Redbone
Childish Gambino

TenThumbs

Key: Ebm (actual recording tuned to 440hrz as opposed to 442, making the song actually somewhere between D minor and Ebm. Crazy, right?)
Tempo: 80 BPM
Chords needed: B, C#, Ebm7, Eb, G#m, F#, Bb7
Video Tutorial: https://www.youtube.com/watch?v=MRXUNgHO2PI

Strum Pattern: Down and up strokes can be replaced with four string plucks as performed in the video as well. Also if additional strumming is desired for the Ebm7, it's all good.

[Intro]
B C# Ebm7

[Verse 1]
B   C#   Ebm7
Daylight

                                            B   C#   Ebm7
I wake up feeling like you won't play right
                                              B   C#   Ebm7
I used to know, but now that shit don't feel right
                        B   C#   Ebm7
It made me put away my pride
B   C#   Ebm7
So long

                                        B   C#   Ebm7
You made a ni*** wait for some, so long
       B   C#   Ebm7
You make it hard for a boy like that to know wrong
                                    B   C#   Ebm7
I'm wishing I could make this mine, oh

[Pre-Chorus]
         Ebm7
If you want it, yeah
            G#m
You can have it, oh, oh, oh
          F#
If you need it, oooh
         Ebm7
We can make it, oh
          G#m
If you want it
           Bb7
You can have it

[Chorus]
            B C#   Ebm7
But stay woke   Ni***s creepin'
              B   C#   Ebm7
They gon' find you   Gon' catch you sleepin' (Oooh)
           B C#   Ebm7
But stay woke   Ni***s creepin'
                  B   C#m   Ebm7
Now don't you close your eyes

[Verse 2]
B   C#   Ebm7
Too late

```
                                            B         C#   Ebm7
You wanna make it right, but now it's too late
                                          B          C#   Ebm7
My peanut butter chocolate cake with Kool-Aid
                               B    C#   Ebm7
I'm trying not to waste my time

[Pre-Chorus]
        B         C#       Ebm7
If you want it, yeah
         B           C#        Ebm7
You can have it, oh, oh, oh
        B         C#       Ebm7
If you need it, oooh
        B         C#       Ebm7
We can make it, oh
        B         C#       Ebm7
If you want it
              Bb7
You can have it, aaaaaah!

[Chorus x2]
```
