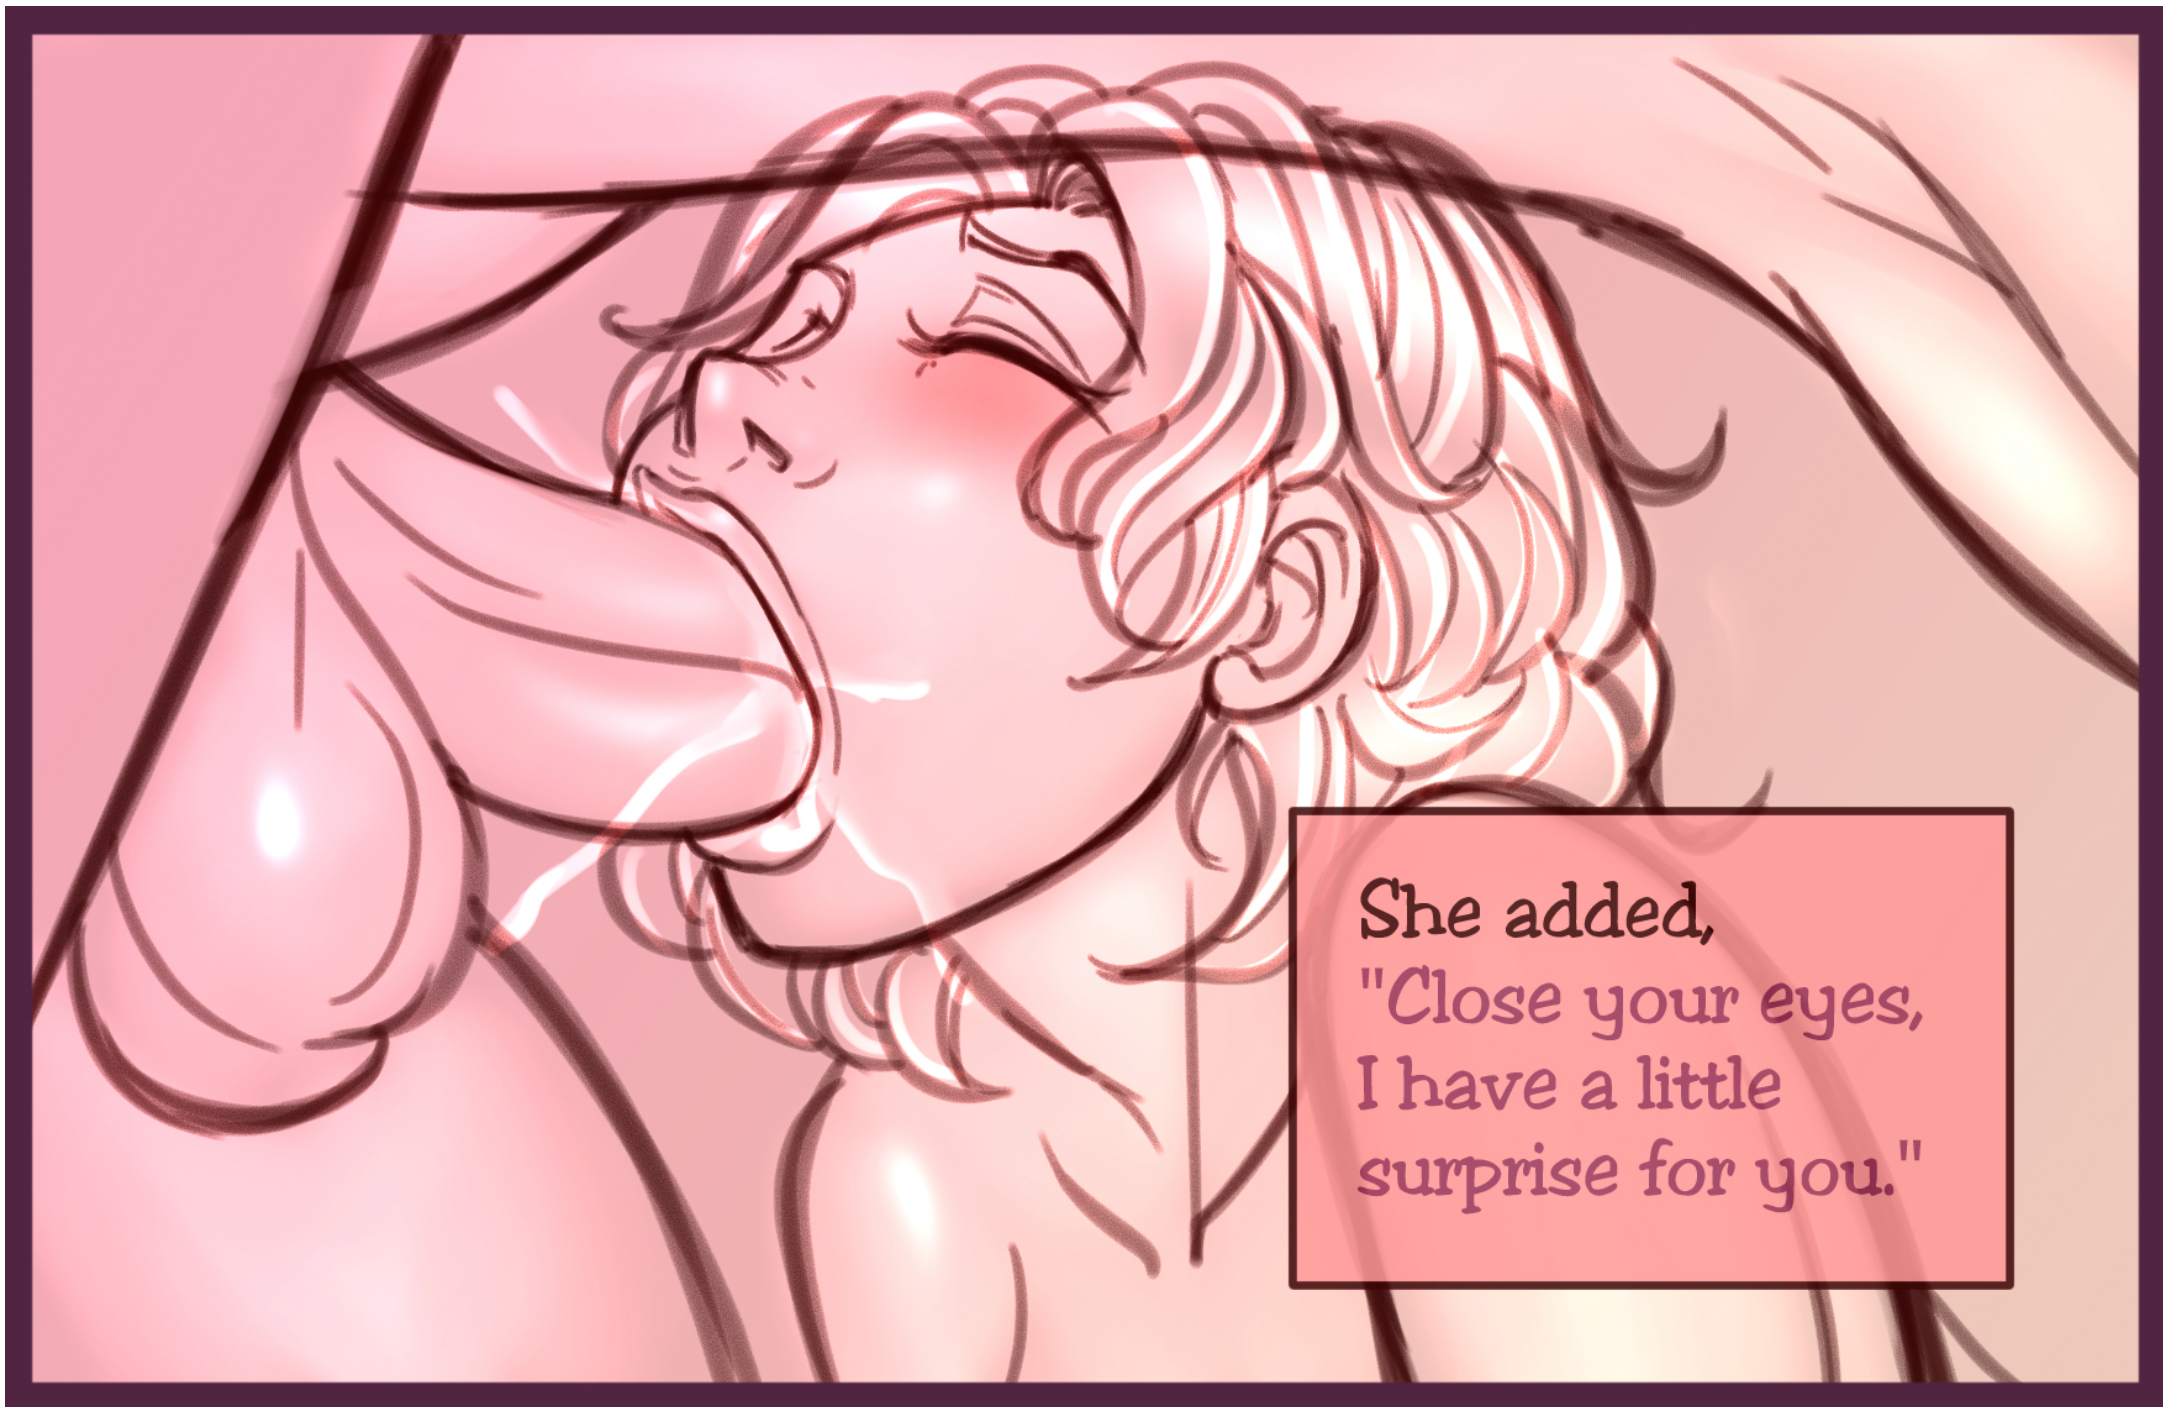

And she clearly had no issues swallowing it as she kept her soft lips wrapped tightly around cock as I continued to cum.

I was still breathing heavily trying to regain my senses. "You really do know how to please a guy, mom. That felt incredible."

"That's not something you ever should have known," she replied, continuing to lick the tip of my penis for any remainder of cum still leaking out of it.

She added,
"Close your eyes,
I have a little
surprise for you."

As soon as I closed them,
I felt her lips press against mine.
It was a tight kiss on the lips.
Those same lips that had just
sucked my cock clean.

Then she forced her tongue
into my mouth and I briefly
tasted myself.

When she pulled
away she said,
"And that's for
spying on me.
Now we're even,
okay?"

She smiled in a teasing way. Then I watched her turn around and walk naked to the bathroom, making no attempt to get dressed.

Her bare ass
looked so
beautiful as
each curvy
butt cheek
swayed with
every step
she took.

The End
